The haunting new thriller from Alex North, author of the New York Times bestseller *The Whisper Man* You knew a teenager like Charlie Crabtree. A dark imagination, a sinister smile--always on the outside of the group. Some part of you suspected he might be capable of doing something awful. Twenty-five years ago, Crabtree did just that, committing a murder so shocking that it's attracted that strange kind of infamy that only exists on the darkest corners of the internet--and inspired more than one copycat. Paul Adams remembers the case all too well: Crabtree--and his victim--were Paul's friends. Paul has slowly put his life back together. But now his mother, old and suffering from dementia, has taken a turn for the worse. Though every inch of him resists, it is time to come home. It's not long before things start to go wrong. Paul learns that Detective Amanda Beck is investigating another copycat that has struck in the nearby town of Featherbank. His mother is distressed, insistent that there's something in the house. And someone is following him. Which reminds him of the most unsettling thing about that awful day twenty-five years ago. It wasn't just the murder. It was the fact that afterward, Charlie Crabtree was never seen again...

The way an army thinks about and understands warfare has a tremendous impact on its organization, training, and operations. The central ideas of that understanding form a nation's way of warfare that influences decisions on and off the battlefield. From the disasters of the War of 1812, Winfield Scott ensured that America adopted a series of ideas formed in the crucible of the Wars of the French Revolution and epitomized by Napoleon. Reflecting American cultural changes, these French ideas dominated American warfare on the battlefields of the Mexican-American War, the American Civil War, the Spanish-American War, and World War I. America remained committed to these ideas until cultural pressures and the successes of German Blitzkrieg from 1939 - 1940 led George C. Marshall to orchestrate the adoption of a different understanding of warfare. Michael A. Bonura examines concrete battlefield tactics, army regulations, and theoretical works on war as they were presented in American army education manuals, professional journals, and the popular press, to demonstrate that as a cultural construction, warfare and ways of warfare can be transnational and influence other nations. Llewellyn is pleased to present a new Scott Cunningham book—a long-lost Book of Shadows. Discovered in a battered manila envelope, this previously unpublished manuscript was penned by Scott in the early 1980s. This rare book includes original spells, rituals, invocations, and an herbal grimoire. Featured in the design are Scott's actual hand-drawn signs, symbols, and runes. More than twenty years after his passing, Scott Cunningham is still an iconic and highly regarded figure in the magical community. His books on Wicca are considered classics, and his writings continue to inspire and inform those new to the Craft.

In what would be A.D. 600 in our history, the Empire still stands, supported by the Legions and Thaumaturges of Rome. Now the Emperor of the West, the Augustus Galen Atreus, will come to the aid of the Emperor of the East, the Augustus Heraclius, to lift the siege of Constantinople and carry a great war to the very doorstep of the Shahanshah of Persia. It is a war that will be fought with armies both conventional and magical, with bright swords and the darkest necromancy. Against this richly detailed canvas of alternate history and military strategy, Thomas Harlan sets the intricate and moving stories of four people. Dwyryn MacDonald is a Hibernian student at a school for sorcerers in Upper Egypt, until he runs afoul of powerful political interests and is sent off half-trained to the Legions. His teacher, Ahmet, undertakes to follow Dwyryn and aid him, but Ahmet is drawn into service with the queen of Palmeyra. Thyatis is a young female warrior, extensively trained by her patron in the arts of covert warfare. And Maxian Atreus is Galen's youngest brother, a physician and sorcerer. He has discovered that an enemy of Rome has placed a dreadful curse on the City, which must be broken before Rome can triumph. Woven with rich detail you'd expect from a first-rate historical novel, while through it runs yarns of magic and shimmering glamours that carry you deeply into your most fantastic dreams At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

How our dominant Christian worldview shapes everything from personal behavior to public policy (and what to do about it) Over the centuries, Christianity has accomplished much which is deserving of praise. Its institutions have fed the hungry, sheltered the homeless, and advocated for the poor. Christian faith has sustained people through crisis and inspired many to work for social justice. Yet

although the word "Christian" connotes the epitome of goodness, the actual story is much more complex. Over the last two millennia, ruling elites have used Christian institutions and values to control those less privileged throughout the world. The doctrine of Christianity has been interpreted to justify the killing of millions, and its leaders have used their faith to sanction participation in colonialism, slavery, and genocide. In the Western world, Christian influence has inspired legislators to continue to limit women's reproductive rights and has kept lesbians and gays on the margins of society. As our triple crises of war, financial meltdown, and environmental destruction intensify, it is imperative that we dig beneath the surface of Christianity's benign reputation to examine its contribution to our social problems. Living in the Shadow of the Cross reveals the ongoing, everyday impact of Christian power and privilege on our beliefs, behaviors, and public policy, and emphasizes the potential for people to come together to resist domination and build and sustain communities of justice and peace. Paul Kivel is the award-winning author of Uprooting Racism and the director of the Christian Hegemony Project. He is a social justice activist and educator who has focused on the issues of violence prevention, oppression, and social justice for over forty-five years.

ADVENTURES IN AN OTHER-WORLDLY NEW-AGE VENICE it is the year 1537. The great winged Lion stares over a Venice where magic thrives. The rich Venetian Republic is a bastion of independence and tolerance. Perhaps for that reason, it is also corrupt, and rotten with intrigue. But for the young brothers Marco and Benito Valdosta, vagabond and thief, Venice is simply-home. They have no idea that they stand at the center of the city's coming struggle for its very life. They know nothing of the powerful forces moving in the background. They have barely heard of Chernobog, demonlord of the North, who is shifting his pawns to attack Venice in order to cut into the underbelly of the Holy Roman Empire. All Marco and Benito know is that they're hungry and in dangerous company: Katerina the smuggler, Caesare the sell-sword, Montagnard assassins, church inquisitors, militant Knights of the Holy Trinity, Dottore Marina the Strega mage . . . and Maria. Maria might be an honest canaler, but she had the hottest temper a boy could find. Yet among the dark waters of the canals lurk far worse dangers than a hot-tempered girl. Chernobog has set a monster loose to wreak havoc on the city. Magic, murder and evil are all at work to pull Venice down. Fanatical monks seek to root out true witchcraft with fire and sword. Steel-clad Teutonic knights, wealth traders, church dignitaries and great Princes fight and plot for control of the jewel of the Mediterranean. And somehow all of these, from thieves to mages to princes, must gather around Marco and his brother Benito, under the shadow of the great winged lion of Venice. Short History of the Shadow

The Shadow of What Was Lost

The Shadow of a Doubt

In the Shadow of the Wall is the story of how the dark tendrils of war can penetrate lives far into the future. It arises out of the Vietnam era, a time of painful change and coming of age in America, yet in many ways it is a story that parallels the challenges

and transitions facing us today. When a soldier goes off to war, parents, spouses, families, and friends all share in the associated emotions and fears. They also share in the inevitable effects and their resulting consequences, forever. Until our world is ready to share a commitment to learning to live in peace and unity, there will always be Walls that stand as symbols of what is lost to violence, and there will always be shadows to haunt the survivors.

From two of the greatest imaginations of our time comes a magnificent novel of adventure and magic...SHADOW MOON: First in the Chronicles of the Shadow War. The genius of Star Wars(r) creator George Lucas and the vision of Chris Claremont, the author of the phenomenally bestselling The Uncanny X-Men adventures, merge in what must be the fantasy event of the year. In Shadow Moon, war and chaos have gripped the land of Tir Asleen. An ancient prophecy reveals one hope: a savior princess who will ascend to the throne when the time is right. But first, a Nelwyn wanderer must face forces of unimaginable malevolence and dangerous, forbidden rites of necromancy that could bring back a powerful warrior from soulless sleep. George Lucas reshaped filmmaking in the '70s and '80s with his Star Wars and Indiana Jones films. When Bantam Books asked Lucas if he had any stories he would like to develop as novels rather than as films, Lucas turned to his 1988 fantasy film, Willow. "When I wrote the story for Willow, I began with the pre-story," Lucas said, "but the full story was yet to be told." Now, Lucas's vision is being fulfilled with the talented help of Chris Claremont. Having previously taken the reins of what was for a decade the bestselling comic in the western hemisphere (The Uncanny X-Men) Claremont assumes the responsibility of foster parent to Lucas's creation. On sale in hardcover now, and available on BDD Audio Cassette as well, SHADOW MOON is a momentous new adventure for readers looking to spend part of this summer in a fantastic world. SHADOW MOON is one of Bantam Spectra's most exciting publishing events in 1995, the year we celebrate our 10th Anniversary as the premiere publishing imprint of books of speculative fiction.

As destiny calls, a journey begins. It has been twenty years since the godlike Augurs were overthrown and killed. Now, those who once served them -- the Gifted -- are spared only because they have accepted the rebellion's Four Tenets, vastly limiting their powers. As a Gifted, Davian suffers the consequences of a war lost before he was even born. He and others like him are despised. But when Davian discovers he wields the forbidden power of the Augurs, he and his friends Wirr and Asha set into motion a chain of events that will change everything. To the west, a young man whose fate is intertwined with Davian's wakes up in the forest, covered in blood and with no memory of who he is... And in the far north, an ancient enemy long thought defeated begins to stir.
