

The Wit And Wisdom Of Dr Mahathir Mohamad

A return to the wit and wisdom of Boris Johnson – Brexiteer, Foreign Secretary, Prime Minister. New and updated edition. 2019 – the year that Boris took on the 'lingering gloomadon-poppers', pledged to steer the UK between the 'Scylla and Charybdis of Corbyn and Farage' and into the calmer waters of political freedom. Of course there was always bound to be 'a bit of plaster coming off the ceilings of Europe's Chanceries'. Harry Mount has updated his edited collection of the Prime Minister's wit and wisdom with three new chapters dealing with Boris's time as Brexiteer-in-chief; Foreign Secretary and 'On the Threshold of Downing Street'. He describes Boris's Brexit campaign, his leadership breakdown in 2016, his ups and downs as Foreign Secretary, his time outside the political establishment, his turbulent private life and how Boris felt it was his manifest destiny to become the Prime Minister. So buckle up for a riotous tour of the million-pound NHS funder, golden wonder, pro-having, pro-eating blond behemoth. This is the Wit and Wisdom of Boris Johnson.

The definitive collection of Nigel Farage's witty quips, wise pronouncements and political insights. Every single one of them. Nigel Farage is a down-to-earth ex-banker and self-styled man of the people. He was elected to the

"Familiarity breeds contempt — and children." "When angry, count to four; when very angry, swear." "Heaven for climate. Hell for company." This attractive paperback gift edition of the renowned American humorist's epigrams and witticisms features hundreds of quips on life, love, history, culture, travel, and other topics from his fiction, essays, letters, and autobiography.

*This is the first ample collection of facetiae, or witty tales, from the Italian Renaissance to be published in English. Witty and wise anecdotes had been known to the ancient Greeks and Romans in the form of apothegms, but not until the Renaissance did the true facetia acquire an independent life and popularity, and begin to spread rapidly throughout Italy and beyond the Alps. The publication of Poggio Bracciolini's *Liberfacetiarum* was largely responsible for this vogue: his collection met with tremendous success and resulted in the assembly of numerous other collection of facetiae. The facetia, which has some affinities with the longer, more carefully elaborated novella, is a brief narrative, varying in length from a few lines to two or three*

pages, whose main purpose it to entertain an excite laughter, and often concludes with a piece of pungent repartee. Both the facetia and the novella have often been censured for licentiousness, but most of them have a healthy moral, or at least a shrewd bit of psychology to impart. Above all, the facetia, like the novella, adds a new dimension to the overall, complex picture of the Renaissance. Ey up, it's not only footie, pints and pies that are better up north - the humour also takes some beating. Whether it's comics like Peter Kay, Les Dawson and Victoria Wood, telly shows like Corrie and Open All Hours, or writers like Alan Bennett and Keith Waterhouse, the funniest and best-loved invariably hail from the land of perpetual drizzle (another thing they do better). This grand collection of northern wit is packed with these favourites and more. Likely lads and lippy lasses cast a wry eye on subjects close to the heart of every northerner, including - brass, grub, graft, courting, cricket, tittle-tattle and t'weather - adding up to a feast of northern hilarity.

In times of adversity, you have two choices — you can either steal yourself away from the situation or steel yourself up towards it. For Ratan Tata, the choice was made early on. To be given the reins to India's largest business conglomerate can be extremely daunting. But Ratan Tata's takeover as the chairman of the Tata

group proved that what is already great can be made even better. His legacy has the innate power to inspire great leadership. His success can motivate any beyond words. But, if how the world sees you is a result of how well you communicate, Ratan Tata's wisdom is unmatched. This book contains his simplicity, his determination, his defining moments, his generosity, his learning curve, his humility and his intellectual curiosity. From a man who has lived his days redefining success, his experiences and learnings can brighten the light at the end of any entrepreneurial tunnel. If ever, on your journey of life, you need a little nudge, a push or a spark, this book will never fail to deliver. Not even for a nano second.

*For more than two decades, Terry Pratchett has been regaling readers with tales of Discworld—a flat world balanced on the backs of four elephants, which are standing on the back of a giant turtle, flying through space. It is a world populated by ineffectual wizards and sharp-as-tacks witches, by tired policemen and devious dictators, by reformed thieves and vampires who have sworn to drink no blood. It is a world that is vastly different from our own . . . except when it isn't. Now, in *The Wit and Wisdom of**

Discworld, various nuggets of Pratchett's witty commentary and sagacious observations have been compiled by Pratchett expert Stephen Briggs, a man who, they say, knows even more about Discworld than Terry Pratchett. Within these pages, you'll find musings on: Interior decorating: "It's a fact known throughout the universes that no matter how carefully the colors are chosen, institutional decor ends up as either vomit green, unmentionable brown, nicotine yellow, or surgical appliance pink. By some little-understood process of sympathetic resonance, corridors painted in those colors always smell slightly of boiled cabbage—even if no cabbage is ever cooked in the vicinity." (Equal Rites) Travel: "Any seasoned traveler soon learns to avoid anything wished on them as a 'regional speciality,' because all the term means is that the dish is so unpleasant the people living everywhere else will bite off their own legs rather than eat it. But hosts still press it upon distant guests anyway: 'Go on, have the dog's head stuffed with macerated cabbage and pork noses—it's a regional speciality.'" (The Last Continent) Young men: "And then there was the young male walk. At least women swung only their hips. Young men swung everything, from the shoulders down. You have to try to occupy a lot of space. It makes you look bigger, like a tomcat fluffing his tail. The boys tried to walk big in self-defense against all those other big boys out there. I'm bad, I'm fierce, I'm cool, I'd like a pint of shandy and me mam wants me home by nine." (Monstrous Regiment) Class: "'Old money' meant that it had been made so long

ago that the black deeds that had originally filled the coffers were now historically irrelevant. Funny, that; a brigand for a father was something you kept quiet about, but a slave-taking pirate for a great-great-great-grandfather was something to boast of over the port. Time turned the evil bastards into rogues, and rogue was a word with a twinkle in its eye and nothing to be ashamed of." (Making Money) . . . and more! Culled from all the Discworld novels, The Wit and Wisdom of Discworld confirms Pratchett's place in the pantheon of great satirists and proves why the Chicago Tribune has praised his Discworld as "entertaining and gloriously funny . . . an accomplishment nothing short of magical."
