It is 8th June AD793, and with the pillage of the monastery on Lindisfarne, the Viking Age has begun. While his fellow monks flee before the mantle of lord, leading his men into the darkest of nights and the bloodiest of battles. Chasin's Surrender

A gripping, addictive historical thriller

**An epic tale of enchanting adventure from the acclaimed author of The Sevenwaters Trilogy. Growing up on a farm in Rogaland, Norway, all Eyvind has ever wanted is to become one of the greatest Viking warriors—a Wolfskin—and fight for his leader in the name of the Warfather god, Thor. But his friend Somerled, a strange and lonely boy who arrives suddenly and is soon spurned by the other children, has his own plans for the future. And they begin with an oath of brotherhood, which Eyvind swears to prove to Somerled that he has an ally. A world away, Nessa, niece of King Engus of the Folk, begins her training to become a priestess of the Light Isles, and learn the ways of the mysteries. Many years later, Eyvind, now one of the most highly regarded Wolfskins, is obliged to accompany Somerled and a group of settlers, led by Somerled's much respected brother, Ulif, to begin a new settlement on the beautiful islands rumoured to lie across the western sea. The expedition begins badly, however, with a tragic event on board one of the ships. Something tells Eyvind that it may not have been an accident. . . In spite of these beginnings they reach the islands, and Ulif's new settlement is a harmonious one. Then one day, on a trip to a Holy place of the Folk, a brutal murder occurs. Now Eyvind begins to feel the binds of his boyhood oath, and realises what sort of future Somerled had in mind for himself all those years ago. . .**

**The first complete history of Central Eurasia from ancient times to the present day, Empires of the Silk Road represents a fundamental rethinking of the origins, history, and significance of this major world region. Christopher Beckwith describes the rise and fall of the great Central Eurasian empires, including those of the Scythians, Attila the Hun, the Turks and Tibetans, and Genghis Khan and the Mongols. In addition, he explains why the heartland of Central Eurasia led the world economically, scientifically, and artistically for many centuries despite invasions by Persians, Greeks, Arabs, Chinese, and others. In retelling the story of the Old World from the perspective of Central Eurasia, Beckwith provides a new understanding of the internal and external dynamics of the Central Eurasian states and shows how their people repeatedly revolutionized Eurasian civilization. Beckwith recounts the Indo-Europeans' migration out of Central Eurasia, their marriage with local peoples, and the resulting development of the Graeco-Roman, Persian, Indian, and Chinese civilizations; he details the basis for the thriving economy of premodern Central Eurasia, the economy's disintegration following the region's partition by the Chinese and Russians in the eighteenth and nineteenth centuries, and the damaging of Central Eurasian culture by Modernism; and he discusses the significance for world history of the partial reemergence of Central Eurasian nations after the collapse of the Soviet Union. Empires of the Silk Road places Central Eurasia within a world historical framework and demonstrates why the region is central to understanding the history of civilization.**

Using contemporary accounts of W.G.'s greatest innings, many for the first time, Robert Low presents a radically new image of the sportsman who was recognised as the pre-eminent athlete of his day.From his emergence as a teenage prodigy to well past his fiftieth year W.G. dominated the game of cricket, taking 2,876 wickets and scoring 54,896 first-class runs in a career lasting an incredible 43 years, from 1865 to 1908. His beard and massive frame made him instantly recognisable wherever he went and his gamesmanship and wit were legendary.

Bandits, soldiers, thieves, murderers: all thrive in the lawless hills... The Borders are at war. Henry VIII, fat and pained with a diseased leg, wants to burn them all; to burn the very water if he has to. Batty Coalhouse is still haunted by Maramaldo, the warlord responsible for cutting off his arm. He's given an intriguing offer: find some stray nuns and bring them to safety. In turn, that will lead him to his nemesis, now rampaging with an army not far away in the Cheviot hills. What seems a routine assignment becomes a living hell, for in the Debatable lands, nothing is as it seems... Brimming with atmosphere and brutal violence, this is Robert Low at his best, perfect for fans of Bernard Cornwell, Conn Iggulden and S. J. A. Turney.
