

## The Worlds Most Dangerous Secret Societies The Illuminati Freemasons Bilderberg Group Knights Templar The Jesuits Skull And Bones And Others

*Did you know?*
• *Freemasonry's first American lodge included a young Benjamin Franklin among its members.*
• *The Knights Templar began as impoverished warrior monks then evolved into bankers.*
• *Groom Lake, Dreamland, Homey Airport, Paradise Ranch, The Farm, Watertown Strip, Red Square, "The Box," are all names for Area 51. An indispensable guide, Cults, Conspiracies, and Secret Societies connects the dots and sets the record straight on a host of greedy gurus and murderous messiahs, crepuscular cabals and suspicious coincidences. Some topics are familiar—the Kennedy assassinations, the Bilderberg Group, the Illuminati, the People's Temple and Heaven's Gate—and some surprising, like Oulipo, a select group of intellectuals who created wild formulas for creating literary masterpieces, and the Chauffeurs, an eighteenth-century society of French home invaders, who set fire to their victims' feet.*

*A deep dive into the origins, history, members, and workings of the Illuminati from a well-known and respected expert. Chilling initiations. Big banks and money manipulations. Possible links to the Rockefellers, Rothschilds, Adamses, and Bushes. Reviewing the evidence, documents, and connections, The Illuminati: The Secret Society That Hijacked the World by award-winning journalist and author Jim Marrs shines a light on the history, workings, continuing influence, and pernicious and hidden power of this secret order. Surveying experts—from those who dismiss the Illuminati as a short-lived group of little consequence to skeptics who dare question the government's accounts and pronouncements—Marrs cuts through the wild speculation and the attempts to silence critical thinkers to tell the true story of this secret cabal. He investigates their origin as “The Ancient and Illuminated Seers of Bavaria,” the depiction on the United States one-dollar bill of an all-seeing eye and pyramid on the reverse of the Great Seal of the United States, the Protocols—or procedures—for usurping national governments and gaining world domination, the symbolism found in today's international corporate logos, Knights Templar, assassins, Skull and Bones, whistle blowers, the revolutions in France, Russia, and America, and much, much more. Wealth, power, and intrigue come together in this in-depth exposé on the Illuminati, their history, connections to powerful people, and their place in modern America.*

*Hidden behind the veil of their secret society the group known as the Illuminati have still managed to garner great attention and acclaim. They have been blamed for everything imaginable such as being the igniting force behind the French Revolution and being the real masterminds behind the 9/11 attacks. They have even been credited with assassinating both Presidents Lincoln and Kennedy, because these two celebrated presidents made the unfortunate mistake of trying to usurp their unquestionable power. The so called conspiracy theorists say that they are hell bent on ushering in their new world order which consists of the establishment of a one world government, a one world army and destroying the sovereignty of every nation. They are said to be implementing their New World Order through organizations they are identified with as being part of like The Bilderberg Group, The Council on Foreign Relations, The Trilateral Commission, The Club of Rome and many others. There are prominent families who are also said to be part of the Illuminati like the Rockefellers and the Rothschilds. But are these assertions valid? Does popular society have it right or have they simply misunderstood this secret group? Have they been given a bad rap? In his revealing book entitled Who Are The Illuminati: The Secret Societies, Symbols, Bloodlines and The New World Order author Frank White takes a critical look at this powerful underground secret society, who they are and what their intentions are in a world filled with scorn for them. He explores not only the true facts about the group, but also the urban Legends attributed to them, some of which are true and others of which have been greatly exaggerated. For example, do they really control the world and everyone else are just slaves to their whims and madness? Do they have a stranglehold on the entertainment and music industries and are the popular stars just puppets carrying out their agenda to the masses? Did they really order the murder of pop superstar Michael Jackson? These questions and many more will be answered in this explosive book.*

*The bestselling author of All the Shah’s Men and The Brothers tells the astonishing story of the man who oversaw the CIA’s secret drug and mind-control experiments of the 1950s and ’60s. The visionary chemist Sidney Gottlieb was the CIA’s master magician and gentlehearted torturer—the agency’s “poisoner in chief.” As head of the MK-ULTRA mind control project, he directed brutal experiments at secret prisons on three continents. He made pills, powders, and potions that could kill or maim without a trace—including some intended for Fidel Castro and other foreign leaders. He paid prostitutes to lure clients to CIA-run bordellos, where they were secretly dosed with mind-altering drugs. His experiments spread LSD across the United States, making him a hidden godfather of the 1960s counterculture. For years he was the chief supplier of spy tools used by CIA officers around the world. Stephen Kinzer, author of groundbreaking books about U.S. clandestine operations, draws on new documentary research and original interviews to bring to life one of the most powerful unknown Americans of the twentieth century. Gottlieb’s reckless experiments on “expendable” human subjects destroyed many lives, yet he considered himself deeply spiritual. He lived in a remote cabin without running water, meditated, and rose before dawn to milk his goats. During his twenty-two years at the CIA, Gottlieb worked in the deepest secrecy. Only since his death has it become possible to piece together his astonishing career at the intersection of extreme science and covert action. Poisoner in Chief reveals him as a clandestine conjurer on an epic scale.*

"The story of Daniel Ellsberg and his decision to steal and publish secret documents about America's involvement in the Vietnam War"--

Mysterious and insular associations are a phenomenon as old as the pyramids. People have formed clandestine organizations, with idiosyncratic rules, rites and practices that have attracted the wealthy, respected, and powerful. From Freemasons and Knights Templar, to Sons of Liberty, Black Hand, and Skull and Bones, these groups have been religious, political, nefarious or just plain silly, and now this special edition from LIFE unlocks the door to these secretive worlds. From those organizations that were hidden behind the Founding Fathers that helped shape the course of history to those that have dabbled in the occult, this beautifully illustrated edition takes you deep inside these fascinating organizations.

The world has entered a second nuclear age. For the first time since the end of the Cold War, the threat of nuclear annihilation is on the rise. Should such an assault occur, there is a strong likelihood that the trail of devastation will lead back to Abdul Qadeer Khan, the Pakistani father of the Islamic bomb and the mastermind behind a vast clandestine enterprise that has sold nuclear secrets to Iran, North Korea, and Libya. Khan's loose-knit organization was and still may be a nuclear Wal-Mart, selling weapons blueprints, parts, and the expertise to assemble the works into a do-it-yourself bomb kit. Amazingly, American authorities could have halted his operation, but they chose instead to watch and wait. Khan proved that the international safeguards the world relied on no longer worked. Journalists Douglas Frantz and Catherine Collins tell this alarming tale of international intrigue through the eyes of the European and American officials who suspected Khan, tracked him, and ultimately shut him down, but only after the nuclear genie was long out of the bottle.

Secret Societies and Crazy Cults takes readers on a dark journey into the mysterious worlds of some of history's most dangerous and secretive groups. From religious sects eagerly awaiting the end of the world to modern-day criminal organizations living outside the law, this book sheds some light on the groups who don't want to be seen.

Revelations from the World's Most Secret Society - Guardians of the Bloodline of Jesus

The True Story of the Man Who Sold the World's Most Dangerous Secrets...And How We Could Have Stopped Him

The first book to pull back the curtain on the secrets of the Priory of Sion—the ultra-reclusive secret society thrust into the limelight by Dan Brown’s The Da Vinci Code For years they have hidden in the shadows, lurking behind other secret societies . . . until now. In this revelatory book, inside sources from the Priory of Sion give exclusive access to some of their best-kept secrets, including proof of the marriage of Jesus and Mary Magdalene. The reason is as sensational as the secrets themselves: the apocalypse foretold in the Book of Revelation, culminating in the emergence of a savior sprung from the bloodline of Christ. Join Robert Howells as he traces the clues to this cataclysm in tombs, temples, churches, manuscripts, and paintings to give readers the truth they need to face the Second Coming without fear.

A trans boy determined to prove his gender to his traditional Latinx family summons a ghost who refuses to leave in Aiden Thomas's New York Times-bestselling paranormal YA debut Cemetery Boys, described by Entertainment Weekly as "groundbreaking." Yadriel has summoned a ghost, and now he can't get rid of him. When his traditional Latinx family has problems accepting his true gender, Yadriel becomes determined to prove himself a real brujo. With the help of his cousin and best friend Maritza, he performs the ritual himself, and then sets out to find the ghost of his murdered cousin and set it free. However, the ghost he summons is actually Julian Diaz, the school's resident bad boy, and Julian is not about to go quietly into death. He's determined to find out what happened and tie off some loose ends before he leaves. Left with no choice, Yadriel agrees to help Julian, so that they can both get what they want. But the longer Yadriel spends with Julian, the less he wants to let him leave. Praise for Cemetery Boys: Longlisted for the National Book Award "The novel perfectly balances the vibrant, energetic Latinx culture while delving into heavy topics like LGBTQ+ acceptance, deportation, colonization, and racism within authoritative establishments." —TeenVogue.com "This stunning debut novel from Thomas is detailed, heart-rending, and immensely romantic. I was bawling by the end of it, but not from sadness: I just felt so incredibly happy that this queer Latinx adventure will get to be read by other kids. Cemetery Boys is necessary: for trans kids, for queer kids, for those in the Latinx community who need to see themselves on the page. Don't miss this book." —Mark Oshiro, author of Anger is a Gift

The Most Dangerous Game

**Secret Science traces, for the first time, the history of chemical and biological weapons research involving experiments on humans by the former Allied powers during the twentieth century, particularly in Britain, the United States and Canada. It charts the ethical trajectory and culture of military science, from its initial development in response to Germany’s first use of chemical weapons in the First World War to the ongoing attempts by theinternational community to ban these types of weapons once and for all. The study throws new light onto the evolving field of military medical ethics by exploring continuity and change in the understanding and applicationof military medicine and science.**

**The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as # 1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with vivid, eyewitness accounts of what really happened. Peril is supplemented throughout with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making for an unparalleled history. It is also the first inside look at Biden’s presidency as he faces the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president. “We have much to do in this winter of peril,” Biden declared at his inauguration, an event marked by a nerve-wracking security alert and the threat of domestic terrorism. Peril is the extraordinary story of the end of one presidency and the beginning of another, and represents the culmination of Bob Woodward’s news-making trilogy on the Trump presidency, along with Fear and Rage. And it is the beginning of a collaboration with fellow Washington Post reporter Robert Costa that will remind readers of Woodward’s coverage, with Carl Bernstein, of President Richard M. Nixon’s final days.**

**Provides a behind-the-scenes glimpse into the world’s most notorious secret societies, chronicling their origins, history, initiations, rituals, beliefs, activities, secret signs, members, and influence.**

**♥♥ The Most Dangerous Game by Richard Connell ♥♥ The Most Dangerous Game, also published as The Hounds of Zaroff, is a short story by Richard Connell first published in Collier's magazine on January 19, 1924. It features a big-game hunter from New York who falls off a yacht and swims to an isolated island in the Caribbean where he is hunted by a Cossack aristocrat. The story is an adaptation of the big-game hunting safaris in Africa and South America that were fashionable among wealthy Americans in the 1920s. ♥♥ The Most Dangerous Game by Richard Connell ♥♥ Big-game hunter Sanger Rainsford and his friend, Whitney, are traveling to the Amazon rainforest for a jaguar hunt. After a discussion about how they are "the hunters" instead of "the hunted," Whitney goes to bed and Rainsford hears gunshots. He climbs onto the yacht's rail and accidentally falls overboard, swimming to Ship-Trap Island, which is notorious for shipwrecks. On the island, he finds a palatial chateau inhabited by two Cossacks: the owner, General Zaroff, and his gigantic deaf-mute servant, Ivan. ♥♥ The Most Dangerous Game by Richard Connell ♥♥ Zaroff, another big-game hunter, knows of Rainsford from his published account of hunting snow leopards in Tibet. Over dinner, the middle-aged Zaroff explains that although he has been hunting animals since he was a boy, he has decided that killing big-game has become boring for him, so after escaping the Russian Revolution he moved to Ship-Trap Island and set it up to trick ships into wrecking themselves on the jagged rocks that surround it. He takes the survivors captive and hunts them for sport, giving them food, clothing, a knife, and a three-hour head start, and using only a small-caliber pistol for himself. Any captives who can elude Zaroff, Ivan, and a pack of hunting dogs for three days are set free. He reveals that he has won every hunt to date. Captives are offered a choice between being hunted or turned over to Ivan, who once served as official knouter for The Great White Czar. Rainsford denounces the hunt as barbarism, but Zaroff replies by claiming that "life is for the strong." Realizing he has no way out, Rainsford reluctantly agrees to be hunted. During his head start, Rainsford lays an intricate trail in the forest and then climbs a tree. Zaroff finds him easily, but decides to play with him as a cat would with a mouse, standing underneath the tree Rainsford is hiding in, smoking a cigarette, and then abruptly departing. ♥♥ The Most Dangerous Game by Richard Connell ♥♥ After the failed attempt at eluding Zaroff, Rainsford builds a Malay man-catcher, a weighted log attached to a trigger. This contraption injures Zaroff's shoulder, causing him to return home for the night, but he shouts his respect for the trap before departing. The next day Rainsford creates a Burmese tiger pit, which kills one of Zaroff's hounds. He sacrifices his knife and ties it to a sapling to make another trap, which kills Ivan when he stumbles into it. To escape Zaroff and his approaching hounds, Rainsford dives off a cliff into the sea; Zaroff, disappointed at Rainsford's apparent suicide, returns home. Zaroff smokes a pipe by his fireplace, but two issues keep him from the peace of mind: the difficulty of replacing Ivan and the uncertainty of whether Rainsford perished in his dive.**

History is written by the winners—and the powerful—but how much of it is fiction? And who is really in control today? From the dawn of civilization to the 21st century, from ancient aliens to the New World Order, Secret History: Conspiracies from Ancient Aliens to the New World Order examines, explores, and uncovers the hidden, overlooked, and buried history of mankind. The book moves from biblical, Egyptian, Mayan, Greek, and early mysteries of antiquity to the clandestine doings of the Nazis and the Masons and assassination plots of the more recent past to the surveillance, monitoring, mind-control, and secret schemes of today. Researcher Nick Redfern investigates the stories, mythologies, lore behind incredible events and clandestine groups of yesterday and today. More than 60 entries dig deep into the manipulation of events by influential groups, including ...
• Historical riddles—alien visitations, space gods, and human–alien crossbreeding.
• Government cover ups—mind control, murders, scientists, and secret agents.
• Powerful groups and intended consequences—9-11, new world order, bird-flu, and chemtrails. Tracing the chilling and lasting effects of conspiracies, cabals, and plots, Secret History: Conspiracies from Ancient Aliens to the New World Order exposes their deep reach in shaping today's world.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Secret societies have already come a long way. But up to date, the truth behind these societies is still unsung to many folks which has paved the way to diverse beliefs and misconceptions behind them. To others, secret society entails an elite cabal meeting carried out in smoke-filled rooms with coveted agendas how to manipulate and dominate the world. Also, others believe that it mirrors the image of secluded groups of men and women who band together in order to perform hidden ceremonies. But how far has one already pondered about these secret societies? How far-fetched is the real catch behind these mysterious groups. What is the truth that lurks behind every agenda that they have? Do they pose any threats? Well, the answer is a big YES. Today, this article will debunk to you The World's Most Dangerous Secret Societies along with their concealed beliefs, hidden agenda and finally their plan of dominating and manipulating the World. The ghost of the Hashshashins still haunts some insights and beliefs nowadays. With this, it just takes a split of a second for everyone t to realize the detrimental impact of such strategy to the society. On this account, this research aims to explore on various dangerous groups that have led to the occurrence of terror to many inhabitants in various parts of the world. Also, it discloses significant external and internal factors in order for people to have sensitive understanding about how each group as inflicted terror to humanity.

The "Nine Unknown Men" are a fictional secret society founded by the Mauryan Emperor Asoka around 270 BC to preserve and develop knowledge that would be dangerous to humanity if it fell into the wrong hands. The nine men are embodiment of good and face up against nine Kali worshippers, who sow confusion and masquerade as the true sages. The story surrounds a priest called Father Cyprian who is in possession of the books but who wants to destroy them out of Christian piety, and a number of other characters who are interested in learning their contents. The nine books entrusted to the Nine Unknown contain information on (1) Propaganda and Psychological warfare, (2) Physiology, including secrets concerning the "touch of death", (3) Microbiology, (4) Alchemy, (5) Communication, including communication with extraterrestrials, (6) Gravity, and anti-gravity devices (Vimanas, mythological flying machines of ancient India), (7) Cosmology, including hyperspace and time-travel, (8) Light, and a technology capable of modifying the speed of light and (9) Sociology, including rules predicting the rise and fall of empires.

The True Story of the Bilderberg Group

In December of 1938, a chemist in a German laboratory made a shocking discovery: When placed next to radioactive material, a Uranium atom split in two. That simple discovery launched a scientific race that spanned 3 continents. In Great Britain and the United States, Soviet spies worked their way into the scientific community; in Norway, a commando force slipped behind enemy lines to attack German heavy-water manufacturing; and deep in the desert, one brilliant group of scientists was hidden away at a remote site at Los Alamos. This is the story of the plotting, the risk-taking, the deceit, and genius that created the world's most formidable weapon. This is the story of the atomic bomb. Bomb is a 2012 National Book Awards finalist for Young People's Literature. Bomb is a 2012 Washington Post Best Kids Books of the Year title. Bomb is a 2013 Newbery Honor book.

The Lady Is a Spy is the audacious and riveting true story of Virginia Hall, America's greatest spy and unsung hero, brought to vivid life by acclaimed author Don Mitchell. When Hitler invaded Poland on September 1, 1939, Virginia Hall was traveling in Europe. Which was dangerous enough, but as fighting erupted across the continent, instead of returning home, she headed to France.In a country divided by freedom and fascism, Virginia was determined to do her part for the Allies. An ordinary woman from Baltimore, MD, she dove into the action, first joining a French ambulance unit and later becoming an undercover agent for the British Office of Strategic Services. Working as part of the intelligence network, she made her way to Vichy, coordinating Resistance movements, sabotaging the Nazis, and rescuing Allied soldiers. She passed in plain sight of the enemy, and soon found herself at the top of their most wanted list. But Virginia cleverly evaded discovery and death, often through bold feats and daring escapes. Her covert operations, capture of Nazi soldiers, and risky work as a wireless telegraph operator greatly contributed to the Allies' eventual win.

An expose of the dark and critical role secret societies play within the ruling families in America and their influence on American democracy, current events, and world history. • Reveals the enormous influence secret societies still have on contemporary American life. • Shows how the secret Masonic cells that smuggled in the democratic ideals inspiring the American Revolution also enabled the future elite of the new society to build huge fortunes. Elite and secret societies have always been a major force in the history of Western civilization. The alliances formed in secret societies such as the Knights Templar, the Knights of Christ, and the Freemasons transcended patriotism and religious beliefs and had a powerful influence on the establishment of the United States of America. While these secret associations of merchants, smugglers, occultists, gamblers, spies, and slavers succeeded in freeing the United States from foreign domination, the dark side is that the elite used their secret connections to further their own wealth and power. These secret cells did not hesitate to sponsor the assassination of a president and even attempted to break up the union on several occasions when it was deemed expedient. From the Sons of Liberty and the Essex Junto to the Ku Klux Klan, secret societies have played critical roles in building the fortunes of America's elite. Now Steven Sora reveals in alarming detail how secretive societies continue to wield power even today as organizations such as Yale's Skull & Bones unite America's modern ruling families as strongly as Masonic Lodges once connected the Astors, Livingstons, and Roosevelts. Their immense power and wealth allow this elite to control America to an even greater degree than the Templars once dominated Europe.

To some the name "secret society" conjures up an image of a shadowy and elite cabal meeting behind smoke-filled rooms, discussing tactics of world domination and manipulation straight out of the most far-fetched espionage thriller. To others, the image of secluded men (and occasionally women!) banding together in exotic garb to perform colorful ceremonies and impart hidden knowledge and fancy but incomprehensible titles upon one another springs to mind. But just how far-fetched and fanciful is the prospect of a secret society? Could it be that there walks among us, in any given echelon of the population, groups given to exercise inordinate amounts of power and influence over the rest of us? Could these exotic members-only clubs really pose such an immediate threat to our well-being that our very way of life is endangered? Well, quite frankly the disturbing answer to those particular questions are yes and yes. Right in our midst there absolutely exists clandestine organizations consisting of both men and women who wield a dangerous amount of influence and power over the entire world populace.In his book entitled "The World's Most Dangerous Secret Societies" author James Jackson explores these dangerous secret organizations and its members; their beliefs, hidden agenda and their ultimate goal of a New World Order and world domination. Here are a few of some of the dangerous secret societies that will be thoroughly examined.• The Freemasons• The Illuminati• Skull And Bones• The Bilderberg Group• Council on Foreign Relations• The Trilateral Commission• The Society of Jesuits• The Committee of 300• The Knights TemplarAnd Much Much More.....

The Secret History of the World's Most Dangerous Secret Society

Freemasons, Illuminati, Rosicrucians, and the Decoding of the Great Seal

*An exploration of the influence of secret societies on the formative documents and symbols of the United States • Reveals the Founding Fathers' spiritual vision for America as encoded in the Great Seal • Traces the influence of the Iroquois League of Nations upon the Constitution • Exposes the deep connections the Founding Fathers had with the Freemasons and other secret societies All children growing up in America learn who the Founding Fathers were. Most, however, never learn of the founders' connections to the Freemasons, the Rosicrucians, and other esoteric orders. In Founding Fathers, Secret Societies Robert Hieronimus investigates these important connections and how their influence can be traced throughout our most significant national documents and symbols, especially the Great Seal. He reveals in detail how the reverse of the Great Seal—which appears on the back of the one-dollar bill—is a blueprint that conveys the secret destiny of America. By understanding the kabalistic meaning of the Great Seal's reverse, he shows how our current era presents unique opportunities for the fulfillment of our Founding Fathers' spiritual vision.*

*In this shocking exposé, investigative researcher and author S. K. Bain reveals the truth behind the mass-murdering psychopaths responsible for the events of September 11, 2001, and reconstructs the occult-driven script for this Global Luciferian MegaRitual. As Bain uncovers, the framework for the entire event was a psychological warfare campaign built upon a deadly foundation of black magick and high technology. The book details the sinister nature of the defining event of the 21st century and explains the vast scope of the machinery of oppression that has been constructed around us.*

*The emergence of severe acute respiratory syndrome (SARS) in late 2002 and 2003 challenged the global public health community to confront a novel epidemic that spread rapidly from its origins in southern China until it had reached more than 25 other countries within a matter of months. In addition to the number of patients infected with the SARS virus, the disease had profound economic and political repercussions in many of the affected regions. Recent reports of isolated new SARS cases and a fear that the disease could reemerge and spread have put public health officials on high alert for any indications of possible new outbreaks.*

*This report examines the response to SARS by public health systems in individual countries, the biology of the SARS coronavirus and related coronaviruses in animals, the economic and political fallout of the SARS epidemic, quarantine law and other public health measures that apply to combating infectious diseases, and the role of international organizations and scientific cooperation in halting the spread of SARS. The report provides an illuminating survey of findings from the epidemic, along with an assessment of what might be needed in order to contain any future outbreaks of SARS or other emerging infections.*

*For twenty-six years, Iran has waged an international terrorist war while the intelligence services of the West, led by Mossad and the CIA, have waged a relentless, mostly clandestine counter-jihad in return. Though Iran has become a quietly looming threat, little has been revealed about this intelligence-based war. Now, Ronen Bergman, Israel's leading reporter and analyst of intelligence affairs, has written a full account of this secret war. He connected the dots of the long history of Iranian backed terrorist attacks, and revealed for the first time many classified operations against the Iranian terrorist network, including details about collaborations with Israel's Mossad and the CIA and FBI; thrilling Mossad operations, the successful recruitment of top insiders of Iranian intelligence, who have disclosed a wealth of information about Iran's nuclear program as well as it's terrorist activities; and the use of ultra-sophisticated surveillance equipment to penetrate and damage Iranian targets. From the Iranian proxy Hizbollah's planning of terrorists attacks from apartments in New York City, to Iran's training of an army of work Iraqi insurgents in the techniques of suicide bombing and the making of improvised explosive devises, he showed Iran has steadily waged war against the West.*

*Dangerous Secrets*

A shocking examination of the extreme national security apparatus built in response to the terrorist attacks of September 11th After 9/11, the United States government embarked on an unprecedented effort to protect America. The result has been calamitous: Eleven years of unparalleled spending and growth have produced a system to keep America safe that may in fact be putting us in even greater danger--but we don't know because it's all top secret. In this acclaimed bestseller, award-winning journalists Dana Priest and William M. Arkin lift the curtain on this clandestine universe. From the agencies and private companies keeping track of American citizens, to the military commanders building America's first "top secret city," to a hidden army within the U.S. military more secret than the CIA, this new national security octopus has become a self-sustaining "fourth branch" of government. Top Secret America is a tour de force of investigative journalism that reveals government run amok and a war on terrorism gone wrong.

" Hotel Magnifique opened the door to a sumptuous and glittering world of magic and mysteries and left me enchanted. Perfect for fans of Caraval and The Night Circus. " —Erin A. Craig, New York Times bestselling author of House of Salt and Sorrows and Small Favors Decadent and darkly enchanting, this lavish YA fantasy debut follows seventeen-year-old Jani as she uncovers the deeply disturbing secrets of the legendary Hotel Magnifique. All her life, Jani has dreamed of Elsewhere. Just barely scraping by with her job at a tannery, she 's resigned to a dreary life in the port town of Durc, caring for her younger sister Zosa. That is, until the Hotel Magnifique comes to town. The hotel is legendary not only for its whimsical enchantments, but also for its ability to travel—appearing in a different destination every morning. While Jani and Zosa can 't afford the exorbitant costs of a guest 's stay, they can interview to join the staff, and are soon whisked away on the greatest adventure of their lives. But once inside, Jani quickly discovers their contracts are unbreakable and that beneath the marvelous glamour, the hotel is hiding dangerous secrets. With the vexingly handsome doorman Bel as her only ally, Jani embarks on a mission to unravel the mystery of the magic at the heart of the hotel and free Zosa—and the other staff—from the cruelty of the ruthless maître d ' hôtel. To succeed, she 'll have to risk everything she loves, but failure would mean a fate far worse than never returning home.

Sometimes the enemies closer to home are the ones you have to watch out for. Hudson 's world is rocked on its axis when Mia is kidnapped. With a list of enemies a mile long, and barely any clues off where to start, Hudson 's got to figure out who 's brazen enough to take the one he loves. As secrets are exposed and lies come to the surface, there 's only one thing that is certain: Hudson will go to any lengths to have her safe in his arms again. Will he be able to find Mia before the time runs out or will the Kingpin bathe the streets with blood in vain?

Sixteen-year-old Iduna harbors a dark secret. On the surface, she is an Arendellian village girl, an aspiring inventor, and the best friend of Prince Agnarr, but she is also secretly Northuldra. Ever since the day the forest fell, Arendellians have despised and distrusted Northuldra with a vengeance. No matter that the Northuldra—along with some of Arendelle 's own—have been trapped in the Enchanted Forest behind an impenetrable wall of mist since the day of the battle. Iduna doesn 't know why the mist refuses to part, or why it descended to begin with. The only clear thing is that she must keep her identity from everyone, even Agnarr. Her life depends on it. Fortunately for her, Agnarr doesn 't know that Iduna is the Northuldra girl he saw seemingly flying on a gust of wind all those years ago, the day of the celebration turned disaster. The day Agnarr lost his father, the king, the day Agnarr himself almost died. What Agnarr does know is that Iduna is a true ally in the face of his royal responsibilities and the expectations of an overbearing council and a well-meaning regent who will rule in Agnarr 's place until he turns twenty-one and assumes the Arendellian throne. As Iduna and Agnarr grow ever closer, however, friendship is no longer enough. If only falling for each other didn 't mean risking their futures: Iduna 's as a hidden-in-plain-sight citizen of Arendelle, and Agnarr 's as imminent king. But for a chance at true love, the risk might be worth taking

the story of secret orders through the ages

Since 1954, The Bilderberg Group, some of the most powerful and influential men in the Western world, have met in secret once a year to discuss the economic and political future of humanity.

Deadly. Powerful. Beautiful. The much-hated plant called poison ivy is all of these—and more. Poison ivy has long irritated humans, but the astounding paradox is that poison ivy is a plant of immense ecological value. In Praise of Poison Ivy explores the vices and virtues of a plant with a dramatic history and a rosy future. Once planted in gardens from Versailles to Monticello, poison ivy now has a crucial role in the American landscape. The detested plant is a lens through which to observe the changes and challenges that face our planet. For centuries, poison ivy has bedeviled, inconvenienced, and downright tortured the human race. This book covers the unique history of the plant, starting with the brash and adventurous explorer Captain John Smith, who "discovered" poison ivy the hard way in 1607. Despite its irritating qualities, the magnificent scarlet-and-gold autumn foliage lured Virginia entrepreneurs to export the vine to Europe, making it one of the earliest documented New World plants to cross the Atlantic, and its meteoric rise to fame as —of all unlikely things—a garden plant. Showcased in the pleasure grounds of emperors and kings, poison ivy was displayed like a captive tiger, admired by Thomas Jefferson, Marie Antoinette, and Josephine Bonaparte. Today, poison ivy is valued by environmentalists and native plant enthusiasts who name it one of our most important plants for wildlife as well as for soil conservation. In Praise of Poison Ivy will reveal why, in its native American habitat, poison ivy is a plant of astonishing ecological value. Poison ivy leaves are an important wildlife food, and the berries are a crucial source of winter nutrition for beloved bird species like robins, bluebirds and cardinals. On a national listing of hundreds of native plants that are of value to wildlife, poison ivy ranks seventh in importance. InPraise of Poison Ivy also explores the question of why this plant is apparently on a mission to give us humans grief, from itchy ankles to life-threatening medical emergencies. The book will examine why poison ivy targets humans, but no other species, and explain the mystery of why a privileged few are immune to its itchy consequences. Since the time of John Smith and Pocahontas, the American landscape has changed in countless ways—many obvious, some subtle. This book will reveal why there is far more poison ivy on the planet now than there was in 1607, with lots more on its way. It examines the ecological reasons for poison ivy 's rosy future, note the effects of climate change on native plants, and investigate the valuable role that poison ivy could play in our changing world.
