One of the most important and enduring books of the twentieth century, Their Eyes Were Watching God brings to life a Southern love story with the wit and pathos found only in the writing of Zora Neale Hurston. Out of print for almost thirty years—due largely to initial audiences’ rejection of its strong black female protagonist—Hurston’s classic has since its 1978 reissue become perhaps the most widely read and highly acclaimed novel in the canon of African-American literature. Zora Neale Hurston wrote her most famous novel, Their Eyes Were Watching God, while in Haiti on a trip funded by a Guggenheim fellowship to research the region’s transatlantic folk and religious culture; this work grounded what would become her ethnography Tell My Horse: Voodoo and Life in Haiti and Jamaica. The essays in Zora Neale Hurston, Haiti, and “Their Eyes Were Watching God” persuasively demonstrate that Hurston’s study of Haitian Vodoun informed the characterization, plotting, symbolism, and theme of her novel. Much in the way that Vodoun and its North American derivative Voodoo are syncretic religions, Hurston’s fiction enacts a syncretic, performative practice of reference, freely drawing upon Greco-Roman, Judeo-Christian, and Haitian Vodoun mythologies for its political, aesthetic, and philosophical underpinnings. Zora Neale Hurston, Haiti, and “Their Eyes Were Watching God” connects Hurston’s work more firmly to the cultural and religious flows of the African diaspora and to the literary practice by twentieth-century American writers of subscribing in their fictional texts symbols and beliefs drawn from West and Central African religions.

Studienarbeit aus dem Jahr 2005 im Fachbereich Amerikanistik - Literatur, Freie Universitat Berlin, Sprache: Deutsch, Abstract: Their Eyes Were Watching God is the story of a womans life. Protagonist Janie recapitulates her way from youth to her forties and shows the growing-up of a woman in the search for love. On the sideways Zora Neale Hurston points out the life of African-American people and their problems on the turn of the twentieth century until the 1930s. The objective of this paper is to point out the main conflicts and metaphorical images used in the book. As the novel is to some extent a biography of a womans way to love the first to mention is the eternal conflict between men and women. Like a painter Hurston draws the traditional roles of the sexes and the contradictions of her time - a time of feminine emancipation in all aspects. Emancipation also plays a role in the obvious generation conflict personated in Nanny, Janies grandmother. Somehow incidental, but flashing now and then, and sharp in her observations Hurston works up the racial issue of black and white living together in the American society around 60 years after slavery has officially ended. These are the more general conflicts of the book, while within the story opens the conflict within the black community. A subtle comparison of the life in Eatonville and the Everglades - inseparable of course from the totally differing feelings of Janie in both places. In the course of the novel Hurston uses strong, picturesque metaphorical language to describe the inner world of Janies thoughts and feelings. This paper can only give a few examples for these images. The tree image stands for her love life and sexuality - first in bloom when she becomes a woman. The mule stands as a symbol for the submission of women through men."

Every Tub Must Sit on Its Own Bottom

'Their Eyes Were Watching God is one of the very greatest American novels of the 20th century. It is so lyrical it should be sentimental; it is so passionate it should be overwrought, but it is instead a rigorous, convincing and dazzling piece of prose, as emotionally satisfying as it is impressive. There is no novel I love more' ZADIE SMITH 'She was stretched on her back beneath the pear tree soaking in the alto chant of the visiting bees, the gold of the sun and the panting breath of the breeze when the inaudible voice of it all came to her' When, at sixteen, Janie is caught kissing shiftless Johnny Taylor, her grandmother swiftly marries her off to and old man with sixty acres. Jane endures two stifling marriages before she finally meets the man of her dreams - who offers not diamonds, but a packet of flowering seeds. A Casebook

The rediscovery of Zora Neale Hurston's *Their Eyes Were Watching God*, first published in 1937 but subsequently out-of-print for decades, marks one of the most dramatic chapters in African-American literature and Women's Studies. A Life in Letters

" I mean to live and die by my own mind," Zora Neale Hurston told the writer Countee Cullen. Arriving in Harlem in 1925 with little more than a dollar to her name, Hurston rose to become one of the central figures of the Harlem Renaissance, only to die in obscurity. Not until the 1970s was she rediscovered by Alice Walker and other admirers. Although Hurston has entered the pantheon as one of the most influential American writers of the 20th century, the true nature of her personality has proven elusive. Now, a brilliant, complicated and utterly arresting woman emerges from this landmark book. Carla Kaplan, a noted Hurston scholar, has found hundreds of revealing, previously unpublished letters for this definitive collection; she also provides extensive and illuminating commentary on Hurston's life and work, as well as an annotated glossary of the organizations and personalities that were important to it. From her enrollment at Baltimore's Morgan Academy in 1917, to correspondence with Marjorie Kinnan Rawlings, Langston Hughes, Dorothy West and Alain Locke, to a final query letter to her publishers in 1959, Hurston's spirited correspondence offers an invaluable portrait of a remarkable, irrepressible talent.

In a ground-breaking study of Zora Neale Hurston, Deborah Plant takes issue with current notions of Hurston as a feminist and earlier impressions of her as an intellectual lightweight who disregarded serious issues of race in American culture. Instead, Plant calls Hurston a "writer of resistance" who challenged the politics of domination both in her life and in her work. One of the great geniuses of the Harlem Renaissance, Hurston stands out as a strong voice for African American women. Her anthropological inquiries as well as her evocative prose provide today's readers with a rich history of African American folk culture - a folk culture through which Hurston expressed her personal and political strategy of resistance and self-empowerment. Through readings of Hurston's fiction and autobiographical writings, Plant offers one of the first book-length discussions of Hurston's personal philosophy of individualism and self-reliance. From a discussion of Hurston's preacher father and influential mother, whose guiding philosophy is reflected in the title of this book, to the influence of Spinoza and Nietzsche, Plant puts into perspective the driving forces behind Hurston's powerful prose.

Their Eyes Were Watching God is a 1937 novel by African-American writer Zora Neale Hurston. It is considered a classic of the Harlem Renaissance of the 1920s, and it is likely Hurston's best known work.

Zora Neale Hurston's *Their Eyes Were Watching God*, although well received in its own day, was largely forgotten until the 1970s. The same thing was true of its author, who died in abject poverty. Fortunately, both this novel and most of Hurston's other works were eventually rediscovered, and *Their Eyes* is now seen as one of the most important books in twentieth-century American literature. This volume explores the book from numerous and diverse perspectives, including race, gender, and class; place it in a variety of historical and intellectual contexts; and give full attention to its remarkable artistry.
