

## These Are The Voyages Tos Season One 1 Marc Cushman

These are the Voyages: Volume 1 presents eight ready-to-play missions for Star Trek Adventures. Within this 164 page hardback book, Gamemasters will find the means to test their Starfleet officers at the front line of Starfleet operations.

These Are the Voyages, the exhaustive, award-winning book series by Marc Cushman, continues, utilizing memos and letters from Star Trek creator Gene Roddenberry, his colleagues, the studios, and the networks. Production reports, TV ratings, vintage press coverage, and interviews combine to document the events between the end of the Original Series and the beginning of the Trek movie franchise. It's the story of how Roddenberry sought to escape from Star Trek's shadow and stake new ground. Meanwhile, the series stars discovered that their popularity, like Roddenberry's, was tied to a show which simultaneously typecast them. Volume 1 of this two-book set covers the first half of the 1970s, with coverage of Pretty Maids All in a Row, Genesis II, The Questor Tapes, Planet Earth, Strange New Worlds, Star Trek: The Animated Series, and much more. Volume 2 will examine the last half of the decade, including Spectre, "Star Trek Phase II," and 1979's Star Trek - The Motion Picture. The book is over 700 pages within a hardcover bound book.

Most Trek books revel in trivia that would puzzle Spock himself How can a latecomer to Star Trek ever catch up? Here, in a funny and easy-to-read format, is everything that those unfamiliar with the Star Trek universe need to know to be brought up to warp speed with their significant Trekking other. Coping With Your Trekker discusses the history of Star Trek, important episodes from all the different series, weird aliens and memorable characters, as well as the movies, the technology...plus "Really Cool Things to Say to Impress a Trekker", how to survive a Star Trek convention, and more After each chapter, a quiz helps readers hone their knowledge A handy Trek-to-English dictionary makes sense of it all. For new fans and reluctant mates this book will make the viewing of yet another Star Trek rerun -- arm-in-arm with a pointy-eared loved one -- a happy experience

Shadows Have Offended

Revised and updated to include material from Star Trek VI - The undiscovered country.

Celebrate Star Trek: The Original Series with this epic, fully authorized coffee-table book! New interviews, archival conversations, never-before-seen art and sketches, and more! Gene Roddenberry's "Wagon Train to the Stars" continues to live long and prosper, with

Discovery, Lower Decks, and Picard currently on the air, and Strange New Worlds on the way. But it all began 55 years ago with Star Trek: The Original Series. The second installment in Hero Collector's Celebration line (following Star Trek: Voyager – A Celebration), Star

Trek: The Original Series – A Celebration includes more than a dozen new interviews with cast and creatives, scores of never-before-seen photographs and sketches, as well as chapters taking fresh looks at the show's creation, directing, visual effects, props, and most-pivotal episodes.

"This is a complete history of I Spy and the profound change it evoked in broadcasting, social ideals and racial equality. Rich with interviews and photographs, it discusses I Spy's unique approach to race, co-starring interracial actors as equals. A complete episode guide includes writers, directors, cast, crew, plot synopsis and commentary"--Provided by publisher.

Standard issue for all Starfleet Officers, this vital tool for space survival covers everything from space suit leaks and hotwiring a tri-corder to hostile alien encounters. Paying particular attention to the importance of initiative in situations where available

technology is malfunctioning, The Survival Guide is broadly divided into the following sections: understanding alien technology; dealing with alien wildlife; modifying federation technology; and encountering temporal anomalies. There is information on essential Federation

emergency equipment, and various extreme escape and survival scenarios are accompanied by actual accounts by legendary Starfleet heroes of their own dramatic improvisations. The whole is illustrated throughout with explanatory black & white line art illustrations, easy to

follow in a crisis -- especially valuable when a reader is stranded on a downed shuttlecraft with only a com-badge and a self-sealing stem-bolt.

How Midcentury Modernism Shaped Our View of the Future

Volume 1 (1970-1975): Gene Roddenberry and Star Trek in The 1970's

Star Trek

TOS, Season One

*Timshel was once the vacation spot of the galaxy, full of culture, natural beauty, and friendly, hospitable inhabitants. But now Timshel has cut itself off from the universe. No one is allowed to enter or leave. Concerned, the Federation has sent agents to investigate, but none have returned. Captain Kirk and the crew of the Starship Enterprise™ are shocked to discover the truth: the people of Timshel have succumbed to an insidious new technology that guarantees every citizen total pleasure, a soul-destroying ecstasy that has enslaved their entire civilization. Kirk and Spock have faced many threats before, but now they face the most seductive menace of all: perfect happiness. And the rest of the Federation may soon fall under the irresistible control of the Joy Machine.*

*A history of the classic television series describes the 1964 collaboration of the authors and Gene Roddenberry and chronicles the personalities, production methods, and special effects that resulted in the show's phenomenal legacy*

*"In late 1992, on small budgets and under tight schedules, the cast and crew of X-Men: The Animated Series crafted a television show that, despite an industry full of naysayers, immediately shot to #1. This "kids' show" often landed more than half the TV viewers across America, and a twenty-year gold rush of Marvel motion pictures and TV series followed. Previously on X-Men is Eric Lewald's personal, inside account of how the series got on the air, the many challenges that were overcome, and how the show prevailed. The head writer interviewed 36 of the artists, writers, voice cast, and executives who helped make this game-changing series a worldwide success. This book is an authoritative look into the creation of the animated series that nobody expected to succeed. Lewald offers a unique behind-the-scenes look at the Saturday-morning cartoon series that changed Hollywood"--Back cover.*

*Author Marc Cushman had the honor of befriending both Gene Roddenberry and Robert H. Justman, who cooperated in the development of this three-book series and backed their endorsement with hundreds of never-before-released documents concerning the writing and production of Star Trek, the original series (TOS). After decades of research, hundreds of exclusive interviews, and the inclusion of thousands of documents, from story outlines to scripts to interoffice memos between Roddenberry and his creative staff, correspondences with NBC and Desilu Studios, production schedules, budgets, and even the Nielsen ratings for every episode of the first Star Trek series, These are the Voyages serves as a time machine, taking the reader back to witness the creation, writing and making of Star Trek.--From publisher description.*

*TOS, Season 1*

An original novel based on the thrilling Star Trek movies directed by J.J. Abrams! Taking place in an alternate timeline created when the Starship Kelvin was destroyed by a Romulan invader from the future, this bold new novel follows Captain James T. Kirk and an inexperienced crew commandeering a repaired U.S.S. Enterprise out of spacedock for a simple shakedown cruise.

When a distress call comes in, the Enterprise must aid a large colony ship of alien refugees known as the Perenorean, who are under siege by an unknown enemy. But Kirk and his crew will find that the situation with the peaceful Perenorean is far more complicated than they bargained for, and the answers as to why they were attacked in the first place unfold in the most insidious of ways...

A fully illustrated, interactive tribute to the world's most famous and popular science fiction series: Star Trek.

The ultimate Star Trek visual history, complete with personal accounts, anecdotes, and full-color photos, this entertaining, informative book provides a behind-the-scenes glimpse of the world of Star Trek, and includes essays by the late master of science fiction, Isaac Asimov.

With MARY: THE MARY TYLER MOORE STORY, Herbie J Pilato offers the first full-scale, objective, and detailed biography of the actress best known from The Dick Van Dyke Show and The Mary Tyler Moore Show. MARY explores in-depth her entire life and career before, during, and beyond those two benchmark series, as it examines with a reflective and microscopic lens Moore's endeavors in front of and behind the camera of countless TV, film, stage, and live-event appearances. With MARY: THE MARY TYLER MOORE STORY, Herbie J Pilato narrates it all, telling the enticing, adventurous, very personal, very human, and now very accessible tale of Moore's remarkable life and career. The hardcover includes a 24 page color photo insert.

Bloopers of the Borg: The Mistakes Must Go - Make it So!

Inside Star Trek

Do you possess Data-like recall of everything Star Trek: The Next Generation? Put that knowledge to the test with Hero Collector's TNG Nerd Search Book. The next generation of Hero Collector's Star Trek Nerd Search book is here, literally. Star Trek Nerd Search: The Next Generation follows the TOS-centric "Quibbles with Tribbles" and it challenges TNG fans to find the made-on-purpose mistakes across its 44 pages. Think of it as a next-level "Where's Waldo" for all the diehard Star Trek fans throughout the galaxy. Glenn Dakin, the madman behind Hero Collector's previous Nerd Search search-and-find titles, Ghostbusters: Eerie Errors & Suspect Ghosts and Star Trek: Quibbles with Tribbles, returns to playfully torment fans who boldly think they know it all. His fully illustrated book beams up the villainous Borg, who've created time-traveling Chaos Cubes that break down reality as we know it. The reader's task is to spot the Cubes and save Picard's mission. Making it so, however, will be tough. The reader must spot five continuity errors caused by the Chaos Cubes, such as TNG characters in the wrong costume, or scene or... even the wrong series! Complicating the crises, Dakin has hidden 10 random items for every season of TNG... in each scene. Can you find the rogue elements and name the episode? And, upping the ante even further, next-level Next Gen fans should be on the lookout for five Super Quibbles, behind-the-scenes bits of business that only hardcore fans will uncover. Sounds exciting and challenging, right? Say it with us: Resistance will be futile. It's all in here: Quirky "Q" madness, those hirsute, cranky Klingons, and the ever-avaricious Ferengi. And, among the TNG episodes revisited are "The Best of Both Worlds," "The Big Goodbye," and "Encounter at Farpoint.' Oh, and the goal is to achieve the top score of, appropriately, 11001001.

In celebration of one of science fiction's most beloved franchises, an updated edition of the acclaimed Ships of the Line hardcover collection. They dared to risk it all in a skiff of reeds or leather, on a ship of wood or steel, knowing the only thing between them and certain death was their ship. To explore, to seek out what lay beyond the close and comfortable, every explorer had to embrace danger. And as they did so, what arose was a mystical bond, a passion for the ships that carried them. From the very first time humans dared to warp the fabric of space, escaping from the ashes of the third World War, they also created ships. These vessels have become the icons of mankind's desire to rise above the everyday, to seek out and make the unknown known. And these ships that travel the stellar seas have stirred the same passions as the ones that floated in the oceans. While every captain has wished that their starship could be outfitted in the same manner as the sailing ship H.M.S. Beagle—without weapons—that proved untenable. From the start, Starfleet realized that each vessel, due to the limited range of the early warp engines, must be able to stand alone against any attack. Thus arose the idea, taken from the days of wooden sailing ships, that every Starfleet vessel must stand as a ship of the line. Through the actions of their captains and crews, countless starships have taken on that role. Here we remember some of those ships and their heroic crews. In celebration of one of science fiction's most beloved franchises, this updated edition of the acclaimed Ships of the Line hardcover collection now includes dozens of additional images brought together for the first time in book format—spectacular renderings featured in the highly successful Star Trek: Ships of the Line calendar series. With text by Star Trek's own Michael Okuda, the story of each of these valiant starships now comes to life. ™, ®, & © 2014 CBS Studios, Inc. An original novel based on the acclaimed Star Trek TV series! The USS Enterprise has been granted the simple but unavoidable honor of ferrying key guests to Betazed for a cultural ceremony. En route, sudden tragedy strikes a Federation science station on the isolated planet Kota, and Captain Jean-Luc Picard has no qualms sending William Riker, Data, and Chief Medical Officer Beverly Crusher to investigate. But what begins as routine assignments for the two parties soon descends into chaos: Picard, Worf, and Deanna Troi must grapple with a dangerous diplomatic crisis as historic artifacts are stolen in the middle of a high-profile ceremony...while nothing is as it seems on Kota. A mounting medical emergency coupled with the science station's failing technology—and no hope of rescue—has Doctor Crusher racing against time to solve a disturbing mystery threatening the lives of all her colleagues.... ™, ®, & © 2021 CBS Studios, Inc. How does the Star Trek universe stack up against the real universe? What warps when you're traveling at warp speed? What is the difference between a wormhole and a black hole? Are time loops really possible, and can I kill my grandmother before I am born? Anyone who has ever wondered "could this really happen?" will gain useful insights into the Star Trek universe (and, incidentally, the real world of physics) in this charming and accessible guide. Lawrence M. Krauss boldly goes where Star Trek has gone-and beyond. From Newton to Hawking, from Einstein to Feynman, from Kirk to Picard, Krauss leads readers on a voyage to the world of physics as we now know it and as it might one day be.

Star Trek: Year Five: The Wine-Dark Deep (Book 2)

Star Trek Concordance

Star Trek: The Motion Picture (1979) is one of the most beguiling and important science fiction films ever made. Its spectacular realization of Gene Roddenberry's inspirational future and humanistic storytelling are a cinematic achievement unlikely ever to be matched. At the same time, the film was a deeply troubled production that rolled without a completed script and saw a wholesale change in visual effects companies;barely making its release date.In 1979, Preston Neal Jones was given unparalleled access to the cast and creators of Star Trek: The Motion Picture for what was intended to be a cover story for Cinefantastique magazine. Owing to the late completion of the film and ambitious scope of the manuscript, it was never published;until now.This book is a priceless time capsule, an oral history in the words of 60 of the film's cast and creators, interviewed as the film was being prepared for release;and nobody had any idea if it would succeed or even be finished on time.From the stars (William Shatner, Leonard Nimoy and the entire cast) to the filmmakers (Gene Roddenberry, Robert Wise) to the brilliant visual effect artists, illustrators, model builders and technicians who realized the 23rd century on screen (costumes, sets, props, models, music, sound FX and more), no aspect of the film's creation is overlooked.Go behind the scenes of this pivotal sci-fi masterpiece and hear the unvarnished, uncensored truth of how it was created.

The Moody Blues have sold over 80 million records, and scored Top 20 hits in four different decades. They hit the top in 1965, with a No. 1 single, "Go Now!", and toured with the Beatles (both bands managed by Brian Epstein). But their true breakthrough came in November 1967 with the release of the classic Days of Future Passed, the first LP to combine the rock album format with orchestral music, and spawning another No. 1 single: "Nights in White Satin." Overnight, the new genre of "symphonic rock" was born. Advancing this further, Moody Blues founding member Mike Pinder helped develop the Mellotron, a keyboard instrument which could simulate the sound of a string orchestra. This innovation not only gave the Moodies their unique sound, but enabled them to reproduce their epic albums in concert. The Moodies were also the first rock group to champion the "concept album," following Days of Future Passed with other thematic classics, such as In Search of the Lost Chord; On the Threshold of a Dream; To Our Children's Children's Children; A Question of Balance; and Long Distance Voyager. This in-depth biography covers the magnificent 50-plus-year career of the Moody Blues (in two volumes). Exhaustively researched and featuring thousands of vintage interviews, reviews, and record chart statistics, as well as hundreds of photos. Long Distance Voyagers: The Story of the Moody Blue will whisk you back in time and put you on the very threshold of a dream.

This book looks at how the original Star Trek became a cultural phenomenon, generating numerous spin-offs and feature films and inspiring multiple series, films, books, etc. In addition to the show’s creation and its place in science fiction, the author looks at the series through the prisms of American political history, technology, and fandom.

The Authorized Biography of a Classic Sci-Fi Series, Volume 1 documents the early career of Irwin Allen. It is a true rags-to-riches story, as Allen ventures from a humble beginning in the Bronx to his later incarnations in Hollywood as an entertainment journalist, radio and television host, a literary agent - all before becoming a successful motion picture producer and director. After winning an Academy Award in 1954, Allen entered the fantasy genre with films such as The Lost World and Voyages to the Bottom of the Sea. He then rolled the dice again with a move into television, creating and producing Voyage to the Bottom of the Sea and, one year later, Lost in Space. Lost in Space was the first primetime weekly series to take viewers into outer space's strange new alien worlds - something the networks believed impossible on a TV budget and schedule. In this book you'll be whisked back in time to the production offices, writers' conferences, and soundstages for the making of this iconic series. Included are hundreds of memos between Allen and his staff; production schedules; budgets; fan letters; more than 200 rare behind-the-scene images; and the TV ratings for every episode.

The Starfleet Survival Guide

The Authorized Biography of a Classic Sci-Fi Series, Volume Two

A History and Episode Guide to the Groundbreaking Television Series

The Voyages of Star Trek

These Are the Voyages

**History of Star Trek, the third season**

**Star Trek emerged alongside mini-skirts, bellbottoms, and VW vans; flourished in the shadow of Madonna, big hair, and greed; and expanded with computers, Beanie Babies, and religious revitalization. Star Trek survived the culture shock of 9/11 and experienced a revival in the era of yoga pants, hybrid cars, and Starbucks. After more than 5 decades, Star Trek is alive and well, still voyaging through space and time. But, why is that? How has this science fiction franchise managed to anticipate and adapt to such rapid culture change? In The Voyages of Star Trek: A Mirror on American Society through Time, authors K. M. Heath and A. S. Carlisle, investigate the enduring appeal of Star Trek, noting how it has mirrored, foreshadowed, and adapted to contemporary American culture from 1966 to the present. Through anthropological analysis, the authors examine the evolution of Star Trek by tying its storylines to events and developments in the U.S., assessing the extent to which the visual image of Star Trek is reflected on the screen from “snapshots” of randomly selected episodes and all of the films. By examining how Star Trek addressed contemporary social issues through a sci-fi lens over time, the authors postulate, Americans can better understand their own changing culture. If StarTrek can continue to anticipate and adapt to our rapidly changing world, then it should remain a part of the cultural landscape for another 50 years, truly going where few franchises have gone before.**

**This is the unauthorized, uncensored and unbelievable true story behind the making of a pop culture phenomenon. The original Star Trek series debuted in 1966 and has spawned five TV series spin-offs and a dozen feature films, with an upcoming one from Paramount arriving in 2016. The Fifty-Year Mission is a no-holds-barred oral history of five decades of Star Trek, told by the people who were there. Hear from the hundreds of television and film executives, programmers, writers, creators and cast as they unveil the oftentimes shocking story of Star Trek's ongoing fifty-year mission -a mission that has spanned from the classic series to the animated show, the many attempts at a relaunch through the beloved feature films. Make no mistake, this isn't just a book for Star Trek fans. Here is a volume for all fans of pop culture and anyone interested in the nuts and bolts of a television touchstone.**

**Dive deeper than ever before and discover the origins of The Man from Atlantis. When TV unveiled the series Man from Atlantis no one knew the how, where and why of Mark Harris. Over time the show's star Patrick Duffy formulated his own version of the history of Mark and his people. Here at last is the book that gives every reader and fan of the show the life and mythology of Atlantis, who they were and where they came from. Patrick Duffy's close connection to his fictional character gives us a special look "behind the scenes" of this amazing fantasy story. Mark Harris, the Man from Atlantis, has been quietly living under the protection of Dr. Elizabeth Merrill who saved his life in 1976. By studying his abilities the two have contributed countless advances for mankind's development. Only a select few know his true identity: Jason the whiz kid of the science lab. Stacy the bright young intern-who is constantly flustered by Mark's presence. Dr. Nagashima, a master of oceanic knowledge who Elizabeth lured from Japan to join her inner circle. Then their California ocean side laboratory is shaken when several attempts are made upon Mark's life. He discovers the assailants have powers similar to his and he is lead into the uncharted depths of the oceans. As he discovers his past Mark's origins and genealogy finally come to the surface. Includes photos from the author's personal collection.**

**40 Years from the Archives**

**So Say We All: The Complete, Uncensored, Unauthorized Oral History of Battlestar Galactica**

**Star Trek Adventures - These Are the Voyages**

**Ships of the Line**

From Mark A. Altman and Edward Gross, the bestselling authors of the definitive two-volume Star Trek oral history, The Fifty-Year Mission, comes the complete, uncensored, unauthorized oral history of Battlestar Galactica in So Say We All. Four decades after its groundbreaking debut, Battlestar Galactica—both the 1978 original and its 2004 reimagining have captured the hearts of two generations of fans. What began as a three-hour made for TV movie inspired by the blockbuster success of Star Wars followed by a single season of legendary episodes, was transformed into one of the most critically acclaimed and beloved series in television history. And gathered exclusively in this volume are the incredible untold stories of both shows—as well as the much-maligned Galactica 1980. For the first time ever, you will learn the unbelievable true story of forty years of Battlestar Galactica as told by the teams that created a television legend in the words of over a hundred cast, creators, crew, critics and executives who were there and brought it all to life. So Say We All! At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Celebrate Star Trek: The Original Series and the show's distinctive Midcentury modern design that would change design- and television-forever. Star Trek: The Original Series (1966-1969) was the first installment of one of the most successful and longest-running television franchises of all time. Today, Trek fans champion its writing, progressive social consciousness, and aesthetic. Designing the Final Frontier is a unique, expert look at the mid-century modern design that created and inspired that aesthetic. From Burke chairs to amorphous sculptures, from bright colors to futuristic frames, Star Trek TOS is bursting with mid-century modern furniture, art, and design elements—many of them bought directly from famous design showrooms. Together, midcentury modern design experts Dan Chavkin and Brian McGuire have created an insider's guide to the interior of original starship Enterprise and beyond, that is sure to attract Star Trek's thriving global fan base.

Join the crew of the Enterprise in these all-new adventures featuring the characters from the Original Series! Step aboard with Kirk, Spock, Bones, Uhura, Sulu, Scotty, and Chekov as they begin the end of their original five-year mission and boldly go into an uncertain future in this new continuing Star Trek series! Collects issues #7-12. An unimaginable conflict could cost Kirk's soul...or Spock's life. A dark plan has been unleashed in the galaxy, a design so vast, only a collective—and ruthless—mind like the Totality could have conceived it. Now Captain Kirk must battle the seductive force of the Totality's will. It was reasonable that Captain Kirk and Federation Free Agent Sola Than would fall in love. But no reasoning the the universe could have foreseen the tragedy of Spock's own passion for the same woman. Now this unimaginable conflict could cost Captain Kirk his very soul, and bring death to the proud Vulcan. But in the unimaginable lies their only chance, and the freedom of the galaxy depends on the outcome of the Triangle.

**The New Voyages 2**

**The A-Z Guide to the Classic Original Television Series and Films**

**Star Trek All Series**

**The Trouble with Tribbles**

**Star Trek 4**

The first and only guide to the beloved and star-studded Star Trek: The Animated Series, the in-canon (mostly) continuation of the iconic Star Trek: Original Series. Star Trek: The Animated Series (TAS) was a critical success, airing 22 episodes over two seasons and earning the franchise its first Emmy Award in 1975. The show featured the voices of almost the entire original cast, including William Shatner and Leonard Nimoy, along with the original series writers Dorothy Fontana ("Journey to Babel"), David Gerrold ("The Trouble with Tribbles"), acclaimed science-fiction author Larry Niven, and many more. Star Trek: The Official Guide to The Animated Series reveals the efforts it took to translate Star Trek: The Original Series into animated form, with a Databank illustrating how the animated series ties into other Star Trek shows. This book provides fans with behind-the-scenes production documents, never-before-seen art, and all-new interviews with the people who produced the Enterprise's new animated adventures.

A pop-up book to celebrate 30 years of Star Trek.

David Gerrold, the creator of "Tribbles," recalls how this popular episode of Star Trek was made, from conceptualizing the first draft to the final script, shooting on set, and explaining the techniques and disciplines of TV writing. Plus, receive 32 pages of photos, original illustrations by Tim Kirk, and much more!

A three-volume definitive history of the Star trek, with each volume featuring a different season of the original series. After more than two decades of in depth research and interviews, this extraordinary work is ready to be shared with the galaxy. "The second installment of the These Are the Voyages, TOS trilogy will take you back in time and put you into the producers' offices, the writers room, onto the soundstages, and in front of your TV sets for the fist historic broadcasts. Included are hundreds of memos between Roddenberry and his staff, production schedules, budgets, fan letters, behind-the-scenes images, and the TV ratings. Buckle your seat belts; the trek of a lifetime continues with Season Two"--Back cover.
