How does one cleanse the mind of the 'accumulation of time' and break the 'pattern of ego -centered activity'? The Ending of Time concludes by referring to the wrong turn humanity has taken, but does not see this as something from which there is no escape. People sought him out and came to dialogue with him on many issues of the times or their own personal dilemmas. Their problems were universal human problems and each made true his statement "You are the world". The thoughts are there to function and communicate in this world sanely and intelligently."

Widely recognized as one of the most influential spiritual teachers of the twentieth century, Jiddu Krishnamurti taught that in order for there to be peace in the world, we must each first make peace with ourselves. No spiritual path, leader, or personal or political philosophy will guide us in this endeavor, he said; this transformation of the human psyche is a truth that each of us must discover within. Here, Krishnamurti teaches that the war and destruction human beings wreak on each other and the environment are caused by

These selections present the core of Krishnamurti's teaching on meditation, taken from discussions with small groups, as well as from public talks to large audiences. His main theme is the essential need to look inward, to know ourselves, in order really to understand our own—and the world's—conflicts. We are the world, says Krishnamurti, and it is our individual chaos that creates social disorder. He offers timeless insights into the source of true freedom and wisdom.
