

Think Outside The Sox 60 Winning Designs From The Knitter S Magazine Contest

Recently widowed, Henry Wolff is an emotionally challenged father who is being sued by his daughter, Sharon, for financial control of the estate. He must prove that he fits in - not an easy thing to do when you aren't quite all there. Rumors run rampant around the town in attempts to explain away his odd behavior. But Henry does have a very special gift. In a town divided by the have and have-nots, Henry alone can inspire and touch even the most jaded lost souls. With a family secret tucked tightly away, members of the Wolff family struggle to see eye to eye. Between an impending trial looming and drama ensuing in the town, will Henry be able to unite his own family as tragedy strikes them yet again?

Fenway Park. The name evokes a team and a sport that have become more synonymous with a city's identity than any stadium or arena in the country. Since opening in the same week of 1912 that the Titanic sank, the park's instantly recognizable confines have seen some of the most dramatic happenings in baseball history, including Carlton Fisk's "Is it fair?" home run in the 1975 World Series and Ted Williams's perfectly scripted long ball in his final at-bat. For 100 years, the Fenway faithful have been tested. They have known triumph and heartbreak, miracles and curses -- well, one curse in particular -- to such a degree that an entire nation of fans heaved a collective sigh of relief when Dave Roberts stole a base by a fingertip in 2004, triggering the most amazing comeback in the game's annals. To sit and watch a game at Fenway is to recognize that the pitcher is standing on the same mound where Walter Johnson, Christy Mathewson, and Babe Ruth pitched, that a hitter is in the same batter's box where Ty Cobb and Hank Aaron and Shoeless Joe Jackson dug in to take their swings. This is a ballpark that has embraced its odd construction quirks, including the bizarre triangle out in center field and the Green Monster that looms above the left fielder, and today -- for better and for worse -- it remains largely unchanged from the day it opened. In its long history, Fenway has hosted football, hockey, soccer, boxing, and so much more. It has provided a backdrop to hundreds of historic events having nothing to do with sports, including concerts, religious gatherings, and political rallies. It was the site of Franklin Delano Roosevelt's final campaign address, as well as visits by music luminaries from Stevie Wonder to Bruce Springsteen to the Rolling Stones. Through it all, the Boston Globe has been the consistent, respected chronicler of every important moment in park history. In fact, the newspaper played a remarkable role in Fenway's creation and evolution: the Taylor family -- founders and longtime owners of the Globe -- owned the ballclub in 1912, helped finance the new stadium, and renamed the team the "Red Sox". It is the Globe's insider perspective, combined with more than a century of exemplary journalism, that makes this book the definitive narrative history of both park and team, and a centennial collectors' item unlike any other. Its pages offer a level of detail that is unmatched, with exceptional writing and hundreds of rarely seen photographs and illustrations. This is Fenway Park, the complete story, unfiltered and expertly told.

New York Times Bestseller The record-holding two-time NBA champion and recently inducted hall-of-famer reflects on his work ethic, his on-the-court friendships and rivalries, the great teams he's played for, and what it takes to have a long and successful career in this thoughtful, in-depth memoir. Playing in the NBA for eighteen years, Ray Allen won championships with the Boston Celtics and the Miami Heat and entered the record books as the original king of the three-point shot. Known as one of the hardest-working and highest-achieving players in NBA history, this most dedicated competitor was legendary for his sharp shooting. From the Outside, complete with a foreword by Spike Lee, is his story in his words: a no-holds-barred look at his life and career, filled with behind-the-scenes stories and surprising revelations about the game he has always cherished. Allen talks openly about his fellow players, coaches, owners, and friends, including LeBron James, Kobe Bryant, and Kevin Garnett. He reveals how, as a kid growing up in a military family, he learned about responsibility and respect—the key to making those perfect free throws and critical three-point shots. From the Outside is the portrait of a gifted athlete and a serious man with a strongly defined philosophy about the game and the right way it should be played—a philosophy that, at times, set him apart from colleagues and coaches, while inspiring so many others, and lead to the most pivotal shot of his career: the unforgettable 3-pointer in the final seconds of Game 6 of the 2013 NBA finals against the San Antonio Spurs. Throughout, Allen makes clear that success in basketball is as much about what happens off the court as on, that devotion and commitment are the true essence of the game—and of life itself.

Bill Veeck was an inspired team builder, a consummate showman, and one of the greatest baseball men ever involved in the game. His classic autobiography, written with the talented sportswriter Ed Linn, is an uproarious book packed with information about the history of baseball and tales of players and owners, including some of the most entertaining stories in all of sports literature.

Your Body: The Missing Manual

Fenway Park

A Survival Guide for a World at Odds

What, exactly, do you know about your body? Do you know how your immune system works? Or what your pancreas does? Or the myriad -- and often simple -- ways you can improve the way your body functions? This full-color, visually rich guide answers these questions and more. Matthew MacDonald, noted author of Your Brain: The Missing Manual, takes you on a fascinating tour of your body from the outside in, beginning with your skin and progressing to your vital organs. You'll look at the quirks, curiosities, and shortcomings we've all learned to live with, and pick up just enough biology to understand how your body works. You'll learn: That you shed skin more frequently than snakes do Why the number of fat cells you have rarely changes, no matter how much you diet or exercise -- they simply get bigger or smaller How you can measure and control fat That your hair is made from the same stuff as horses' hooves That you use only a

small amount of the oxygen you inhale Why blood pressure is a more important health measure than heart rate -- with four ways to lower dangerously high blood pressure Why our bodies crave foods that make us fat How to use heart rate to shape an optimal workout session -- one that's neither too easy nor too strenuous Why a tongue with just half a dozen taste buds can identify thousands of flavors Why bacteria in your gut outnumber cells in your body -- and what function they serve Why we age, and why we can't turn back the clock What happens to your body in the minutes after you die Rather than dumbed-down self-help or dense medical text, *Your Body: The Missing Manual* is entertaining and packed with information you can use. It's a book that may well change your life. Reader comments for *Your Brain: The Missing Manual*, also by author Matthew MacDonald: "Popular books on the brain are often minefields of attractive but inaccurate information. This one manages to avoid most of the hype and easy faulty generalizations while providing easy to read and digest information about the brain. It has useful tricks without the breathless hype of many popular books."-- Elizabeth Zwicky, *The Usenix Magazine* "...a unique guide that should be sought after by any who want to maximize what they can accomplish with their mental abilities and resources."-- James A. Cox, *The Midwest Book Review - Wisconsin Bookwatch* "If you can't figure out how to use your brain after reading this guide, you may want to return your brain for another."-- *The Sacramento Book Review*, Volume 1, Issue 2, Page 19 "It's rare to find a book on any technical subject that is as well written and readable as *Your Brain: The Missing Manual*. The book covers pretty much anything you may want to know about your brain, from what makes it up, through how it develops to how to mitigate the affects of aging. The book is easy reading, fact packed and highlighted notes and practical applications. So if you want to learn more about your brain, how it works, how to get the best out of it or just want to stave off the ravages of Alzheimers (see chapter ten for details of how learning helps maintain your brain) then I can't recommend this book highly enough."-- Neil Davis, *Amazon.co.uk* "MacDonald's writing style is perfect for this kind of guide. It remains educational without becoming overly technical or using unexplained jargon. And even though the book covers a broad scope of topics, MacDonald keeps it well organized and easy to follow. The book captures your attention with fun facts and interesting studies that any person could apply to their own understanding of human ability. It has great descriptions of the brain and its interconnected parts, as well as providing full color pictures and diagrams to offer a better explanation of what the author is talking about."-- Janica Unruh, *Blogcritics Magazine*

Baseball Hacks isn't your typical baseball book--it's a book about how to watch, research, and understand baseball. It's an instruction manual for the free baseball databases. It's a cookbook for baseball research. Every part of this book is designed to teach baseball fans how to do something. In short, it's a how-to book--one that will increase your enjoyment and knowledge of the game. So much of the way baseball is played today hinges upon interpreting statistical data. Players are acquired based on their performance in statistical categories that ownership deems most important. Managers make in-game decisions based not on instincts, but on probability - how a particular batter might fare against left-handedpitching, for instance. The goal of this unique book is to show fans all the baseball-related stuff that they can do for free (or close to free). Just as open source projects have made great software freely available, collaborative projects such as *Retrosheet* and *Baseball DataBank* have made great data freely available. You can use these data sources to research your favorite players, win your fantasy league, or appreciate the game of baseball even more than you do now. *Baseball Hacks* shows how easy it is to get data, process it, and use it to truly understand baseball. The book lists a number of sources for current and historical baseball data, and explains how to load it into a database for analysis. It then introduces several powerful statistical tools for understanding data and forecasting results. For the uninitiated baseball fan, author Joseph Adler walks readers through the core statistical categories for hitters (batting average, on-base percentage, etc.), pitchers (earned run average, strikeout-to-walk ratio, etc.), and fielders (putouts, errors, etc.). He then extrapolates upon these numbers to examine more advanced data groups like career averages, team stats, season-by-season comparisons, and more. Whether you're a mathematician, scientist, or season-ticket holder to your favorite team, *Baseball Hacks* is sure to have something for you. Advance praise for *Baseball Hacks*: "Baseball Hacks is the best book ever written for understanding and practicing baseball analytics. A must-read for baseball professionals and enthusiasts alike." -- Ari Kaplan, database consultant to the Montreal Expos, San Diego Padres, and Baltimore Orioles "The game was born in the 19th century, but the passion for its analysis continues to grow into the 21st. In *Baseball Hacks*, Joe Adler not only demonstrates thatthe latest data-mining technologies have useful application to the study of baseball statistics, he also teaches the reader how to do the analysis himself, arming the dedicated baseball fan with tools to take his understanding of the game to a higher level." -- Mark E. Johnson, Ph.D., Founder, *SportMetrika, Inc.* and *Baseball Analyst* for the 2004 St. Louis Cardinals

Baseball and Philosophy brings together two high-powered pastimes: the sport of baseball and the academic discipline of philosophy. Eric Bronson asked eighteen young professors to provide their profound analysis of some aspect of baseball. The result offers surprisingly deep insights into this most American of games. The contributors include many of the leading voices in the burgeoning new field of philosophy of sport, plus a few other talented philosophers with a personal interest in baseball. A few of the contributors are also drawn from academic areas outside philosophy: statistics, law, and history. This volume gives the thoughtful baseball fan substancial material to think more deeply about. What moral issues are raised by the Intentional Walk? Do teams sometimes benefit from the self-interested behavior of their individual members? How can Zen be applied to hitting? Is it ethical to employ deception in sports? Can a game be defined by its written rules or are there also other constraints? What can the U.S. Supreme Court learn from umpiring? Why should baseball be the only industry exempt from antitrust laws? What part does luck play in any game of skill?

Baseball, first dubbed the "national pastime" in print in 1856, is the country's most tradition-bound sport. Despite remaining popular and profitable into the twenty-first century, the game is losing young fans, among African Americans and women as well as white men. Furthermore, baseball's greatest charm—a clockless suspension of time—is also its greatest liability in a culture of digital distraction. These paradoxes are explored by the historian and passionate baseball fan Susan Jacoby in a book that is both a love letter to the game and a tough-minded analysis of the current challenges to its special position—in reality and myth—in American culture. The concise but wide-ranging analysis moves from the Civil War—when many soldiers played ball in northern and southern prisoner-of-war camps—to interviews with top

baseball officials and young men who prefer playing online "fantasy baseball" to attending real games. Revisiting her youthful days of watching televised baseball in her grandfather's bar, the author links her love of the game with the informal education she received in everything from baseball's history of racial segregation to pitch location. Jacoby argues forcefully that the major challenge to baseball today is a shortened attention span at odds with a long game in which great hitters fail two out of three times. Without sanitizing this basic problem, *Why Baseball Matters* remind us that the game has retained its grip on our hearts precisely because it has repeatedly demonstrated the ability to reinvent itself in times of immense social change.

Context and Cases

Babe Ruth and the World Champion Boston Red Sox

From the Outside

"A wondrous, sparkling fusion of wisdom and insight." - Patricia Santhuff What do the wonderful myths of ancient Greece, the beautiful stories in the Bible and Qur'an, and all the sacred stories from traditions around the world, have in common? They open our hearts to wonder, mystery, passion, and joy. I know, on the outside these stories seem very different, confusing, conflicting, and often violent and divisive. But when read symbolically and internally, they are all telling the same story. They show us the path of spiritual awakening and enlightenment. Sometimes the story is called "Returning to the Promised Land." Sometimes it's called "Seeking the Holy Grail." Sometimes it's called "Persephone's Return to Olympus." But whatever it's called, the inner meaning and purpose is always the same. The stories are all a call to awaken, to live passionately and consciously, and to enter the door that leads to enlightenment and communion with the divine. The door is always open. The light is always ready to receive us. But we have to learn how to tread the path! Fortunately, that's what all the sacred stories are really about. *THE DOOR IS OPEN* uncovers the 7 Universal Steps that are found within the symbols and allegories of all great mythology and scripture. Each chapter ends with a series of practical and enjoyable spiritual exercises and activities. You can do this work on your own, or together with a group. It could be a church or synagogue group, a book club, a classroom, or any group of friends who want to get together and expand their spiritual horizons.

Pitching prodigy Michael Arroyo is on the run from social services after being banned from playing Little League baseball because rival coaches doubt he is only twelve years old and he has no parents to offer them proof. Reprint.

KNITTING. Straight from the pages of *Knitter's Magazine*: the second in a marvellous series, done in a brand new colourway. 24 new squares by 24 great designers in a flower garden of color, motifs, and patterning. You could decide to knit your afghan by repeating several of your favorite squares, or even by making it with just one or two squares. Refer to *Knitter's School* illustrations to assist you in learning new techniques. All the information you'll need to knit *The Great North American Afghan* are in this convenient booklet.

This casebook extends *Strategic Risk Leadership: Engaging a World of Risk, Uncertainty and the Unknown*, bringing theory and practice grounded in the first book to life with an array of applicable, real-world examples. The book enables critical thinking about the current state of risk management and ERM, demonstrating contemporary shortcomings and challenges from real-life cases drawn from a global selection of well-known organizations. It confronts modern risk management practices and discusses what leaders should do to deal with unpredictable environments. Providing a basis for developing more effective risk management approaches, the book identifies shortcomings of contemporary approaches to risk management and specifies how to deal with the major risks we face today, illuminated by a variety of comprehensive global examples. It also provides valuable insights on these approaches for managers and leaders in general—including risk executives and chief risk officers—as well as advanced risk management students. End-of-chapter cases illustrate both good and bad risk management approaches as useful inspiration for reflective risk leaders. This book will be a hugely valuable resource for those studying or teaching risk management.

NEW YORK TIMES BESTSELLER • A princess in exile, a shapeshifting dragon, six enchanted cranes, and an unspeakable curse... Drawing from fairy tales and East Asian folklore, this original fantasy from the author of *Spin the Dawn* is perfect for fans of *Shadow and Bone*. "A dazzling fairytale full of breathtaking storytelling." --Stephanie Garber, *New York Times* bestselling author of *Caraval*
Shiori'anma, the only princess of Kiata, has a secret. Forbidden magic runs through her veins. Normally she conceals it well, but on the morning of her betrothal ceremony, Shiori loses control. At first, her mistake seems like a stroke of luck, forestalling the wedding she never wanted. But it also catches the attention of Raikama, her stepmother. A sorceress in her own right, Raikama banishes the young princess, turning her brothers into cranes. She warns Shiori that she must speak of it to no one: for with every word that escapes her lips, one of her brothers will die. Penniless, voiceless, and alone, Shiori searches for her brothers, and uncovers a dark conspiracy to seize the throne. Only Shiori can set the kingdom to rights, but to do so she must place her trust in a paper bird, a mercurial dragon, and the very boy she fought so hard not to marry. And she must embrace the magic she's been taught all her life to forswear--no matter what the cost. Weaving together elements of *The Wild Swans*, *Cinderella*, the legend of *Chang E*, and the *Tale of the Bamboo Cutter*, Elizabeth Lim has crafted a fantasy like no other, and one that will stay with readers long after they've turned the last page. "A stunning remake of a fairytale. *Six Crimson Cranes* is the perfect blend of whimsy and ferociousness, with twists and turns that will tug at your heartstrings." --Chloe Gong, *New York Times* bestselling author of *These Violent Delights* "Fast-paced excitement is balanced with a satisfyingly intricate plot that weaves in elements from Western fairy tales and East Asian folklore." --SLJ, starred review "A richly imagined landscape . .

. vibrant, fast-paced.” —Publishers Weekly, starred review

From international bestseller Stephen King, a classic story that engages our emotions on the most primal level, a fairy tale grimmer than Grimm but aglow with a girl’s indomitable spirit. What if the woods were full of them? And of course they were, the woods were full of everything you didn’t like, everything you were afraid of and instinctively loathed, everything that tried to overwhelm you with nasty, no-brain panic. The brochure promised a “moderate-to-difficult” six-mile hike on the Maine-New Hampshire branch of the Appalachian Trail, where nine-year-old Trisha McFarland was to spend Saturday with her older brother Pete and her recently divorced mother. When she wanders off to escape their constant bickering, then tries to catch up by attempting a shortcut through the woods, Trisha strays deeper into a wilderness full of peril and terror. Especially when night falls. Trisha has only her wits for navigation, only her ingenuity as a defense against the elements, only her courage and faith to withstand her mounting fear. For solace she tunes her Walkman to broadcasts of Boston Red Sox games and the gritty performances of her hero, number thirty-six, relief pitcher Tom Gordon. And when her radio’s reception begins to fade, Trisha imagines that Tom Gordon is with her—her key to surviving an enemy known only by the slaughtered animals and mangled trees in its wake.

Considered by many the greatest war novel of all time, *All Quiet on the Western Front* is Erich Maria Remarque’s masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another . . . if only he can come out of the war alive. “The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure.”—The New York Times Book Review

Veeck--As In Wreck

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes

gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Happy 100th Birthday, Fenway Park! "Stats" Pagano may have been born with a heart defect, but he lives for three things: his family's hot dog stand right outside fabled Fenway Park, his beloved Red Sox, and any baseball statistic imaginable. When the family can no longer make ends meet with the hot dog stand, life becomes worrisome for Stats. Then the Sox go on a long losing streak and the team's ace pitcher--and Stats's idol--becomes convinced the famed Curse of the Bambino has returned. Stats just has to help . . . but how? As the Sox faithful sour on their team, Stats forms a plan that ultimately unifies an entire city and proves that true loyalty has a magic all its own. In honor of Fenway Park's 100th birthday, baseball novelist John H. Ritter delivers an inspiring tale for the sports fan in each of us, regardless of team allegiance.

#1 NEW YORK TIMES BESTSELLER □ NATIONAL BOOK AWARD WINNER □ NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE □ PULITZER PRIZE FINALIST □ NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST □ ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" □ NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer who changed the national political conversation about race" (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN □ NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE □ NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review □ O: The Oprah Magazine □ The Washington Post □ People □ Entertainment Weekly □ Vogue □ Los Angeles Times □ San Francisco Chronicle □ Chicago Tribune □ New York □ Newsday □ Library Journal □ Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

Tales from the Chicago White Sox Dugout

This classic Dr. Seuss Beginner Book features silly tongue twisters that will have readers of all ages giggling with glee. When a fox in socks meets Knox in a box, you know that hilarity will ensue. Add chicks with bricks (and blocks and clocks) and you're sure to get your words twisted and lips locked. With his unmistakable gift for rhyme, Dr. Seuss creates a hysterical and energetic way for beginning readers to dive into the joy of reading. This book comes with the following warning: "This is a book you READ ALOUD to find out just how smart your tongue is. The first time you read it, don't go fast! This Fox is a tricky fox. He'll try to get your tongue in trouble." Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

Provides a blueprint for becoming a champion, both on and off the field When Dayton Moore arrived in Kansas City in 2006, the Royals hardly resembled a contender. The general manager inherited a major league club that had just one winning season in the previous decade. Moore, a Kansas native who grew up as a Royals fan, implemented a plan to return the franchise to its glory years. Though not without a few bumps in the road, that plan came to fruition in 2014 and 2015, as the Royals reached the World Series both years and were crowned 2015 World Series champions. In *More Than a Season*, Moore shares how his faith and leadership principles guided his rebooting of the Royals. The general manager describes how he built one of baseball's best farm systems and international scouting departments out of nothing. He shares insight on how he persevered through six consecutive losing seasons and the critical response to controversial trades of Zack Greinke and Wil Myers—transactions that ultimately yielded the foundation of a champion. Full of never-before-told stories from inside the Royals organization *More Than a Season* features an introduction by William F. High, CEO of the National Christian Foundation Heartland. This updated edition features an all-new prologue and an additional chapter celebrating the 2015 World Series championship season.

Francona

An insightful, honest & entertaining narrative of Terry Francona's tenure with the Red Sox franchise, during which time he managed two teams to World Series victories & oversaw some of the most iconic & colorful players in the game.

"I just feel better now Sox is here. Before, I felt like I wanted to die. I couldn't even go to parties. Then Sox came along. It feels like our hearts are connected – I love him so much." Toby When Toby Turner was excluded from school for the third time for hitting and kicking his teachers, his family hit rock bottom. Toby, who has autism, felt so upset by his own aggression, he told his parents they would be better off without him. Terrified, Toby's mum gave up her job as a nursery nurse to teach him at home while they found a place for him in a special school. Eventually, the only way the family could get Toby out of the house was by giving him headphones, sunglasses and a cap to block out the world. After a difficult few years, the family was thrown a lifeline by the charity Dogs for Good, which introduced Toby to Sox. The adorable three-year-old Labrador Golden Retriever was trained by the charity to help children with autism. Within two weeks, he had turned Toby's life around. Together, as a family unit, and with Sox by their side, the Turners have learned to enjoy life again.

The international bestselling YA thriller by acclaimed author, Karen M. McManus - NOW A MAJOR NETFLIX SERIES. Five students go to detention. Only four leave alive. Yale hopeful Bronwyn has never publicly broken a rule. Sports star Cooper only knows what he's doing in the baseball diamond. Bad boy Nate is one misstep away from a life of crime. Prom queen Addy is holding together the cracks in her perfect life. And outsider Simon, creator of the notorious gossip app at Bayview High, won't ever talk about any of them again. He dies 24 hours before he could post their deepest secrets online.

Investigators conclude it's no accident. All of them are suspects. Everyone has secrets, right? What really matters is how far you'll go to protect them. 'Tightly plotted and brilliantly written, with sharp, believable characters, this whodunit is utterly irresistible' - HEAT 'Twisty plotting, breakneck pacing and intriguing characterisation add up to an exciting single-sitting thrillerish treat' - THE GUARDIAN 'A fantastic murder mystery, packed with cryptic clues and countless plot twists. I could not put this book down' - THE SUN 'Pretty Little Liars meets The Breakfast Club' - ENTERTAINMENT WEEKLY

Shut Out is the compelling story of Boston's racial divide viewed through the lens of one of the city's greatest institutions - its baseball team, and told from the perspective of Boston native and noted sports writer Howard Bryant. This well written and poignant work contains striking interviews in which blacks who played for the Red Sox speak for the first time about their experiences in Boston, as well as groundbreaking chapter that details Jackie Robinson's ill-fated tryout with the Boston Red Sox and the humiliation that followed.

NATIONAL AND NEW YORK TIMES BESTSELLER WINNER OF THE 2019 GOODREADS CHOICE AWARD FOR HISTORICAL FICTION A NEW YORK TIMES EDITORS' CHOICE NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post - Esquire - Glamour - CBC - NPR - Marie Claire - Real Simple - Good Housekeeping - Parade - Shelf Awareness - BookRiot - E! News - Mental Floss - Paste "I devoured Daisy Jones & The Six in a day, falling head over heels for it. Daisy and the band captured my heart." --Reese Witherspoon (Reese's Book Club x Hello Sunshine book pick) A gripping novel about the whirlwind rise of an iconic 1970s rock group and their beautiful lead singer, revealing the mystery behind their infamous breakup. Everyone knows Daisy Jones & The Six: The band's album Aurora came to define the rock 'n' roll era of the late seventies, and an entire generation of girls wanted to grow up to be Daisy. But no one knows the reason behind the group's split on the night of their final concert at Chicago Stadium on July 12, 1979 . . . until now. Daisy is a girl coming of age in L.A. in the late sixties, sneaking into clubs on the Sunset Strip, sleeping with rock stars, and dreaming of singing at the Whisky a Go Go. The sex and drugs are thrilling, but it's the rock 'n' roll she loves most. By the time she's twenty, her voice is getting noticed, and she has the kind of heedless beauty that makes people do crazy things. Also getting noticed is The Six, a band led by the brooding Billy Dunne. On the eve of their first tour, his girlfriend Camila finds out she's pregnant, and with the pressure of impending fatherhood and fame, Billy goes a little wild on the road. Daisy and Billy cross paths when a producer realizes that the key to supercharged success is to put the two together. What happens next will become the stuff of legend. The making of that legend is chronicled in this riveting and unforgettable novel, written as an oral history of one of the biggest bands of the seventies. Taylor Jenkins Reid is a talented writer who takes her work to a new level with Daisy Jones & The Six, brilliantly capturing a place and time in an utterly distinctive voice.

Babe Ruth and the 1918 Red Sox is the first complete account of Boston's fifth World Series championship. The year is famous, but most fans know very little about the season. During that tumultuous summer, the Great War in Europe cast an ominous shadow over the national game, as enlistments and the draft wreaked havoc with every team's roster. Players and owners fought bitterly over contracts and revenue, the parks were infested with gamblers, and the Red Sox and the Chicago Cubs almost called off the World Series. And a Boston player known as The Colossus -- 23-year-old Babe Ruth -- began his historic transformation from pitching ace to the game's greatest slugger. Wood also poses a chilling question: Was the 1918 World Series fixed? Sports Illustrated called the book "an entertaining and exhaustive account of a tumultuous season" and Robert W. Creamer, author of the definitive biography of Ruth, said "Mr. Wood has lit upon one of the most turbulent and important and at the same time least known years in baseball history. He has done remarkable, revelatory research, and he has a clean, clear way of writing."

The 1983 American League West champion Chicago White Sox will forever be remembered by their trademark slogan "Winning Ugly." One of the stars of that colorful bunch that rocked old Comiskey Park was an unlikely hero, a twenty-five-year-old rookie from Northwest Indiana. Ron Kittle led the 1983 White Sox with 35 home runs, 100 RBIs, and Rookie of the Year honors. Now Kittle shares the adventures, struggles and triumphs of his incredible journey. A one-of-a-kind collection of stories, anecdotes, and humor, this newly-updated edition of Tales from the Chicago White Sox Dugout opens a window into the life of more than just one Sox legend. Kittle shares insights about manager Tony La Russa, catcher Carlton Fisk, outfielder Harold Baines, Cy Young winner LaMarr Hoyt, and a host of others. Peppared with stories from on and off the field, Tales from the Chicago White Sox Dugout catalogs more than just stats and facts; Kittle shares inspiring stories of overcoming the physical pain he dealt with every day, as well as his dedication to raising funds for charity, adventures in the dugout, and so much more.
