tinted glasses stop her from completing her quest. Join her on the out-of-control roller coaster with its ups and downs as she finds the truth. You will need to strap yourself in and buckle up tight. But will you be ready for the sharp twists and turns in the direction of True Love?

Critics and readers loved Lisa Scottoline's first collection of true-life stories, which only encouraged her—now she's back with these all-new, exciting adventures. She's farther down the road now, and the scenery has changed—ex-husbands Thing One and Thing Two are in her rear-view mirror, daughter Francesca has moved into an apartment, and Lisa's finding the silver lining in her empty nest, which has lots more room for her shoes. And some things have stayed the same—Mother Mary is still the feistiest octogenarian on the planet, who won't part with her recipe for tomato sauce or her thirty-year old bra. In this book Lisa and Francesca spill all their family secrets—which sound a lot like yours, if you understand that three generations of women is the formula for spontaneous combustion. Inspired by her weekly column entitled, "Chick Wit" for The Philadelphia Inquirer, this is a book you'll have to put down—just to stop laughing.

The Internet has been romanticized as a zone of freedom. The alluring combination of sophisticated technology with low barriers to entry and instantaneous outreach to millions of users has mesmerized libertarians and communitarians alike. Lawmakers have joined the celebration, passing the Communications Decency Act, which enables Internet Service Providers to allow unregulated discourse without danger of liability, all in the name of enhancing freedom of speech. But

an unregulated Internet is a breeding ground for offensive conduct. At last we have a book that begins to focus on abuses made possible by anonymity, freedom from liability, and lack of oversight. The distinguished scholars assembled in this volume, drawn from law and philosophy, connect the absence of legal oversight with harassment and discrimination. Questioning the simplistic notion that abusive speech and mobocracy are the inevitable outcomes of new technology, they argue that current misuse is the outgrowth of social, technological, and legal choices. Seeing this clearly will help us to be better informed about our options. In a field still dominated by a frontier perspective, this book has the potential to be a real game changer. Armed with example after example of harassment in Internet chat rooms and forums, the authors detail some of the vile and hateful speech that the current combination of law and technology has bred. The facts are then treated to analysis and policy prescriptions. Read this book and you will never again see the Internet through rose-colored glasses.

'Through Rose Colored Glasses: The Duality of America, Seen Through Post-Racial Eyes' is a chronology of our publicized and not-so-publicized American story from the perspective of one that sees unity becoming our dominant nature and this nation living up to its true creed, "that all men are created equal". We begin with the birth of a nation and its drive for sovereignty free of the tyranny of the old world methods of doing things. Yet while building this republic to the democracy it became, the founders and their successors professed one thing but lived absolutely another. The migrant settlers left from and broke away from motherlands that were oppressive and overbearing in a quest to be free, while at the same

time, instituted a legacy of forced servitude called slavery that would haunt them for centuries. We progress through many attempts to get right grievous errors initiated in its infancy and how they failed miserably doing this in relation to the indigenous natives already here when they arrived and the ones that were brought here in slave ships from African lands. America possessed dual personalities that manifested themselves simultaneously while growing to develop into one identity that it wanted to portray to the world. We follow this through our present day circumstances and see the effects of this dual nature in relation to how we deal with each other. We also look at how we can find solutions to get us to that brighter tomorrow that we know America can be in a society based on true character and not false stereotypes.

Life can be tough...these words reflect some of those moments.

Instant New York Times, USA Today, and Wall Street Journal Bestseller! An intimate and light-hearted memoir by viral sensation and three-time Emmy-nominated musical comedian Randy Rainbow that takes readers through his life—the highs, the lows, the lipstick, the pink glasses, and the show tunes. Randy Rainbow, the man who conquered the Internet with a stylish pair of pink glasses, an inexhaustible knowledge of Broadway musicals, and the most gimlet-eyed view of American politics this side of Mark Twain finally tells all in *Playing with Myself*, a memoir sure to cause more than a few readers to begin singing one of his

greatest hits like “A Spoonful of Clorox” or “Cover Your Freakin’ Face.” As Randy has said, “There’s so much fake news out there about me. I can’t wait to set the record straight and finally give people a peek behind the green screen.” And set the record straight he does. Playing with Myself is a first-hand account of the journey that led Randy Rainbow from his childhood as the over-imaginative, often misunderstood little boy who carried a purse in the second grade to his first job on Broadway as the host at Hooters and on to the creation of his trademark comedy character. In chapters titled “Pajama Bottoms” (a look back at the days when he wore pajama bottoms on his head to pretend he was Dorothy in The Wizard of Oz), “Yes, It’s My Real Name, Shut Up!” (no explanation necessary...) and “Pink Glasses” (a rose-colored homage to his favorite accessory), Playing with Myself is a memoir that answers the question “Can an introverted musical theatre nerd with a MacBook and a dream save the world, one show tune at a time?”

Dear Tom, I'm back on Anna Maria Island... missing you. But walking down these beautiful beaches reminds me of us and makes me feel a little less far away from you. And that encourages me as I am writing our story. Hopefully this will help other people who are feeling our pain too. I love and miss you every day, darling. Love, Me When he first saw me, Tom said that he would spend the rest of his life with me. To my surprise, he actually did. He was the love of my life. We shared a

story that felt like a dream. Every moment was an adventure... and then Tom became ill. As his mysterious symptoms persisted we were hurtled through a maze of fear, tests, doubts and sorrow. But while doctors toyed with diagnoses- Lyme disease, ALS- we filled each day with joy, hope, good food, wine, music and travel. Even when death came to crush our storybook romance, we found that the human spirit is greater than the frailties of the body, greater than suffering and grief. From the fateful tick bite on Block Island to central nervous system failure, to healing my grief and loss, I stayed afloat, upbeat, and connected to Tom through devotion, true love, and by donning my own special pair of rose-colored glasses.

Kennedy's off-the-wall memoir reliving the pop music and the madness as an MTV VJ in the 1990s "I am Kennedy from MTV, and no matter where I go someone has a story to tell me about the time we grew up together." through her outrageous segments as an MTV VJ, host of Alternative Nation, and on-the-spot correspondent for MTV News. She interviewed everyone from fame-averse Seattle rock musicians to vapid celebrities and politicians, asking the taboo questions no one else would as she navigated between true artists and phony poseurs. In The Kennedy Chronicles, she gives us a backstage pass at the last golden years of the cable network that defined a generation. As only Kennedy can, she takes us back to unforgettable moments such as Nirvana's seminal performance on MTV Unplugged, the unbridled bacchanalia of the MTV Beach House and Woodstock '94 festival, and the game-changing "Rock the Vote" campaign. We read of priceless moments--on and off set--with such performers as Bjork, Pearl Jam, Weezer, No Doubt, Nine Inch Nails, Radiohead, Oasis, and the Red Hot Chili Peppers. And Kennedy dishes on behind-the-scenes antics with MTV colleagues including Jon Stewart, Bill Bellamy, Kurt Loder, and Tabitha Soren. Straddling the line between witness and participant, Kennedy recounts a blitz of surreal encounters:
