

## Thud

An account & lyrics of the musical album 'Thud' by Vilde. 'Some people would be asking: whose side are you on? If you're not for us, you're against us. Huh. If you're not an apple, you're a banana' Koom Valley, where the trolls ambushed the dwarfs, or the dwarfs ambushed the trolls, was a long time ago. But if he doesn't solve the murder of just one dwarf, Commander Sam Vimes of Ankh-Morpork City Watch is going to see it fought again, right outside his office. With his beloved Watch crumbling around him and war-drums sounding, he must unravel every clue, outwit every assassin and brave any darkness to find the solution. And darkness is following him. Oh . . . and at six o'clock every day, without fail, with no excuses, he must go home to read 'Where's My Cow?', with all the right farmyard noises, to his little boy. There are some things you have to do. This is the story of a special breed of warrior, the fighter-bomber pilot; the story of valiant men who flew the F-105 Thunderchief 'Thud' Fighter-Bomber over the hostile skies of North Vietnam. From the briefing rooms to the bombing runs, Vice-Wing Commander Colonel Jack Broughton, recounts the tragedy and heartache, the high drama and flaming terror, the exhilaration and thrill of life on the edge. He relives the incredible feeling of high-speed, low-level sorties where SAM missiles, flak and MiGs were all in a day's work. The bravery of the pilots and their commitment to each other in times of extreme fear, crisis and catastrophe are highlighted by vivid, fast moving flying sequences. Thud Ridge is a fascinating and graphic memorial to the courage of the men, the power of their machines and their dedication to their mission.

Once, in a gods-forsaken hellhole called Koom Valley, trolls and dwarfs met in bloody combat. Centuries later, each species still views the other with simmering animosity. Lately, the influential dwarf, Grag Hamcrusher, has been fomenting unrest among Ankh-Morpork's more

diminutive citizens—a volatile situation made far worse when the pint-size provocateur is discovered bashed to death . . . with a troll club lying conveniently nearby. Commander Sam Vimes of the City Watch is aware of the importance of solving the Hamcrusher homicide without delay. (Vimes's second most-pressing responsibility, in fact, next to always being home at six p.m. sharp to read *Where's My Cow?* to Sam, Jr.) But more than one corpse is waiting for Vimes in the eerie, summoning darkness of a labyrinthine mine network being secretly excavated beneath Ankh-Morpork's streets. And the deadly puzzle is pulling him deep into the muck and mire of superstition, hatred, and fear—and perhaps all the way to Koom Valley itself. THUD! THUD! A loud sound shakes the ground. A terrible monster moves into the forest. The games stop and cheer ceases. The animals began living in fear of the terrifying monster. Life in the forest is forever changed. What the animals don't know is that the big, scary monster has his own fears to face.

The stories in this book set the record straight by revealing that many of the everyday things we enjoy today were invented back in prehistoric times!

Just Listen for the Thud: Humorous and Intimate Stories from Caregivers is a collection of lighthearted and uplifting narratives about family members who learned to embrace humor as they cared for loved ones suffering life-threatening illnesses. The how-to of caregiving, gently woven into the stories, merely serves as the backdrop for these compelling testimonies to the depth of love, the strength of commitment, the force of warm human connection--and the groundbreaking discovery that took them all by surprise: as family caregivers, they have the ability to heal the spirit through laughter. Hopeful and humorous, but never irreverent, Just Listen for the Thud invites you to see these relationships through the eyes of the caregivers, and seeks to shed light on the question they hear so often: "How do you do it?" The answer, as they all will attest, is that in the grip of heartbreaking sadness, they simply learned to laugh.

*Thud Pilot is the personal account of a combat fighter pilot who flew the Air Force's premier fighter-bomber in the most dangerous skies over North Vietnam. In the first five years of the Vietnam War, the F-105 Thunderchief conducted 75 percent of the Air Force bombing missions over North Vietnam. Thud Pilot tells the story of the courageous men who flew the F-105 from its earliest combat deployment in 1964, and on through 1966, the year of its heaviest losses. The author's more significant missions, including his ejection and rescue over North Vietnam are described in detail and are accompanied by map drawings depicting the mission routes from take-off to refueling orbits, the target, and return. The book is full of several 'firsts' in the expanding air war over North Vietnam, including 'Operation Spring High, ' the first counter Surface-to-Air-Missile (SAM) strike in the history of aerial warfare. The personal perspective from years of combat experience reveals just how the political mismanagement and inane Rules of Engagement made them as much the hunted as they were the hunters. Thud Pilot goes beyond the battle air space and shares the emotional impact on the families left behind.*
