"The Philippines was once famous for the beauty of its reef-ringed islands, white beaches, and lush forests. In less than a half-century, its forests were felled, its oceans over-fished, and its coral reefs destroyed. The rapid harvest of once-abundant resources has brought droughts, deadly flash floods, and the collapse of vital fisheries. As the rural economy weakened and millions migrated to cities, the Philippines stands as an example of the profound and sweeping consequences of ecological decline. In The Green Tiger, Barbara Goldoftas documents this tragic trajectory. But hers is not a story of hopelessness and inevitable defeat. In lyrical, unflinching prose, she traces the struggle for conservation in the Philippines, from isolated villages to large cities, and in the process illustrates the surprising ways in which conservation and economic growth can effectively co-exist."--Publisher's website.

The rapid harvest of once-abundant resources has brought droughts, deadly flash floods, and the collapse of vital fisheries. The inspiration for the HBO documentary from Academy Award–winning producer Alex Gibney, The #1 New York Times bestseller based on years of reporting and interviews with more than 250 people from every corner of Tiger Woods ' s life—this “ comprehensive, propulsive...and unsparing ” (The New Yorker) biography is “ an ambitious 360-degree portrait of golf ' s most scrutinized figure...brimming with revealing details ” (Golf Digest). In 2009, Tiger Woods was the most famous athlete on the planet, a transcendent star of almost unfathomable fame and fortune living what appeared to be the perfect life. But it turned out he had been living a double life for years—one that exploded in the aftermath of a Thanksgiving night crash that exposed his serial infidelity and sent his personal and professional lives over a cliff. In this “ searing biography of golf ' s most blazing talent ” (GOLF magazine), Jeff Benedict and Armen Keteyian dig deep behind the headlines to produce a richly reported answer to the question that has mystified millions of sports fans for nearly a decade: who is Tiger Woods, really? Drawing on more than four hundred interviews with people from every corner of Woods ' s life—many of whom have never spoken about him on the record before—Benedict and Keteyian construct a captivating psychological profile of a mixed race child programmed by an attention-grabbing father and the original Tiger Mom to be the “ chosen one, ” to change not just the game of golf, but the world as well. But at what cost? Benedict and Keteyian provide the startling answers in this definitive biography that is destined to linger in the minds of readers for years to come.

“ Irresistible...Immensely readable...Benedict and Keteyian bring us along for the ride in a whirlwind of a biography that reads honest and true ” (The Wall Street Journal). Ultimately, Tiger Woods is “ a big American story...exhilarating, depressing, tawdry, and moving in almost equal measure ” (The New York Times).

The first prototype for the Tiger tank was set to be ready for Hitler's birthday on April 20, 1942. The Henschel Company, competing with Porsche, produced the superior model, and by August of that year the formidable Tiger--or Panzerkampfwagen VI Tiger Ausf. H--was in full production. This book takes us behind the scenes with the Tiger tank, reviewing the full history of the design and mechanics, and the mixed record of this machine, which was designed to outgun its Russian counterparts. Military writer Michael Green offers a close-up account--accompanied by photographs, diagrams, and maps--of how the Tiger tank operated, how it was armed, and where it succeeded brilliantly, as well as where it failed miserably. His book fills a fascinating niche in the history of military technology, and of the impact of technology on history itself.

From the author of The Soul of an Octopus and bestselling memoir The Good Good Pig, a book that earned Sy Montgomery her status as one of the most celebrated wildlife writers of our time, Spell of the Tiger brings readers to the Sundarbans, a vast tangle of mangrove swamp and tidal delta that lies between India and Bangladesh. It is the only spot on earth where tigers routinely eat people—swimming silently behind small boats at night to drag away fishermen, snatching honey collectors and woodcutters from the forest. But, unlike in other parts of Asia where tigers are rapidly being hunted to extinction, tigers in the Sundarbans are revered. With the skill of a naturalist and the spirit of a mystic, Montgomery reveals the delicate balance of Sundarbans life, explores the mix of worship and fear that offers tigers unique protection there, and unlocks some surprising answers about why people at risk of becoming prey might consider their predator a god.

This is a succinct gathering of the most important writings on the Unicorn in the 2300 years since he was first described. We have chosen the pictures principally for their historical importance"--Preface.

The incredible true story of Tiger Woods's dramatic comeback following his humbling and very public personal, physical, and professional setbacks. One publicly imploded marriage. Two car accidents. Eight surgeries. And now, a miracle of hard work and storied talent: five Masters wins. Once hailed as "the greatest closer in history" before he fell further than any beloved athlete in America's memory, Tiger swung at the world's wildest expectations and beat the skeptics with his April 2019 Masters championship. Roaring Back traces his road to Augusta and the improbable, phenomenal comeback of one of the greatest golfers in history. New York Times–bestselling author Curt Sampson details the highs and lows of Woods's career in three gripping acts. From his startling loss at the 2009 PGA Championship, detrimental obsession with his swing, and that infamous night involving an ex-wife and a nine-iron...to adoring fans and lucrative sponsors turning their backs, exclusive interviews with past instructors and PGA tour peers, and an arrest complete with a toxicology report . . . finally to Tiger coming from behind for his fifth green jacket as the crowd rumbled in Georgia, and how his comeback rivals those of the most dramatic in his sport. Sampson also places Woods's defeats and triumphs in the context of historic comebacks by other notable golfers like Ben Hogan, Skip Alexander, Aaron Silton, and Charlie Beljan, finding the forty-three-year-old alone on the green for his trajectory of victory against all odds. As this enthralling book reveals, Tiger never doubted the perseverance of the winner in the mirror. "Sampson admirably details all the highs and lows." —Jim Nantz, CBS Sports

"Fascinating...[Bamberger] knows the world of professional golf, and the pressures it exacts, like few others." —The Wall Street Journal It's one of the greatest comebacks of all time. And for Tiger Woods—his game, his body, and his life in shambles—getting back to the winner's circle was only half the story. Here's the rest of it. Tiger Woods's long descent into a personal and professional hell reached bottom in the early hours of Memorial Day in 2017. Woods's DUI arrest that night came on the heels of a desperate spinal surgery, just weeks after he told close friends he might never play tournament golf again. His mug shot and alarming arrest video were painful to look at and, for Woods, a deep humiliation. The former paragon of discipline now found himself hopelessly lost and out of control, exposed for all the world to see. That episode could have marked the beginning of Tiger's end. It proved to be the opposite. Instead of sinking beneath the public disgrace of drug abuse and the private despair of a battered and ailing body, Woods embarked on the long road to redeeming himself. In The Second Life of Tiger Woods, Michael Bamberger, who has covered Woods since the golfer was an amateur, draws upon his deep network of sources inside locker rooms, caddie yards, clubhouses, fitness trailers, and back offices to tell the true and inspiring story of the legend's return. Packed with new information and graced by insight, Bamberger's story reveals how this iconic athlete clawed his way back to the top. Here you'll meet the people who have shaped and saved Tiger's life. It's a disparate group: a Florida police officer, an old friend from Tiger's boyhood, his girlfriend, his manager, his caddie. You'll go inside the ropes and see Tiger's interactions with fellow pros, with broadcasters and rules officials and Tour executives, with legends young (Rory McIlroy) and old (Jack Nicklaus) and in between (Fred Couples). On the Sunday before Masters Sunday, you'll join Tiger as he takes a long, slow, contemplative walk across Augusta National, and you'll be with him again seven days later in the splendid isolation of the tee at thirteen, in the rain, his right foot slipping while he swings his driver at 120 miles per hour. This is an intimate portrait of a man who has spent his life in front of the camera but has done his best to make sure he was never really known. Here is Tiger, barefoot, in handcuffs, showing a police officer a witty and self-deprecating side of himself that the public never sees. Here is Tiger on the verge of tears with his children at the British Open. Here is Tiger trying to express his gratitude to his mother at a ceremony at the Rose Garden. In these pages, Tiger is funny, cold, generous, self-absorbed, inspiring—and real. The Second Life of Tiger Woods is not only the saga of an exceptional man but also a celebration of second chances. Bamberger's bracingly honest book is about what Tiger Woods did, and about what any of us can do, when we face our demons head-on.

White Tiger, Green Dragon follows the spiritual, erotic and psychic evolution of Tu Ming, a Taoist monk in Old China. Tu is apprenticed in sequence to five female adepts in the discipline known as the "dual cultivation," a kind of tantra yoga in which sexual techniques replicate states of spiritual progress. This practice culminates in the creation of a spiritual embryo at the moment of enlightenment. The five masters who instruct Tu run the gamut of Chinese folklore characters, including the gentle pillow girl, Mei Cha, the doughty herb gatherer, Su Ba, and Lekshe Tsogyel, an acrobatic aristocrat from Tibet. Tu advances not only in his practice, but also in his understanding of life and love as he falls under the spell of five unforgettable women unequalled in religious literature. In the exciting conclusion, he experiences an epiphany that redefines what it means to attain the highest knowledge.

The nursery rhymes which we attribute to a mythical Mother Goose are the anonymous poems which have survived hundreds of years because of their popularity with small children, and the ease with which they can be memorized. There is no fixed list of Mother Goose rhymes. There are many hundreds, and many variant forms. We have selected our favorites, which include almost all of those with wide appeal. We have illustrated each rhyme with favorite pictures from our huge library of nursery rhyme books. More than 70 illustrators are used, including Arthur Rackham, Lois Lenski, L.L. Brooke, Kate Greenaway, Frederick Richardson, Margaret Tarrant and E. Boyd Smith. We believe this edition is one of the most remarkable ever made from this still vital body of poetry.

The name James FitzGibbon struck terror in the hearts of U.S. soldiers and this is the dramatic story of his life and his daring exploits. Irish-born James FitzGibbon came to Canada with the 49th Regiment to serve under his hero, Major-General Sir Isaac Brock. After the death of Brock at Queenston Heights and the capture of Fort George in the War of 1812, FitzGibbon spied on the enemy encampment, disguised as a settler selling butter. Armed with his intelligence report, the British launched a surprise night attack, and the Americans were forced to retreat. With his hand-picked band of Green Tiger guerrillas, Fitz fought to stop the U.S. raiding parties. Laura Secord alerted him to an impending attack at Beaver Dams, and with his 50 men and the support of First Nations warriors, he bluffed the 500-strong American Army into surrender. Captain Fitz is full of action: battles on land and lakes, the burning of York (Toronto), the drama of 6,000 American soldiers moving downriver to attack Montreal, only to be defeated at Crysler's Farm. As well as the pageantry, there's the misery, suffering, and hunger for honour and glory – all part of the War of 1812.
