

## Tim Em Nun Lon

*Nachdem Catherine Stone mit ihrer Schwester Vivian nach London zurückgekehrt ist, begegnet sie nach Jahren ihrer ersten großen Liebe Tim O'Connor wieder - auf seiner Verlobungsfeier. Der erfolgreiche und attraktive Profi-Fußballer steht kurz vor seiner Hochzeit und ist damit absolut tabu für die junge Frau, die ihn nie ganz hat vergessen können. Tim hingegen ist sich seiner Gefühle für die Braut sicher gewesen, bis Cathy plötzlich erneut in seinem Leben auftaucht. Ebenso wie seine Jugendliebe spürt er immer stärker, dass die Empfindungen von früher nie wirklich weggewesen sind. Tim fragt sich zunehmend, ob er das Richtige tut, wenn er seine Verlobte Emma heiratet, obwohl sein Herz für eine andere schlägt. Schließlich können die zwei sich nicht länger gegen die gegenseitige Anziehungskraft wehren und geben ihr nach. Tim sagt die Hochzeit ab, um mit Cathy zusammen zu sein, aber diese möchte von einer Sekunde auf die nächste nichts mehr mit ihm zu tun haben. Wieso will Cathy nichts mehr von ihm wissen? Was ist geschehen, dass sie sich von allen abschottet? Werden die beiden trotz der Steine, die ihnen das Schicksal in den Weg legt, doch noch zueinanderfinden?*

*Little Anna Nestorovna Yakunima has been kidnapped. Again. But this time it wasn't Ludmila, her mother. Ludmila is in prison for the first bungled kidnapping but is still expected to come up with the ransom. The problem is that Anna wasn't the only target. Also snatched was Abigail, protégée of DC Peter Grant of the Special Assessment Unit, London's premier (and only) wizarding police unit. Then there's also the question of what role Dan Russell, a large talking fox, had to play in all of this... An all-new Rivers of London story written by Ben Aaronovitch and Andrew Cartmel, taking place after the events of the novel 'The Hanging Tree' and comic series 'Detective Stories'. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri} p.p2 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri; min-height: 14.0px}*

**Ever since the 1990s, school shootings have shocked the public in their brutality, their suddenness, and their inexplicability. While film and literature have played a role in the**

heated debates about so-called copycat crimes, the growing body of fictionalizations of school shootings has been neglected thus far. However, in a discourse in which the boundaries between fiction and reality are increasingly blurred, this book shows how fiction shapes and structures, challenges and disrupts cultural processes of meaning-making. Hence, for a better understanding of the school shooting phenomenon, the relevance of fiction on all levels of discourse construction requires thorough analysis. This book therefore develops a new approach to the role of fiction for contemporary forms of excessive violence. By combining narrative theory with insights from sociology and other disciplines, it provides the means for apprehending and describing the relevance of fiction for contemporary discourses. Furthermore, it provides exemplary analyses of more specific functions of literary and filmic fictionalizations of school shootings between 2000 and 2016.

Given the extent of his influence on 17th-century life, and his lasting impact on the British landscape it is remarkable that no book has been written before about John Evelyn. He was a longstanding friend of Samuel Pepys (who wrote of him, 'A most excellent person he is, and must be allowed a little for conceitedness; but he may well be so, being a man so much above others.'). a founder-member of the Royal Society and a prolific writer and diarist. He was an early advocate of the garden city but his most important work was *Sylva: a Discourse of Forest Trees*. *Sylva* was presented to the Royal Society to promote the planting of timber trees 'for the supply of the Navy, the employment and advantage of the poor as well as the ornamenting of the nation.' He was responsible for the first great raft of tree-planting and for a great influx of tree introductions to Britain. Maggie Campbell-Culver's book, like *Sylva*, has at its core a section detailing the characteristics, history and uses of 33 trees incorporating the advice Evelyn gave and demonstrating its relevance still in the 20th-century. Not only was Evelyn probably the first horticultural writer to show an appreciation of the aesthetic benefits of trees in our landscape, he is shown to be a founder-father of the modern conservation movement.

**In the mid-1980s the European Journal of Biochemistry set out to publish review articles. The enterprise proved successful resulting in high-level reviews written by well-known scientists appearing in the Journal. The reviews represent emerging and rapidly growing fields of research in fundamental as well as applied areas of biochemistry, such as medicine, biotechnology, agriculture and nutrition. Novel methodological and technological approaches which stimulate biochemical research are also included. The authors of the reviews are explicitly asked to be critical, selective, evaluative and interdisciplinarily oriented. The reviews should encourage young scientists toward independent and creative thinking, and inform active investigators about the state of the art in a given field.**

The latest addition to the million-selling series of Rivers of London novels and graphic novels by acclaimed author Ben Aaronovitch charges head-long into London’s secret underbelly, alongside talking foxes, vulpine fay, psychotic aristocrats, and strange-flavored ice cream! “Intriguing and magical: deserves further investigation!” – Outright Geekery*

*More than one hundred books have been written about T.E. Lawrence which explore the man and his deeds. Just about every aspect and the many incarnations of his life, his campaigns, the geo-politics of the Arab world, and the influence of the West in it, as Lawrence experienced them, have been examined. However, nobody has gone in search of the mind of the man himself Ð of his formation and his deep beliefs. Nobody has asked the question, What, really, is the source of the extraordinary power of this little man? Ð not only in terms of his incontestable qualities of leadership, but also in regard to the sheer range of his activities and accomplishments. Archaeologist, writer, guerilla warfare theorist and practitioner, diplomat, soldier and airman, Lawrence also possessed an unusual ability to cross boundaries of class, race, culture, and religion. On top of this, he demonstrated the ability to walk away from power and wealth and the accumulation of things Ð to change his name more than once; to begin again at the bottom of the heap in the RAF, Êand stay there, with only a few friends and books and a motorcycle. Lawrence Ð Warrior and Scholar is a quest. It examines how a slight Oxford academic combined two of the most challenging paths a man can choose. What drove and motivated this man? How was it that he could apparently out-shoot, out-ride, and out-starve the Bedouin? ÊHow is it that the US military, and others, are still studying his famous account of the Arab Revolt and his Ô27 ArticlesÕ? Drawing upon what Lawrence and those who knew him wrote, and did, and said, Bruce Leigh delves into LawrenceÕs personal philosophy and practices, examining and analyzing his library, and his close relationship to the world of classical scholarship and chivalry, emphasizing that LawrenceÕs views were not abstractions only, but intimately tied to his actions and deeds. Ultimately, the book argues that there is a message in LawrenceÕs writings and activities Ð one that is against the grain of the world of self-definition by consumption. As one of his friends wrote: ÔThe Man was great, the message is greater.Õ*

**From the divine right of kings to the political philosophies of writers such as Machiavelli, the medieval city-states to the unification of Spain, Daniel Waley and Peter Denley focus on the growing power of the state to illuminate changing political ideas in Europe between the thirteenth and sixteenth centuries. Spanning the entire continent and beyond, and using contemporary voices wherever possible, the authors include substantial sections on economics, religion, and art, and how developments in these areas fed into and were influenced by the transformation of political thinking. The new edition takes the narrative beyond the confines of western Europe with chapters on East Central Europe and the teutonic knights, and the Portuguese expansion across the Atlantic. The third edition of this classic introduction to the period includes even greater use of contemporary voices, full reading lists, and new chapters on East Central Europe and Portuguese exploration. Suitable as an introductory text for undergraduate courses in Medieval Studies and Medieval European History.**

**A dazzling meditation on love and honor, greed and generosity, passion and death, from the Booker Prize-winning author of *The Sea*, *The Sea Set in London* and in the South of France, this brilliantly structured novel centers on two women: Gertrude Openshaw, bereft from the recent death of her husband, yet awakening to passion; and Anne Cavidge, who has returned in doubt from many years in a nunnery, only to encounter her personal Christ. A fascinating array of men and women hover in urgent orbit around them: the "Count," a lonely Pole obsessively reliving his émigré father's patriotic anguish; Tim Reede, a seedy yet appealing artist, and Daisy, his mistress; the manipulative Mrs. Mount; and many other magically drawn characters moving between desire and obligation, guilt and joy. This edition of *Nuns and Soldiers* includes a new introduction by renowned religious historian Karen Armstrong.**

The highly acclaimed author of *Stop That Girl* delivers a masterfully plotted debut novel – at once a mystery of identity, sly literary satire, and coming-of-age story – capturing a young man's impossible and heroic first love. Twenty-two-year-old MacGregor West, orphaned as a boy, is on a quest: to understand the circumstances of his mother's untimely death. On a foggy San Francisco evening, guided by an old stack of envelopes, Mac finds himself at the mansion of cultural icon Charles Ware, where he encounters the writer's beautiful and enigmatic daughter, Carolyn, trapped in a fold-up bed. Upon freeing her, Mac plunges headlong into the world of the eccentric Ware family and a love affair with a woman whose murky history may be closely linked to his own. *MacGregor Tells the World* is a poignant and often hilarious ride through present-day San Francisco, a city brimming with memorable characters who help Mac discover just what story is his to tell. Praise for Elizabeth McKenzie's *Stop That Girl* "Elizabeth McKenzie is an accomplished humorist and a developed stylist, and she wastes no time dazzling the reader with her clean direct language, her simple but searing use of metaphor and her unflinching eye." – *The New York Times Book Review* "Single-handedly reinvigorate[s] the coming-of-age genre. . . . Here is a writer to watch, and a book to breeze through with glee." – *San Francisco Chronicle*
