Dave Brubeck's Time Out ranks among the most popular, successful, and influential jazz albums of all time.

Released by Columbia in 1959, alongside such other landmark albums as Miles Davis's Kind of Blue and Charles Mingus's Mingus Ah Um, Time Out became one of the first jazz albums to be certified platinum, while its featured track, "Take Five," became the best-selling jazz single of the twentieth century, surpassing one million copies. In addition to its commercial successes, the album is widely recognized as a pioneering endeavor into the use of odd meters in jazz. With its opening track "Blue Rondo à la Turk" written in 9/8, its hit single "Take Five" in 5/4, and equally innovative uses of the more common 3/4 and 4/4 meters on other tracks, Time Out has played an important role in the development of modern jazz. In this book, author Stephen A. Crist draws on nearly fifteen years of archival research to offer the most thorough examination to date of this seminal jazz album. Supplementing his research with interviews with key individuals, including Brubeck's widow Lola and daughter Catherine, as well as interviews conducted with Brubeck himself prior to his passing in 2012, Crist paints

**a complete picture of the album's origins, creation, and legacy. Couching careful analysis of each of the album's seven tracks within historical and cultural contexts, he offers fascinating insights into the composition and development of some of the album's best-known tunes. From Brubeck's 1958 State Department-sponsored tour, during which he first encountered the Turkish aksak rhythms that would form the basis of "Blue Rondo à la Turk," to the backstage jam session that planted the seeds for "Take Five," Crist sheds an exciting new light on one of the most significant albums in jazz history.**

Madrid has gone from shanty town to imperial capital in the last seven centuries. The local writers of Time Out Madrid assist travelers in seeing the city as a native, suggesting where to stay, eat, shop and experience its cultural offerings. Famed for its wild nights and lazy days, Madrid provides a whole lot more, from spectacular opera productions, chirpy folkloric zarzuela and cutting-edge cuisine to ancient, tiled tabernas, designer-shoe shopping, and numerous flea markets. Written by resident journalists, Time Out Madrid also covers the artistic jewels housed in the Prado, Thyssen and Reina Sofia, as well as the etiquette of watching a bullfight or joining in with a flamenco performance, as well as where to stay and how to escape the city heat. Also included are the intriguing stories behind some of the city's best-known paintings, where to find gourmet tapas, the yoga centers, spas, and Turkish baths. Climbing, skiing, and hang-gliding are all within reach

of the city, and suggested trips out of town are also recommended.

Most sports fans know that Ted Williams ended his major league career with style, swatting a home run in his final at bat. But what about Babe Ruth? Ty Cobb? Joe DiMaggio? Willie Mays? How did some of baseball's greatest players bow out of The Game? Last Time Out answers that question as it examines how the greatest players in baseball history left the game they once ruled. The stories of these men and how they finished their careers, never collected anywhere before now, show another side of the men whose achievements on the field made them legends. After hours and hours of research, through biographies, microfilm, magazines, and memories, award-winning sportswriter John Nogowski culled the stories of the final games of 25 of The Game's greatest athletes-Babe Ruth, Christy Mathewson, Ty Cobb, Jackie Robinson, Dizzy Dean, Satchel Paige, Carlton Fisk, Bob Feller, Joe Morgan, and Carl Yastrzemski are among those featured. This impressive work recounts the circumstances surrounding these final games and puts you in a box seat to witness and sense the moment as these glorious careers ceased, most often with little fanfare. Whether be Shoeless Joe Jackson, Lou Gehrig, Pete Rose, or Cal Ripken, Jr., Last Time Out beautifully captures in words and photographs the essence of these players' last time in uniform and celebrates the magic of the game these famed players mastered and loved.

Intended to help provide a smooth transition from intern to resident anesthesiologist, it highlights information to seek out during the orientation period. The sport of ice hockey is going through a transitional period, losing popularity in the United States even as it gains momentum in other countries. The Hockey Dad Chronicles is the touching and funny story of one season in the youth hockey career of Ed Wenck's son, Oliver, when he played for the Indianapolis Junior Ice. Hockey parents spend an inordinate amount of time and money on their child's sport of choice -- considerably more than soccer, football, or basketball parents dish out. They get their children to the ice rink for 7 a.m. ice time, they travel with them to other states for games every other weekend -- and if they're anything like Ed Wenck, they spend a lot of time sitting in bleachers wondering at the absurdity of it all. As youth hockey grows ever more popular, increasing numbers of parents are seeing their lives taken over by their children's hockey careers. The Hockey Dad Chronicles will be a familiar, amusing, and moving reminder to them -- and to all parents who devote themselves to their children's extracurricular activities, whether they're sports, drama, or dance -- of what it's all about.

He will not take a bath. He will not brush his teeth. So Buzzy gets a time-out in his bedroom. First he sulks. Then he gets bored. And then he begins to play. He gives his trucks a time-out, and his bear a time-out, and his books a time-out, and his chair a time-out. By the time Mom calls an end to Buzzy's time-out, he's back to his old happy self and ready to cooperate. And he's gotten there himself! The Buzzy books help children explore their own feelings and discover solutions. Written in lilting rhyme and illustrated with great charm, these short but sweet forays into the landscape of childhood tumbles are sure to resonate with young children.

History in Rome is not confined to museums, basilicas and galleries: it tumbles out everywhere. And though the city is reassuringly compact, this doesn't stop the cultural onslaught from being utterly bewildering and exhausting. It is best to approach the city knowing you will not see everything. It is also important not to shut oneself up inside all day looking at collections and sites or you will miss all that the outdoor scene has to offer. Time Out Rome helps you navigate through the cobblestone streets, so that you can eat, drink and shop like the natives. Suggested side trips out of town are also explored.
