In this engaging biography of a remarkable man, Susan Croce Kelly begins by describing the urgency for “good roads” that gripped the nation in the early twentieth century as cars multiplied and mud deepened. Avery was one of a small cadre of men and women whose passion carried the Good Roads movement from boosterism to political influence to concrete-on-the-ground. While most stopped there, Avery went on to assure that one road—U.S. Highway 66—became a fixture in the imagination of America and the world.

"An illustrated collection of 80 of history's most interesting, profound, and sometimes unknown speeches from a range of scintillating personalities such as Winston Churchill, Maya Angelou, Barack Obama, Abraham Lincoln, Groucho Marx, and Tina Fey"--

John Dos Passos, the distinguished American novelist and historian has been personally interested in Brazil for the last fifteen years. He first visited the country in 1948, and returned again in 1956 and 1962. This book, which is based on his experiences in Brazil, presents the people and landscapes of a young country on the move. Here you will find several extraordinary reports on Brasilia, first in the planning stage, second in the wildly frantic period when it was a half-finished group of buildings, and, finally, as it appeared to Mr. Dos Passos in the summer of 1962 when it was at last beginning to function as a city. Here, too, is the story of Brazil's great road building program designed to unify the country, and of the political battles in this enormous country which totters on the verge of a Communist takeover. From traveling the length and breadth of the land and from interviewing all kinds of people: politicians like Carlos Lacerda and religious leaders like Bishop Sales, Mr. Dos Passos has been able to transmit some of the flavor of the most important of Latin American nations. Mr. Dos Passos himself is of Portuguese descent, and he speaks Portuguese as well as Spanish. He begins this readable and fascinating book with a much needed short sketch of the history of Brazil and how the Portuguese tradition differs from the Spanish in South America.

When Claudia accidentally eavesdrops on the epic breakup of Paige and Iris, the it-couple at her school, she finds herself in hot water with prickly, difficult Iris. Thrown together against their will in the class production of A Midsummer Night's Dream, along with the goofiest, cutest boy Claudia has ever known, Iris and Claudia are in for an opening senior year. Smart, funny, and thoroughly, wonderfully flawed, Claudia navigates a world of intense friendships and tentative romance in Emma Mills's Follish Hearts, a young adult novel about expanding your horizons, allowing yourself to be vulnerable, and accepting—and loving—people for who they really are.

This third edition of the bestselling collection of classic and modern oratory offers numerous examples of the greatest speeches ever delivered—from the ancient world to the modern. Speeches in Lend Me Your Ears span a broad stretch of history, from Gen. George Patton inspiring Allied troops on the eve of D-Day to Pericles’s impassioned eulogy for fallen Greek soldiers during the Peloponnesian War; and from Jesus of Nazareth’s greatest sermons to Ruth Bader Ginsburg’s fiery speech in response to the Bush vs. Gore decision that changed the landscape of American politics in our time. Editor William Safire has collected a diverse range of speeches from both ancient and modern times, from people of many different backgrounds and political affiliations, and from people on both sides of history’s greatest battles and events. This book provides a wealth of valuable examples of great oratory for writers, speakers, and history aficionados.

The Applied Theatre Reader is the first book to bring together new case studies of practice by leading practitioners and academics in the field and beyond, with classic source texts from writers such as Noam Chomsky, bell hooks, Mikhail Bakhtin, Augusto Boal, and Chantal Mouffe. This new edition brings the field fully up to date with the breadth of applied theatre practice in the Twenty First Century, adding essays on playback theatre, digital technology, work with indigenous practitioners, inter-generational practice, school projects, and contributors from South America, Australia and New Zealand. The Reader divides the field into key themes, inviting critical interrogation of issues in applied theatre whilst also acknowledging the multi-disciplinary nature of its subject, crossing fields like theatre in educational settings, prison theatre, community performance, theatre in conflict resolution, interventionist theatre, and theatre for development. A new lexicon of Applied Theatre and further reading for every section will equip readers with the ideal tools for studying this broad and varied field. This collection of critical thought and practice is essential to those studying or participating in the performing arts as a means for positive change.

This fascinating biography “brings to life the excitement and thrills” of the master escape artist’s legendary turn-of-century tour in Great Britain (Lancashire Post). Between 1900 and 1920, a century before endurance artist and street magician David Blaine, Hungarian-born Harry Houdini traveled Great Britain, performing in its major villages, immersed himself in spiritualism and most notably, escaped from jails, survived death-defying leaps into rivers while bound in chains, and executed amazing tricks and illusions. On each stop, he challenged locals to design “inescapable” contraptions. He was always triumphant, and his awesome, crowd-drawing feats made him the highest paid man in the world. The Great Houdini: His British Tours follows Houdini’s decades-long UK tour through rare archival material, vintage newspaper clippings, photos, and original playbills and ballyhoo advertisements—many of which have not been seen since they were originally published. This “must read . . . cause for celebration . . . packed with new, fascinating history’s greatest escapologist (Wild About Harry).

The careful deconstruction (or rather ¿unpacking¿) of the manifold creative and economically profitable uses of things Japanese and Western, in other words, the practices of inventing and reinventing traditions, of self-exoticizing or even reverse Orientalization, represents and important contribution to the study of contemporary Japanese consumer society and its preoccupation with Japaneseness. ¿¿Journal of Asian Studies

The move from the City to the Suburbs was a huge change, even though I was young when it happened. People in the suburbs were a lot different than the city and we as kids thought it was paradise. Boy were we wrong. Most people in this town are fake, corrupted, selfish, and overall ASSHOLES, in my opinion. A lot of politics I wont get into but you might see some of it. From the time I turned seventeen, to about twenty two, Ive gone threw some pretty interesting experiences. My life entailed robbing, stealing, fighting, drugs & drug dealing, alcohol, women, kidnapping, sports, and of course fighting. Ive had my ups and downs, arrested eleven times but never locked up, so I guess Im pretty lucky, or have a very good lawyer; just had a few over nighters in a holding cell. My family is very close and we chill together all the time. Id do anything for them, some not for me, but thats just the way they are. I guess they call me the crazy one, but honestly, every family needs someone like me. From my tales to tell, overall I wouldnt take any of it back. I love my life and how I lived it. I feel my past was lived to the fullest and my crew thugged it out for years. I know that most of the trouble I got into was because of the choices I made, and even then I knew that it was the wrong path to take, but I just didnt care. While these adventures where happening, I knew my life would be change for the better once I finished school and landed a good set job. Though it seemed like it took forever, I finally did finish school and became full time at the position Id been working at for a few years. That is when my life started. I enjoyed being young and dumb, as they say, but now its time to grow up and become a man. Ive gone through plenty of friends over the years, some lost due to changes schools or choosing different cliques in school, others lost on bad terms: sometimes I knew why and others I didnt understand. I lost a couple very close best friends and also gained new ones. Life is a struggle, I struggled through it but was able to surpass. I got through the tough times, enjoyed the memorable times, and here are my stories to tell. This book will deliver my resume of an uncontrolled substance that almost ruined my life. The rage and power I absorbed through fisting a persons face brought happiness to me. Every true street fighter will tell you theyve gotten their ass kicked at least once in their life, and probably didnt like it. I on the other hand loved it. The more I got hit the more aggressive I became, trying to destroy anything in my path. It became so much of an addiction that I looked for it all the time and even threw down with my own brother. I loved to fight and was pretty good at it but it almost got me killed a few times. My stories here are all true, but some names may have been altered for confidentiality purposes. In no way am I trying to disrespect anyone, past or present, because its a story about my life but a lot of others are involved as well. Overall, I have been in over fifty legit street fights, mostly in a five year range and these are the main tales. Other than fighting and the mischief Im actually a really nice person and a great athlete. My whole life has been based around sports and my entire family is athletes, including the girls. Though I pursued a sports career I still found myself living the Hip Hop lifestyle, which made me the person I am today. I speak mostly of the bad experiences rather than the good because everyone has their good moments and the awful times are the juiciest. I give a lot of credit to my parents for putting up with me all these

years and I know what theyve done for me and I really do appreciate it. They are the best parents any kid can ever ask for, and to put them through what I did was a horrible thing to do, so Im truly sorry. Like the saying goes, what doesnt kill you only makes you stronger, I guess Im

In

stories like "A Night in the Cemetery," "Night of Horror," and "Murder," not only will Chekhov's dark humor and twisted crimes satisfy even the most hardboiled of mystery fans, readers will again appreciate the penetrating, absurdist insight into the human condition that only Chekhov can bring.
