The Hole Story

Sh*tty Mom

A wise and fresh approach to mindful parenting.

Tara Brach, author of Radical Acceptance A kinder, more compassionate world starts with kind and compassionate kids. In Raising Good Humans, you'll find powerful and practical strategies to break free from reactive parenting habits and raise kind, cooperative, and confident kids. Whether you're running late for school, trying to get your child to eat their vegetables, or dealing with an epic meltdown in the checkout line at a grocery store, being a parent is hard work! And, as parents, many of us react in times of stress without thinking, often by yelling. But what if, instead of always reacting on autopilot, you could respond thoughtfully in those moments, keep your cool, and get from A to B on time and in one piece? With this book, you'll find powerful mindfulness skills for calming your own stress response when difficult emotions arise. You'll also discover strategies for cultivating respectful communication, effective conflict resolution, and reflective listening. In the process, you'll learn to examine your own unhelpful patterns and ingrained reactions that reflect the generational habits shaped by your parents, so you can break the cycle and respond to your children in more skillful ways. When children experience a parent reacting with kindness and patience, they learn to act with kindness as well, thereby altering generational patterns for a kinder, more compassionate future. With this essential guide, you'll see how changing your own (autopilot reactions!) can create a lasting positive impact, not just for your kids, but for generations to come. An essential, must-read for all parents! now more than ever.

To raise the children we hope to raise, we have to learn to become the person we hoped to be! This wonderful book will help you handle the ride.

KJ Dell'Antonia, author of How to Be a Happier Parent

Hunter Clarke-Fields shares her wisdom and personal experience to help parents create peaceful families.

Joanna Faber and Julie King, coauthors of How to Talk So Little Kids Will Listen

Nearly criminally funny . . . carries a powerful message to all parents, but especially moms, that distilled to its essence is this: chill.

Time Sh*tty Mom is the ultimate parenting guide, written by four moms who have seen it all. As hilarious as it is universal, each chapter presents a common parenting scenario with advice on how to get through it in the easiest and most efficient way possible. With chapters such as How to Sleep Until 9 A.M. Every Weekend and When Seeing an Infant Triggers a Mental Illness That Makes You Want to Have Another Baby, as well as a Sh*tty Mom quiz, this is a must-have, laugh-out-loud funny book for the sh*tty parent in all of us.

A totally hilarious and uncensored look at some of the impossible situations we mothers find ourselves in.

The Bump

As the attachment parenting craze has hit a zenith in American culture, four very funny moms—comedy writers, TV producers, and a novelist—blast open a long-locked safe filled with frustrations faced by all modern mothers, with sympathetic and sharp humor . . . The authors' unfiltered candor is a welcome reminder for readers that they're not alone.

Publishers Weekly (starred review)

Hilariously entertaining. A must-read survivor's guide for every mother.

Christy Turlington Burns, founder of Every Mother Counts

A long overdue little burst of honesty from the supposed minority of mothers who are, in fact, not that maternal . . . After a generation of supermoms one-upping each other in dead earnest on playgrounds and schoolyards, the emerging mass appeal of Sh*tty Mom is a welcome relief.

The New York Observer

In 1843, fourteen-year-old Hanson Gregory left his family home in Rockport, Maine, and set sail as a cabin boy on the schooner Achorn, looking for high-stakes adventure on the high seas. Little did he know that a boatload of hungry sailors, coupled with his knack for creative problem-solving, would yield one of the world's most prized and beloved pastries. Lively and inventive cut-paper illustrations add a taste of whimsy to this sweet, fact-filled story that includes an extensive bibliography, author's note, and timeline.

Are you looking to strengthen your relationship with God? Do you find yourself untangling the threads of what it is you really believe? Are you longing for a deeper connection to your spiritual side? Bunmi Laditan has been in your shoes. In the midst of her darkest days, Bunmi began writing down her deepest fears, hopes, dreams, and frustrations with God in the form of letters. The result of Bunmi's soul-searching journey is Dear God, a collection of funny, heartbreaking, and deeply insightful prayers that put words to the emotions we all feel as we grapple with this broken world and search for divine love. With the same gutsy and poetic honesty that has already charmed readers around the world, Bunmi now shares these moving, intimate conversations with God—prayers and poems that chart her story of reconnecting with the God she loved, lost, and found once again. Dear God catalogs what we're all thinking as we work out our personal relationships with God. These candid field notes will stir your heart and make you laugh out loud with Bunmi's self-awareness and profound insight into the spiritual journeys we're all doing our best to navigate. Join Bunmi as she travels through those all-too-familiar emotions—doubt, anger, joy, desperation, love, loneliness, and gratefulness—that humanity has always wrestled with. Wittily fresh and stunningly relatable, she exquisitely shares the painfully honest questions she's asked along the way, including: God, what is holiness? God, how can it be worth it to love life when it could slip away at any moment? God, what do I do when forgiveness feels impossible? God, I know you love me, but do you like me? This poignant collection of prayers is a timely reminder that even when we wander, God never leaves our side.

Toddlers are Assholes!

The Parenting Guide for the Rest of Us

Peck Peck Peck

Ready Or Not. . There We Go!

I Heart My Little A-Holes

The Honest Toddler

Counting rhyme in which one by one ten little monkeys fall out of bed.

Toddler a**holery is a normal part of human development—not unlike puberty, except this stage involves throwing food on the floor and taking swings at people who pay your way in life. For parents of toddlers, it's a "you better laugh so you don't cry" period.

Bunmi Laditan's hilarious, satirical guide to toddlerhood offers parents instant (and very welcome) comic relief—along with the very good news that "It's Not Your Fault." Chapters cover the cost of raising a toddler, feeding your toddler, potty-training, tantrums, how to manage the holidays, and "how not to die inside." Parents will see themselves in the very funny sections on taking your toddler to restaurants ("One parent will spend their time walking your toddler around the restaurant and outside like a cocker spaniel, while the other, luckier parent will eat alone."), Things You Thought You'd Never Say That You Now Say As a Parent of a Toddler ("I can tell you're pooping because your eyes are watering."), and how to order pizza ("Spend \$40 on pizza delivery. Listen to your toddler cry for 30 minutes about how the pizza is all wrong. Watch your toddler take a small bite of crust. Google 'can anger give you a heart attack?' Start the bedtime routine."). Laditan's wildly funny voice has attracted hundreds of thousands of fans of Honest Toddler on social media; here she speaks parent-to-tired-parent, easing the pains and challenges of raising toddlers with a hefty dose of adult humor and wit.

Janet Lansbury's advice on respectful parenting is quoted and shared by millions of readers worldwide. Inspired by the pioneering parenting philosophy of her friend and mentor, Magda Gerber, Janet's influential voice encourages parents and child care professionals to perceive babies as unique, capable human beings with natural abilities to learn without being taught; to develop motor and cognitive skills; communicate; face age appropriate struggles; initiate and direct independent play for extended periods; and much more. Once we are able to view our children in this light, even the most common daily parenting experiences become stimulating opportunities to learn, discover, and to connect with our child. "Elevating Child Care" is a collection of 30 popular and widely read articles from Janet's website that focus on some of the most common infant/toddler issues: eating, sleeping, diaper changes, communication, separation, focus and attention span, creativity, boundaries, and more. Eschewing the quick-fix 'tips and tricks' of popular parenting culture, Janet's insightful philosophy lays the foundation for a closer, more fulfilling parent/child relationship, and children who grow up to be authentic, confident, successful adults.

Toddler Discipline for Every Age and Stage offers practical, age-appropriate toddler discipline strategies for managing the everyday challenges of toddlerhood and guiding your child to becoming their best self. Toddlers are constantly changing, and they can easily become overwhelmed by it all. When faced with the meltdowns that toddlers are famous for, it can be difficult to know which toddler discipline techniques will best help your child grow into a stronger, kinder person. Toddler Discipline for Every Age and Stage delivers essential toddler discipline tools for dealing with day-to-day difficulties, and supporting your toddler as they learn the important lessons that will set them up for success. Written by child development expert Aubrey Hargis, Toddler Discipline for Every Age and Stage will help you understand your toddler's behavioral challenges while fostering important life skills such as curiosity, respect, independence, and confidence. Drawing on Aubrey's years of coaching parents through the rocky terrain of toddler discipline, as well as her own experience as a mother of two, Toddler Discipline for Every Age and Stage delivers proven toddler discipline techniques that will help you grow closer as parent and child during each stage of your toddler's first formative years. Inside the pages of Toddler Discipline for Every Age and Stage you'll find: An overview of your child's development—including physical, cognitive, and social-emotional--and how this affects their behavior. Age-appropriate toddler discipline strategies that will help you manage common behavioral issues by building upon each stage of progress. Helpful toddler discipline sidebars and tips for dealing with tricky situations, guidance on how best to communicate with your child, and advice from parents who've been there. While child development is not a linear process, Toddler Discipline for Every Age and Stage provides you with a practical, effective toddler discipline toolkit for navigating the ups and downs of your little one's toddlerhood and thereafter.

How to Raise Kids Who Aren't Assholes

*Introduction Space, the final frontier... to explore strange new worlds, to seek out new life, and new civilizations, to boldly go where no man has gone before. ~ Gene Roddenberry *** The universe is full of surprises! We can find amazing things like galaxies, planets, comets, asteroids, moons, meteorites, and more! One of the strangest objects we can find in space is called a... black hole. Have you ever heard of black holes? What do you know about them? Let's learn more! Black holes are dark areas in space with strong gravity. Not all black holes are black and we cannot see them, but we know they are there. How do we know they exist even though we can't see them? Scientists study the things that happen around a black hole, and that tells them a black hole is there. The force of a black hole is so strong light cannot escape. Do you know what happens to light when it gets near a black hole? Strong gravity pulls light and everything else into the center. It is so strong that nothing escapes the powerful force, and everything falls in! Black holes come in lots of different sizes. Some are big, and some are small. Some black holes are so big; they are called supermassive black holes. That's a big, big hole! Black holes affect not only space but time too. How so? Did you know time changes when you get near a black hole? Yes, it does! This is because of Einstein's theory of relativity. Let's find out how black holes work and what else we can learn about this mysterious force in the universe!*

The cows are in the kitchen, the ducks on the dresser, the pigs in the pantry, the hens on the handstand and the sheep on the sofa While the farmer snoozes in the haystack, the animals are having a ball in his farmhouse

The all-time classic picture book, from generation to generation, sold somewhere in the world every 30 seconds! Have you shared it with a child or grandchild in your life? For the first time, Eric Carle's The Very Hungry Caterpillar is now available in e-book format, perfect for storytime anywhere. As an added bonus, it includes read-aloud audio of Eric Carle reading his classic story. This fine audio production pairs perfectly with the classic story, and it makes for a fantastic new way to encounter this famous, famed caterpillar.

What every leader needs to know about dignity and how to create a culture in which everyone thrives This landmark book from an expert in dignity studies explores the essential but under-recognized role of dignity as part of good leadership. Extending the reach of her award-winning book Dignity: Its Essential Role in Resolving Conflict, Donna Hicks now contributes a specific, practical guide to achieving a culture of dignity. Most people know very little about dignity, the author has found, and when leaders fail to respect the dignity of others, conflict and distrust ensue. She highlights three components of leading with dignity: what one must know in order to honor dignity and avoid violating it; what one must do to lead with dignity; and how one can create a culture of dignity in any organization, whether corporate, religious, governmental, healthcare, or beyond. Brimming with key research findings, real-life case studies, and workable recommendations, this book fills an important gap in our understanding of how best to be together in a conflict-ridden world.

There's a Hole in my Galaxy

Oh Crap! I Have a Toddler

Raising Good Humans

Effective Strategies to Tame Tantrums, Overcome Challenges, and Help Your Child Grow

The Real Experts' Guide to the Toddler Years With Twins

As seen on Good Morning America, the irreverent, bracingly honest, and "awfully funny" (The Boston Globe) satirical parenting guide from the Internet's most infamous tot, whose unchecked sense of entitlement and undeniable charm have captivated hundreds of thousands of fans. Are you the confused parent of a toddler? Are you constantly disappointing the 2T in your life? Are you tired, stressed out, and looking for relief? I can't help you with that last one, but if you want to become an A+ servant to your small child, this book is for you. Who better to teach you about toddlers than another toddler?

In this book you'll learn:
• How time-outs make you look like a fool
• Why potty training is not only unnecessary but unrealistic for children under eighteen
• Why toddler beds are OUT and letting your child sleep on the diagonal in your bed is IN
• The best way to apologize to your toddler for all of those Pinterest casseroles
• That when you love someone, you accept them as they are, pants or no pants
The hard-hitting knowledge in The Honest Toddler will save you thousands of dollars in unnecessary whole grains and toothbrushes. Happy reading. You're doing the right thing. For once.

Real-world, from-the-trenches toddler parenting advice from the author of the bestselling Oh Crap! Potty Training. Toddlers—commonly defined as children aged between two and five years old—can be a horribly misunderstood bunch. What most parents view as bad behavior is in fact just curious behavior. Toddlerdom is the age of individuation, seeking control, and above all, learning how the world works. But this misunderstanding between parents and child can lead to power struggles, tantrums, and even diminished growth and creativity. The recent push of early intellectualism coupled with a desire to "make childhood magical" has created a strange paradox—we have three-year-olds with math and Mandarin tutors who don't know how to dress themselves and are sitting in their own poop. We are pushing the toddler mind beyond its limit but simultaneously keeping them far below their own natural capabilities. In the frank, funny, and totally authentic Oh Crap! I Have a Toddler, social worker Jamie Glowacki helps parents work through what she considers the five essential components of raising toddlers: —Engaging the toddler mind —Working with the toddler body —Understanding and dealing with the toddler behavior —Creating a good toddler environment —You, the parent Oh Crap! I Have a Toddler is about doing more with less—and bringing real childhood back from the brink of over-scheduled, over-stimulated, helicopter parenting. With her signature down-and-dirty, friend-to-friend advice, Jamie is here to help you experience the joy of parenting again and giving your child—and yourself—the freedom to let them grow at their own pace and become who they are.

Donut cars. Donut trains. Donuts do not make good planes. In this hilarious ode to the treat with a hole, bright photographic illustrations bring donuts to life like never before! With donut cops (of course), donut pirates (why not), maple bar lumberjacks (eh?), coffee jacuzzis, and a bakeshop full of donut puns, Donuts: The Hole Story is a delicious romp through a world filled with (and made of) everyone's favorite fat-fried friends.

They're getting bigger. And you're not getting any more sleep. Second in the Sh!t No One Tells You series, in The Sh!t No One Tells You About Toddlers Dawn Dais tells it like it is – again – offering real advice for parents of growing children. Filled with tips, encouragement, and a strong dose of humor, The Sh!t No One Tells You About Toddlers is a survival handbook for parents on the edge. Chapters include: You Suck at This. It's not just your imagination. Walking Is Hard. Bruising is considerably less difficult. Remember When You Judged Other Parents? Prepare to eat your words, with a side of karma's a bitch. Restaurants Are Battle Zones. Spoiler Alert: You are not the victor. Kids Get Sick. Then everyone gets sick. This Childhood Will Be Televised. Hello, camera phones. Your TV Has Been Hijacked. By things with very high-pitched voices. Coming from one empathetic parent to another, the tips in this book are real, clever, honest, and designed to make life with a terrible two- or three-year-old a little bit more manageable. Hilarious, helpful, and handy, this book will be appreciated by any parent who has asked: “Why didn't anybody warn me that unconditional love would be so much work?”

Perfect for that someone special any day of the year

Now available in a deluxe keepsake edition! A Time Best YA Book of All Time (2021) Run away to the Metropolitan Museum of Art with E. L. Konigsburg's beloved classic and Newbery Medal-winning novel From the Mixed-Up Files of Mrs. Basil E. Frankweiler. When Claudia decided to run away, she planned very carefully. She would be gone just long enough to teach her parents a lesson in Claudia appreciation. And she would go in comfort—she would live at the Metropolitan Museum of Art. She saved her money, and she invited her brother Jamie to go, mostly because he was a miser and would have money. Claudia was a good organizer and Jamie had some ideas, too; so the two took up residence at the museum right on schedule. But once the fun of settling in was over, Claudia had two unexpected problems: She felt just the same, and she wanted to feel different; and she found a statue at the Museum so beautiful she could not go home until she had discovered its maker, a question that baffled the experts, too. The former owner of the statue was Mrs. Basil E. Frankweiler. Without her—well, without her, Claudia might never have found a way to go home.

Instant Bestseller "Freaking hilarious. This is the novel moms have been waiting for."—Jenny Lawson, #1 New York Times bestselling author of Let's Pretend This Never Happened "Perfect for readers looking for a funny, realistic look at motherhood."—Booklist (starred review) From the creator of The Honest Toddler comes a fiction debut sure to be a must-read for moms everywhere There are good moms and bad moms—and then there are hot-mess moms. Introducing Ashley Keller, career girl turned stay-at-home mom who's trying to navigate the world of Pinterest-perfect, Facebook-fantastic and Instagram-impressive mommies but failing miserably. When Ashley gets the opportunity to participate in the Motherhood Better boot camp run by the mommy-blog-empire maven she idolizes, she jumps at the chance to become the perfect mom she's always wanted to be. But will she fly high or flop? With her razor-sharp wit and knack for finding the funny in everything, Bunmi Laditan creates a character as flawed and lovable as Bridget Jones or Becky Bloomwood while hilariously lambasting the societal pressures placed upon every new mother. At its heart, Ashley's story reminds moms that there's no way to be perfect, but many ways to be great.

Jumping on the Bed

Honest Prayers to a God Who Listens

There Are Moms Way Worse Than You

The Whole-brain Way to Calm the Chaos and Nurture Your Child's Developing Mind

Outlines practical parenting strategies from the toddler years through preadolescence that focus on productive and peaceful disciplinary methods while promoting positive neural connections.

Toddler A**holery is a normal part of human development. It's like puberty but focuses mainly on throwing food on the floor and taking swings at people who pay your way in life. Reader, never ever blame yourself for your toddler being an a**hole to you. Toddlers are beautiful, kind, and wonderful to people who are not in primary custody of them. There's a reason toddlers are at their peak cuteness: it's because nature knows that toddlerhood is when you are most likely to take your child to a public park and leave them there with a note that says, "I'm a little \$hit and they couldn't take it anymore."

Hide in the bathroom and read this hilarious, satirical guide for instant comic relief from cutting toast into perfect triangles.

'Hello, I've discovered a hole in my apartment... it moves around ... yes ... if you could come and look at it ...bring it down to you, you say ... how ... hello!'.The protagonist has discovered a hole and tries to find an explanation. He seeks expert advice. But not everything can be explained. Perhaps he will just have to accept that it's there.THE HOLE has simple, expressive drawings by pen and computer. The hole is punched right through the book, so it exists in real life.Praise:'... a stylish and surreal picture book... line drawings combined with a minimal use of colour lends the book a stylish and elegant appearance. With few details, attention is drawn towards the simple points on each page, making the story quick to read and easy to understand for readers young and old. At the same time it raises a whole host of questions, both concrete and abstract, and invites several perusals. It is fortunate that the pages are sturdy - this is a book that will quickly become well-thumbed.' - Dagbladet About the AuthorØyvind Torseter is an artist. He has created many picture books and given individual as well as collective exhibitions. Øyvind Torseter won the Bologna Ragazzi Award 2008 with his picture book AVSTIKKERE (DETOURS), and has received several other prizes and nominations as well for his illustrations. But we suspect that THE HOLE will be his great international break-through. No online pdf can do justice to this fabulous story, as the physical hole going straight through the book cannot be visible on a screen. Still, you will get an idea of the philosophical implications raised in this book when looking at the illustrations.

A rhyming illustrated humor book for moms who feel they're not doing a good job (and that's all moms, right?). Packed with scientifically true examples of terrible parents in the animal kingdom, to remind and reassure any mother that there are way worse moms out there.

Beautiful Black Holes For Kids!

Toddler Discipline for Every Age and Stage

Once upon a time Sarah Fader wrote a blog post called 3-Year-Olds Are Assholes. It went viral on HuffPost Parents with over 400,000 shares on Facebook. This book tells the story of three-year-old Samantha, who is determined to make a rainbow. It features illustrations by Shari Ryan.

From Bunni Laditan, the creator of the Honest Toddler blog, The Big Bed is a humorous picture book about a girl who doesn't want to sleep in her little bed, so she presents her dad with his own bed!a camping cot!in order to move herself into her parents' big bed in his place. A twist on the classic parental struggle of not letting kids sleep in their bed.

Following the success of Go the F**k to Sleep, Confessions of a Scary Mommy, and Ketchup Is a Vegetable, a collection of funny, warm, and charmingly profane tales from the frontlines of parenthood by the author of the popular Baby Sideburns blog. Once upon a time you and your partner had a perfect life: dinners out, weekend mornings cuddling in bed, brunch with friends. Then you gave birth to a poop machine (or two). Now, it's all about the pediatrician, breast pumps, princess dresses, and minivans. And discovering that your pride and joy is actually a little A-hole. When your son wakes you up at 3:00 A.M. because he wants to watch Caillou, he's an a-hole. When your daughter outlines every corner of your living room with a purple crayon, she's an a-hole. When your rug rats purposely paint the kitchen ceiling with their smoothies, they're a-holes. At times like these, it's only natural to want to kill them (or yourself). But it's against the law (and there's the suicide hotline). Plus, there's that whole loving them more than anything in the whole world thing. In I Heart My Little A-Holes, Karen Alpert shares hilarious stories, lists, and deep thoughts on the joys and horrors of raising children.

Accompanied by cheery illustrations and photos I Heart My Little A-Holes will make you laugh so hard you'll wish you were wearing a diaper.

Elizabeth Lyons and her [multiples] sorority of moms and twins come to the rescue again in this hilarious, strategy-filled, tell-it-like-it-is guide to the toddler years with twins. From managing tantrums times two in Aisle 9, to the need for large quantities of antibacterial hand sanitizer and ketchup, to the perils of potty training twins, the approaches contained within Ready or Not . . . There We Go! will keep parents two steps ahead of their newly mobile charges. It's the resource no parent of twin toddlers should be without.

Presents an illustrated book with a large hole in the middle of every spread that includes suggestions for imaginative and creative ways for readers to interact with the hole.

How to Raise Kids Who Aren't Assholes is a clear, actionable, sometimes humorous (but always science-based) guide for parents on how to shape their kids into honest, kind, generous, confident, independent, and resilient people...who just might save the world one day. As an award-winning science journalist, Melinda Wenner Moyer was regularly asked to investigate and address all kinds of parenting questions: how to potty train, when and whether to get vaccines, and how to help kids sleep through the night. But as Melinda's children grew, she found that one huge area was ignored in the realm of parenting advice: how do we make sure our kids don't grow up to be assholes? On social media, in the news, and from the highest levels of government, kids are increasingly getting the message that being selfish, obnoxious and cruel is okay. Hate crimes among children and teens are rising, while compassion among teens has been dropping. We know, of course, that young people have the capacity for great empathy, resilience, and action, and we all want to bring up kids who will help build a better tomorrow. But how do we actually do this? How do we raise children who are kind, considerate, and ethical inside and outside the home, who will grow into adults committed to making the world a better place? How to Raise Kids Who Aren't Assholes is a deeply researched, evidence-based primer that provides a fresh, often surprising perspective on parenting issues, from toddlerhood through the teenage years. First, Melinda outlines the traits we want our children to possess--including honesty, generosity, and antiracism--and then she provides scientifically-based strategies that will help parents instill those characteristics in their kids. Learn how to raise the kind of kids you actually want to hang out with--and who just might save the world.

Spark your child's imagination through science and learning with this captivating astronomy book for toddlers. When it comes to kids books about black holes nothing else can compare to this clever science parody from the #1 science author for kids, Chris Ferrie! PLUS, use a black light to reveal secret, invisible text and artwork that reverses the story from nothing to the scientific creation of everything! Using the familiar rhythm of "There Was an Old Lady Who Swallowed a Fly," follow along as the black hole swallows up the universe and everything that exists in it, from the biggest to the smallest pieces of matter. The silly, vibrant artwork is sure to make stargazers of all ages smile and start a love of science in your baby. There was a black hole that swallowed the universe. I don't know why it swallowed the universe--oh well, it couldn't get worse. There was a black hole that swallowed a galaxy. It left quite a cavity after swallowing that galaxy. It swallowed the galaxies that filled universe. I don't know why it swallowed the universe--oh well, it couldn't get worse.
