The quality improvement of higher education is needed to guarantee the quality of the graduates for the future competitiveness. Due to the local and global changes and the issue of Industrial Revolution 4.0, higher education needs to compliance the paradigm. Labor requirement's competence requires curriculum reformation from input-based education to outcome-based education. In learning, the paradigm friction appears from instructional paradigm to learning paradigm. To solve the related proportion, LP3M (Institute of Educational Development and Quality Assurance) Universitas Andalas initiated the International Conference on Educational Development and Quality Assurance (ICED-QA 2). This conference was attended expert and researchers from different countries to discuss the issues about "Educational Quality Development in Industrial Revolution 4.0".
