This report presents a statistical overview of the current housing conditions of selected races: White, Black; American Indian, Eskimo, or Aleut; and Asian or Pacific Islander households. Data are also shown for Hispanic-origin households. Generally, the report is based on data collected from the American Housing Survey (AHS) for the United States in 1987, a biennial national sample survey of approximately 55, 800 housing units conducted by the Bureau of the Census for the Department of Housing and Urban Development. Since the AHS does not obtain data on the

individual groups comprising the Asian or Pacific Islander and the Hispanic-origin populations, data from the 1980 Public-Use Microdata Sample, a 1-percent sample of the United States population as enumerated in the 1980 Census, are included in this publication.

Company Summary, 1997
Books of the Brave
Since its original
appearance in 1949,
Irving A. Leonard's
pioneering Books of the
Brave has endured as the
classic account of the
introduction of literary
culture to the Spanish
New World. Leonard's
study documents the
works of fiction that
accompanied and followed
the conquistadores to
the Americas and argues
that popular texts

Read Free Tomos 4 8

influenced these men and shaped the way they thought and wrote about their experiences. UC Press's 1992 edition combines Leonard's text with a selection of the documents that were his most valuable sources--nine lists of books destined for the Indies. Containing a wealth of information, these lists provide the documentary evidence for what is perhaps Leonard's greatest contribution: his demonstration that royal

Read Free Tomos 4 8

and inquisitorial prohibitions failed to control the circulation of books and ideas in colonial Spanish America. Rolena Adorno's introduction reaffirms the lasting value of Books of the Brave and chronicles developments in cultural-historical studies that have shed light on the role of books in Spanish American colonial culture. Adorno situates Leonard's work at the threshold between older, triumphalist views of

Spanish conquest history and more recent perspectives engendered by studies of native American peoples. With its rich descriptions of the book trade in both Spain and America, *Books of the Brave* has much to offer historians as well as literary critics. Indeed, it is a highly readable and engaging book for anyone interested in the cultural life of the New World. This title is part of UC Press's Voices Revived program,

which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, *Voices Revived* makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1992.

Wales and Socialism

This study examines the spread of socialism in late-Victorian and Edwardian

Read Free Tomos 4 8

Wales, paying particular attention to the relationship between socialism and Welsh national identity. Welsh opponents of socialism often claimed it to be a foreign import, whereas socialists often asserted that the Welsh were socialist by nature. This study - the first full-scale study of the influence of early socialism across all of Wales - demonstrates that the reality was more complex than either assertion would admit. Rather than focusing on the structural growth of socialism, the topic is discussed in terms of the spread of ideas and the development of a political

Read Free Tomos 4 8

culture. The study culminates in a discussion of attempts, in the period before the Great War, to create a specifically Welsh socialist tradition. In approaching the topic from this angle, this study restores a part of the lost diversity of British socialism that is of striking contemporary relevance.
