instruments of colonial punishment endured after independence and challenges their continued existence. In *Carceral Afterlives*, Katherine Bruce-Lockhart traces the politics, practices, and lived experiences of incarceration in postcolonial Uganda, focusing on

the period between independence in 1962 and the beginning of Yoweri Museveni's presidency in 1986.

During these decades, Ugandans experienced multiple changes of government, widespread state violence, and war, all of which affected the

government's approach to punishment. Bruce-Lockhart analyzes the relationship between the prison system and other sites of confinement—including informal detention spaces known as “safe houses” and wartime camps—and

of captivity challenged the state's violent punitive tactics. Using Uganda as a case study, *Carceral Afterlives* emphasizes how prisons and the wider use of confinement—both as a punishment and as a vehicle for other modes of punishment—remain central to

contrast, Bruce-Lockhart demonstrates how the prison's transition from a colonial to a postcolonial institution explains its ubiquity and reveals ways to critique and challenge its ongoing existence. The book thus explores broader questions about the unfinished
