***Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But KASHER IN THE RYE is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland , California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control-his mother walked him around on a leash, which he chewed through***

*and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.*

Ambrose Bukowski is a twelve-year-old with a talent for mismatching his clothes, for saying the wrong thing at the worst possible time, and for words. In short, he's a self-described nerd. Making friends is especially hard because he and his overprotective mother, Irene, have had to move so often. And when bullies at his latest school almost kill him by deliberately slipping a peanut into his sandwich to set off his allergy, it's his mother who has the extreme reaction. From now on, Ambrose has to be home-schooled. Then Ambrose strikes up an unlikely friendship with the landlord's son, Cosmo, an ex-con who's been in prison. They have nothing in common except for Scrabble. But a small deception grows out of control when Ambrose convinces a reluctant Cosmo to take him to a Scrabble club. Could this spell disaster for Ambrose?

Andrew McCarthy grows concerned for his family after he catches a young man, Zachary Denton, photographing his daughter, Grace McCarthy, and other children at a park. To his dismay, Zachary talks his way out of trouble when he's confronted by the police. He hopes that's the end of it.

Then he finds Zachary at a diner and then at a grocery store. He knows their encounters aren't coincidences. And just as Andrew prepares to defend his family, Grace vanishes. As the police search stalls and the leads dry up, Andrew decides to take matters into his own hands. He starts by searching for sex offenders in the area and researching enhanced interrogation techniques... He convinces himself he'll do anything to rescue his daughter, unaware of the pure evil he'll face in his journey. He's willing to hurt-to torture-anyone to save his family. Jon Athan, the author of Into the Wolves' Den and The Abuse of Ashley Collins, delves into the underworld of internet predators in this disturbing horror novel. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. This classic book offers a lively and penetrating analysis of what the overland journey was really like for midwestern farm families in the mid-1800s. Through the subtle use of contemporary diaries, memoirs, and even folk songs, John Mack Faragher dispels the common stereotypes of male and female roles and reveals the dynamic of pioneer family

relationships. This edition includes a new preface in which Faragher looks back on the social context in which he formulated his original thesis and provides a new supplemental bibliography. Praise for the earlier edition: "Faragher has made excellent use of the Overland Trail materials, using them to illuminate the society the emigrants left as well as the one they constructed en route. His study should be important to a wide range of readers, especially those interested in family history, migration and western history, and women's history."--Kathryn Kish Sklar "An enlightening study."--American West "A helpful study which not only illuminates the daily life of rural Americans but which also begins to compensate for the male orientation of so much of western history."--Journal of Social History

Rafe Caradec—gambler, wanderer, soldier of fortune—was as hard a man as the battlefields and waterfronts of Latin America could fashion, but he was as good as his word. As Charles Rodney lay dying in a dank ship's fo'c'sle, Rafe swore to make sure that Rodney's Wyoming ranch went to his daughter, Ann. In Painted Rock, Wyoming, Caradec found land for a man to love, miles of rolling grasslands and towering mountains. He also found that one of the most ruthless men in the territory had set his sights on both Rodney's ranch and his daughter. But Rafe Caradec had given his word, and once he'd looked deep into Ann Rodney's eyes, nothing short of death would stop him from keeping the promise he'd made.
