*ON VACATION AND BOOK LOVERS! A romance writer who no longer believes in love and a literary writer stuck in a rut engage in a summer-long challenge that may just upend everything they believe about happily ever afters. Augustus Everett is an acclaimed author of literary fiction. January Andrews writes bestselling romance. When she pens a happily ever after, he kills off his entire cast. They're polar opposites. In fact, the only thing they have in common is that for the next three months, they're living in neighboring beach houses, broke, and bogged down with writer's block. Until, one hazy evening, one thing leads to another and they strike a deal designed to force them out of their creative ruts: Augustus will spend the summer writing something happy, and January will pen the next Great American Novel. She'll take him on field trips worthy of any rom-com montage, and he'll take her to interview surviving members of a backwoods death cult*

*(obviously). Everyone will finish a book and no one will fall in love. Really. Sarah J. Maas's sexy, richly imagined series continues with the journey of Feyre's fiery sister, Nesta. Nesta Archeron has always been prickly-proud, swift to anger, and slow to forgive. And ever since being forced into the Cauldron and becoming High Fae against her will, she's struggled to find a place for herself within the strange, deadly world she inhabits. Worse, she can't seem to move past the horrors of the war with Hybern and all she lost in it. The one person who ignites her temper more than any other is Cassian, the battle-scarred warrior whose position in Rhysand and Feyre's Night Court keeps him constantly in Nesta's orbit. But her temper isn't the only thing Cassian ignites. The fire between them is undeniable, and only burns hotter as they are forced into close quarters with each other. Meanwhile, the treacherous human queens who returned to the Continent during the last war have forged a dangerous new alliance, threatening the fragile peace that has settled over the realms. And the key to halting them might very well rely on Cassian and Nesta facing their haunting pasts. Against the sweeping backdrop of a world seared by war and plagued with uncertainty, Nesta and Cassian battle monsters from within and without as they search for acceptance-and healing-in each other's arms. The Pulitzer Prize-winning author of A Rumor of War presents a tale inspired by the brutality and beauty of life on the Arizona-Mexico border where September 11 widower Gil Castle finds his efforts to heal challenged by dark truths about his fearsome*

First published in 1895, this volume contains a series of arguments against the idea that the world is round. The belief that the Earth is flat and not a globe existed in many ancient civilisations, but we now know that this is not true. However, even today there are those who believe in a flat earth, just as there was when ideas of a spherical earth were relatively new. Within this book, the author explains why these new ideas of the planet as a globe are absurd, with

interesting examples and explanations as to precisely why. Highly recommended for those with an interest in Flat Earth theory and the history of astronomy. Contents include: “Ships 'Going Down!’”, “How Much Loner Will it Be?”, “Absurd Theory!”, “No Proof to be Had”, “When the Man Has Time!”, “Earth A Globe”, “The Scientific Wager of 1870”, “Our Opponents Ways and Means”, etc. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this book today in an affordable, modern edition complete with the original text and artwork.

Horses, gambling, and secrets are the game played by the men of the Stud Club—until love raises the stakes in *Twice Tempted by a Rogue*. Luck is a double-edged sword for brooding war hero Rhys St. Maur. His death wish went unanswered on the battlefield, while fate allowed the murder of his good friend in the elite gentlemen’s society known as the Stud Club. Out of options, Rhys returns to his ancestral home on the moors of Devonshire, expecting anything but a chance at redemption in the arms of a beautiful innkeeper who dares him to take on the demons of his past—and the sweet temptation of a woman’s love. Meredith Maddox believes in hard work, not fate, and romance isn’t part of her plan. But when Rhys returns, battle-scarred, world-weary, and more dangerously attractive than ever, the lovely widow is torn between determination and desire.

As a deep mystery and dangerous smugglers threaten much more than their passionate reckoning, Meredith discovers that she must trust everything to a wager her heart placed long ago.

In a dark future, when North America has split into two warring nations, 15-year-olds Day, a famous criminal, and June, the brilliant soldier hired to capture him, discover that they have a common enemy.P. Putnam's Sons.

*From the Preface: Most Americans who have studied Latin, with our priests and seminarians*

included, have employed this method, which they thought was 'traditional'. But as something fully developed, this tradition scarcely goes farther back than 1880; and even in its beginnings it hardly antedates the seventeenth century. In contrast to this method of grammatical analysis, Father Most's textbooks reproduce much of the "natural method" by which children learn their native language. Hence, the significance of Father Most's books is manifestly great for the Latin classes in any Catholic high schools or colleges. So much of our Catholic doctrine and culture have been deposited in Latin that we want many of our educated Catholics to be able to use Latin with ease. But the special significance of Father Most's texts is for the Latin classes in our seminaries. Here the students still have much the same cogent motives to master the art of using Latin with ease as the pupils of the thirteenth or sixteenth century. They need it as an indispensable means of communicating thought in their higher studies, and afterwards throughout life. The objectives (knowledge about Latin and training of mind) and corresponding methods (grammatical analysis and translation) "traditional" since 1880 have taken over in our seminaries; and there too the students have been experiencing an ever growing inability to use Latin. Father Most's textbooks can contribute much towards revolutionizing the teaching of Latin by bringing back, as the chief objective, the art of reading, writing, and (when desired) speaking Latin with ease." Fr. Most's textbooks can be classed in categories of similar texts, such as Hans Ørberg's *Lingua Latina*, as well as *Ecce Romani* which is a simplification of Ørberg or others which aim to teach Latin not even so much as a modern language, as to teach it by a method more natural to the philosophy of learning Languages. Fr. Most's text follows the view that Latin of the later period is actually more advanced in communicating ideas and is easier to learn than Latin of the classical period, and

thus this Second Volume begins the transition with readings and vocabulary from the Vulgate, continuing with the more ancient collects of the 1962 Missale Romanum, St. Cyprian and culminating with a reading from the Roman Historian Sallust. This is an excellent text applying the "natural method" with English language instruction to help the student read and understand Latin natively, with numerous vehicles for simplifying the necessary memorization as well as aiding in truly understanding Latin without constant need to look in a dictionary for rudimentary sentences. This is reprinted from the 1960 edition, and follows the presentation of the text found in that edition.

The 2nd Edition of The Tennis Parent's Bible delves even deeper than the original bestselling Tennis Parent's Bible- an essential guide for the competitive junior tennis player, parent and coach. The second edition opens the door to thousands of hours of athlete-coach specific instruction and parental job descriptions that will save thousands of dollars and hours of wasted time, tears and anguish. Frank clearly spells out what tennis parents need to know and understand about how to navigate their young tennis athletes through this maze of the highly competitive and performance driven sport. Regardless of the stage of development, the ultimate goal of The Tennis Parent's Bible is to maximize player potential at the quickest rate. The evolutionary state of tennis demands parents be more involved and informed. Specific roles and responsibilities of the player, coach and parent are outlined for greater synergy, team harmony and accelerate athletic growth. The Tennis Parent's Bible is essential reading for those interested in developing confident, self-reliant and accomplished children.

The European film industry has by now lost most of its audience to American films; US productions take around eighty per cent of Europe's box-office revenues. There are many

reasons for this imbalance, but one major difference between the European and the US film industries is easily identified: the Americans spend far more on development. *Developing Feature Films in Europe* is the first comprehensive study of this critical stage of the film-making process. Based on extensive research and interviews with more than seventy industry practitioners, it examines current funding practices, presents training initiatives for writers and producers, and highlights the potential for further improvements. Angus Finney has also compiled an invaluable directory of contacts, addresses and application procedures for public and private funding bodies throughout Europe.

Accused of treason, a former British security operative and his ally must run for their lives across a vast and wild English landscape According to British intelligence, Alwyn Rory is a traitor to his country. They say the ex – security officer accepted a considerable sum of money from enemy agents, and in return, helped to facilitate the escape of a dangerous spy. Now the supposed turncoat is believed to be in the Soviet Union, having freely defected to the Russian side, leaving his once-beloved homeland behind forever. The reality, however, is far more complicated. Alwyn Rory never

left the island. Instead, he has gone to ground in the English countryside with fellow fugitive Adrian Gurney. Survival is the name of the game, but with the CIA, the KGB, and MI6 all dedicated to the covert termination of Rory and Gurney, two men without a country don't stand a chance. Acclaimed author Geoffrey Household combines peerless storytelling with an abiding love for the wild places of Great Britain in a gripping, evocative, breakneck-paced Cold War thriller that races from the South Devon coast to the vast and beautiful Marlborough Downs. As visual and intelligent as it is surprising and exciting, *Red Anger* is an enduring masterwork of twentieth-century espionage and adventure fiction.
