“A witty and lively novel set somewhere between the worlds of Roddy Doyle and Irvine Welsh.” —William Dalrymple, *The Guardian* Reminiscent of early Roddy Doyle, Tony Hogan Bought Me an Ice-Cream Float Before He Stole My Ma begins with our singular heroine’s less than idyllic birth and quickly moves to a spectacular fight that lands Janie and her mother in a local women’s shelter. From there it’s on to a dodgy council flat and a succession of unsuitable men, including the hard-drinking, drug-dealing, ice-cream-buying Tony Hogan. Kerry Hudson’s arrestingly original debut will enthrall readers with Janie’s tragicomic and moving story about coming of age in a non-traditional family amid the absurdities of the 1980s and Thatcherite Britain.

Located northeast of Damascus, in an oasis surrounded by palms and two mountain ranges, the ancient city of Palmyra has the aura of myth. According to the Bible, the city was built by Solomon. Regardless of its actual origins, it was an influential city, serving for centuries as a caravan stop for those crossing the Syrian Desert. It became a Roman province under Tiberius and served as the most powerful commercial center in the Middle East between the first and the third centuries CE. But when the citizens of Palmyra tried to break away from Rome, they were defeated, marking the end of the city’s prosperity. The magnificent monuments from that earlier era of wealth, a resplendent blend of Greco-Roman architecture and local influences, stretched over miles and were among the most significant buildings of the ancient world—until the arrival of ISIS. In 2015, ISIS fought to gain control of the area because it was home to a prison where many members of the outlawed Muslim Brotherhood had been held, and ISIS went on to systematically destroy the city and murder many of its inhabitants, including the archaeologist Khaled al-Asaad, the antiquities director of Palmyra. In this concise and elegiac book, Paul Veyne, one of Palmyra’s most important experts, offers a beautiful and moving look at the history of this significant lost city and why it was—and still is—important. Today, we can appreciate the majesty of

Palmyra only through its pictures and stories, and this book offers a beautifully illustrated memorial that also serves as a lasting guide to a cultural treasure.

Meanwhile, Anitram, a little girl monster, is also having trouble sleeping. There's a noisy little human jumping on the bed in the upside-down world under her floor! Martina and Anitram have more in common than they realize and when a mysterious hole opens up in the floor between their worlds, they are in for a big surprise! A beautiful and clever tale that makes a perfect bedtime story for anyone who is afraid of (or wants to become friends with) a monster!

Don't miss B. A. Shapiro's new novel, The Collector's Apprentice, available now! "Vibrant and suspenseful . . . Like The Art Forger, this new story takes us into the heart of what it means to be an artist." —The Washington Post "B. A. Shapiro captivated us in 2012 with her 'addictive' novel The Art Forger. Now, she's back with another thrilling tale from the art world." —Entertainment Weekly When Alizée Benoit, an American painter working for the Works Progress Administration (WPA), vanishes in New York City in 1940, no one knows what happened to her. Not her Jewish family living in German-occupied France. Not her artistic patron and political compatriot, Eleanor Roosevelt. Not her close-knit group of friends, including Mark Rothko, Jackson Pollock, and Lee Krasner. And, some seventy years later, not her great-niece, Danielle Abrams, who while working at Christie's auction house uncovers enigmatic paintings hidden behind works by those now-famous Abstract Expressionist artists. Do they hold answers to the questions surrounding her missing aunt?

"A mystery that touches the heart, with characters caught in a world that's harsh but trembles with tender emotions. A beautiful story." JAMES NAUGHTIE, BBC Radio 4 When the door opened and he came out, there came with him the stench of a dead thing, the sweet, sulphurous, warm, rotten chicken smell that only ever comes from unburied flesh. A dead body is found in a locked house. It has been stabbed in a frenzy, the hands and feet bound, the skull smashed, false teeth knocked from its jaws. Blood pools around the corpse and drips from the staircase. Yet nothing is missing: money and valuables remain untouched. Who could have murdered an old woman in such a horrifying way? And why?

*This is the mystery facing Sergeant John Fraser and Detective Lieutenant Trench when wealthy spinster Miss Jean Milne is murdered in the quiet seaside town of Broughty Ferry. Yet, despite an abundance of clues and apparent witnesses, the investigation proves troublesome: suspects are elusive and Miss Milne herself is found to be far from a model of propriety. And when sensational headlines put pressure on the police force to find a culprit, Fraser and Trench must work fast to prevent the wrong man from going to the gallows. But will they ever unravel the secret life and curious death of Miss Jean Milne? REVIEWS "Nicoll takes a true story and builds it into a twisting piece of prose with an unexpected shift towards the end." DAILY EXPRESS (****, Summer's Most Addictive Crime Fiction) "Beautifully Done." THE SUN "The sense of setting and era are spot on, and the dusky streets of Scotland are suitably spooky." HEAT MAGAZINE "A superb read, the sort of book that keeps you compulsively turning pages." UNDISCOVERED SCOTLAND "Nicoll offers a plausible, if shocking, solution to the crime at the end...in the style of the best Agatha Christie. The writing of a Christie-esque novel in the 21st century, however, requires a fresh and lively narrative, coupled with a wry and critical humour, to make it feel compellingly modern enough. Nicoll achieves that and more by bringing us, sometimes uncomfortably so, closer to our sins of the past." THE NATIONAL "An intelligent crime novel with secrets, passion and great characters - just a great murder mystery." PORTOBELLO BOOK BLOG "A triumph of tone, very moving, completely convincing." ANDREW MARR on The Good Mayor "An exuberant, whirlwind read, with a glint of steel beneath the frothy plot." THE GUARDIAN on The Good Mayor*

Alex Capus ' s novels have been runaway best-sellers in Germany, and his novel Léon and Louise received widespread critical acclaim on its English publication in 2012. A Price to Pay, the fourth of Capus ' s novels to be published in English, tells the interwoven stories of three disparate figures from interwar Switzerland: pacifist Felix Bloch, who ends

up working on the Manhattan Project; Laura d'Ornano, who wants to become a singer but instead becomes an Allied spy in fascist Italy; and Emile Gillieron, who accompanies Heinrich Schliemann to Troy and becomes one of art's greatest forgers. Taking off from the only moment in history when all three were in the same place—a November day in 1924 at Zürich Station—Capus traces their diverging paths as they secure their places in the annals of history—but at what price?

She was a Fellow and Tutor of Scone College and the world must learn that Fellows and Tutors of Scone College shall not be done to death with impunity.' The Hon. Charlie Mortdecai, the inspiration for the character in the film *Mortdecai*, starring Johnny Depp, is invited to Oxford to investigate the cruel and most definitely unusual death of a don who collided with an omnibus. Though her death appears accidental, one or two things don't add up - such as two pairs of thugs who'd been following her just before her death. With more spies than you could shoe horn into a stretch limo and the solving of the odd murder along the way, *The Great Mortdecai Moustache Mystery* is a criminally comic delight.

Un testimone d'eccezione, dall'interno di un mondo sull'orlo del baratro, racconta la sua esperienza all'atac di Roma, una realtà che nessuno scandalo riesce a scalfire. Qui si sperimenta da tempo quel Patto della Nazione che vede mutar di casacca, di fede, di patria politica (ma non di intenti), dirigenti, sindacalisti, fornitori e faccendieri. Tutti, ad ogni giro di valzer, si ricollocano in modo sempre più soddisfacente (come i vecchi pezzi dei veicoli, che ritirati da un deposito atac vengono rivenduti come nuovi a un altro deposito atac), fino a formare una piramide rovesciata: tanti dirigenti, pochi operativi. E chi si oppone al gattopardismo imperante – con le sue regole da manuale Cencelli – è

fatto fuori senza troppe spiegazioni. E intanto il cittadino romano attende alla fermata di Trasportopoli che il suo autobus arrivi: «Come? È in sciopero?... Prenderò la metropolitana... Ah, si è rotta?»...

“A dreamy charmer of a book, full of clever wordplay that practically demands it be read out loud.”—New York Times Have you ever wanted to hold a little piece of the impossible? Lavishly illustrated in full color, *The Doldrums* is an extraordinary debut about friendship, imagination, and the yearning for adventure from author-artist Nicholas Gannon. A modern classic in the making, *The Doldrums* is for readers of inventive and timeless authors such as Brian Selznick and Lemony Snicket. Archer B. Helmsley wants an adventure. No, he needs an adventure. His grandparents were famous explorers . . . until they got stuck on an iceberg. Now Archer’s mother barely lets him out of the house. As if that would stop a true Helmsley. Archer enlists Adelaide—the girl who, according to rumor, lost her leg to a crocodile—and Oliver—the boy next door—to help him rescue his grandparents. *The Doldrums* whisks us off on an adventure full of sly humor, incredible detail, and enormous heart. With approximately twenty pieces of breathtaking full-color artwork, as well as black-and-white spot illustrations, and gorgeous, literary writing, Nicholas Gannon proves himself to be a distinctive new voice with his middle grade debut. Be in it for the limitless imagination. For the characters who capture your heart. For the rich world you’ll want to settle into. But most of all, be in it for the friendship. That, after all, is the true adventure.

Diabolically funny and subversively philosophical, Italian novelist Giacomo Sartori’s *I Am God* is the diary of the Almighty’s existential crisis that erupts when he falls in love with a human. *I am God*. Have been forever, will be forever. Forever, mind you, with the razor-sharp glint of a diamond, and without any counterpart in the languages of men. So begins God’s diary of the existential crisis that ensues when, inexplicably, he falls in love with a human. And not just any human, but a geneticist and fanatical atheist who’s certain she can improve upon the magnificent creation she doesn’t even give him the credit for. It’s frustrating, for a god. God has infinitely bigger things to occupy his celestial attentions. Yet he can’t tear his eyes (so to speak) from the geneticist who’s unsettlingly avid when it comes to science, sex, and Sicilian cannoli. Whatever happens, he must safeguard his transcendental dignity. So he watches—disinterestedly, of course—as the handsome climatologist who has his sights set on her keeps having strange accidents. And as the lanky geneticist becomes hell-bent on infiltrating the Vatican’s secret files, for reasons of her own.... A sly critique of the hypocrisy and hubris that underlie faith in religion, science, and macho careerism, *I Am God* takes us on a hilarious and provocative romp through the Big Questions with the universe’s supreme storyteller.

Scandinavia's undisputed queen of crime fiction, Liza Marklund, is the #1 international bestselling author of the Annika Bengtzon series, now available from Vintage Canada. Five murders in 1 week, a smuggling operation gone wrong, and a crime reporter desperate to find the truth... A hurricane has swept over Sweden and left the country in turmoil. At a derelict port in Stockholm, a young woman is on the run from a deranged gunman. The following morning, a security guard finds the bodies of 2 men, brutally murdered. And a valuable lorry shipment of cigarettes has

disappeared from the port. Meanwhile, copy editor Annika Bengtson is thinking she'll never be able to write her own articles for the Evening Post when she is approached by a woman wanting her story published. She claims to have founded an organization capable of erasing people's pasts--giving vulnerable individuals a new identity and helping them to build a new life. But as Annika embarks on her investigations, more vicious murders follow and she finds herself getting dangerously close to the truth--that all is not as it seems...

A brief love affair turns into an overwhelming obsession in a new novel that brings the talents of a superb literary stylist to a work of suspense, with thrilling results. The beautiful younger woman who appeared so unexpectedly, so gloriously, in Michael Coolidge's life one night—a seemingly chance pick-up at a quiet neighborhood bar—vanished just as suddenly a few days later, leaving him dazed and bewildered. Months later he chances upon Justine on a village street, locked in a violent quarrel with a menacing stranger—a day later, that man is found dead in a seedy motel and Justine has disappeared again, leaving behind only a hasty plea for help. Michael's efforts to locate her, or to find out something more about her elusive past, yield only further mystery, a confusing web of lies, manipulations and false leads. Who is the real Justine? Downtown art world sophisticate, or small town innocent? Victim or predator? Someone he can trust, or someone he should actually fear? This spellbinding psychological thriller confounds the reader at every turn, constantly causing us to revise our assumptions. It's a fascinating study in character and a relentless, ingeniously head-spinning story—all deliciously unresolved until the very last page.

John Berger's writings on photography are some of the most original of the twentieth century. This selection contains many groundbreaking essays and previously uncollected pieces written for exhibitions and catalogues in which Berger probes the work of photographers such as Henri Cartier-Bresson and W. Eugene Smith - and the lives of those photographed - with fierce engagement, intensity and tenderness. The selection is made and introduced by Geoff Dyer, author of the award-winning *The Ongoing Moment*. How do we see the world around us? This is one of a number of pivotal works by creative thinkers whose writings on art, design and the media have changed our vision for ever. *Understanding a Photograph* John Berger Edited and introduced by Geoff Dyer

Towards the end of her life, the French philosopher and mystic Simone Weil (1909-43) was working on a tragedy, *Venice Saved*. Appearing here in English for the first time, this play explores the realisation of Weil's own thoughts on tragedy. A figure of affliction, a central theme in Weil's religious metaphysics, the central character offers a unique insight into Weil's broader philosophical interest in truth and justice, and provides a fresh perspective on the wider conception of tragedy itself. The play depicts the plot by a group of Spanish mercenaries to sack Venice in 1618 and how it fails when one conspirator, Jaffier, betrays them to the Venetian authorities, because he feels compassion for the city's beauty. The edition includes notes on the play by the translators as well as introductory material on: the life of Weil; the genesis and purport of the play; Weil and the tragic; the issues raised by translating *Venice Saved*. With additional suggestions for further reading, the volume opens up an area of interest and research: the literary Weil.

Esoteric Orders and their Work examines how and why esoteric schools have restricted admission to their secret societies and orders, and shrouded their practices in mystery. The knowledge guarded by these schools--passed down through the ages, and revised from time to time by great teachers--is a secret traditional science that studies the causes that lie behind observable phenomena. *Dion Fortune* reveals every aspect of these secret organizations and the

training they offer to initiates.

Dr Taverner is an occult Sherlock Holmes, an esoteric Master who uses his powers to aid 'untreatable' patients for whom orthodox medical science can do nothing. Utilizing his knowledge of White Magic, he fights an unrelenting battle against vampires, death-hounds, body-snatchers and members of the nefarious Black Lodge. Well-written and briskly paced, these twelve stories stand on their own merits - but there is more to these tales than meets the eye. Dion Fortune was herself a mage, a high initiate of the Hermetic Order of the Golden Dawn and founder of the Society of the Inner Light. The tales she tells are based on real events, and she uses 'The Secrets of Dr Taverner' as a vehicle to introduce the reader to magical practices and many arcane principles of occult law. Each story in this collection is a complete case, as gripping and as entertaining as the stories of Sherlock Holmes. They take you into the inner worlds of the human mind - a world full of strange twists and unexpected happenings!

The Real Justine: A Novel

A Novel

A Novel of Venice 1118 A.D.

“An extraordinary book, a gripping trip back through time to discover a different but still unique Venice and its political intrigues and mysteries” (Art as a Part of Culture). In a medieval Venice ravaged by famine and orgiastic revelries, the protagonists of *The Apothecary's Shop* explore the depths of the city and the paths to the supernatural in their search for a missing child. The young Costanza, of the noble Grimani family, has disappeared. Edgardo, the family scribe, vows to return the girl to her family, an ambitious enterprise considering his failing eyesight. Physical ailments and emotional torment hinder Edgardo's search, for as he undertakes this perilous investigation, images of his own lost love—Kallis, a slave from the Far East who disappeared in a storm years ago—are resurrected. Help arrives in the form of Abella, the only female doctor in Venice. From her, Edgardo learns of occult medical practices and of Sabbatai's Apothecary, where the city's most desperate citizens seek heretical remedies and concoctions to sooth their suffering. It is here, however, where the secret of Constanza's disappearance may lie. Venal physicians and legitimate healers, unscrupulous relatives, mystics and apothecaries, wealthy nobility and the wretched poor, undertakers, Eastern merchants, African slave traders, each plays a role this ingeniously constructed mystery set in the busy and licentious trade port of Venice. “Nobody writes about Venice like Roberto Tiraboschi in *The Apothecary's Shop*.” —L'Unità “An extremely elegant intrigue, with cosmopolitan influences that reflect the character of the city, several unlikely plot twists, and the panache to put just enough confidence in the mind of the reader to keep the pages turning quickly.” —Seattle Review of Books

From the award-winning novelist David Whitehouse, hailed by The New York Times as "a writer to watch," a tragicomic adventure about a troubled adolescent boy who escapes his small town in a stolen library-on-wheels. "An archivist of his mother," Bobby Nusku spends his nights meticulously cataloging her hair, clothing, and other traces of the life she left behind. By day, Bobby and his best friend Sunny hatch a plan to transform Sunny, limb-by-limb, into a cyborg who could keep Bobby safe from schoolyard torment and from Bobby's abusive father and his bleach-blonde girlfriend. When Sunny is injured in a freak accident, Bobby is forced to face the world alone. Out in the neighborhood, Bobby encounters Rosa, a peculiar girl whose disability invites the scorn of bullies. When Bobby takes Rosa home, he meets her mother, Val, a lonely divorcee, whose job is cleaning a mobile library. Bobby and Val come to fill the emotional void in each other's lives, but their bond also draws unwanted attention. After Val loses her job and Bobby is beaten by his father, they abscond in the sixteen-wheel bookmobile. On the road they are joined by Joe, a mysterious but kindhearted ex-soldier. This "puzzle of people" will travel across England, a picaresque adventure that comes to rival those in the classic books that fill their library-on-wheels. At once tender, provocative and darkly funny, Mobile

Library is a fable about the intrinsic human desire to be loved and understood—and about one boy's realization that the kinds of adventures found in books can happen in real life. It is the ingenious second novel by a writer whose prose has been hailed as "outlandishly clever" (The New York Times) and "deceptively effortless" (The Boston Globe).

The Training and Work of an Initiate shows how, from ancient Qabalistic, Greek, and Egyptian roots, the Western Esoteric Systems have an unbroken initiation tradition that has been handed down from adept to neophyte. In this book, Dion Fortune indicates the broad outlines and underlying principles of these systems, illuminating an obscure and greatly misunderstood aspect of the path. Thanks to her teaching, even if you cannot give your entire life over to the pursuit of esoteric science, you can still develop a philosophy of life and learn your individual relationship to the cosmic whole. You will discover how initiates prepare body, mind, and spirit for the challenging journey that is the esoteric path, what the path of initiation looks like, and what it is to be called to this work. The book is filled with accessible information, presented in a way so that "even that which the smallest cup can carry away is the true water of life". This revised edition contains a new foreword by Gareth Knight, and an index.

This graphic novella catches up with aspiring young writer Fante Bukowski one year later; he's attempting to establish himself in a new city's literary scene, self-publishing his first zine, and coming to terms with his feelings for an old friend. Fante Bukowski yearns for success as the great American novelist, and to get respect from his father once and for all. But, there's just one problem: he still has no talent for writing.

The book presents the fundamental stories and legends of Greek (and Latin) mythology. The intent

is to preserve this rich and varied heritage, which is the basis of Western culture and permeates every form of art, even contemporary. It is divided into the following four parts: The Origins - The Gods of Olympus - Other Gods and Legends - Weird and Wonderful Creatures. Fact sheets follow the narratives, which can also serve for educational use. Each tab is divided into two parts: Analysis and Understanding of the text - Reworking and Writing.

The two fuzzy creatures from You Are (Not) Small argue over a chair, each shouting 'It's mine!' But they soon realise it's better to play than to fight with your friend. The simple text of Anna Kang and bold illustrations of The New Yorker cartoonist Christopher Weyant tell an original and very funny story about sharing. The 'bonkers' book that 'it is impossible not to be moved by' DAILY MAIL A joyful and hilarious tale of some very spirited septuagenarians as they overcome innumerable obstacles to save their beloved mutt from a heartless exterminator in a land where bureaucracy reigns above all else.

A three-thousand year history of the world that examines the causes of war and the search for peace In three thousand years of history, China has spent at least eleven centuries at war. The Roman Empire was in conflict during at least 50 per cent of its lifetime. Since 1776, the United States has spent over one hundred years at war. The dream of peace has been universal in the history of humanity. So why have we so rarely been able to achieve it? In A Political History of the World, Jonathan Holslag has produced a sweeping history of the world, from the Iron Age to the present, that investigates the causes of conflict between empires, nations and peoples and the attempts at diplomacy and cosmopolitanism. A birds-eye view of three thousand years of history, the book illuminates the forces shaping world politics from Ancient Egypt to the Han Dynasty, the Pax Romana to the rise of Islam, the Peace of Westphalia to the creation of the United Nations. This truly global approach enables Holslag to search for patterns across

different eras and regions, and explore larger questions about war, diplomacy, and power. Has trade fostered peace? What are the limits of diplomacy? How does environmental change affect stability? Is war a universal sin of power? At a time when the threat of nuclear war looms again, this is a much-needed history intended for students of international politics, and anyone looking for a background on current events.
