They have... books with these terrible, awe-inspiring Names... they know that the use of these mysterious Names, without due and careful preparation, brings with it calamity and premature death. -from the introduction How much ancient wisdom was lost in the medieval years! here laments Moses Gaster, one of the most prominent Jewish theologians and folklorists of the late 19th century. In 1896, he translated a fragmentary relic of Gnostic literature, a manuscript concerned with the many secret names of God believed by Kabbalists to wield enormous magical power, but in the discussion that here precedes the translation, Gaster acknowledges that this document only hints at the texts that may be lost forever. It remains a tantalizing peek into archaic occult mysteries. Jewish scholar MOSES GASTER (1856-1939) was born in Romania but emigrated to England, where he lectured at Oxford University. His wrote numerous books of theology, folklore, history, and literature, including History of Rumanian Popular Literature (1883) and five-volume Sephardic prayer book (1901-6).

In Faery Seership the truths we seek can only be found within ourselves, within nature, and within our relationships to nature. At the centre of the Faery Tradition lies the Tree of Enchantment: the symbol for these relationships and for the threefold life of humanity. At each level of the tree, there are attending spirit forces that vary from beings of light to beings of shadow, from the ancestors of humanity to the architects of form and nature, from the destiny of our planet to the creation forces of the universe. The tree's roots grow through the lower world, where all life originates and the dead travel, its trunk and lower branches reach out across the middle world, where elemental forces and the four directions guide us, and its highest branches reach the into the upper world and the Star realm. Weaving together folk tradition and extensive academic research, Orion Foxwood has created an accessible, beautifully written pathway into the Old Religion of Faery Seership. Based on Appalachian traditions, Wiccan studies, Celtic oral traditions, and the Craft from Western and Northern Europe, The Tree of Enchantment offers the student of Faery Tradition both introductory and advanced visionary practices and authentic tools to learn to navigate the three realms of humanity. With diligence and an open heart, the reader will learn to cross The River of Blood, pass through The Gate of Awakening, and over The River of Stars.

John Lundin writes from the heart, and the heart that he invokes is the very heart of the world." -- Wade Davis, National Geographic Explorer of the Millennium, best-selling author of The Serpent and the Rainbow and The Wayfinders: Why Ancient Wisdom Matters in the Modern World Synopsis: A parable-like work of fiction reminiscent of the work of Paulo Coelho, Journey to the Heart of the World was written while the author, John Lundin, was living among and learning from the indigenous tribes of the Sierra Nevada de Santa Marta in northern Colombia. Its message, both humanitarian and environmental, asks us to take heed of the messages of Nature and to care for the Earth and Her people, while also finding our own true place in the world as individual human beings.

• Presents interviews with ten contemporary practitioners of spirit marriage, exploring how the relationship developed and the opportunities and challenges • Discusses the author ' s own spirit marriage, including her awakening as an erotic mystic and her encounters with her Faery beloved • Explains how to cultivate a spirit marriage, sharing precautions and practices to spiritually prepare yourself and navigate the potential challenges of spirit marriage Exploring the phenomenon of the spirit spouse or spirit lover--an entity to which a human is psychically bonded--Megan Rose, Ph.D., examines the practice and purpose of spirit marriage around the world, presenting transcultural evidence of this form of sacred union in anthropological research, religious literature, mythology, folklore, and the oral tradition. She shares her in-depth interviews with ten contemporary practitioners of spirit marriage, including a Faery Seer, a Shakta Tantric, a West African Shrine Keeper, a New Orleans Voodoo Mambo, Haitian Vodou practitioners, and a ceremonial magician. Through these respectful interviews, the spirit-marriage practitioners tell their stories of initiation and of having a spouse who is both otherworldly and able to assist in waking- world activities. They offer intimate insight into this growing global practice and its larger evolutionary purpose. We learn about their experiences of first contact, the decision to marry, how the relationship is upheld by their community, and the impact on their other relationships. We also learn about the risks and challenges as well as one example of divorcing a spirit. Sharing her personal experience, the author discusses in detail her own spirit marriage, including the erotic nature of being "spirit filled" and her encounters with her Faery beloved. She explains how to cultivate a spirit marriage, sharing precautions and practices to spiritually prepare yourself, interpret your paranormal encounters, and navigate the potential challenges of spirit marriage. Presenting the first study of the transcultural, shamanistic practice of spirit marriage, this book shows how bonded relationships with spirits are needed now more than ever to assist with spiritual evolution.

An Oral History as Told by Jon Stewart, the Correspondents, Staff and Guests

The Ties That Bind

NEW YORK TIMES BESTSELLER *The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.*

In a garden surrounded by a tall fence, tucked away behind a small, quiet house in an even smaller town, is an apple tree that is rumored to bear a very special sort of fruit. In this luminous debut novel, Sarah Addison Allen tells the story of that enchanted tree, and the extraordinary people who tend it. . . . The Waverleys have always been a curious family, endowed with peculiar gifts that make them outsiders even in their hometown of Bascom, North Carolina. Even their garden has a reputation, famous for its feisty apple tree that bears prophetic fruit, and its edible flowers, imbued with special powers. Generations of Waverleys tended this garden. Their history was in the soil. But so were their futures. A successful caterer, Claire Waverley prepares dishes made with her mystical plants—from the nasturtiums that aid in keeping secrets and the pansies that make children thoughtful, to the snapdragons intended to discourage the attentions of her amorous neighbor. Meanwhile, her elderly cousin, Evanelle, is known for distributing unexpected gifts whose uses become uncannily clear. They are the last of the Waverleys—except for Claire ' s rebellious sister, Sydney, who fled Bascom the moment she could, abandoning Claire, as their own mother had years before. When Sydney suddenly returns home with a young daughter of her own, Claire ' s quiet life is turned upside down—along with the protective boundary she has so carefully constructed around her heart. Together again in the house they grew up in, Sydney takes stock of all she left behind, as Claire struggles to heal the wounds of the past. And soon the sisters realize they must deal with their common legacy—if they are ever to feel at home in Bascom—or with each other. Enchanting and heartfelt, this captivating novel is sure to cast a spell with a style all its own. . . . BONUS: This edition contains excerpts from Sarah Addison Allen's First Frost and The Girl Who Chased the Moon.

Szyzygy? Jung used the term to describe the balancing of the opposites. Astronomically, syzygy (pronounced si-zi-gee) refers to a specific conjunction of the sun, moon and earth. On Mother Earth, the planet we call home, we are profoundly influenced by the radiance of the sun as well as the reflected light of the moon as we walk between light and darkness, physically and metaphorically. Solar energy evolves the ego and lunar energy evolves our essence. We learn the balance the two as we travel the twenty-two pathways of Kabbalah ' s Tree of Life. Honoring The Sacred Feminine, the spiritual practice offered here is an invitation to recognize and welcome intuitive wisdom more definitively into everyday awareness. A fresh interpretation of the traditional Major Arcana for women, here the patriarchal layering of the cards is lifted to reveal a timeless and timely revelation of intuitive wisdom in a sequence of insightful, profound, and empowering teachings for any woman who wishes to read her own life story as more substantive than superficial. Twenty-two of these cards reinterpret the Tarot ' s Major Arcana. Aligning the cards with the twenty-two letters of the Hebrew alphabet, we access three levels of soul consciousness, in Hebrew known as nefesh, ruach and neshamah through the specific letter, number and story of each card. Meet inspirational archetypes from world culture to light the way. Through meditations and mantras, discover your personal hero ' s journey that is a crucial part of evolving consciousness.Ten additional cards representing the sefirot or energy centers, offer the Tree of Life as an experiential introduction to Kabbalah. Coincidence and kabbalah, symbols and synchronicities, metaphors and mantras enrich and deepen life ' s experience. This mythic and metaphoric interpretation liberates these cards solely from the realm of prognostication and presents a meditative and inspirational tool for a daily personal practice. Heather Mendel ' s elegant, powerful images, full of mystery and complexity, will forever change the way you view the wisdom of the ancient Tarot.

The spirituality of a fey person may be quite anarchic and entirely private, having no basis in any organized religion. So it can be a secret spirituality that informs the fey type and this may be largely experiential. It has often been perceived as a threat by people who like ideas to be tied down and under control, and by the organizations that such people have created. Meanwhile, in much of today's world, fey people have been thoroughly marginalized. In this book, Rae Beth suggests ways in which we might understand Otherworldly realities without abandoning commonsense. Drawing upon her knowledge of traditional faerie lore, she shows how fey perceptions and psychic skills can serve and enhance life. Few words entice and incite like the word witchery. Thousands of self-identified witches, pagans, and magical practitioners embrace the word, but seldom go beyond the practice of the well-accepted and learned forms of "traditional" witchcraft to explore the path of old-witchery.

Orion Foxwood invites readers to walk on the path of old-style witchery, a nature-based practice that is as old as the swamps and as wild as the woods. For the first time, Foxwood reveals some of his own deeply personal rituals and spells directly from his own grimoire of witchery; he highlights the differences (and similarities) between Wicca, "traditional" witchcraft, and old style witchery. By weaving his own path to witchery throughout the book, he gives readers examples of how to identify the way toward this path. There is a revolution among the Pagan and Witchcraft communities, a movement away from prescribed ritual and neopagan practices and a reaching back toward what Foxwood says is in the heart of any true witch: a thundering call deep within their very blood to become a healer, a reckoner, a protector of magical arts, and a guardian of the wild woods.

The surprisingly hopeful story of one woman's search for resiliency in a warming world Several years ago, ecologist Lauren E. Oakes set out from California for Alaska's old-growth forests to hunt for a dying tree: the yellow-cedar. With climate change as the culprit, the death of this species meant loss for many Alaskans. Oakes and her research team wanted to chronicle how plants and people could cope with their rapidly changing world. Amidst the standing dead, she discovered the resiliency of forgotten forests, flourishing again in the wake of destruction, and a diverse community of people who persevered to create new relationships with the emerging environment. Eloquent, insightful, and deeply heartening, In Search of the Canary Tree is a case for hope in a warming world.
