Archbishop Angelo Roncali (later Pope John XXIII) read True and False Reform during his years as papal nuncio in France and asked, A reform of the church 'is such a thing really possible?' A decade

*later as pope, he opened the Second Vatican Council by describing its goals in terms that reflected Congar's description of authentic reform: reform that penetrates to the heart of doctrine as a message of salvation for the whole of humanity, that retrieves the meaning of prophecy in a living church, and that is deeply rooted in history rather than superficially related to the apostolic tradition. Pope John called the council not to reform heresy or to denounce errors but to update the church's capacity to explain itself to the world and to revitalize ecclesial life in all its unique local manifestations. Congar's masterpiece fills in the blanks of what we have been missing in our reception of the council and its call to "true reform." Yves Congar, OP, a French Dominican who died in 1995, was the most important ecclesiologist in modern times. His writings and his active participation in Vatican II had an immense influence upon the council documents. With a few other contemporaries, Congar pioneered a new style of theological research and writing that linked the great tradition of Scripture and the Fathers to contemporary pastoral questions with lucidity and passion. His key concerns were the unity of the church, lay apostolic life, and a revival of the church's theology of the Holy Spirit. He was named a cardinal by Pope John Paul II in recognition of his profound contributions to the Second Vatican Council. Pal Philibert, OP, has taught pastoral theology in the United States and abroad. He is a Dominican friar of the Southern Province. His translation of a collection of Congar's essays on the liturgy has recently been published by Liturgical Press under the title *At the Heart of Christian Worship*. His book *The Priesthood of the Faithful: Key to a living Church* (Liturgical Press, 2005) reflects the ecclesiology of Yves Congar and his *Vision of the apostolic life of the faithful*. "*

Through the detective work of uncovering a wide variety of stories or microhistories from fragments, Ginzburg takes on the bigger questions: How do we draw the line between truth and fiction? What is the relationship between history and memory? Stories range from medieval Europe, the inquisitional trial of a witch, seventeenth-century antiquarianism, and twentieth-century historians."--Provided by publisher.

One of our most brilliantly iconoclastic playwrights takes on the art of profession of acting with these words: invent nothing, deny nothing, speak up, stand up, stay out of school. Acting schools, "interpretation," "sense memory," "The Method"—David Mamet takes a jackhammer to the idols of contemporary acting, while revealing the true heroism and nobility of the craft. He shows actors how to undertake auditions and rehearsals, deal with agents and directors, engage audiences, and stay faithful to the script, while rejecting the temptations that seduce so many of their colleagues. Bracing in its clarity, exhilarating in its common sense, True and False is as shocking as it is practical, as witty as it is instructive, and as irreverent as it is inspiring.
