Tuck EverlastingFarrar, Straus and Giroux (BYR)

Part coming of age, part call to action, this fast-paced #ownvoices novel about a Deaf teenager is a unique and inspiring exploration of what it means to belong. Smart, artistic, and independent, sixteen year old Piper is tired of trying to conform. Her mom wants her to be “ normal.” to pass as hearing, to get a good job. But in a time of food scarcity, environmental collapse, and political corruption, Piper has other things on her mind—like survival. Piper has always been told that she needs to compensate for her Deafness in a world made for those who can hear. But when she meets Marley, a new world opens up—one where Deafness is something to celebrate, and where resilience means taking action, building a com-munity, and believing in something better. Published to rave reviews as Future Girl in Australia (Allen & Unwin, Sept. 2020), this empowering, unforgettable story is told through a visual extravaganza of text, paint, collage, and drawings. Set in an ominously prescient near future, The Words in My Hands is very much a novel for our turbulent times.

A funny, bawdy New York hit with dream roles for actors, Dirty Blonde combines transformation and drama with a fabulous dollop of show biz magic.

What would you do if you could live forever? As her adventure unfolds, Winnie faces an extraordinary choice: return to her life, or continue with the Tucks on their infinite journey. Based on the best-selling children ’ s classic by Natalie Babbitt, adapted for the stage by Claudia Shear and Tim Federle, and featuring a soaring score from Chris Miller and Nathan Tysen, the TYA edition of Tuck Everlasting is a condensed 70-minute version of the Broadway production, re-conceived by the authors to be performed by nine actors.

“Offers a useful reminder of the role of modern science in fundamentally transforming all of our lives.”—President Barack Obama (on Twitter) “An important book.”—Steven Pinker, The New York Times Book Review The surprising and important story of how humans gained what amounts to an extra life, from the bestselling author of How We Got to Now and Where Good Ideas Come From In 1920, at the end of the last major pandemic, global life expectancy was just over forty years. Today, in many parts of the world, human beings can expect to live more than eighty years. As a species we have doubled our life expectancy in just one century. There are few measures of human progress more astonishing than this increased longevity. Extra Life is Steven Johnson’s attempt to understand where that progress came from, telling the epic story of one of humanity’s greatest achievements. How many of those extra years came from vaccines, or the decrease in famines, or seabeds? What are the forces that now keep us alive longer? Behind each breakthrough lies an inspiring story of cooperative innovation, of brilliant thinkers bolstered by strong systems of public support and collaborative networks, and of dedicated activists fighting for meaningful reform. But for all its focus on positive change, this book is also a reminder that meaningful gains in life expectancy still exist, and that new threats loom on the horizon, as the COVID-19 pandemic has made clear. How do we avoid decreases in life expectancy as our public health systems face unprecedented challenges? What current technologies or interventions that could reduce the impact of future crises are we somehow ignoring? A study in how meaningful change happens in society, Extra Life celebrates the enduring power of common goals and public resources, and the heroes of public health and medicine too often ignored in popular accounts of our history. This is the sweeping story of a revolution with immense public and personal consequences: the doubling of the human life span.

This is a story about blood. And love. And the many things that lie between. By her father’s wish, Lady Daylily is betrothed to the Prince of Southlands. Not the prince she loves, handsome and dispossessed Lionheart, but his cousin, the awkward and foolish Prince Foxbrush. As her wedding day draws, Daylily flees into the dangerous Wilderlands, her only desire to vanish from living memory. But Foxbrush, determined to rescue his betrothed, pursues Daylily into a new world of magic and peril, a world where vicious Faerie beasts hold sway, a world invaded by a lethal parasite. A world that is hauntingly familiar.

The Everlasting Story of Nory

Wishree

"A taut, evocative thriller that’s surprising to the last page." --Karen M. McManus, New York Times bestselling author of One of Us Is Lying There’s no hiding on a cruise ship--not even from yourself. Natalie’s parents are taking her and her three best friends on a cruise for her seventeenth birthday. A sail-a-bration, they call it. But it’s only been a few short months since Natalie’s boyfriend died in a tragic accident, and she wants to be anywhere but here. Then she meets a guy on the first night and sparks fly. After a moonlit conversation on a secluded deck of the ship, Natalie pops down to her cabin to get her swimsuit so they can go for a dip. But when she returns, he’s gone. Something he said makes her think he might have . . . jumped? No, he couldn’t have. But why do her friends think she’s crazy for wanting to make sure she’s okay? Also, why do they seem to be hiding something from her? And how can she find him when she doesn’t even know his name? Most importantly, why is the captain on the intercom announcing the urgent need for a headcount? With her signature thrilling storytelling, the author of The Leaving and The Possible explores our vulnerability to the power of suggestion--and the lies we tell others and ourselves--in a twisting, Hitchcock-inspired mystery with high stakes and dark secrets. Seventh-grader John “Crash” Coogan has always been comfortable with his tough, aggressive behavior, until his relationship with an unusual Quaker boy and his grandfather’s stroke make him consider the meaning of friendship and the importance of family.

Gaylen, the King’s messenger, a skinny boy of twelve, is off to poll the kingdom, traveling from town to farmstead to town on his horse, Marrow. At first it is merely a question of disagreement at the royal castle over which food should stand for Delicious in the new dictionary. But soon it seems that the search for Delicious had better succeed if civil war is to be avoided. Gaylen’s quest leads him to the woldweller, a first, 900-year-old creature who lives alone at the precise center of the forest; to Canto, the minstrel who sings him an old song about a mermaid child and who gives him a peculiar good-luck charm; to the underground domain of the dwarfs; and finally to Ardis who might save the kingdom from havoc. The Search for Delicious is a 1969 New York Times Book Review Notable Children’s Book of the Year.

The New York Times-bestselling story of kindness, friendship, and hope. Trees can’t tell jokes, but they can certainly tell stories. . . . Red is an oak tree who is many rings old. Red is the neighborhood “wishtree”—people write their wishes on pieces of cloth and tie them to Red’s branches. Along with a crow named Bongo and other animals who seek refuge in Red’s hollows, this wishtree watches over the neighborhood. You might say Red has seen it all. Until a new family moves in. Not everyone is welcoming, and Red’s experience as a wishtree is more important than ever. Critically acclaimed when it was first published, Tuck Everlasting has become a much-loved, well-studied modern-day classic. This anniversary edition features an in-depth interview conducted by Betsy Hearne in which Natalie Babbitt takes a look at Tuck Everlasting twenty-five years later. What if you could live forever? Is eternal life a blessing or a curse? That is what young Winnie Foster must decide when she discovers a spring on her family’s property whose waters grant immortality. Members of the Tuck family, having drunk from the spring, tell Winnie of their experiences watching life go by and never growing older. But then Winnie must decide whether or not to keep the Tucks’ secret—and whether or not to join them on their never-ending journey. Tuck Everlasting: Theatre for Young Audiences Edition

Our supreme fabulist of the ordinary now turns his attention on a 9-year-old American girl and produces a novel as enchantingly idiosyncratic as any he has written. Nory Winslow wants to be a dentist or a designer of pop-up books. She likes telling stories and inventing dolls. She has nightmares about teeth, which may explain her career choice. She is going to school in England, where she is mocked for her accent and her friendship with an unpopular girl, and she has made it through the year without crying. Nicholson Baker follows Nory as she interacts with her parents and peers, thinks about God and death-watch beetles, and dreams of cows with pointed teeth. In this precocious child he gives us a heroine as canny and as whimsical as Lewis Carroll’s Alice and evokes childhood in all its luminous weirdness.

Winner of the National Book Award for Fiction Introduction by Jhumpa Lahiri Bernard Malamud’s first book of short stories, *The Magic Barrel*, has been recognized as a classic from the time it was published in 1959. The stories are set in New York and in Italy (where Malamud’s alter ego, the struggling New York Jewish Painter Arthur Fidelityman, roams amid the ruins of old Europe in search of his artistic patrimony); they tell of egg candlers and shoemakers, matchmakers, and rabbis, in a voice that blends vigorous urban realism, Yiddish idiom, and a dash of artistic magic. *The Magic Barrel* is a book about New York and about the immigrant experience, and it is high point in the modern American short story. Few books of any kind have managed to depict struggle and frustration and heartbreak with such delight, or such artistry.
