It's the first day of school, and none of my old friends are in my new class! Making new friends can be hard, but in this gorgeous new picture book, it can also be a whole lot of fun!

Eddie is a wounded war veteran, an old man who has lived, in his mind, an uninspired life. His job is fixing rides at a seaside amusement park. On his 83rd birthday, a tragic accident kills him, as he tries to save a little girl from a falling cart. He awakes in the afterlife, where he learns that heaven is not a destination. It's a place where your life is explained to you by five people, some of whom you knew, others who may have been strangers. One by one, from childhood to soldier to old age, Eddie's five people revisit their connections to him on earth, illuminating the mysteries of his "meaningless" life, and revealing the haunting secret behind the eternal question: "Why was I here?" For everyone who enjoyed the inspiration and wisdom of Morrie Schwartz in Mitch Albm's moving best-seller Tuesdays with Morrie, here is Morrie's own book, presenting the philosophies by which he triumphantly lived, even as he faced the end of his life. For decades Morrie engaged his Brandeis University students in the importance of community and involvement in life. Ever the teacher, in his last year, as his battle with the fatal illness amyotrophic lateral sclerosis (ALS), or Lou Gehrig's Disease, gradually weakened him, he appeared on three memorable "Nightline" programs with Ted Koppel, simply titled "Morrie," and captivated millions of viewers across the country with his spirit and compassion. Before he died, Morrie finished the manuscript for this book, which was originally titled Letting Go. He saw it as his greatest teaching opportunity. Whether you or a loved one is healthy or ill, young or old, there is invaluable wisdom here that can enrich your life. From "handling frustration" and "reaching acceptance" to "relating to others" and "being kind to yourself," Morrie's life-affirming insights help you take stock of where you are now and where you may want to be. Morrie: In His Own Words will have a lasting impact on whoever reads it. It is Morrie's invaluable legacy to us all.

He awakens in the afterlife, where he learns that heaven is not a lush Garden of Eden, but a place where your earthly life is explained to you by five people. These people may have been loved ones or distant strangers. Yet each of them changed your path forever. One by one, Eddie's five people illuminate the unseen connections of his earthly life. "A new and authentic voice of the urban Latino experience. . . --Esmeralda Santiago, author of When I Was Puerto Rican In a stunning narrative combining the gritty rhythms of Junot Diaz with the noir genius of Walter Mosley, Bodega Dreams announces the arrival of a writer who "The Village Voice has already hailed as "a Writer on the Verge." The word is out in Spanish Harlem: Willy Bodega is king. Need college tuition for your daughter? Start-up funds for your fruit stand? Bodega can help. He gives everyone a leg up, in exchange only for loyalty--and a steady income from the drugs he pushes. Lyric, inspired, and darkly funny, this powerful debut novel brilliantly evokes the trial of Chino, a smart, promising young man to whom Bodega turns for a favor. Chino is drawn to Bodega's street-smart idealism, but soon finds himself over his head, navigating an underworld of switchblade tempers, turcoast morality, and murder.

What if our beliefs were not what we decided us, but what pulled us together In Have a Little Faith, Mitch Albm offers a beautifully written story of a remarkable eight-year journey between two worlds--two men, two faiths, two communities--that will inspire readers everywhere. Albm's first nonfiction book since Tuesdays with Morrie, Have a Little Faith begins with an unusual request: an eighty-two-year-old rabbi from Albm's old hometown asks him to deliver his eulogy. Feeling unworthy, Albm insists on understanding the man better, which throws him back into a world of faith he'd left years ago. Meanwhile, closer to his current home, Albm becomes involved with a Detroit pastor--a reformed drug dealer and convict--who preaches to the poor and homeless in a decaying church with a hole in its roof. Moving between their worlds, Christian and Jewish, African-American and white, impoverished and well-to-do, Albm observes how these very different men employ faith similarly in fighting for survival: the older, suburban rabbi embracing it as death approaches; the younger, inner-city pastor relying on it to keep himself and his church afloat. As America struggles with hard times and people turn more to their beliefs, Albm and the two men of God explore issues that perplex modern man: how to endure when difficult things happen; what heaven is; intermarriage; forgiveness; doubting God; and the importance of faith in trying times. Although the texts, prayers, and histories are different, Albm begins to recognize a striking unity between the two worlds--and indeed, between beliefs everywhere. In the end, as the rabbi nears death and a harsh winter threatens the pastor's wobbly church, Albm sadly fulfills the rabbi's last request and writes the eulogy. And he finally understands what both men had been teaching all along: the profound comfort of believing in something bigger than yourself. Have a Little Faith is a book about a life's purpose; about losing belief and finding it again; about the divine spark inside us all. It is one man's journey. but it is everyone's story. Ten percent of the profits from this book will go to charity, including the Hole In The Roof Foundation, which helps refurbish places of worship that aid the homeless.

"Mitch Albm has done it again with this moving memoir of love and loss. You can't help but fall for Chika. A page-turner that will no doubt become a classic. . . --Mary Karr, author of The Liars' Club and The Art of Memoir From the #1 New York Times bestselling author of Tuesdays With Morrie comes Mitch Albm's most personal story to date: an intimate and heartwarming memoir about what it means to be a family and the young Haitian orphan whose short life would forever change his heart. Chika Jeanne was born three days before the devastating earthquake that decimated Haiti in 2010. She spent her infancy in a landscape of extreme poverty, and when her mother died giving birth to a baby brother, Chika was brought to The Have Faith Haiti Orphanage that Albm operates in Port Au Prince. With no children of their own, the forty-plus children who live, play, and go to school at the orphanage have become family to Mitch and his wife, Janine. Chika's arrival makes a quick impression. Brave and self-assured, even as a three-year-old, she delights the other kids and teachers. But at age five, Chika is suddenly diagnosed with something a doctor there says, "No one in Haiti can help you with." Mitch and Janine bring Chika to Detroit, hopeful that American medical care can soon return her to her homeland. Instead, Chika becomes a permanent part of their household, and their lives, as they embark on a two-year, around-the-world journey to find a cure. As Chika's boundless optimism and humor teach Mitch the joys of caring for a child, he learns that a relationship built on love, no matter what blows it takes, can never be lost. Told in hindsight, and through illuminating conversations with Chika herself, this is Albm at his most poignant and vulnerable. Finding Chika is a celebration of a girl, her adoptive guardians, and the incredible bond they formed--a devastatingly beautiful portrait of what it means to be a family, regardless of how it is made.

Basic strategies and tips for doing effective therapy with elderly clients. What is it like to be 106 years old? What are the mental health needs of someone this old, and for that matter, all elderly? Can we, as clinicians and caregivers, ever really understand old age and provide for their needs adequately? How can we prevent the physical problems they face from overwhelming the patience and care that we give? What are the most effective therapeutic tools that underlie all successful therapy work with older clients? Caring for the elderly is complex, challenging work. Often they are wrestling with a unique set of medical, psychiatric, and social challenges, all set against the backdrop of their approaching mortality. The therapist's job is to successfully navigate these challenges without dwelling on the inevitability of physical decline, and to provide the most compassionate, valuable treatment possible. It is with this guiding principle in mind that Marc Agronin, a dedicated geriatric clinician with years of on-the-ground experience, offers a sensitively-written and eminently practical guide that addresses the therapeutic challenges, and uncovers the top strategies for compassionate and effective work with the elderly. Therapy with older clients, Agronin argues, requires a sensitivity to the tension between the body's physical decline and its simultaneous capacity for mental growth and maturation. Therapists must learn to handle these seemingly opposing forces with varying client types and in different settings, and reconcile their own fears of aging, disability, and death. At times this therapeutic relationship can be difficult: medications are often not as effective as they are in younger clients, and the elderly often view change at such a late stage of life as pointless. However, Agronin encourages therapists to work with creativity and passion, persisting in their efforts by retooling their approaches, staying patient, and listening to the client's needs. This book offers a sensitive, practical, and evidence-based approach to working with elderly clients, and handling end-of-life issues. He explains the impact of aging on the major psychiatric disorders, providing direction on how to cultivate empathy and understanding for a range of age-specific challenges. Agronin offers a compassionate, insightful narrative that explores the nuances of successful rapport-building and problem-solving that can enrich the lives of the elderly. In doing so, he gives readers a better understanding of what it means to grow old, and how cultivating a respectful, productive relationship—one that is inspired with curiosity and energized with creativity—can bring joy and affirmation to older clients.

"We cannot change the cards we are dealt, just how we play the hand. . . --Randy PausCh A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it? How would we want our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Paus, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave--"Really Achieving Your Childhood Dreams"--wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have...and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

From the beloved author of the #1 New York Times bestsellers Tuesdays with Morrie and The Five People You Meet in Heaven comes his most critically acclaimed novel yet--a stunningly original tale of love: love between a man and a woman, between an artist and his mentor, and between a musician and his God-given talent. Written by the voice of Music itself, the story follows Frankie Presto, a war orphan born in a burning church, through his extraordinary journey around the world. Raised by a blind guitar teacher in Spain and gifted with a talent to change people's lives--using six mysterious blue strings--Frankie navigates the musical landscape of the twentieth century, from the 1950s jazz scene to the Grand Ole Opry to Elvis mania and Woodstock, all the while searching for his childhood love. As he becomes a famous star, he loses his way, until tragedy steals his ability to play the guitar that had so defined him. Overwhelmed by his loss, Frankie disappears for decades, reemerging late in life for one spectacular yet mystifying farewell. Part love story, part magical mystery, The Magic Strings of Frankie Presto is Mitch Albm at his finest, a Forrest Gump-like epic about one man's journey to discover what truly matters and the power of talent to change our lives.

In his Nautilus Award-winning classic Touching Spirit Bear, author Ben Mikaelson delivers a powerful coming-of-age story of a boy who must overcome the effects that violence has had on his life. After severely injuring Peter Driscial in an empty parking lot, mischief-maker Cole Matthews is in major trouble. But instead of jail time, Cole is given another option: attend Circle Justice, an alternative program that sends juvenile offenders to a remote Alaskan Island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear and left for dead. Thoughts of his abusive parents, helpless Peter, and his own anger cause him to examine his actions and seek redemption--from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and communities. Touching Spirit Bear is a poignant testimonial to the power of a pain that can destroy, or lead to healing. A strong choice for independent reading, sharing in the classroom, homeschooling, and book groups.

#1 NEW YORK TIMES BESTSELLER • A special 25th anniversary edition of the beloved book that changed millions of lives—with a new afterword by the author “A wonderful book, a story of the heart told by a writer with soul.”—Los Angeles Times Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albm, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albm had that second chance. He rediscovered Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class": lessons in how to live. Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.

Imagine for a minute that there could be an undeniable connection between the prenatal environment and emotional issues that occur during adulthood. Wombology presents the innovative concept that a pregnant woman's deep emotional state can shape her child's consciousness throughout his or her life span. As a clinical psychologist, Dr. CJ Johnson has studied the fascinating dynamics shared between generations of mothers and children and explores a theory that the hidden influences of the prenatal environment may subconsciously and indefinitely shape the development of temperament, personality, and character of her unborn child. Dr. CJ discusses how a mother's diet can influence a child's favorite food choices, how an unwed mother shunned by society can pass on her negative emotions to her baby, and how birth order makes a difference in how expectations are set for each child. Worksheets, treatments, and techniques are included that will help lead others on a journey to healing the deep wounds received in utero. Now is the time to stop making excuses for not living a full life. Wombology opens the door to a new and exciting theory that will allow generations of mothers and her children to become whole again and soar to the peaks of unimagined personal heights and growth.

Out of print for almost thirty years—due largely to initial audiences’ rejection of its strong black female protagonist—Hurston’s classic has since its 1978 reissue become perhaps the most widely read and highly acclaimed novel in the canon of African American literature.

Even his young son carries a toy phone, hoping to hear from his mother in heaven. As the calls increase, and proof of an afterlife begins to surface, the town—and the world—transforms. Only Sully, convinced there is nothing beyond this sad life, digs into the phenomenon, determined to disprove it for his child and his own broken heart. Moving seamlessly between the invention of the telephone in 1876 and a world obsessed with the next level of communication, Mitch Albm takes readers on a breathtaking ride of frenzied hope. The First Phone Call from Heaven is Albm at his

best—a virtuosic story of love, history, and belief.

A cannon. A strap. A piece.

A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and

at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, Long Way Down is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.
