From Hugo, Nebula, and Locus award-winning author T. Kingfisher comes an original and subversive fantasy adventure. *A very special hardcover edition, featuring gold foil stamp on the casing and custom endpapers illustrated by the author.* This isn't the kind of fairytale where the princess marries a prince. It's the one where she kills him. Marra never wanted to be a hero. As the shy, convent-raised, third-born daughter, she escaped the traditional fate of princesses, to be married away for the sake of an uncaring throne. But her sister wasn't so fortunate—and after years of silence, Marra is done watching her suffer at the hands of a powerful and abusive prince. Seeking help for

her rescue mission, Marra is offered the tools she needs, but only if she can complete three seemingly impossible tasks: –build a dog of bones –sew a cloak of nettles –capture moonlight in a jar But, as is the way in tales of princes and witches, doing the impossible is only the beginning. Hero or not—now joined by a disgraced ex-knight, a reluctant fairy godmother, an enigmatic gravewitch and her fowl familiar—Marra might finally have the courage to save her sister, and topple a throne. “Nettle & Bone is the kind of book that immediately feels like an old friend. Fairytale mythic resonance meets homey pragmatism in this utterly delightful story. It's creepy, funny, heartfelt, and full of fantastic characters I absolutely loved!” —Melissa Caruso, author of *The Tethered Mage* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

From mortal enemies to unexpected allies, two teenagers try to protect everything that matters most. Ella Harper has met every challenge that life has thrown her way. She's tough, resilient, and willing to do whatever it takes to defend the people she

loves, but the challenge of a long-lost father and a boyfriend whose life is on the line might be too much for even Ella to overcome. Reed Royal has a quick temper and even faster fists. But his tendency to meet every obstacle with violence has finally caught up with him. If he wants to save himself and the girl he loves, he'll need to rise above his tortured past and tarnished reputation. No one believes Ella can survive the Royals. Everyone is sure Reed will destroy them all. They may be right. With everything and everyone conspiring to keep them apart, Ella and Reed must find a way to beat the law, save their families, and unravel all the secrets in their Twisted Palace. Some parents would die for their children. Others will do a whole lot worse. Emery Hazard and his husband, John-Henry Somerset, are settling into their new normal—at home, with the latest addition to their family, and at work, as Somers adapts to his new role and Hazard manages his expanding agency. The only thing Hazard is worried about is getting through dinner with his in-laws. When his father-in-law requests that Hazard and Somers join him for a weekend deer hunting, it sounds simple enough: spend a night camping, give their foster son a chance to

spend time with his friend, and—possibly—prevent a parental kidnapping. But nothing is ever as simple as it sounds. At deer camp, Hazard and Somers find themselves drawn into a toxic family feud between parents battling for custody. After the husband is shot and killed deep in the forest, detectives from the Sheriff's Department are convinced that the killer is a local extremist—a member of the neo-Nazi Ozark Volunteers. Hazard and Somers, though, aren't so sure, and as they probe deeper into the killing, they find that many people had a reason to want the victim dead, and the killing itself might not be what it seems. Then a drive-by shooting almost claims the lives of Hazard, Somers, and the victim's wife. The killer's work isn't done, and Hazard and Somers must race to find the truth before the killer strikes again.

Three's a crowd, but four's a war. Big girl undies? Check. Speech planned? Check. Nerves of steel? Check. A single crush? ...not check...? What do you do when you find your best friend/crush kissing your other best friend on the day you were going to declare your feelings for him? You only agree to fake date your crush's rival. The King of the Bows, popular golden (play)boy,

and all around douche, Xander wouldn't be my last choice for a boyfriend. Across the school, battlelines are drawn and sides are taken between the new 'it' couple of my former best friends and the excitingly scandalous pairing of me and King Douche. Xander keeps distracting me from the plan; make Jason jealous. He insists on holding my hand and kissing me and being nice. Ugh. Xander's not nice and he's not the relationship type, but he's doing a damned good job of acting both parts. He calls it 'keeping up appearances', I call it 'take one more pass at my arse and I'll break your nose'. They say all's fair in love and war, but what's so fair about falling for the wrong guy when your two best friends are on the other side of the battlelines? Under ordinary circumstances, Oakley Ford and Vaughn Bennett would never even cross paths. There's nothing ordinary about Oakley. This bad-boy pop star's got Grammy awards, millions of fangirls and a reputation as a restless, too-charming troublemaker. But with his home life disintegrating, his music well suddenly running dry and the tabloids having a field day over his outrageous exploits, Oakley needs to show the world he's settling down—and who better to help him than Vaughn, a part-time waitress trying to help her family get by? The very definition of ordinary. Posing as his girlfriend, Vaughn will overhaul Oakley's image from troublemaker to serious artist. In return for enough money to put her brothers through college, she can endure outlandish Hollywood parties and carefully orchestrated Twitter exchanges. She'll fool the paparazzi and the groupies. She might even start fooling herself a little. Because when ordinary rules no longer

apply, there's no telling what your heart will do...

Maas and Sabaa Tahir. Lady Elanna is fiercely devoted to the king who raised her like a daughter. But when he dies under mysterious circumstances, Elanna is accused of his murder—and must flee for her life. Returning to the homeland of magical legends she has forsaken, Elanna is forced to reckon with her despised, estranged father, branded a traitor long ago. Feeling a strange, deep connection to the natural world, she also must face the truth about the forces she has always denied or disdained as superstition—powers that suddenly stir within her. But an all-too-human threat is drawing near, determined to exact vengeance. Now Elanna has no choice but to lead a rebellion against the kingdom to which she once gave her allegiance. Trapped between divided loyalties, she must summon the courage to confront a destiny that could tear her apart.
