

Two Lives Helen Naylor

Photographs and text present the life and accomplishments of the young woman who overcame a poverty-stricken childhood, family tragedy, and failing eyesight to teach the blind and deaf Helen Keller how to communicate.

In this repackaged novel in a beloved series, Alice realizes she has a lot to learn about life! Now that Alice is growing up, she is finding out answers to all sorts of interesting things—but the questions keep on coming. For instance: How exactly are babies made? Where has her best friend Sarah's family disappeared to? And why is her father going to a concert with a woman?! Alice isn't too sure about any of these things—but on top of doing her homework, playing with Oatmeal, trying to keep Lester's girlfriends straight, and setting her dad up with the school nurse, she's going to have to find out!

Is it possible to be too good of a friend—too understanding, too always there, too much like a doormat? Alice has always been a best friend to Pamela and Liz. But she's starting to wonder where that leaves her: What am I? An ear for listening? An arm around the shoulder? And then there's Patrick—after ending their relationship two years ago, he's suddenly calling again, and wants to take her to his senior prom. What does that mean? As Alice tries to figure out who she is in relation to her friends, she learns one thing: Aometimes friends need you more than they let on...especially when the unthinkable happens

After four years of hoping, wishing, scheming, and waiting, the moment Alice has been yearning for has at long last arrived...Alice's dad is finally marrying Sylvia Summers! Alice always knew they were perfect for each other when she set them up back in seventh grade, but she's relieved that The Big Day is here. She's never felt so excited, so vindicated, so grown-up, and so...well, so left out. Now that the wedding is really happening, no one has time for Alice anymore, and the situation just gets worse when Sylvia moves into their house. Nothing is the way Alice thought it would be. Her dad and Sylvia have their new life together; Lester has his new apartment; and Alice feels like she's on her own for the first time in her life. She's also starting to notice that even though Dad and Sylvia are perfectly happy together, not everyone gets along so well. Elizabeth and Ross never see each other; Leslie and Lori are breaking up; Pamela and her mother can't seem to find a way to even talk to each other; and Alice herself has started to hear some surprising rumors about Patrick.... As Alice watches her friends sort out their problems and sees her dad and Sylvia navigate their new marriage, she starts to understand all the hard work that goes into relationships, and how even when people seem to be meant for each other, it's not always easy to be together.

In her last adventure before starting college, Alice takes to the open sea for the summer—and nothing can stop the tides of change. Everything Alice has ever known is about to change—from where she sleeps at night to how close her closest friends will be. So Alice is meeting that seasick feeling head-on by setting sail as staff on a Chesapeake Bay cruise ship. And like any last great adventure before starting college, Alice knows she'll need sunblock, an open mind, and...oh yeah, all her best girlfriends. It's the perfect summer job. Perfect, that is, when things are going perfectly. But when they're not, Alice has to figure out how to weather unexpected storms of all sorts. Which could be perfect after all—perfect training for her next big adventure—college.

As a child Julie was close to her father. More friend than parent, he would belt her into their tiny car and they'd punch through yellow lights, scarf down candy bars before supper and had their own way of making fun of Julie's mother in a secret language of eye-rolling. She adored her father for his exuberance, and pitied him when he broke down in suicidal desperation. But as she neared 10, a darker side emerged... This is a powerful and compelling memoir of growing up with a schizophrenic father.

Along with the usual concerns of senior year in high school, Alice faces some very difficult situations, including vandalism by a group of Neo-Nazis and a friend's confession that a teacher has been taking advantage of her.

A Novel

A boy must outsmart a tormenting turkey and solve the mystery surrounding some missing jewelry in this feel-good middle grade novel from the Newbery Award-winning author of the Shiloh series. Zack has a problem. A turkey problem.

A TOM turkey to be exact. Every weekend Zack goes to his grandparents' farm with his father. As soon as he and his dad pull up in the truck, that ol' Tom turkey's right there, waiting, ready to peck, peck, peck at Zack's legs. Now, Zack isn't usually a scaredy-cat but this is different. The bird is flat out mean, and has clearly got it out for Zack. His best friend Matthew thinks he's exaggerating, so one weekend Zack brings him along and sure enough the turkey is laying in wait...this time for them both! The boys realize they need something to turn the tables, so they decide to build—in Rube Goldberg style—a giant LOUD contraption to scare the turkey away for good. What the boys don't count on is the seemingly know-it-all neighbor Josie's news that there's a mysterious robber prowling around the neighborhood. Bracelets, necklaces, and coins have gone missing, and the odd thing is that the robber leaves V-shaped footprints... This text is part of a new series of original fiction, specially written for learners of English. Graded into six levels - from elementary to advanced - the stories provide easy and enjoyable reading on a wide range of contemporary topics and themes.

Marty will do anything to save his new friend Shiloh in this Newbery Medal-winning novel from Phillis Reynolds Naylor. When Marty Preston comes across a young beagle in the hills behind his home, it's love at first sight—and also big trouble. It turns out the dog, which Marty names Shiloh, belongs to Judd Travers, who drinks too much and has a gun—and abuses his dogs. So when

Shiloh runs away from Judd to Marty, Marty just has to hide him and protect him from Judd. But Marty's secret becomes too big for him to keep to himself, and it exposes his entire family to Judd's anger. How far will Marty have to go to make Shiloh his? While traveling to her aunt's home in Redbud by train and stagecoach, quiet young Emily and her turtle, Rufus, team up with Jackson, fellow orphan and troublemaker extraordinaire, to outsmart mean Uncle Victor, who is after Emily's inheritance. Newly married, Chris and Susanna Naylor set off for a new life in the Arab world - living first in Kuwait, then Jordan and finally Lebanon. In a region never far from the news, they discovered their expectations - of war, terrorism, desert sand dunes, men in white robes and veiled women, camels and Kalashnikovs, indeed their own reasons for being there - were to be constantly challenged. As they found out, the reality bore little resemblance to their pre-conceptions. Postcards from the Middle East is a tale of love from one family's experiences: a story of work, schooling, friendships, worship and shared family life, lived out in precious communities against a back drop of world-changing events and spectacular scenery. The Naylor's had never experienced such hospitality, danger, wildlife spectacles or snow before they moved to the Middle East. Their story provides a multi-coloured window on an extraordinary and rapidly changing Arab world.

ONE OF PEOPLE MAGAZINE'S BEST NEW BOOKS "A searing and intimate memoir about love turned deadly." —The BBC "An intimate illumination of sisterhood and loss." —People When Sheila Kohler was thirty-seven, she received the heart-stopping news that her sister Maxine, only two years older, was killed when her husband drove them off a deserted road in Johannesburg. Stunned by the news, she immediately flew back to the country where she was born, determined to find answers and forced to reckon with his history of violence and the lingering effects of their most unusual childhood—one marked by death and the misguided love of their mother. In her signature spare and incisive prose, Sheila Kohler recounts the lives she and her sister led. Flashing back to their storybook childhood at the family estate, Crossways, Kohler tells of the death of her father when she and Maxine were girls, which led to the family abandoning their house and the girls being raised by their mother, at turns distant and suffocating. We follow them to the cloistered Anglican boarding school where they first learn of separation and later their studies in Rome and Paris where they plan grand lives for themselves—lives that are interrupted when both marry young and discover they have made poor choices. Kohler evokes the bond between sisters and shows how that bond

Life, Alice McKinley feels, is just one big embarrassment. Here she is, about to be a teenager and she doesn't know how. It's worse for her than for anyone else, she believes, because she has no role model. Her mother has been dead for years. Help and advice can only come from her father, manager of a music store, and her nineteen-year-old brother, who is a slob. What do they know about being a teen age girl? What she needs, Alice decides, is a gorgeous woman who does everything right, as a roadmap, so to speak. If only she finds herself, when school begins, in the classroom of the beautiful sixth-grade teacher, Miss Cole, her troubles will be over. Unfortunately, she draws the homely, pear-shaped Mrs. Plotkin. One of Mrs. Plotkin's first assignments is for each member of the class to keep a journal of their thoughts and feelings. Alice calls hers "The Agony of Alice," and in it she records all the embarrassing things that happen to her. Through the school year, Alice has lots to record. She also comes to know the lovely Miss Cole, as well as Mrs. Plotkin. And she meets an aunt and a female cousin whom she has not really known before. Out of all this, to her amazement, comes a role model -- one that she would never have accepted before she made a few very important discoveries on her own, things no roadmap could have shown her. Alice moves on, ready to be a wise teenager.

This is not the first time violence has altered the course of the family's trajectory. Half a century earlier, Joan's grandfather built this majestic house in the historic Black neighborhood of Douglass—only to be lynched days after becoming the first Black detective in the city. Joan tries to settle into her new life, but family secrets cast a longer shadow than any of them expected. As she grows up, Joan finds relief in her artwork, painting portraits of the community in Memphis. One of her subjects is their enigmatic neighbor Miss Dawn, who claims to know something about curses, and whose stories about the past help Joan see how her passion, imagination, and relentless hope are, in fact, the continuation of a long matrilineal tradition. Joan begins to understand that her mother, her mother's mother, and the mothers before them persevered, made impossible choices, and put their dreams on hold so that her life would not have to be defined by loss and anger—that the sole instrument she needs for healing is her paintbrush. Unfolding over seventy years through a chorus of unforgettable voices that move back and forth in time, Memphis paints an indelible portrait of inheritance, celebrating the full complexity of what we pass down, in a family and as a country: brutality and justice, faith and forgiveness, sacrifice and love.

From bestselling author Hannah Beckerman comes a moving story about memory, secrets, and what it really means to feel that you're one of the family. When Nell's father makes a deathbed declaration that hints at a long-held secret, it

reignites feelings of isolation that have plagued her for years. Her suspicions about the family's past only deepen when her mother, Annie, who is losing her memories to dementia, starts making cryptic comments of her own. Thirty-five years earlier, Annie's life was upended by a series of traumas--one shock after another that she buried deep in her heart. The decisions she made at the time were motivated by love, but she knew even then that nobody could ever understand--let alone forgive--what she did. As the two women's stories unravel, a generation apart, Nell finally discovers the devastating truth about her mother's past, and her own. In this beautifully observed and emotionally powerful story of identity, memory and the nature of family, Hannah Beckerman asks: To what lengths would you go to protect the ones you love?

As seen on This Morning There was a time when I loved my mother. It's shocking to imply that I stopped loving her because mothers always love their children and always do their best for them. Mothers are supposed to be good. But my mother wasn't good. Ten years ago, Helen Naylor discovered her mother, Elinor, had been faking debilitating illnesses for thirty years. After Elinor's self-induced death, Helen found her diaries, which Elinor wrote daily for over fifty years. The diaries reveal not only the inner workings of Elinor's twisted mind and self-delusion, but also shocking revelations about Helen's childhood. Everything Helen knew about herself and her upbringing was founded on a lie. The unexplained accidents and days spent entirely on her own as a little girl, imagining herself climbing into the loft and disappearing into

a different world, tell a story of neglect. As a teenager, her mother's advice to Helen on her body and mental health speaks of dangerous manipulation. With Elinor's behaviour becoming increasingly destructive, and Helen now herself a mother, she was left with a stark choice: to collude with Elinor's lies or be accused of abandoning her. My Mother, Munchausen's and Me is a heart-breaking, honest and brave account of a daughter unravelling the truth about her mother and herself. It's a story of a stolen childhood, mental illness, and the redemptive power of breaking a complex and toxic bond.
