

Tyre Repair Plugs Guide

A guide to Lesotho which describes how to get there, what to see when there, how to get around the country and where to stay. This book also includes suggested itineraries to help the traveller get the best out of their stay.

From dazzling Sydney and the stunning Great Ocean Road to the majestic monolith of Uluru, Australia has much to tempt the visitor. Berlitz Pocket Guide Australia is a concise, full-colour travel guide that combines lively text with vivid photography to highlight the best of Down Under. Inside Australia Pocket Guide: Where To Go details all the key sights in the country, while handy maps on the cover flaps help you find your way around, and are cross-referenced to the text. Top 10 Attractions gives a run-down of the best sights to take in on your trip. Perfect Tour provides an itinerary of the country. What To Do is a snapshot of ways to spend your spare time, from catching a rugby match and snorkelling on the Great Barrier Reef to exploring the cities' lively markets and finding the best nightlife. Essential information on Australia's culture, including a brief history of the country. Eating Out covers the country's diverse cuisine. A-Z of all the practical information you'll need. About Berlitz: Berlitz draws on years of travel and language expertise to bring you a wide range of travel and language products, including travel guides, maps, phrase books, language-learning courses, dictionaries and kids' language products.

The Motor

"It has been said, with truth, that an inherent love of things mechanical finds a more or less definitive place in the character of every Englishman..." So begins The Motor Cyclist's Handbook, a wonderful text from 1911 that describes in detail the operation of early motorcycles. Created by Charles S. Lake, who wrote weekly columns in The Model Engineer magazine, the book was an instant classic. Today it is just as readable. Lavishly illustrated, the book includes chapters on the engine, including two-stroke and four cylinder, compression, carburetor, ignition, transmission, lubrication, accessories, and so on. Some of the bikes featured include the Rudge, Triumph, Hudson, Indian, Scott, and others. It's a delightful trip back in time for any biker - from the collector to the weekend rider. This easy-to- read reprint of this exceptionally rare book is presented in 8.5x11 format, slightly larger than the original. Care has been taken to preserve the integrity of the text.

Botswana is one of the few unspoilt environments left in the world. A country of striking diversity, it offers unrivalled opportunities to observe Africa's wildlife, in national parks like Chobe, Makgadikgadi and Nxai, and reserves such as Central Kalahari, Moremi, Mabuashube and Northern Tuli, and the Okavango Delta with its thirteen thousand square kilometres of waterways. This excellent guide, fully updated and now in its third edition, caters for both organised tours and independent travellers. It provides thorough route descriptions, planning advice, vital information on climate, off-road driving, and what to do in emergencies. Descriptions of Botswana ' s famed national parks and game reserves include details of flora, fauna, birds, geology and historical features, and conurbations like Gaborone, Maun, Francistown and Lobatse are described, in full. Symbols in the margin show at a glance which areas are best for particular activities, including game-viewing, hiking, bird-watching, photography, camping and water sports More than 50 suggested self-drive routes for both two- and four-wheel drive vehicles are included, with comprehensive directions on how to reach each destination. In addition, 47 tried-and-tested route maps and GPS reference points have been supplied to assist with off-road navigation. African Adventurer ' s Guide: Botswana is an indispensable guide for travellers wanting to explore this magnificent country.

Survival Techniques takes you through all the things you need to know about surviving natural disasters and staying alive in the wild, such as where to find water in the desert; how to build shelters from locally available materials that will keep out the wind and rain but will also be ventilated; and what plants are safe to eat and which are deadly poisonous. In addition to the informative text, Survival Techniques is packed with 200 illustrations that provide a brilliant guide to mastering survival situations. Surviving in the wilderness is one thing, but the ultimate aim is to get back to civilisation, and so Survival Techniques contains valuable chapters on navigation techniques and when and how to travel through hostile terrain. Alongside chapters on wilderness first aid, making tools and preserving food in the wild, Survival Techniques also has sections that deal with surviving in difficult urban situations. This book is mandatory reading for those wishing to survive all that nature can throw at them. [This is a text-only ebook edition.]

The Rough Guide to Morocco is the ultimate travel guide to this beguiling country and includes all the details you need to explore Morocco at your own pace. The Rough Guide to Morocco gives you the lowdown on how to get where you're going, where to stay when you get there, and the best places to eat, drink, and hang out, whether you are oasis-hopping in the desert or mountain trekking in the High Atlas. Accommodation and eating options for all budgets are included, from the chic riads of Marrakesh to the backstreets of Tangier to the fine dining of Casablanca. Clear maps supplement the text throughout, and there is even a detailed food glossary in English, Arabic, and French. Practical information helps you explore this unique part of the world with ease and gives you the context you need to understand what makes Morocco tick. Make the most of your time with The Rough Guide to Morocco.

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.
