Armstrong's book was about a bike. If you 'd guess that Yale or Harvard ruled the college gridiron in 1911 and 1912, you 'd be wrong. The most popular team belonged to an institution called the Carlisle Indian Industrial School. Its story begins with Lt. Col. Richard Henry Pratt, a fierce abolitionist who believed that Native Americans deserved a place in American society. In 1879, Pratt made a treacherous journey to the Dakota Territory to recruit Carlisle 's first students. Years later, three students approached Pratt with the notion of forming a football team. Pratt liked the idea, and in less than twenty years the Carlisle football team was defeating their Ivy League opponents and in the process changing the way the game was played. natural talent and the first Native American to win an Olympic gold medal for the United States.

In December of 1938, a chemist in a German laboratory made a shocking discovery: When placed next to radioactive material, a Uranium atom split in two. That simple discovery launched a scientific race that spanned 3 continents. In Great Britain and the United States, Soviet spies worked their way into the scientific community; in Norway, a commando force slipped behind enemy lines to attack German heavy-water manufacturing; and deep in the desert, one brilliant group of scientists was hidden away at a remote site at Los Alamos.

This is the story of the plotting, the risk-taking, the deceit, and genius that created the world's most formidable weapon. This is the story of the atomic bomb. Bomb is a 2012 National Book

School in Pennsylvania, they forged one of the winningest teams in American football history. Called "the team that invented football," they took on the best opponents of their day, defeating much more privileged schools such as Harvard and the Army in a series of breathtakingly close calls, genius plays, and bone-crushing hard work. But this is not just an underdog story. It's an unflinching look at the persecution of Native Americans and its
