

Uniform Marriage And Divorce Act Uniform Law 707795

Written by an interdisciplinary group comprised of lawyers, judges, psychologists, and adolescent and child psychiatrists, this book identifies and examines the major legal and mental health issues confronted in post-divorce custody and visitation litigation. It examines state legislation and judicial doctrine as well as reform efforts such as the Uniform Marriage and Divorce Act and the American Law Institute's Principles of the Law of Family Dissolution. As the authors themselves suggest, "a great many important and difficult divorce-custody legal and psychological issues have not been objectively and thoroughly explored in the literature and in courtrooms -- indeed, many of them have been the subjects of misleading and sometimes ignorant reports and testimony -- and judges and children and their parents have been the losers." The book has been designed to provide a sort of glossary -- an objective description and analysis -- of the underlying mental health aspects of legal issues and mental health professionals' concerns about how those issues are approached and resolved in divorce-custody cases. The book will be useful to practicing lawyers, mental health professionals and judges. "This book is full of practical gems... It would be a useful addition to a family court judge's collection, law firms or practitioners with child custody practice, and an academic law library. It would also be useful to mental health practitioners who work in or advise those who work in the family court system." -- Legal Information ALERT

Uniform Marriage and Divorce Act

Constitutional Amendment Granting Congress Power to Establish Uniform Laws Relating to Marriage and Divorce

Mental Health Aspects of Custody Law

Legal Status of Homemakers

Dissolution is a new word for divorce. In Dissolution, Riane Eisler discusses the fundamental societal and litigious changes of divorce from an action that was until recently an unacceptable social phenomenon to what is now commonplace. The book compares the old divorce laws based on marital fault with new "no-fault" divorce laws, an analysis of the laws and institutions of marriage and divorce, and alternatives (social and litigious) to marriage and divorce. Quotes about Dissolution: "Dissolution is must reading for every woman...whether she already believes in equal rights for all beings or belongs to the Phyllis Schlafly school of thought. Riane Eisler's work is the most definitive yet on the female species and her rights." - Rona Barrett, Good Morning America, ABC-TV "Only those of us who have gone through divorce without your book can fully appreciate its value. Its factual information gives strength. Its innate empathy comforts. Its totality is an integral part of the body of great feminist writings." - Frances Lear, President, Lear Purvis Walker & Co.

1994 Supplement to Text, Cases and Materials on Sex-based Discrimination, Third Edition

The new edition of the popular Conflicts book (formerly Currie, Kay, Kramer and Roosevelt) contains two new main cases for personal jurisdiction, one for extraterritorial application of US law, and one for the New York choice of law approach. In addition, the latest edition features revised materials on the European legal approach to include recent codifications in the Rome I and II conventions.

This edition continues the tradition of organizing the teaching of conflicts around the broad themes reflected in different intellectual approaches to the problem.

No-fault Divorce, Marriage, and the Future of Women

Uniform Marriage and Divorce Laws ...

California passed the first pure no-fault divorce law in the United States and some form of no-fault has been adopted in every state - but the divorce revolution it launched remains unfinished. Now specialists in the field have written a book that appraises the situation today, explains how we got where we are, and explores legislative options for the future.
