

## Uniformes Garys Uniformes Y Ropa Laboral

*Today's mature, established companies must find ways to rejuvenate themselves--or risk losing their way. By working with startup companies, legacy companies can acquire new technology and lines of business, relearn the need for speed, increase strategic risk-taking, spark innovation, improve the intimacy of their relationships with customers, and streamline their operations from within. Former global marketing officer for Procter and Gamble and business consultant Jim Stengel saw firsthand the importance of establishing partnerships and learning key insights from the startup world. In an eye-opening book, he looks at such established companies as GE and Western Union, Wells Fargo and IBN, Target and Motorola Solutions, Toyota and Bayer to see what they are learning from their alliances with entrpreneurs and startups--as well as the potential pitfalls and course corrections when a partnership goes awry. Jim closes by looking at how 10, 20, and 30-year-old "startups" like Microsoft, Google, and Apple are reinventing themselves--and what that bodes for legacy companies everywhere.*

*Would life be better without alcohol? It's the nagging question more and more of us are finding harder to ignore, whether we have a "problem" with alcohol or not. After all, we yoga. We green juice. We meditate. We self-care. And yet, come the end of a long work day, the start of a weekend, an awkward social situation, we drink. One glass of wine turns into two turns into a bottle. In the face of how we care for ourselves otherwise, it's hard to avoid how alcohol really makes us feel... terrible. How different would our lives be if we stopped drinking on autopilot? If we stopped drinking altogether? Really different, it turns out. Really better. Frank, funny, and always judgment free, Sober Curious is a bold guide to choosing to live hangover-free, from Ruby Warrington, one of the leading voices of the new sobriety movement. Drawing on research, expert interviews, and personal narrative, Sober Curious is a radical take down of the myths that keep so many of us drinking. Inspiring, timely, and blame free, Sober Curious is both conversation starter and handbook-essential reading that empowers readers to transform their relationship with alcohol, so we can lead our most fulfilling lives.*

*The birth of Judge Dredd's world is revealed. How America became a wasteland with two enormous Mega-Cities on each seaboard. How Judge Dredd himself came to be, and his first taste of dealing justice on the streets. Secrets will be revealed. The future will be forged. Justice will be served. An unusual delivery is made the the Grand Hall of Justice, a package that will force Judge Dredd to lead a mission into the Cursed Earth and into the darkest recesses of the history of the Judges and Mega-City One... Now in this much-anticipated Dredd epic, history is written by Dredd co-creators John Wagner (A History of Violence) and Carlos Ezquerra (Strontium Dog) with a special introductory tale featuring the art of Kev Walker.*

*A guide that shows painters, drawers, doodlers, and urban sketchers how to bring their drawings to life with colorful, bold, yet accessible painting methods. Watercolor sketching is a rapidly emerging technique that enlivens sketches done in pen or pencil with the expressive washes, glazes, and luminous hues of watercolor . This lushly illustrated resource teaches artists on the go how to sketch with watercolor, rendering subjects efficiently and without inhibitions. Readers are guided through all aspects of the medium, from fundamental techniques including wet-on-wet, glazing, and washes; materials and supplies; and little known tips and tricks for getting the most out of watercolor (for example, just sprinkling a little salt on your painting creates a texture that's impossible to achieve with a brush.) A strong focus color theory provides a solid foundation for enhancing drawings with vibrant hues.*

*"In this pioneering new book, authors Klstrup and Tosca explore the many ways that transmedial worlds are present in people's everyday life, proposing a new theory of (trans)media use for the digital age. People are not only reading, watching and playing in fictional worlds like never before, but also using them to reflect about their lives through Facebook, Twitter, Youtube and other channels, commenting on their marriages or their life at the office, analyzing current news, or reminiscing on the role these worlds played in their childhood. The book's unique methodological approach combines an aesthetic and literary perspective that looks closely at the different fictional universes, with an empirical user perspective that builds upon fifteen years of sustained work on transmediality. The result is a theory that covers both the personal, experiential dimension of fictional worlds and the social dimension of sharing with each other. A fascinating and contemporary examination of media worlds and their communities, this book offers students and scholars of fandom, media, cultural and reception studies a new theoretical and methodological framework, through which to understand the phenomenon of transmedial worlds, and people's engagement with them"--*

*"Isabella cursed her father for sending her on this quest, but it was her only chance at freedom."Sent by her father to locate the Knights Templar's greatest treasure--and save her kingdom from ruin--Princess Isabella of France finds one of seven secret doors that unlocks the Templars' mysterious treasure. With this discovery, she expects the mission to be easy. But when she is ambushed on the Camino de Santiago, Isabella is not only forced to seek refuge with her father's enemies, but she's unexpectedly reunited with her one true love, Etienne. Shocked that the woman who'd betrayed him so long ago is now before him, Etienne is forced to put the past aside and do his duty as a Templar to help a pilgrim in need. It's not long before the past catches up to them. Now they must both decide: to love again, or to remain loyal? Etienne is tied to his vow as a Templar, and Isabella to the will of her father. As Isabella and her unlikely companions journey across Spain, they unlock the Templars' secret codes, face immortal shadows, and discover the wisdom of the Camino de Santiago. Isabella's quest leads her to love, friendship, and self-discovery--but if she's not careful, it could also lead to the destruction of the world. On April 8, 2017, in the small town of Castrojeriz, I was first told about a secret code of the Knights Templar on the Camino de Santiago. This code inspired me to write The Way: Through a Field of Stars. Since that day, I have walked more than a thousand miles across Spain doing research for this book series. Even though this novel is a work of fiction set in the thirteen hundreds, you can still visit all of the towns, cathedrals, and castles in the story. Also, all of the secret codes in the novel are based on symbols, ruins, and other things I saw on my own Camino. If you take a pilgrimage yourself, and know where to look, you can still see all these fascinating markings today.*

*The current debate over the economics of advertising has long focused on two questions. The first concerns the impact of advertising on the relative positions of large and small firms in an industry and thereby on the state of competition. The second examines the role of advertising on consumer purchasing decisions over broad consumption categories. Comanor and Wilson use the modern tools of economic theory and statistics to build and test their hypotheses, and contribute important analytical and empirical evidence on the key issues. The authors find that consumer decisions are affected substantially by the volume of advertising. Indeed, advertising is a weightier factor than relative prices. Their conclusions surely contribute to the nervousness long felt by economists over the use of consumer preferences to evaluate the welfare implications of resource allocation.*

*It's the perfect gift for a man or woman that's a Pharmacy Student or Graduate, Pharmacy Technician or Tech, Apothecary, PCP, Nurse, Druggist, Pharmaceutical Chemist, Pill pusher and Pharmacists with a sense of humor! A Pharmacologist lover will love wearing this notebook, planner or journal to college, school, rounds at the Dispensary or Drugstore and Hospital, sickroom, lab, the gym, or coffee shop. It's perfect to wear while walking the dog, picking up the kids from sports or while sorting pills.*

From the author of the #1 bestselling The 17 Day Diet, the inspiring and easy-to-follow plan for staying young and healthy, based on the same 17 day model that made the diet the bestselling diet book of 2011. Every year, every month, every day, every hour, every minute that you are alive, you are getting older. No matter how old you are, your body is undergoing age-related changes that can lead to less energy, painful joints, droopy skin, unsightly wrinkles, and overall declining health. But what if someone told you that getting older and the physical process of aging don't have to be so closely entwined? And what if you had the ability to slow down the aging of your body so much that you could actually live to see, and more important, enjoy your 100th birthday or beyond? From feeling pain in your joints to realizing that your memory isn't what it used to be, our bodies all suffer from wear and tear as we get older. But Dr. Mike Moreno—author of the #1 bestselling sensation The 17 Day Diet—explains that it is totally within your power to prevent and even reverse these symptoms of aging. The 17 Day Plan to Stop Aging is a 4-cycle plan that uses nutrition, physical fitness, and mental exercise to get you ready for longevity. Each cycle focuses on a different set of body parts and offers prescriptive solutions for improving the way those parts function. The plan is set up so that you can target specific areas or work on improving whole-body health at once. From your heart to your lungs, your nervous system to your reproductive system, the book is packed with information about what you can do to start feeling more vital. The 17 Day Plan to Stop Aging puts the power in your hands so you will never have to fear the prospect of old age again. Dare to imagine not just living 100 years, but thriving for all of them. The time to get started is now! \*\*\* The 17 Day Plan to Stop Aging is a 4-cycle system designed to help you feel healthier and younger. Whether you want to focus on a specific part of your body or feel rejuvenated from top to bottom, this is your guide to a happier, more vital life!
• Cycle 1—Restore: The plan begins with basic anti-aging approaches that will help restore all of your body's systems to a healthy baseline, stop potential medical problems before they start, and make way for a healthier, happier lifestyle—in 17 days flat. This cycle focuses on your heart, lungs, and brain, which Dr. Moreno considers to be the primary systems worthy of your immediate attention.
• Cycle 2—Rebuild: This cycle shows you how to protect your immune, digestive, and musculoskeletal systems. Through simple shifts in diet, unexpected ways to get your body moving, and a healthy dose of common sense, it's easy to strengthen these secondary systems so they can do their most efficient work for years to come.
• Cycle 3—Refine: When your reproductive and urinary systems are performing properly, you are most likely to feel energetic and sexy. Whether you want to avoid unpleasant symptoms like urinary incontinence or your goal is to keep your sex life thriving for years to come, Cycle 3 offers tools that you can easily apply to your life.
• Cycle 4—Renew: The strategies you'll master in the last 17 days of this plan will not only leave you feeling rejuvenated, but they will ensure that you are ready to make the most—in every way—of the long, happy, and healthy life that you're working toward. The vital elements in this final cycle help you achieve true harmony among your health, environment, and overall lifestyle.

This is an instructional book designed to teach the fundamentals of bata drumming through transcriptions of the queues ("lamadas") that are used to call (i.e., queue) patterns (toques) in Afro-Cuban folkloric music. The author is Cuban master percussionist Eugenio Arango, who has over 30 years of experience teaching orchestral and folkloric percussion in Cuba and performing around the world. This book is intended for musicians that want to learn the queues associated with each of the three bata drums, and how such queues align with the toques presented in both Vol. 1 and Vol. 2 (this book). This book is unique because: (1) it introduces a novel, uncomplicated notation designed by the author, which shatters the perceived difficulities associated with bata drumming, and (2) it is straightforward, to the point, and remarkably implementable.

Celebrated pastry chef Jordi Roca, of the award-winning restaurant El Celler de Can Roca, in Girona, Spain, presents more than 80 tempting dessert recipes that take readers on a journey through the seasons -- from Pineapple, Mango, and Passion Fruit Soup to Sweet Potato to Tangerine Granita. \* Roca's creations exhibit a whirl of imagination, daring, and boldness, making him one of the top international influencers in the pastry scene. \* He aims to give his diners a unique experience, by creating dishes intended to stimulate all the senses. \* Includes a brief history of the Rocas' acclaimed family restaurant. \* Pastry tips and techniques are also provided. Full-color photographs by Becky Lawton throughout.

"For Tim, it wouldn't be smart to fall for Alice. For Alice, nothing could be scarier than falling for Tim. But Tim has never been known for making the smart choice, and Alice is starting to wonder if 'smart' is always right. ... Told in Tim's and Alice's ... voices, this return to the setting of My life next door is a love story about falling first, trying again, and having to decide whether to risk it all once more."--Provided by publisher.

*Essential Vocabulary For Learners The fastest way to acquire a base vocabulary for practical spoken and written Spanish! Now includes 5.000 Spanish to English example sentences to help you learn faster and remember vocabulary quicker. Added International Phonetic Alphabet entries to help you getting Spanish pronunciation right Scientific research has shown that in day to day speech, you only use about 1.000 words a day., The 1000 most common words in Spanish account for 95% of all daily conversational Spanish. The 2.500 most used words account for 85% of all daily written espanol. The essential Spanish- English Word Frequency Dictionary 2.500 words and verbs give you a list of the most useful words to build your Spanish vocabulary fast. These high frequency Spanish words are a great tool for beginners and intermediate students. This electronic mini dictionary is a invaluable tool if you want to teach yourself Spanish. It contains the 2500 most common words and the 468 most common verbs in Spanish. Learn only the most important and most used words & verbs to quickly gain a practical knowledge of spoken and written Spanish. This Spanish Dictionary is perfect for beginners and intermediate students of teenage or adult age. It is less suitable for kids and children. Learning from a Spanish vocabulary list is a great way to learn Spanish fast. More fun facts on language learning and vocabulary: The first 25 words are used in 33% of all everyday writing The top 100 words make up 50% of all student and adult writing Top 500 words make up around 70% of all everyday text. It has been advised to first learn the first 1000 most common words before you start speaking a new language. The facts aforementioned seem to confirm this. That is why we created a list of the most used 2500 Spanish words, and 468 most common verbs. With these words, you are able to cover 85% of the Spanish language in text, and 95% of all you need in the spoken language. It is therefore a rational move to prioritize learning the words and verbs that you are likely to use and hear the most often. Frequency dictionaries and word lists are a good starting point, and can produce the quickest results. The most common Spanish words & verbs list will give you a good grasp on the Spanish language in a short amount of time. The word frequency is based on analysis of Spanish subtitles. Scientific research has shown that subtitles are the best source of a practical, spoken frequency dictionary in any language. Subtitles correlate to both spoken and written Spanish. The product is unique and the best way to understand and speak Spanish quick, because other frequency dictionaries base themselves on written text. The dictionary is not dived by topics (yet), but it has been divided by part of speech, frequency order and alphabetical order. By studying this dictionary with the 2500 most common words and 468 most common verbs, you will quickly gain a broad understanding and practical knowledge of spoken and written Spanish. Studies quoted: Nation 1990, Liu Na & Nation, 1985"*

Written by locals, *Fodor's New York City* is the perfect guidebook for those looking for insider tips to make the most out their visit to New York. Complete with detailed maps and concise descriptions, this travel guide will help you plan your NYC trip with ease. Join Fodor's in exploring Manhattan, Brooklyn, and more. The Lights, the sounds, the energy: New York City is the quintessential American city and unlike anywhere else in the world. It's a constantly changing destination that people visit again and again. Fodor's New York City, with color photos throughout, captures the universal appeal of the city's world-renowned museums, iconic music venues, Broadway spectacles, and, of course, gastronomic delights. Fodor's New York City includes:
•UP-TO-DATE COVERAGE: This edition includes top new restaurant and hotel recommendations for Manhattan and the boroughs. Brooklyn coverage continues to grow, including hip and happening Williamsburg and Bushwick, classic Brooklyn Heights, leafy Fort Greene, and family-friendly Park Slope. Updated annually to ensure the best and most relevant content.
•ULTIMATE EXPERIENCES GUIDE: A brief introduction and spectacular color photos capture the ultimate experiences and attractions throughout New York City.
•DETAILED MAPS: Over 35 detailed maps to help you plan and get around stress-free.
•GORGEOUS PHOTOS AND ILLUSTRATED FEATURES:Full-color features about New York City landmarks including the Statue of Liberty and Ellis Island, the 9/11 Memorial and Museum, the Metropolitan Museum of Art, and the American Museum of Natural History make planning any trip a snap. A section on eating like a local highlights what's hot and what will never go out of fashion.

In this new edition of the #1 bestseller The 17 Day Diet, Dr. Mike Moreno includes new chapters on supplements and exercise and more than 30 new recipes to help you achieve results fast and effectively. Dr. Moreno's phenomenal bestseller The 17 Day Diet helps you shed pounds fast in a safe, effective, and lasting way. Structured around four simple steps, his proven method adjusts your body's metabolism so you burn fat every day. Now, Dr. Moreno takes the plan to a whole new level. This revised edition incorporates the most up-to-date scientific and medical tools to help you achieve rapid weight loss with even greater effectiveness. Unlike many diets that starve you down to size, Dr. Moreno's structured plan changes your calorie count and the foods you eat every 17 days. The variation keeps your metabolism guessing so that you burn fat every day. The program is structured around four 17-day cycles: Accelerate, which helps flush sugar and fat storage out of your system; Activate, when you'll jumpstart your metabolism; Achieve, a phase that involves learning portion control; and Arrive, which combines the first three cycles and helps you maintain your new, healthy habits. Two new chapters explain all you need to know about supplements that can change your metabolism and a 17-minute exercise routine targeting specific areas of the body. With new information, more original recipes, and inspiring testimonials, this edition is destined to secure The 17 Day Diet's position as a runaway bestseller!

Two children build sandcastles at the beach and try to out do one another, but soon learn that cooperation will help them both.

"The first literary biography in English of E ó da de Queiroz, the Portuguese Dickens"--Provided by publisher.

This book tells the story of the tragic and often tormented relationship between the United States and Pakistan. Pakistan's internal troubles have already threatened U.S. security and international peace, and Pakistan's rapidly growing population, nuclear arsenal, and relationships with China and India will continue to force it upon America's geostrategic map in new and important ways over the coming decades. This book explores the main trends in Pakistani society that will help determine its future; traces the wellsprings of Pakistani anti-American sentiment through the history of U.S.-Pakistan relations from 1947 to 2001; assesses how Washington made and implemented policies regarding Pakistan since the terrorist attacks on the United States on September 11, 2001; and analyzes how regional dynamics, especially the rise of China, will likely shape U.S.-Pakistan relations. It concludes with three options for future U.S. strategy, described as defensive insulation, military-first cooperation, and comprehensive cooperation. The book explains how Washington can prepare for the worst, aim for the best, and avoid past mistakes.

Be the Driving Force Behind Your Company's Growth Robert H. Bloom has discovered that every enterprise has at least one strategic asset-one existing strength-that can form the foundation for future growth. He calls this an Inside Advantage. This strength usually lies unrecognized in an activity the business is currently performing or in a concept or an idea that the business already owns. Finding this hidden potential and becoming well known for it will grow the business. This strategy reflects Bloom's 45 years of experience in growing businesses and brands of every size and type, including famous companies such as Southwest Airlines, T-Mobile, T.G.I. Friday's, Zales, Nestl é , and L'Or é al, as well as not-so-famous B2B firms, not-for-profit organizations, and start-ups. Now, through his Growth Discovery Process, he is making his strategy available to all people who know their craft but don't know how to craft a growth strategy. Bloom's process is a plain-language path of discovery with only four steps. Whether you are a business leader, a manager, or an entrepreneur, this Growth Discovery Process will enable you to gain a profound insight into the core values of your enterprise. It will guide you to a clear understanding of who your customers are and what your special offerings to those customers should be. Finally, the process will stimulate a host of ideas-what Bloom calls Imaginative Acts-for highlighting your Inside Advantage and making it well known to current and prospective customers. Doing what you're good at and doing it better than anyone else will create growth. The Inside Advantage will help you capture that magic moment when customers will select your product or service over those of your competitors.

A dazzling look at Mayan mythology incarnate from New York Times bestselling author Steve Alten For two thousand years, the Mayan Calendar has prophesied the end of mankind on a date equating to December 21st, 2012. As that day approaches, greed, corruption, economic collapse, and violence seem to be pushing our species to the predicted brink of disaster. But there is another Doomsday threat looming in our near future, a very real threat that can wipe-out not only humanity but our entire planet. Phobos: Mayan Fear, Steve Alten's third book in the Mayan Prophecy series, is a doomsday rollercoaster ride of adventure that follows Immanuel Gabriel to the end of the world and back again for one last shot at salvation. During Immanuel's journey with his deceased grandfather, archaeologist Julius Gabriel, Julius reveals everything the Mayans knew and feared—from the secrets of creation that predate the Big Bang to the existence of extraterrestrials that have come to Earth to save our species. The universe is not what it seems, nor is human existence. The ticking clock of physicality that begins at conception and terminates with our final breath is neither the end nor the beginning, but an elaborate ruse constructed as a test. We are failing miserably. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Word Remains is the first English translation of a German book comprised of excerpts from Wilhelm Lohe's extensive writing on mission, pastoral theology, history, and liturgy. Lohe articulates the confessional Lutheran understanding of the church year, the Word of God, and matters related to the Christian life.

It is the spring of 1939 in the age of anxiety. In months Europe will be Hitler's. And Badenheim, a resort town vaguely in the orbit of Vienna, is preparing for its summer season. The vacationers arrive as they always have, a sampling of Jewish middleclass life: the impresario Dr. Pappenheim, his musicians, and their conductor; the gay Frau Tsauberblit; the historian Dr. Fussholdt and his much younger wife; the ' readers, ' twins whose passion for Rilke is featured on their program; a child prodigy; a commercial traveler; a rabbi. The list waxes as the summer wanes. To receive them in the town are the pharmacist and his worried wife, the hotelier and his large staff, the pastry shop owner and his irritable baker, Sally and Gertie (two quite respectable prostitutes), and, mysteriously, the bland inspectors from the "Sanitation Department." The story unfolds as matter-of-factly as a Chekhov play. The characters on stage are so deeply held by their defensive daily trivia that they manage to misconstrue every signal of their fate. Finally, de facto prisoners in their familiar resort, the vacationers, now increased by the forced crowding-in of other Jews hardly on vacation, take on the lineaments of undefined disaster. The text builds a sense of foreboding in which each human detail is so persuasive, so right in its fidelity to the terrible evasions of the time, that it leaves the reader transformed by what he and the author know must happen to Badenheim's people. Badenheim 1939 owes everything to its author's astonishing capacity to recreate the energies and confusions of innocent and uncomprehending victims who, always loyal to civility and social graces, fail to even dimly see thecruel terms of their imminent fate.

More than a list of recipes, "The Art of Blending with Essential Oils" teaches you how to make your own essential oil blends, herbal and essential oil infused ointments, salves, balms and lotions.

Isabel and Ethan are joined by Isabel's brother Matt, who is still getting accustomed to life in the Guard. This time, they must find Arkarian, their ageless mentor, who has been kidnapped and sent to the underworld. Although Isabel and Ethan have been forbidden to rescue him, an ever-increasing connection to Arkarian drives Isabel to convince Ethan and Matt that they must risk everything to find him despite the potential consequences.

FUNNY. FRIGHTENING. TRUE. It happens to all of us: You're minding your own business, when some idiot informs you that guns are evil, the Prius will save the planet, or the rich have to finally start paying their fair share of taxes. Just go away! you think to yourself -- but they only become more obnoxious. Your heart rate quickens. You start to sweat. You can't get away. Your only hope is... ..this book. Glenn Beck, author of the #1 New York Times bestsellers An Inconvenient Book and Glenn Beck's Common Sense, has stumbled upon the secret formula to winning arguments against people with big mouths but small minds: knowing the facts. And this book is full of them. The next time your Idiot Friends tell you how gun control prevents gun violence, you'll tell them all about England's handgun ban (see page 53). When they tell you that we should copy the UK's health-care system, you'll recount the horrifying facts you read on page 244. And the next time an idiot tells you that vegetable prices will skyrocket without illegal workers, you'll stop saying "no, they won't" and you'll start saying, "actually, eliminating all illegal labor will cause us to spend just \$8 a year more on produce." (See page 139.) Idiots can't be identified through voting records, they can be found only by looking for people who hide behind stereotypes, embrace partisanship, and believe that bumper sticker slogans are a substitute for common sense. If you know someone who fits the bill, then Arguing with Idiots will help you silence them once and for all with the ultimate weapon: the truth.

Looking for a great new mystery series? You've come to the right place. Three western writers begin their journeys with tales of wide-open skies, death in the dust, Native American mysticism, greed, lust, friendship, and honor. Law enforcement agents and Native American players partner and sometimes clash on the unpredictable path toward truth and justice. R. Lawson Gamble - THE DARK ROAD - Zack Tolliver is a newly minted FBI agent assigned to the Four Corners Indian Affairs FBI liaison team on the Navajo Reservation. Raised in eastern suburbia, he is dropped into a strange land and culture where he is immediately assigned to a missing person case that may have links to sheep mutilation and a murder. A total novice in all areas of his experience, he must rely on the Navajo men with whom he is partnered, one of whom will one day become his best friend and mentor. This novella is a prequel to the Zack Tolliver, FBI, Mystery Series. Mark Reps - NATIVE ROOTS - Zeb Hanks is a modern lawman, but he had to start somewhere. This two-part novella explores Zeb's roots as a young man and his early law enforcement career as a border patrol agent and Tucson policeman. A mysterious beating, illegal immigrants crossing the border, and a brush with the jaded world of politics mesh together to teach Zeb the meaning of justice, western style. This novella is a prequel to the Zeb Hanks Mystery Series. Felix F. Giordano - MISSING IN MONTANA - Axe Killian was a Knuckle Dragger, ex-military now undercover FBI with a Harley, an attitude, and a secret. When he stumbles upon a five-year old cold case abduction, his past coaxes him to accept the assignment. As he closes in on the missing, mixed-blood Blackfeet teenage girl, she would not only change who he was, but who he would become. This novella is an introduction to the Jim Buchanan Series, set in Montana.

What is Cuban cuisine? A delectable intermingling of Spanish, Portuguese, Arabian, Chinese, and African culinary traditions—a true melting pot of all the influences that combine in Cuban culture. Now, Raquel Rabade Roque gives us the definitive book of Cuban cuisine: encyclopedic in its range, but intimate and accessible in tone with more than five hundred recipes for classic, home-style dishes—from black bean soup to pork empanadas, from ropa vieja to black beans and croquetas, from tostones to arroz con pollo, from churros to café con leche—as well as the vividly told stories behind the recipes. Based on the author's family recipes, this is real Cuban cooking presented with today's busy cooks in mind. Whether you are an experienced cook or a novice, a lover of Cuban cuisine or just discovering it, The Cuban Kitchen will become an essential part of your kitchen library.

Armed with the results of critical historical research and a mind free from the shackles of dogma, Paul Tobin dissects the Bible and the historical Jesus in a way only a sceptic can. Tobin shows the bible, with its numerous contradictions, historical errors and scientific inaccuracies, cannot be considered inerrant.

He guides us through the intricacies of modern archaeology and comparative mythology, showing us that the much told stories in the Bible - Adam and Eve, Noah and Moses - are myths, invented by the ancient Hebrews under the influence of Babylonian beliefs. He demonstrates that the gospels, far from being eye-witness accounts, were written by authors unknown to us and were composed many decades after Jesus' death. He reveals that the stories regarding Jesus in the gospels are a combination of historical memory, legendary development and mythical fabrication. With the field of biblical scholarship increasingly packed with evangelicals - where the results of "research" are always in line with traditional church teachings - this book fills an important gap in the literature on Christianity and the Bible.

The New York Times Sunday crossword puzzles are the standard by which all others are judged. And they're now available in a compact, portable format perfect for solving anywhere. With this new collection, it's Sunday all week long!With: \* 75 of the best Sunday crosswords from The New York Times \* Convenient, affordable trade paperback for easy transport \* Edited by crossword legend Will Shortz

In the year 1260, Nicola Pisano, the sculptor who initiated the revival of classicizing ideals that would later form a major component of Italian Renaissance art, created a remarkable and unusual monument for the Baptistry of Pisa, a hexagonal pulpit supported by seven colorful columns and displaying on its parapet five visually compelling narrative reliefs; several years later he designed a second pulpit, this time for the cathedral of Siena. Toward the end of the century, his son Giovanni received a pulpit commission for the parish church of Sant'Andrea, Pistoia, to be followed a few years later (c. 1302) by another one for the cathedral of Pisa. These four extraordinary monuments, each building upon both older traditions and its own immediate predecessors, yet each a highly innovative and original solution, are the primary subject of this book. The pulpits by Nicola and Giovanni Pisano were produced during a period of enormous economic, intellectual, cultural and spiritual flux. The expanded body of knowledge that resulted from the rise of Scholasticism—a theological-intellectual current that, beginning in the French cathedral schools of the twelfth century, attempted to reconcile Christian faith with the newly valued ideals of observation and reason, in short, to synthesize Christian and classical learning--found expression in new themes and naturalistic motifs abounding in painting, book illumination and sculpture, and in religious and civic iconography. In contrast to the emphasis on transcendental experience of the earlier Middle Ages, the new urban-centered religious orders of the thirteenth-century, such as the Dominicans and the Franciscans, fostered a more direct, empathetic relationship between ordinary mortals and God and his saints. The Pisano pulpits were profoundly informed by these new conditions and concerns, and in turn they contributed to changing perceptions about the natural world and the nature of religious experience. Indeed, these pulpits are among the earliest visual manifestations in Italy of the scholastic inclination to embrace a wide range of knowledge, for the narratives relating biblical history are augmented by representations of Virtues and Vices, Liberal Arts, and pagan prophetesses of antiquity. The sermons expounded from these and other urban pulpits were very much enhanced by the charisma of their preachers and the interplay between the verbal and the visual, both of which were expressed in the "vernacular," that is, in the case of sermons no longer only in the remote Latin tongue, and in the case of visual imagery no longer employing the abstract forms and symbols of earlier periods. But preaching was by no means the sole function of these raised platforms; they were used for a variety of ceremonial occasions and, like the para-liturgical mystery and miracle plays that were becoming increasingly popular, they satisfied the needs for edification, diversion, and even entertainment, needs as compelling in the thirteenth and fourteenth centuries as they are today. In this book, we explore in word and image these and other issues related to the pulpits of Nicola and Giovanni Pisano, both as individual masterpieces and as monuments within the larger context of pulpit traditions. Nicola and Giovanni, different as were their sculptural styles, were both consummate story-tellers and it is nothing less than astonishing to observe the formal devices employed to make those stories as compelling as possible: We shall thus witness varying interpretations of the narratives, differing iconographic emphases and formal devices, changing conceptions of the human figure, and the development of spatial awareness in the work of both father and son. By offering close readings of the narrative and figural iconography, and the sculptural form conceived to give them expression, this book invites the modern viewer-reader to follow the itinerary of their original audience, the worshiper standing before and walking around each pulpit. In addition, however, numerous close-up views of passages difficult to see in situ offer privileged access to details readily visible primarily to the sculptor at work rather than the standing or circumambulating spectator.

Hunted by the seven deadly sins, two nuns must deliver a secret message for the Knights Templar across the Camino de Santiago before it's too late. Faced with unthinkable trials and life-altering lessons, this adventure is filled with mystery, humor, and self-discovery.Back: Through a Field of Stars is an action-packed historical fantasy that reveals spiritual wisdom from time immemorial. This novel is the second book in the international award-winning Through a Field of Stars trilogy, which has been hailed as a faith-based Da Vinci Code for a new era.In Back: Through a Field of Stars, Princess Isabella of France must convince her father to give up his quest for the Knight Templars' most valued treasure and make amends with her enemy, Templar Grand Master Jacques de Molay, to save those she loves. With Isabella and Molay both trapped in Paris, the weight of the world hangs on the shoulders of two unsuspecting nuns who are caught up in a game of control for the medieval world. Sister Fransie and Sister Caroline must flee France and smuggle the key to the Templars' greatest secret across the Camino de Santiago. On their pilgrimage, the sisters are forced to face the seven deadly sins, which have taken on a physical form and threaten to stop them at every turn. Will the wisdom they learn on the Camino be enough for them to succeed? Or, will they fail to deliver their message before time runs out for the Templars? Even though this novel is a work of fiction, if you visit the Camino de Santiago today, you can still see the symbols and runes that inspired the secret Templar code, as well as the towns, cathedrals, and castles from the story.

Meet Lucy Libido, your new best friend who will guide you through using essential oils between the sheets. Based on the smashingly popular Lucy Libido class, this hilarious yet informative book will teach you natural hormone balancing, oils that increase libido, and oils that increase your man's performance. She even includes her best oil recipes that have left her fans starry-eyed and smiling. Developed by a woman for a woman, "There's an Oil for THAT" gives you all the tips, tricks, and fun in one easy to read book that you'll want to store at your bedside.
