“A delightful, compelling book that offers a dazzling array of practical, thoughtful exercises designed to spark creativity, help solve problems, foster connection, and make our lives better.”—Gretchen Rubin, New York Times bestselling author and host of the Happier podcast
In an era of ambiguous, messy problems—as well as extraordinary opportunities for positive change—it’s vital to have both an inquisitive mind and the ability to act with intention. Creative Acts for Curious People is filled with ways to build those skills with resilience, care, and confidence. At Stanford University’s world-renowned Hasso Plattner Institute of Design, aka “the d.school,” students and faculty, experts and seekers bring together diverse perspectives to tackle ambitious projects; this book contains the experiences designed to help them do it. A provocative and highly visual companion, it’s a definitive resource for people who aim to draw on their curiosity and creativity in the face of uncertainty. Teeming with ideas about discovery, learning, and leading the way through unknown creative territory, Creative Acts for Curious People includes memorable stories and more than eighty innovative exercises. Curated by executive director Sarah Stein Greenberg, after being honed in the classrooms of the d.school, these exercises originated in some of the world’s most inventive and unconventional minds, including those of d.school and IDEO founder David M. Kelley, ReadyMade magazine founder Grace Hawthorne, innovative choreographer Aleta Hayes, Google chief innovation evangelist Frederik G. Pferdt, and many more. To bring fresh approaches to any challenge—world changing or close to home—you can draw on exercises such as Expert Eyes to hone observation skills, How to Talk to Strangers to foster understanding, and Designing Tools for Teams to build creative leadership. The activities are at once lighthearted, surprising, tough, and impactful—and reveal how the hidden dynamics of design can drive more vibrant ways of making, feeling, exploring, experimenting, and collaborating at work and in life. This book will help you develop the behaviors and deepen the mindsets that can turn your curiosity into ideas, and your ideas into action.

This important and inspiring collection is a sweeping overview of poetry written in New York in the year after the 9/11 attacks . . . This anthology contains poems by forty-five of the most important poets of the day, as well as some of the literary world’s most dynamic young voices, all writing in New York City in the year immediately following the World Trade Center attacks. It was inspired by the editors’ observation that after the tragic events of September 11th, 2001, poetry was being posted everywhere—on telephone poles, on warehouse walls, on bus shelters, in the letters-to-the-editor section newspapers ... People spontaneously turned to poetry to understand and cope with the tragedy of the attack. Full of humor, love, rage and fear, this diverse collection of poems attests to that power of poetry to express and to heal the human spirit. Featuring poems by Pulitzer Prize winner Stephen Dunn; Best American Poetry series editor David Lehman; National Book Award winner and New York State Poet Jean Valentine; the first ever Nuyorican Slam-Poetry champ; poets laureate of Brooklyn and Queens; and a poem and introduction by National Book Award finalist Alicia Ostriker.

*A #1 NEW YORK TIMES BESTSELLER! Featured in its own episode in the Netflix original show Bookmarks: Celebrating Black Voices! National Book Award winner Jacqueline Woodson and two-time Pura Belpré Illustrator Award winner Rafael López have teamed up to create a poignant, yet heartening book about finding courage to connect, even when you feel scared and alone. There will be times when you walk into a room and no one there is quite like you. There are many reasons to feel different. Maybe it's how you look or talk, or where you're from; maybe it's what you eat, or something just as random. It's not easy to take those first steps into a place where nobody really knows you yet, but somehow you do it. Jacqueline Woodson's lyrical text and Rafael López's dazzling art reminds us that we all feel like outsiders sometimes-and how brave it is that we go forth anyway. And that sometimes, when we reach out and begin to share our stories, others will be happy to meet us halfway. (This book is also available in Spanish, as El Día En Que Descubres Quién Eres!)*

**In the basement of a Boston bookstore, Firmin is born in a shredded copy Finnegans Wake, nurtured on a diet of Zane Grey, Lady Chatterley’s Lover, and Jane Eyre (which tastes a lot like lettuce). While his twelve siblings gnaw these books obliviously, for Firmin the words, thoughts, deeds, and hopes—all the literature he consumes—soon consume him. Emboldened by reading, intoxicated by curiosity, foraging for food, Firmin ventures out of his bookstore sanctuary, carrying with him all the yearnings and failings of humanity itself. It’s a lot to ask of a rat—especially when his home is on the verge of annihilation. A novel that is by turns hilarious, tragic, and hopeful, Firmin is a masterpiece of literary imagination. For here, a tender soul, a vagabond and philosopher, struggles with mortality and meaning—in a tale for anyone who has ever feasted on a book...and then had to turn the final page. NOTE: This edition does not include illustrations.**

A practical, illustrated guide to using the tools of design to create feelings of inclusion, collaboration, and respect in groups of any type or size—a classroom, a work team, an international organization—from Stanford University's d.school. "This is a beautiful book. Wise has applied the gift and imagination and lenses of the d.school to one o belonging."—Priya Parker, author of the Art of Gathering and host of the New York Times podcast Together Apart Belonging brings out the best in everyone. Whether you're a parent, teacher, community organizer, or leader of any sort, your group is unlikely to thrive if the individuals don't feel welcomed, included, and valued for who they are feelings of inclusion in your organization: rituals that bring people together, spaces that promote calm, roles that create a sense of responsibility, systems that make people feel respected, and more. You can't force feelings, but in Design for Belonging, author and educator Susie Wise explains how to use simple levers of design to set the s furniture to a meeting space to customize for your group size; switch up the role of group leader regularly to increase visibility for everyone; or create a special ritual for people joining or leaving your organization to welcome fresh perspectives and honor work well done. Inspiration and stories from leaders and scholars are paired with fran on different approaches. By the end of the book, you'll be able to spot where a greater sense of belonging is needed and actively shape your world to cultivate it—whether it's a party, a high-stakes meeting, or a new national organization.

"A wordless graphic novel in which twelve-year-old Marisol must adapt to a new life 1960s Brooklyn after her parents send her to the United States from Cuba to keep her safe during Castro's regime"--  
*These volumes represent the highest level of scholarship on what is arguably the most important tradition of Biblical Hebrew. Written by the leading scholar of the Tiberian Masoretic tradition, they offer a wealth of new data and revised analysis, and constitute a considerable advance on existing published scholarship. It should stand alongside Israel Yeivin's 'The Tiberian Masorah' as an essential handbook for scholars of Biblical Hebrew, and will remain an indispensable reference work for decades to come. —Dr. Benjamin Outhwaite, Director of the Taylor-Schechter Genizah Research Unit, Cambridge University Library* *The form of Biblical Hebrew that is presented in printed editions, with vocalization and accent signs, has its origin in medieval manuscripts of the Bible. The vocalization and accent signs are notation systems that were created in Tiberias in the early Islamic period by scholars known as the Tiberian Masoretes, but the oral tradition they represent has roots in antiquity. The grammatical textbooks and reference grammars of Biblical Hebrew in use today are heirs to centuries of tradition of grammatical works on Biblical Hebrew in Europe. The paradox is that this European tradition of Biblical Hebrew grammar did not have direct access to the way the Tiberian Masoretes were pronouncing Biblical Hebrew. In the last few decades, research of manuscript sources from the medieval Middle East has made it possible to reconstruct with considerable accuracy the pronunciation of the Tiberian Masoretes, which has come to be known as the 'Tiberian pronunciation tradition'. This book presents the current state of knowledge of the Tiberian pronunciation tradition of Biblical Hebrew and a full edition of one of the key medieval sources, Hidāyat al-Qāri' 'The Guide for the Reader', by 'Abū al-Faraj Hārūn. It is hoped that the book will help to break the mould of current grammatical descriptions of Biblical Hebrew and form a bridge between modern traditions of grammar and the school of the Masoretes of Tiberias. Links and QR codes in the book allow readers to listen to an oral performance of samples of the reconstructed Tiberian pronunciation by Alex Foreman. This is the first time Biblical Hebrew has been recited with the Tiberian pronunciation for a millennium.
