The How to Survive Middle School study guides cover essential middle school subjects with interactive texts, useful study techniques, and engaging illustrations that make information stick! The included reflective questions and write-in sections foster critical thinking and problem-solving skills, helping readers become independent learners. Each book is vetted by curriculum experts to perfectly complement middle school lesson plans. Other available subjects: World History, English, Math, and Science.

'Outline of U.S. History' is a publication of the U.S. Department of State. The first edition (1949-50) was produced under the editorship of Francis Whitney, first of the State Department Office of International Information and later of the U.S. Information Agency, Richard Hofstadter, professor of history at Columbia University, and Wood Gray, professor of American history at The George Washington University, served as academic consultants. D. Steven Endsley of Berkeley, California, prepared additional material. It has been updated and revised extensively over the years by, among others, Keith W. Olsen, professor of American history at the University of Maryland, and Nathan Glick, writer and former editor of the USIA journal, Dialogue. Alan Winkler, professor of history at Miami University (Ohio), wrote the post-World War II chapters for previous editions. This new edition has been completely revised and updated by Alonzo L. Hamby, Distinguished Professor of History at Ohio University.

Professor Hamby has written extensively on American politics and society.

REA's Essentials provide quick and easy access to critical information in a variety of different fields, ranging from the most basic to the most advanced. As its name implies, these concise, comprehensive study guides summarize the essentials of the field covered. Essentials are helpful when preparing for exams, doing homework and will remain a lasting reference source for students, teachers, and professionals. United States History: 1500 to 1789 reviews the European age of exploration, the beginnings of colonization, the colonial world, the Enlightenment and the Great Awakening, the French and Indian War, the Intolerable Acts, the War for Independence, the creation of new governments, and the United States Constitution.

A Patriot's History of the United States

Princeton Review AP European History Premium Prep, 2022

The United States of War

Outline of U.S. History

Study Guide: Inventing America: a History of the United States. Volume 1

Interactive Reader and Study Guide

2020 L.A. Times Book Prize Finalist, History A provocative examination of how the U.S. military has shaped our entire world, from today's costly, endless wars to the prominence of violence in everyday American life. The United States has been fighting wars constantly since invading Afghanistan in 2001. This nonstop warfare is far less exceptional than it might seem: the United States has been at war or has invaded other countries almost every year since independence. In The United States of War, David Vine traces this pattern of bloody conflict from Columbus's 1494 arrival in Guantanamo Bay through the 250-year expansion of a global US empire. Drawing on historical and firsthand anthropological research in fourteen countries and territories, The United States of War demonstrates how US leaders across generations have locked the United States in a self-perpetuating system of permanent war by constructing the world's largest-ever collection of foreign military bases--a global matrix that has made offensive interventionist wars more likely. Beyond exposing the profit-making desires, political interests, racism, and toxic masculinity underlying the country's relationship to war and empire, The United States of War shows how the long history of U.S. military expansion shapes our daily lives, from today's multi-trillion-dollar wars to the pervasiveness of violence and militarism in everyday U.S. life. The book concludes by confronting the catastrophic toll of American wars--which have left millions dead, wounded, and displaced--while offering proposals for how we can end the fighting.

For the past three decades, many history professors have allowed their biases to distort the way America ' s past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America ' s patriots and the achievements of " dead white men. " As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot ' s History of the United States corrects those doctrinaire biases. In this groundbreaking book, America ' s discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America ' s true and proud history.

Study guide and review for Advanced Placement United States History for the student serious about doing well in the course. It serves as a great resource either while going through the course, or at the end of the course as a review before the AP exam. This book is directly aligned with "American Pageant" (15th Edition) so the student will do as well as possible during the course. Included are detailed outlines. The outlines link directly to each chapter and to each chapter's sub-sections, thus making it great for a student taking U.S. History and using Bailey and Kennedy's "American Pageant" as his or her main text and who strives to excel in the course. Note: this is the ebook/epub/ipad version.

Discovering Our Past: A History of the United States Student Edition (print only)

John Adams (October 30 1735 - July 4, 1826) was the second president of the United States (1797-1801), having earlier served as the first vice president of the United States (1789-1797). An American Founding Father, Adams was a statesman, diplomat, and a leading advocate of American independence from Great Britain. Well educated, he was an Enlightenment political theorist who promoted republicanism, as well as a strong central government, and wrote prolifically about his often seminal ideas-both in published works and in letters to his wife and key adviser Abigail Adams. Adams was a lifelong opponent of slavery, having never bought a slave. In 1770 he provided a principled, controversial, and successful legal defense to the British soldiers accused in the Boston Massacre, because he believed in the right to counsel and the "protect[ion] of innocence." Adams came to prominence in the early stages of the American Revolution. A lawyer and public figure in Boston, as a delegate from Massachusetts to the Continental Congress, he played a leading role in persuading Congress to declare independence. He assisted Thomas Jefferson in drafting the Declaration of Independence in 1776, and was its primary advocate in the Congress. Later, as a diplomat in Europe, he helped negotiate the eventual peace treaty with Great Britain, and was responsible for obtaining vital governmental loans from Amsterdam bankers. A political theorist and historian, Adams largely wrote the Massachusetts Constitution in 1780, which together with his earlier Thoughts on Government, influenced American political thought. One of his greatest roles was as a judge of character: in 1775, he nominated George Washington to be commander-in-chief, and 25 years later nominated John Marshall to be Chief Justice of the United States. Adams' revolutionary credentials secured him two terms as George Washington's vice president and his own election in 1796 as the second president. During his one term as president, he encountered ferocious attacks by the Jeffersonian Republicans, as well as the dominant faction in his own Federalist Party led by his bitter enemy Alexander Hamilton. Adams signed the controversial Alien and Sedition Acts, and built up the army and navy especially in the face of an undeclared naval war (called the "Quasi-War") with France, 1798-1800. The major accomplishment of his presidency was his peaceful resolution of the conflict in the face of Hamilton's opposition. In 1800, Adams was defeated for re-election by Thomas Jefferson and retired to Massachusetts. He later resumed his friendship with Jefferson. He and his wife founded an accomplished family line of politicians, diplomats, and historians now referred to as the Adams political family. Adams was the father of John Quincy Adams, the sixth President of the United States. His achievements have received greater recognition in modern times, though his contributions were not initially as celebrated as those of other Founders. Adams was the first U.S. president to reside in the executive mansion that eventually became known as the White House.

United States History

Georgia Odyssey

Fast Track: U. S. HistoryEssential Review for AP, Honors, and Other Advanced StudyPrinceton Review

Georgia Odyssey is a lively survey of the state's history, from its beginnings as a European colony to its current standing as an international business mecca, from the self-imposed isolation of its Jim Crow era to its role as host of the centennial Olympic Games and beyond, from its long reign as the linchpin state of the Democratic Solid South to its current dominance by the Republican Party. This new edition incorporates current trends that have placed Georgia among the country's most dynamic and attractive states, fueled the growth of its Hispanic and Asian American populations, and otherwise dramatically altered its demographic, economic, social, and cultural appearance and persona. "The constantly shifting cultural landscape of contemporary Georgia," writes James C. Cobb, "presents a jumbled panorama of anachronism, contradiction, contrast, and peculiarity." A Georgia native, Cobb delights in debunking familiar myths about his state as he brings its past to life and makes it relevant to today. Not all of that past is pleasant to recall, Cobb notes. Moreover, not all of today's Georgians are as unequivocal as the tobacco farmer who informed a visiting journalist in 1938 that "we Georgians are Georgian as hell." That said, a great many Georgians, both natives and new arrivals, care deeply about the state's identity and consider it integral to their own. Georgia Odyssey is the ideal introduction to our past and a unique and often provocative look at the interaction of that past with our present and future.

The Complete Middle School Study Guide

SAT Subject Tests are a valuable way to help students show colleges a more complete picture of their academic background and interests. Each year, nearly 100K high school students take a history SAT Subject Test to demonstrate their knowledge. Several colleges and universities also require or recommend students to take SAT Subject Tests for admission and/or placement. Taking a SAT Subject Test in history can be a great way for students to demonstrate interest in the humanities. The Official SAT Subject Test in World History Study Guide from the College Board is the only source of official questions and answer explanations. Created from the makers of the Subject Tests, this guide offers a total of four (two never-been released) forms of actual past World History exams for students to gain real practice. Students will gain valuable experience and raise their confidence by taking practice tests, learning about test structure, and gaining a deeper understanding of what is tested on the test. The Official SAT Subject Test in World History Study Guide will help students get ready for the test with: • 4 full-length, previously administered tests in World History • Detailed answer explanations for every question in all tests • Exclusive test-taking approaches and tips from the actual test maker

Study Guide Volume I to Accompany Garraty/McCaughey The American Nation

MTEL History (06) Study Guide

Essential Review for AP, Honors, and Other Advanced Study

Guide to the Study of United States History Outside the U.S., 1945-1980: Bibliography

It's the revolutionary American history study guide just for middle school students from the brains behind Brain Quest. Everything You Need to Ace American History . . . covers Native Americans to the war in Iraq. There are units on Colonial America; the Revolutionary War and the founding of a new nation; Jefferson and the expansion west; the Civil War and Reconstruction; and all of the notable events of the 20th century—World Wars, the Depression, the Civil Rights movement, and much more. The BIG FAT NOTEBOOK™ series is built on a simple and irresistible conceit—borrowing the notes from the smartest kid in class. There are five books in all, and each is the only book you need for each main subject taught in middle school: Math, Science, American History, English Language Arts, and World History. Inside the reader will find every subject's key concepts, easily digested and summarized: Critical ideas highlighted in neon colors. Definitions explained. Doodles that illuminate tricky concepts in marker. Mnemonics for memorable shortcuts. And quizzes to recap it all. The BIG FAT NOTEBOOKS meet Common Core State Standards, Next Generation Science Standards, and state history standards, and are vetted by National and State Teacher of the Year Award-winning teachers. They make learning fun, and are the perfect next step for every kid who grew up on Brain Quest.

Chronicles the history of the United States from the end of the Civil War through the difficult years of the Reconstruction.

"Learn About the United States" is intended to help permanent residents gain a deeper understanding of U.S. history and government as they prepare to become citizens. The product presents 96 short lessons, based on the sample questions from which the civics portion of the naturalization test is drawn. An audio CD that allows students to listen to the questions, answers, and civics lessons read aloud is also included. For immigrants preparing to naturalize, the chance to learn more about the history and government of the United States will make their journey toward citizenship a more meaningful one.
