

Up From The Ashes Nation Building At Muckleshoot

South Korea's amazing rise from the ashes: the inside story of an economic, political, and cultural phenomenon Long overshadowed by Japan and China, South Korea is a small country that happens to be one of the great national success stories of the postwar period. From a failed state with no democratic tradition, ruined and partitioned by war, and sapped by a half-century of colonial rule, South Korea transformed itself in just fifty years into an economic powerhouse and a democracy that serves as a model for other countries. With no natural resources and a tradition of authoritarian rule, Korea managed to accomplish a second Asian miracle. Daniel Tudor is a journalist who has lived in and written about Korea for almost a decade. In Korea: The Impossible Country, Tudor examines Korea's cultural foundations; the Korean character; the public sphere in politics, business, and the workplace as well as the family, dating, and marriage. In doing so, he touches on topics as diverse as shamanism, classism, the dilemma posed by North Korea, the myths about doing business in Korea, the Koreans' renowned hard-partying ethos, and why the infatuation with learning English is now causing massive social problems. South Korea has undergone two miracles at once: economic development and complete democratization. The question now is, will it become as some see Japan, a prosperous yet aging society, devoid of energy and momentum? Or will the dynamism of Korean society and its willingness to change—as well as the opportunity it has now to welcome outsiders into its fold—enable it to experience a third miracle that will propel it into the ranks of the world's leading nations regarding human culture, democracy, and wealth? More than just one journalist's account, Korea: The Impossible Country also draws on interviews with many of the people who made South Korea what it is today. These include: Choi Min-sik, the star of "Old Boy," Park Won-soon, Mayor of Seoul. Soyeon Yi, Korea's first astronaut Hong Myung-bo, legendary captain of Korea's 2002 FIFA World Cup team. Shin Joong-hyun, the 'Godfather of Korean Rock.' Ko Un, poet. Hong Seok-cheon, restaurateur, and the first Korean celebrity to 'come out.' And many more, including a former advisor to President Park Chung-hee; a Shaman priestess ('mudang'); the boss of Korea's largest matchmaking agency; a 'room salon' hostess; an architect; as well as chefs, musicians, academics, entrepreneurs, homemakers, and chaebol conglomerate employees.

Ben Raines and his army must embark on a mission of war when Abdullah El Farrar wreaks havoc on the northern United States, which causes thousands of northern citizens to join forces with the evil warlord. Original.

A Memoir

Transforming the Nation

The Nation

Nation's Business

Rising Above the Ashes will compassionately guide you through your grief and help you to identify what brings you joy. You will learn how to grieve your loss-whether it's of a loved one, your beloved family pet, a business relationship, or big job or client-and identify and reignite your joy. You will also learn that grief doesn't define who you are. This book will help you to grieve on your own terms-to cry through it, lift you up, and reignite your passion for life. If you're willing to do the work to heal, there will be joy after all of this overwhelm and chaos. If you're ready to get out of the overwhelm you may be

experiencing and begin the journey to healing your broken heart, this book is for you.

This #1 internationally bestselling and award-winning memoir about overcoming trauma, prejudice, and addiction by a Métis-Cree author as he struggles to find a way back to himself and his Indigenous culture is "an illuminating, inside account of homelessness, a study of survival and freedom" (Amanda Lindhout, bestselling coauthor of A House in the Sky). Abandoned by his parents as a toddler, Jesse Thistle and his two brothers were cut off from all they knew when they were placed in the foster care system. Eventually placed with their paternal grandparents, the children often clashed with their tough-love attitude. Worse,

the ghost of Jesse's drug-addicted father seemed to haunt the memories of every member of the family. Soon, Jesse succumbed to a self-destructive cycle of drug and alcohol addiction and petty crime, resulting in more than a decade living on and off the streets. Facing struggles many of us cannot even imagine, Jesse knew he would die unless he turned his life around. Through sheer perseverance and newfound love, he managed to find his way back into the loving embrace of his Indigenous culture and family. Now, in this heart-wrenching and triumphant memoir, Jesse Thistle honestly and fearlessly divulges his painful past, the abuse

he endured, and the tragic truth about his parents. An eloquent exploration of the dangerous impact of prejudice and racism, From the Ashes is ultimately a celebration of love and "a story of courage and resilience certain to strike a chord with readers from many backgrounds" (Library Journal).

Destiny in the Ashes

Reigniting Your Joy After Any Loss

In this investigation of Quakers in early America, Sarah Crabtree elaborates on the tensions caused by Quakers conception of themselves as people beholden not to states but to Christ. Quakers were no less than a triple threat to their governments because they claimed loyalties above and beyond the state, resisted the military strategies that were used to bolster the state, and became political activists pushing for reform. In resisting both the compulsion and the exercise of state power, Quakers put forth alternative definitions of nation and citizenand yet, many Quakers often found themselves drawn to political and social reform efforts that required recognizing and engaging with nations and states. Crabtree argues that the resulting conflicts between obligations to church and state illuminate similar contemporary conflicts."

The history of the Christian-Jewish relations is full of curious, intense, and occasionally tragic episodes. In the dialectical development of the Western monotheistic religions, Judaism plays the role of the “thesis”, of the origins and background for the rise of Christianity and Islam. With the rise of Christianity, Judaism was progressively marginalized, since it was denied the same essence and validity of Christianity, which grew immensely in terms of spiritual and secular power. Christian scholars since the Middle Ages looked at Judaism as at the “broken staff” in the evolutionist line of religion, to quote the insightful work of the late Frank E. Manuel. At the same time, while re-discovering Judaism, Christian scholars redefined themselves, and Christianity as well. However, while Christianity encompassed many sects and many nations, the relatively weak diversity within Judaism, the religion of a single nation, seemed to hinder its evolution and development. While the intellectual battle was fought in a scholarly way, the emergence of the Christian State condemned the Jews to perpetual discrimination and occasional toleration, until a lay State, Nazi Germany, threatened the survival of the Jewish people. Neutral controversial works became powerful extermination tools when used in the political arena. This volume casts light on some crucial episodes in the long dialectics within the same intellectual and religious framework, touching upon themes such as the conception of time future in the age of Spinoza, the early encounters of Judaism and Christianity in eighteenth-century England, the memory of the Shoah, and the political revolution present in the system of the Jewish Commonwealth. From early to late Modernity, there is a history of friendship and diffidence, mutual understanding and dramatic disagreements, which, even today, largely conditions the Western intellectual world.

Ashes to Ashes

A Report to the Secretary of War of the United States on Indian Affairs

A rebel leader faces danger within his ranks during his nation's hour of need in this post-apocalyptic thriller from a USA Today–bestselling author. Social decay buckled America and the Great War brought her to her knees. Out of the ashes, two would-be nation states rise. One is built on values of hard work and justice, under the leadership of the outlaw general, Ben Raines. The other would return all power to the federal government and to the very politicians who plunged the USA into destruction once before... Now, the federals have lined up their forces north of the border for a sweep down into the lower forty-eight. Against three powerful divisions, Raines has thrown up nine battalions of outgunned Rebel fighters. But when the shooting begins, a new battle erupts. This time, Raines faces an enemy from behind his own lines as legions of Rebels. Nineteenth in the long-running series!

Author of The Mermaid of Black Conch, Rathbone Folio Prize 2021 longlisted, Winner of the Costa Best Novel Award 2020 & Winner of the Year 2020 The City of Silk is restless, its people suffering in the grip of corruption. Then, one hot July evening, The Leader gathers his followers, a brotherhood of half-trained men and boys, and storms the House of Power. Together they intend to take back what they believe is rightfully theirs. Caught up in the mayhem is quiet, scholarly Ashes. He had been inspired by The Leader's charisma, but now that words have turned to action he's not so sure about this insurrection. And trapped with the rebel boy soldiers is government minister Aspasia Garland. The mother of a son the same age as the teenage gunmen, she sees much of her child in these boys with guns. As the siege continues, the city holds its breath. For what happens over the next six days will change the small island's future forever... Praise for House of Ashes: 'The kind of Caribbean fiction Gabriel García Márquez once wrote about - a vividness of imagination which is at once so terrible, so beautiful and so compelling that it shows you exactly how things are' Kei Miller 'Roffey's writing is raw and visceral and she thrusts her readers headlong into the middle of the action, her pen as powerful as the butts of guns shoved in her hostages' backs' Observer 'Goes to the heart of questions of political temptation and folly: it grips from beginning to end' Sunday Telegraph 'Gripping' The Times 'Absorbing' Independent 'Vivid' Guardian 'Powerful' Observer 'Monique Roffey is a unique talent and most daring and versatile of writers' Bernadine Evaristo

This volume presents a wide-ranging selection of Jewish theological responses to the Holocaust. It will be the most complete anthology of its sort, bringing together for the first time: (1) a large sample of ultra-orthodox writings, translated from the Hebrew and Yiddish; (2) a substantial selection of essays by Israeli authors, also translated from the Hebrew; (3) a broad sampling of works written in English by American and European authors. These diverse selections represent virtually every significant theological position that has been articulated by a Jewish thinker in response to the Holocaust. Included are rarely studied responses that were written while the Holocaust was happening.

In Transforming the Nation, leading Canadian politicians and scholars reflect on the major policy debates of the period and offer new and surprising interpretations of Brian Mulroney. Mulroney had a tremendous impact on Canada, charting a new direction for the country through his decisions on a variety of public-policy issues - free trade with the United States, social-security reform, foreign policy, and Canada's North. The Mulroney government represented a dramatic break with Canada's past.
