The definitive manual on judging and running the modern drill competition (civilian, JROTC and service Honor Guards) at all levels. Taking you through the modern judging process, the reader is exposed to the world of judging the pageantry arts in the four visual categories. This manual is a must for all Drillers, instructors and judges.

Given the unprecedented demands on the U.S. military since 2001 and the risks posed by deployment and trauma, there has been growing concern about the prevalence and consequences of sleep-related problems. This first-ever comprehensive review of military sleep-related policies and procedures, evidence-based interventions, and barriers to achieving healthy sleep offers a detailed and actionable recommendations for improving sleep across the force.

The Tongue and Quill has been a valued Air Force resource for decades and many Airmen in our Total Force of uniformed and civilian members have contributed their talents to various editions over the years. This revision is built upon the foundation of governing directives and user's inputs from the unit level all the way up to Headquarters Air Force. A small team of Air Force Airmen from the Air University, the United States Air Force Academy, Headquarters Air Force Education and Training Command (AETC), the Air Force Reserve Command (AFRC), Air National Guard (ANG), and Headquarters Air Force compiled inputs from the field and re-

*The purpose of this book is to provide a military reference source concentrating primarily on U.S. Army designs where most shoulder sleeve insignia originated. However, we have incorporated some of the most popular U.S. Navy and U.S. Marine Corps designs that will be encountered. Keep in mind that in 1947 with the advent of the realignment of the armed services, several major changes occurred. The U.S. Air Force was created and separated from Army control to become an independent entity and the U.S. Marine Corps ceased wearing patches on uniforms. Also includes a section of "Unofficially Authorized" patches prevalent in the U.S. Marine Corps.*
