*In this updated and extended edition of The Greek Sense of Theatre, scholar and practitioner J. Michael Walton revises and expands his visual approach to the theatre of classical Athens. From the tragedies of Aeschylus, Sophocles and Euripides to the old and new comedies of Aristophanes and Menander, he argues that while Greek drama is seen now as a performance-based*

rather than a strictly literary medium, more attention should still be paid to the nature of stage image and masked acting as part of this conception.

"Quirky, unpredictable, often hilarious, Infante's book tells us much about the effect of the Cuban revolution on Cuban literature." - Publishers Weekly With bitter irony, the author tells a story sadly repeated during this century. A dictatorship that silences the intellectuals, a regime that lies and kills, and a

propaganda war that has yet to end. One of the best compilations of documents on recent Cuban history.

11th of July 1981. The east coast of England. For the two groups of conflicted teenagers what was supposed to be another lazy summer day, turns into a life-changing string of events. After crashing a jeep and miraculously avoiding death, Jersey, Ice, Maggie and Boogie stumble across their rivals. BB, Bolo, Andy and Red are not happy about it. Except for BB,

Ragazzi  
who would do anything to get back to Maggie. It only takes a moment until jealous Jersey starts a fight. Unexpectedly an explosion sweeps them off their feet. When they regain consciousness, everything around them doesn't seem to be the same anymore. Lost in the misty forest and chased by mysterious flying objects the groups seek shelter in a nearby town. Instead of finding help, they encounter strange phenomena, nightmarish shadowy entities and an ongoing aerial battle. The

groups realise that the only way to get through this is to put animosity aside and start working together. But will they manage? Will they outrun the shadows? And most importantly will they survive? With the help of an unexpected ally, they might. However, they don't yet know what is at stake and how important their actions will become. The journey will test their characters and, take them farther than they have ever hoped. Adventure, comedy, mystery, sci-fi and things between... If

you like pop-culture classics like *The Goonies*, *The Close Encounters of the Third Kind* or *The Stranger Things*, you should like *Between Lights and Shadows*. **REVIEWS** of the Polish version, released in 2013.

Wayne Storey

1948-1968

Italy Since 1945

## *Tragedy and Comedy*

Against Theatre shows that the most prominent writers of modern drama shared a radical rejection of the theatre as they knew it. Together with designers, composers and film makers, they plotted to destroy all existing theatres. But from their destruction emerged the most astonishing innovations of modernist theatre.

By providing the latest information on mobile phone pricing structures and trends, this book highlights a number of areas for policy review and decision. This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you

Church

**?This text re-examines the great  
variety of liturgical practices in  
the first four centuries in the  
light of modern Jewish and  
Christian scholarship.**

**In this fascinating volume,  
acclaimed theatre historian Erika  
Fischer-Lichte reflects on the  
role and meaning accorded to  
the theme of sacrifice in Western  
cultures as mirrored in particular  
fusions of theatre and ritual.**

**Theatre, Sacrifice, Ritual  
presents a radical re-definition of  
ritual theatre through analysis of**

**performances as diverse as: Max Reinhardt's new people's theatre the mass spectacles of post-revolutionary Russia American Zionist pageants the Olympic Games. In offering both a performative and a semiotic analysis of such performances, Fischer-Lichte expertly demonstrates how theatre and ritual are fused in order to tackle the problem of community-building in societies characterised by loss of solidarity and disintegration, and exposes the provocative connection between the utopian visions of community they suggest, and the notion of sacrifice. This innovative study**

**of twentieth-century performative culture boldly examines the complexities of political theatre, propaganda and manipulation of the masses, and offers a revolutionary approach to the study of theatre and performance history.**

Il 21 settembre 1962 si compiono cento anni dalla morte del P. Luigi Taparelli d'Azeglio della Compagnia di Gesu. Ricopriva allora la carica di Superiore e Direttore della Civiltà Cattolica, il periodico dei gesuiti italiani al quale aveva dedicato gli ultimi dodici anni della sua vita, dopo averlo tenuto a battesimo nel 1850. Chiudeva gli occhi nel Collegio romano, centro di studi fondato da S. Ignazio di Loyola ed illustrato in tre secoli da uomini insigni nelle scienze sacre ed umane e del quale egli stesso era stato il primo Rettore, quando Leone XII, nel 1824, lo aveva restituito alla Compagnia di Gesu. Questa coincidenza di luogo era l'espressione

di una continuita spirituale e di pensiero unificatore che aveva caratterizzato tutta la sua vita. Rettore del Collegio romano, P. Taparelli non era stato soltanto coscienzioso dirigente di un Istituto che raccoglieva per gli studi umanistici il fiore della gioventu romana, e per le scienze sacre gli alunni dei Seminari di tutto il mondo, ma soprattutto un pioniere e capo di un movimento che doveva imprimere un indirizzo al pensiero cattolico. Eredi e partecipi delle ricchezze intellettuali e morali di questa figura di uomo di scienza e di fede, la Pontificia Universita Gregoriana e la Civiltà Cattolica hanno voluto commemorare degnamente il compiersi dei cento anni dalla sua morte.

Christian Worship: Its Origin and  
Evolution

**This book explores literary and  
non-literary texts, along with  
their early manuscripts and  
subsequent printed and digital  
editions, covering a time span  
extending over 1000 years.**

**Greek tragedy is currently being performed more frequently than at any time since classical antiquity. This book is the first to address the fundamental question, why has there been so much Greek tragedy in the theatres, opera houses and cinemas of the last three decades? A detailed chronological appendix of production information and lavish illustrations supplement the fourteen essays by an interdisciplinary team of specialists from the worlds of classics, theatre studies, and the professional theatre. They relate the recent appeal of Greek tragedy to social trends, political developments, aesthetic and performative developments, and**

**the intellectual currents of the last three decades, especially multiculturalism, post-colonialism, feminism, post-structuralism, revisions of psychoanalytical models, and secularization.**

**'An enjoyable, highly readable history that manages to bring murky, often fiendishly complex events into the light' Sunday Times** Italy emerged from the Second World War in ruins. Divided, invaded and economically broken, it was a nation that some claimed had ceased to exist. By the 1960s, Italy could boast the fastest-growing economy in the world, as rural society disappeared almost overnight. In *The Archipelago*, acclaimed historian John Foot

**Parozzi**  
chronicles Italy's tumultuous history from the post-war period to the present. From the silent assimilation of fascists into society after 1945 to the artistic peak of neorealist cinema, he examines both the corrupt and celebrated sides of the country. While often portrayed as a failed state on the margins of Europe, Italy has instead been at the centre of innovation and change - a political laboratory. This new history tells the fascinating story of a country always marked by scandal but with the constant ability to re-invent itself. Comprising original research and lively insights, *The Archipelago* chronicles the crises and modernisations of over seventy years of post-war Italy, from its

***During the 10th, 11th and  
12th centuries, the exchange  
of artistic ideas and  
formulas between regions  
surrounding the  
Mediterranean Sea gave rise  
to the first genuine***

***European art period in medieval Western Europe, which is generally called 'Romanesque'. Crucial to this integrative process was the mobility of artists, architects and patrons, as well as the ability to absorb new artistic formulas and integrate them into already existing patterns. Some especially creative centres produced and exported successful formal and architectural models, whereas others became real melting pots. All these cultural and artistic exchanges took place over***

***the substrate of Roman Antiquity, which was highly valued and regularly reemployed throughout the Mediterranean lands. This volume focuses on Romanesque cathedral complexes as a lens to analyze the complexity and dynamics of the artistic landscape in southern and central Europe during the 10th to 12th centuries. The architectural characteristics of every single cathedral are the result of an age-old, complex process of morphogenesis which is always defined by local***

***conditions regarding space, building material, etc. The contributions to this volume discuss the factors that have defined architectural configurations of Romanesque cathedrals. A twofold methodology is adopted. First, the question is raised to what extent the architectural forms of specific cathedrals can be ascribed to the preferences of patrons who, hypothetically, would also have imposed the liturgical protocol. Secondly, a wide range of other, rather more 'bottom-up' factors are also***

***taken into account,  
including specific  
community practices,  
liturgical and others. In this  
analysis, special attention is  
paid to visual programmes  
and liturgical furnishings  
which made up a large part  
of the visual experience of  
Romanesque cathedral  
complexes.***

***Explores the nature of the  
Trinity, discussing the  
different attributes of each  
member of it and how they  
form a whole.***
