Una Sardegna tutta da scoprire. Undici percorsi oltre l'isola delle cartoline e dei villaggi turistici all inclusive. When he is diagnosed with cancer, in the silence of the hospital room broken only by the swish of cars outside, Italian writer Tiziano Terzani realizes that his whole life has been one long ride on a merry-go-round where he has always journeyed without a ticket. Now, for the first time, the ticket collector has come to demand his dues. At first, Terzani turns to Western medicine for a cure, but a question soon begins to haunt him: is cancer, as the doctors say, an enemy that needs to be destroyed, or is it a friend one can talk to? Travelling had always been a way of life for him, so he decides to make another trip, in search of a solution - to India. This final ride turns out to be very different though. And more difficult. Because every step, every choice - often between reason and faith, between science and magic - is inextricably linked to his own survival.

As he crisscrosses the country from an ashram in Coimbatore to a hut in Almora, the external journey in search of a cure transforms into an inner journey and a return to the divine roots of man. Then, one day, as he looks at the sun rising over the mountains, he stumbles upon the one truth that has eluded him: death is as desirable and eternal as life itself. A bestseller in Europe, this is a book about modern medicine and alternative cures, and the quest to understand the true meaning of mortality.

The award winning *Accabadora* is an exceptional English-language debut, written with intriguing subtlety reflecting a sensual picture of local Italian life and death in villages during the 1950's. A time where family ties and obligations still decide much of life's ebb and flow. A must read for those who love a touch of the unusual. Formerly beautiful and at one time betrothed to a fallen soldier, Bonaria Urrai has a long held covenant with the dead. Midwife to the dying, easing their suffering and sometimes ending it, she is revered and feared in equal measure as the village's *Accabadora*. When Bonaria adopts Maria, the unloved fourth child of a widow, she tries to shield the girl from the truth about

her role as an angel of mercy. Moved by the pleas of a young man crippled in an accident, she breaks her golden rule of familial consent, and in the recriminations that follow, Maria rejects her and flees Sardinia for Turin. Adrift in the big city, Maria strives as ever to find love and acceptance, but her efforts are overshadowed by the creeping knowledge of a debt unpaid, of a duty and destiny that must one day be hers. Accabadora has been awarded seven major literary prizes, including Italy's prestigious Premio Campiello.

*The harrowing tale of British explorer Ernest Shackleton's 1914 attempt to reach the South Pole, one of the greatest adventure stories of the modern age. In August 1914, polar explorer Ernest Shackleton boarded the Endurance and set sail for Antarctica, where he planned to cross the last uncharted continent on foot. In January 1915, after battling its way through a thousand miles of pack ice and only a day's sail short of its destination, the Endurance became locked in an island of ice. Thus began the legendary ordeal of Shackleton and his crew of twenty-seven men. When their ship was finally crushed between two ice floes, they attempted a near-impossible journey over 850 miles of the South Atlantic's heaviest seas to the closest outpost of civilization. In Endurance, the definitive account of Ernest Shackleton's fateful trip, Alfred Lansing brilliantly narrates the harrowing and miraculous voyage that has defined heroism for the modern age. Presents background information on Sicily along with recommendations for accommodations, restaurants, outdoor activities, historical sites, attractions, and itineraries for day trips.*

*A lo largo de la historia se han ido consolidando una serie de ideas, enfoques, imágenes y costumbres que han contribuido, sin duda, a crear o consolidar un imaginario social y colectivo en torno a la muerte, a educar, en fin, de una forma u otra, en lo que la muerte representa y supone para las personas. A pesar de la innegable certeza de que la muerte forma parte de la propia vida, la aceptación de aquélla como algo connatural se convierte en una cuestión de enorme complejidad, especialmente en el mundo contemporáneo. A partir de estas consideraciones generales nace el proyecto de elaborar el presente libro que lleva por título Mors certa, hora incerta. Tradiciones, representaciones y educación ante la muerte. Los once estudios que componen la obra colectiva que aquí se presenta, y que han sido redactados por profesionales de diversas procedencias (Brasil, España, Italia, y Portugal), constituyen un honesto esfuerzo encaminado a ampliar una línea de investigación poco cultivada hasta el momento: la reflexión en torno a la muerte,*

*desde la perspectiva de su imbricación con tradiciones, ritos y costumbres históricas; de su representación en la literatura, textos y materiales escolares; y, en definitiva, de todo el proceso inherente a la construcción/deconstrucción del tabú de la muerte. El lector tiene pues a su disposición una original aportación a partir de la cual se espera poder abrir nuevas vías de investigación, desde un enfoque de estudio histórico, filosófico y/o educativo, y que tengan en la muerte su leitmotiv, entendida siempre como algo consustancial al ser humano.*

*In this book, an international team of experts draws upon a rich range of Latin and Greek texts to explore the roles played by individuals at ports in activities and institutions that were central to the maritime commerce of the Roman Mediterranean. In particular, they focus upon some of the interpretative issues that arise in dealing with this kind of epigraphic evidence, the archaeological contexts of the texts, social institutions and social groups in ports, legal issues relating to harbours, case studies relating to specific ports, and mercantile connections and shippers. While much attention is inevitably focused upon the richer epigraphic collections of Ostia and Ephesos, the papers draw upon inscriptions from a very wide range of ports across the Mediterranean. The volume will be invaluable for all scholars and students of Roman history.*

*and conclusions of the adventures of the band of characters introduced in "The Son of the Red Corsair." Emilio Salgari is an Italian writer of adventure and science fiction stories for readers of all ages young at heart. His books are regarded as classics and are still in print many years after their initial publication. They have been translated in several languages and, besides Italy, they are especially popular in the Spanish speaking world. A prolific writer, Salgari authored 80 novels and about 150 short stories. The faithful Mendoza, Buttafuoco, and the boisterous Don Barrejo reunite to save Neala, the half-sister of Enrico of Ventimiglia, the Italian gentleman disguised as a corsair who found her and brought her back to Europe in The Son of The Red Corsair. Neala has returned to the New World to be made Queen of Darien and take possession of the riches she inherited after the death of her grandfather, the Darien's Gran Cacique. But the Marquis of Montelimar, who had kept her prisoner pretending to be her tutor with the aim of getting his hands on the inheritance, kidnaps her soon after she arrives. Mendoza, Buttafuoco, and Barrejo will stop at nothing and join forces with the last Pirates of the Caribbean to rescue her in this action filled, and often humorous, adventure.*

*learning about her roots, Ourika lives not as a French woman but as a black person. The story then presents the struggles she faces with her newly discovered identity as an educated African lady in eighteenth-century Europe. Claire de Duras wrote this best-seller twenty-five years before the abolition of the slave trade in France. This period was a time when not a lot of women published their work, so Duras published Ourika anonymously. It marks an important event in European literature as it is the first novel set in Europe to have a black female protagonist. Despite being a short story, this work addresses the themes of race, nationality, interracial love.*

There are two stories here. One is the now legendary tale of a defiant Jew's refusal to abandon God, even in the face of the greatest suffering the world has known, a testament of faith that has taken on an unpredictable and

fascinating life of its own and has often been thought to be a direct testament from the Holocaust. The parallel story is that of Zvi Kolitz, the true author, whose connection to Yosl Rakover has been obscured over the fifty years since its original appearance. German journalist Paul Badde tells how a young man came to write this classic response to evil, and then was nearly written out of its history. With brief commentaries by French philosopher Emmanuel Levinas and Leon Wieseltier, author of *Kaddish*, this edition presents a religious classic and the very human story behind it.

The first and only guide to turning your 21st century democracy into a fascist paradise. Democracy is difficult, flawed and unstable. It involves barely distinguishable political parties taking part in lengthy, overcomplicated and expensive decision-making processes. Trying to engage so many people with political issues seems to lead only to complexity and disagreement. So why bother? Doesn't fascism guarantee a more effective and efficient management of the state? In this short, biting and ironic mixture of *On Tyranny* and *The Psychopath Test*, Italian political activist Michela Murgia explores the logic that is attracting increasing numbers of voters to right-wing populism. Far from its origins in the 20th

century, fascism is once again on the rise in an age of increased connectivity and globalism. Murgia shows how many of the elements of our society that we might think would combat closed-mindedness and xenophobia actually fan the flames. Closing with a "fascistometer" to measure the reader's own authoritarian inclinations, *How to be a Fascist* is a refreshingly direct, polemical book that asks us to confront the fascism in our governments, in our societies, and in our own political leanings. The Second Edition of *Parliamo italiano!* instills five core language skills by pairing cultural themes with essential grammar points. Students use culture—the geography, traditions, and history of Italy—to understand and master the language. The 60-minute *Parliamo italiano!* video features stunning, on-location footage of various cities and regions throughout Italy according to a story line corresponding to each unit's theme and geographic focus.

*discovery, international bestselling author Paolo Cognetti examines our universal desire for connection through a voyage in the Himalayas. Why climb a mountain without ever reaching the summit? In 2017, Paolo Cognetti returned to Nepal, not to conquer the mountains but to journey through the high valleys of the Dolpo with a copy of Peter Matthiessen's The Snow Leopard in hand. Drawing on memories of his childhood in the Alps, Cognetti explored the roots of life in the mountains, truly getting to know the communities and the nature that forged this resilient, almost mythical region.*

*Accompanying him was Remigio, a childhood friend who had never left the mountains of Italy, and Nicola, a painter he had recently met. Joined by a stalwart team of local sherpas, the trio started out in the remote Dolpo region of Nepal. From there, a journey of self-discovery shaped by illness, human connection, and empathy was born. Without Ever Reaching the Summit features line illustrations drawn by the author.*

*It had never been done before. Not in 2,000 years of Japanese recorded history had anyone followed the Cherry Blossom Front from one end of the country to the other. Nor had anyone hitchhiked the length of Japan. But, heady on sakura and sake, Will Ferguson bet he could do both. The resulting travelogue is one of the funniest and most illuminating books ever written about Japan. And, as Ferguson learns, it illustrates that to travel is better than to arrive.*

*Presenting one's portfolio is where every designer begins*

*his or her career. Therefore, crafting a portfolio, whether online or for presentation in person, is an essential skill for survival. Because a portfolio can make or break a career, it is vital that designers go out armed with all the right moves and materials. This book talks both to the professionals who have both designed their own portfolios and those on the other side of the table who have looked at scores of portfolios, to uncover the tips and tricks that have won jobs, as well as the must-avoid moves that have lost opportunities. This book is not only a handbook for dos and don'ts; it also provides plenty of inspiration from a wide collection of portfolios, both virtual and real-life. This book asks leaders in the field about the real-world realities of presenting one's work for consideration and answers the question, "What sells and what doesn't." Set in Macedonia immediately after World War 2, it tells the story of a group of children orphaned by the war and their life in an orphanage. Full of characters and incidents, the book presents a child's view of life that is both humorous and bleak and, by its end, very moving. At a metaphoric level, the novel presents a strong critique of the authoritarianism of both institutional life and the Communist system, and their inability to reconcile with the needs and nature of the individual. At the human level, The Big Water is a very positive and moving story of the emotional development of children, and of the fundamental and irreplaceable role of the mother. Readers will remember this story and its climax long after they have finished the book.*

No one in their right mind travels across Siberia in the middle of winter in a modified Russian jeep, with only a CD player (which breaks on the first day) for company. But Jacek Hugo-Bader is no ordinary traveler. As a fiftieth birthday present to himself, Jacek Hugo-Bader sets out to drive from Moscow to Vladivostok, traversing a continent that is two and a half times bigger than America, awash with bandits, and not always fully equipped with roads. But if his mission sounds deranged it is in keeping with the land he is visiting. For Siberia is slowly dying — or, more accurately, killing itself. This is a traumatized post-Communist landscape peopled by the homeless and the hopeless: alcoholism is endemic, as are suicides, murders, and deaths from AIDS. As he gets to know these communities and speaks to the people, Hugo-Bader discovers a great deal of tragedy, but also dark humor to be shared amongst the reindeer shepherds, the former hippies, the modern-day rappers, the homeless and the

sick, the shamans, and the followers of 'one of the six Russian Christs,' just one of the many arcane religions that flourish in this isolated, impossible region.

The author of *The Mental Load* returns with more "visual essays which are transformative agents of change." After the success of *The Mental Load*, Emma continues in her new book to tangle with issues pertinent to women's experiences, from consent to the "power of love," from the care and attentiveness that women place on others' wellbeing and social cohesion, and how it constitutes another burden on women, to contraception, to the true nature of gallantry, from the culture of rape to diets, from safety in public spaces to retirement, along with social issues such as police violence, women's rights, and green capitalism. And, once more, she hits the mark.

'*Sea and Sardinia*' describes Lawrence and his wife Frieda's 1921 trip to Italy. His poetic exploration mirrors that of his own '*Twilight in Italy*' and creates an impression of Sardinia and its people that is still relevant and appealing today. Unmissable for those who enjoy Rudyard Kipling, Franz Kafka, and James Joyce. DH Lawrence (1885-1930) was an English poet and novelist. Famed for his lyrical

prose, he was uncompromising in his mission to uncover the consequences of modernity and industrialization, particularly on sexuality, instinct, and spontaneity. His works, although innovative, were not truly appreciated until after his death, the most notable of which 'Lady Chatterley's Lover' was adapted to screen in 1981.

Built on an inverted forest, paved with a tortoiseshell of boulders, Venice is a maze of tiny alleys, bridges and squares. Tiziano Scarpa wanders through the city, recounting the customs and secrets that only Venetians know. With everything from practical advice for aspiring Venetian lovers to hints at where to find the best bacaro, Scarpa waves the tourist in the right direction and, without naming a single restaurant, hotel or bar, relates the secret language needed to experience the real Venice. So ignore the street signs - why fight the labyrinth? Venice, the fish, is ready to swallow you whole.
