The essays included in Talking Books with Mario Vargas Llosa celebrate Mario Vargas Llosa's visits to the City College of New York, the creation of the Cátedra Vargas Llosa in his honor, and the interests of the Peruvian author in reading and books. This volume contains previously unpublished material by Vargas Llosa himself, as well as by novelists and literary critics associated with the Cátedra. This collection offers readers an opportunity to learn about Vargas Llosa's body of work through multiple perspectives: his own and those of eminent fiction writers and important literary critics. The book offers significant analysis and rich conversation that bring to life many of the Nobel Laureate's characters and provide insights into his writing process and imagination. As the last surviving member of the original group of writers of the Latin American Boom--which included Gabriel García Márquez, Carlos Fuentes, and Julio Cortázar--Vargas Llosa endures as a literary icon because his fiction has remained fresh and innovative. His prolific works span many different themes and subgenres. A combination of literary analyses and anecdotal contributions in this volume reveal the little-known human and intellectual dimensions of Vargas Llosa the writer and Vargas Llosa the man.

Set in the highlands of the Mexican state of Chiapas, The Book of Lamentations tells of a fictionalized Mayan uprising that resembles many of the rebellions that have taken place since the indigenous people of the area were first conquered by European invaders five hundred years ago. With the panoramic sweep of a Diego Rivera mural, the novel weaves together dozens of plot lines, perspectives, and characters. Blending a wealth of historical information and local detail with a profound understanding of the complex relationship between victim and tormentor, Castellanos captures the ambiguities that underlie all struggles for power. A masterpiece of contemporary Latin American fiction from Mexico's greatest twentieth-century woman writer, The Book of Lamentations was translated with an afterword by Ester Allen and introduction by Alma Guillermoprieta.

On December 7, 2010, Mario Vargas Llosa was awarded the Nobel Prize in Literature. His Nobel Llecture is a resounding tribute to fiction's power to inspire readers to greater ambition, to dissent, and to political action. "We would be worse than we are without the good books we have read, more conformist, not as restless, more submissive, and the critical spirit, the engine of progress, would not even exist," Vargas Llosa writes. "Like writing, reading is a protest against the insufficiencies of life. When we look in fiction for what is missing in life, we are saying, with no need to say it or even to know it, that life as it is does not satisfy our thirst for the absolute—the foundation of the human condition—and should be better." Vargas Llosa's lecture is a powerful argument for the necessity of literature in our lives today. For, as he eloquently writes, "Literature not only submerges us in the dream of beauty and happiness but alerts us to every kind of oppression."

Finalist for the National Book Award: " A family saga in the manner of Gabriel Garc í a M á rquez, " set in Puerto Rico, from an extraordinary storyteller (The New York Times Book Review). This riveting, multigenerational epic tells the story of two families and the history of Puerto Rico through the eyes of Isabel Monfort and her husband, Quint í n Mendizabal. Isabel attempts to immortalize their now-united families—and, by extension, their homeland—in a book. The tale that unfolds in her writing has layers upon layers, exploring the nature of love, marriage, family, and Puerto Rico itself. Weaving the intimate with the expansive on a teeming stage, Ferr é crafts a revealing self-portrait of a man and a woman, two fiercely independent people searching for meaning and identity. As Isabel declares: " Nothing is true, nothing is false, everything is the color of the glass you ’ re looking through. " A book about freeing oneself from societal and cultural constraints, The House on the Lagoon also grapples with bigger issues of life, death, poverty, and racism. Mythological in its breadth and scope, this is a masterpiece from an extraordinary storyteller.

The debate over the concept of world literature, which has been taking place with renewed intensity over the last twenty years, is tightly bound up with the issues of global interconnectedness in a polycentric world. Most recently, critiques of globalization-related conceptualizations, in particular, have made themselves heard: to what extent is the concept of world literature too closely connected with the political and economic dynamics of globalization? Such questions cannot be answered simply through theoretical debate. The material side of the production of world literature must therefore be more strongly integrated into the conversation than it has been. Using the example of Latin American literatures, this volume demonstrates the concrete construction processes of world literature. To that purpose, archival materials have been analyzed here: notes, travel reports, and correspondence between publishers and authors. The Latin American examples provide particularly rich information about the processes of institutionalization in the Western world, as well as new perspectives for a contemporary mapping of world literature beyond the established dynamics of canonization.

Few English-speaking readers are familiar with the life or the writings of the sixteenth-century Franciscan chronicler Luis Jerónimo de Oré, particularly his neglected Relación, about the early Spanish presence in territories now part of the United States. His account of La Florida—an area that in the sixteenth and seventeenth centuries included present-day Florida as well as territory north to Virginia and west into Kansas—reflects the desire of the Spanish Crown and various religious orders to explore and to establish a presence in the region. This edition of Luis Jerónimo de Oré's work presents readers with a new introduction and an annotated translation that place the text in the broader context of international politics. The narrative develops our understanding of the early Spanish presence in the continental United States while documenting frontier life and the contacts with Native Americans in the South and along the Eastern Seaboard.

"Hidden Messages and Resistance in Andean Colonial Drama is a study that takes into account Andean cultural diversity in four works of Peruvian theater written in Quechua and Spanish. In examining these plays, Chang-Rodríguez considers the density of the different traditions that have marked these works; the complexity and variability of their messages in relation to their heterogeneous spectators, readers, and listeners; and how the colonial playwright reworked the original European models. With a critical eye, the author analyzes texts and images of the period to uncover hidden messages resulting from the uniqueness of colonial situations and the interplay of dissimilar traditions."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. A gentle maiden aunt who has been victimized for years unexpectedly retaliates through her talent for making life-sized dolls filled with honey. "The Youngest Doll," based on a family anecdote, is a stunning literary expression of Rosario Ferré's feminist and social concerns. It is the premier story in a collection that was originally published in Spanish in 1976 as Papeles de Pandora and is now translated into English by the author. The daughter of a former governor of Puerto Rico, Ferré portrays women loosening the constraints that have bound them to a patriarchal culture. Anger takes creative rather than polemical form in ten stories that started Ferré on her way to becoming a leading woman writer in Latin America. The upper-middle-class women in "The Youngest Doll, mostly married to macho men, rebel against their doll-like existence or retreat into fantasy, those without money or the right skin color are even more oppressed. In terms of power and influence, these women stand in the same relation to men as Puerto Rico itself does to the United States, and Ferré stretches artistic boundaries in writing about their situation. The stories, moving from the realistic to the nightmarish, are deeply felt, full of irony and black humor, often experimental in form. The imagery is striking: an architect dreams about a beautiful bridge that "would open and close its arches like alligators making love"; a Mercedes Benz "shines in the dark like a chromium rhinoceros." One story, "The Sleeping Beauty," is a collage of letters, announcements, and photo captions that allows chilling conclusions to be drawn from what is not written. The collection includes Ferré's discussion of "When Women Love Men," a story about a prostitute and a society lady who unite in order to survive, and one that illustrates the woman writers' "art of dissembling anger through irony." In closing, she considers how her experience as a Latin American woman with ties to the United States has brought to her writing a dual cultural perspective.

Laura Esquivel's debut novel Como agua para chocolate took the literary World by storm with its unique yet familiar story of love and longing on the Mexican border during the perilous times of the Mexican Revolution. This author's narrative, seeped in magic and peppered with Mexico's culinary customs, was quickly taken to the silver screen where Tita and Pedro's forbidden relationship would captivate audiences not only in its native country, but around the globe - cementing Equivel's name within the ever-growing canon of Latin American women writers. Nathaniel Gardner introduces the reader to both the novel and the film version of Como agua para chocolate and examines not only key themes, such as rebellion and tradition, but also its style and main characters. This narrative's acclaimed use of food and other gastronomic elements are taken into consideration as well as the significance of magic realism to this text. As this novel/film combination follow each other in an unusually close manner, the first part analyses many of the components the two share while the second part of this study emphasizes the cinematic mechanisms that are unique to this particular presentation of Esquivel's most widely-studied creation to date.

Mexicana and Chicana authors from the late 1970s to the turn of the century helped overturn the patriarchal literary culture and mores of their time. This landmark volume acquaints readers with the provocative, at times defiant, yet subtle discourses of this important generation of writers and explains the influences and historical contexts that shaped their work. Until now, little criticism has been published about these important works. Addressing this oversight, Teaching Late-Twentieth-Century Mexicana and Chicana Writers starts with essays on Mexicana and Chicana authors. It then features essays on specific teaching strategies suitable for literature surveys and courses in cultural studies, Latino studies, interdisciplinary and comparative studies, humanities, and general education that aim to explore the intersectionalities represented in these works. Experienced teachers offer guidance on using these works to introduce students to border studies, transnational studies, sexuality studies, disability studies, contemporary Mexican history and Latino history in the United States, the history of social movements, and concepts of race and gender."
"Un Mango Grows in Kansas poet Huascar Medina reflects our generational sense of place to illuminate the possibilities and the promises that place holds. He reimagines Kansas, the Midwest, the Americas, and the stars by expanding our perspective and examining our routines and our over mapped corners. Medina guides us through this new American journey reaffirming that our struggles with love, infatuation, obsession, loss, death, family, self, and other are, like the mango seed itself, necessary and beautiful and without them, it would never be as sweet."
-Miguel M. Morales, poet, co-editor of Pulse/Pulso: In Remembrance of Orlando. "Un Mango Grows in Kansas -exactly where it should, amongst the flowers and the hidden bones de un futuro no muy lejano. Huascar Medina's anthology transports you to a forgotten isla where he refuses to let you forget what it is to live so far and yet so close to home. In this, not so alternate universe, grillos, remordimientos y humedad thrive and we -the readers- are left with bellies full of seeds of a less bitter tomorrow."
-Alex Martinez, author, organizer "Huascar's book is full of ordinary magic, of seeing the sublime in the everyday, and that makes this book a true joy to read. Speaking of mangos, Huascar writes, 'Fruit flies are angels born in their own kind of heaven.' This is that kind of book, something sweet to savor--full of revelations and culture, observations and human unity."
--Kevin Rabas, Poet Laureate of Kansas (2017-2019), On Drums "Huascar Medina's Un Mango Grows in Kansas contains a lyric catalog of losses but also the joy that comes from carrying our islands and ancestors with us. These poems of grief and celebration feature all the elsewherees of Kansas, as well as Frida Kahlo's Casa Azul and the mango orchards of Puerto Rico. In this bilingual collection, Medina says "Only Neruda can save us," and like Neruda, Medina seamlessly blends the high and the low, the heaven of fruit flies, the blush of resurrected bones, the messy and necessary resurrections of love." -Traci Brimhall
