The latest issue of Ursula with a special feature on Calvin Tomkins
The newest issue of Hauser & Wirth's Ursula features a discussion with Calvin Tomkins, the New Yorker's longtime art critic, about his career writing on everything from David Hammons in 2019 to his initial interviews with Marcel Duchamp in 1959—reflecting a life lived deeply in the art of his time. A watercolor portrait of Tomkins by Elizabeth Peyton graces the cover of Ursula. Other articles include Maurizio Cattelan's "interview" with Fabio Mauri, Greg Tate and Arthur Jafa on the writing of Samuel R. Delany and its importance to their life and work, a portfolio of previously unseen work by Nicholas Party, Jarrett Earnest on his recent trip to the Austin International Drag Festival where he reflects on the nuances of the execution of drag, as well as other articles from Lucy Ives, Carmen Winant and more.

The Diary of Elio Schmitz is a beautiful and moving portrait of an artistic young man living in late nineteenth-century Trieste. It is also the first English translation of the single most important document for anyone interested in the early life of Italo Svevo, Italy's greatest modern novelist.Elio Schmitz was the younger brother of Ettore Schmitz, better known today as Italo Svevo, Italy's greatest modern novelist. Much of what we know about Svevo—about his family and its origins, about his childhood in Trieste, about his temperament and his formation as a writer—we know because Elio Schmitz decided to set it down in his diary. In Elio, Ettore found a constant, reliable source of appreciation and encouragement, the ideal confidant. Many of the most important moments of this relationship are vividly preserved in The Diary of Elio Schmitz, making it a precious, indispensable account of Svevo's early years. The relevance of this diary, however, extends beyond the life and work of Italo Svevo, for the picture that Elio Schmitz paints of his family and his city captures all of the contradictions and ambiguities of nineteenth-century Trieste.

Most people outside Italy know Pier Paolo Pasolini for his films, many of which began as literary works:Arabian Nights, The Gospel According to Matthew, The Decameron, and The Canterbury Tales among them. What most people are not aware of is that he was primarily a poet, publishing nineteen books of poems during his lifetime, as well as a visual artist, novelist, playwright, and journalist. Half a dozen of these books have been excerpted and published in English over the years, but even if one were to read all of those, the wide range of poetic styles and subjects that occupied Pasolini during his lifetime would still elude the English-language reader. For the first time, Anglophones will now be able to discover the many facets of this singular poet. Avoiding the tactics of the slim, idiosyncratic, and aesthetically or politically motivated volumes currently available in English, Stephen Sartarelli has chosen poems from every period of Pasolini's poetic oeuvre. In doing so, he gives English-language readers a more complete picture of the poet, whose verse ranged from short lyrics to longer poems and extended sequences, and whose themes ran not only to the moral, spiritual, and social spheres but also to the aesthetic and sexual, for which he is most known in the United States today. This volume shows how central poetry was to Pasolini, no matter what else he was doing in his creative life, and how poetry informed all of his work from the visual arts to his political essays to his films. Pier Paolo Pasolini was la poet of the cinema.]] as James Ivory says in the book's foreword, who illett a trove of words on paper that can live on as the fast-deteriorating images he created on celluloid cannot.]] This generous selection of poems will be welcomed by poetry lovers and film buffs alike and will be an event in American letters.

Corrado Alvaro's Fear in the World was published a decade before Orwell's 1984, but is not well known outside Italy, perhaps because of the timing of the publication just before the Second World War. Alvaro had visited the Soviet Union as a journalist, but was probably motivated to write this dystopian novel by aspects of modernity that concerned him, particularly the use of fear for political purposes which was not afflicting Russia alone. He was interested in the psychology of fear and the extent to which individuals and the crowd participate in their own regimentation. The names of countries, cities and leading political figures such as Stalin are never referred to, but as in the works of Orwell they are clearly identifiable from their descriptions: the author was writing in a Fascist country against a Fascist censor and had to cut his cloth accordingly. This is a dark novel, not quite as dark as 1984, but it is more claustrophobic. The feeling of inevitability is there from the first page, and it is experienced as we experience real life. The imagined truth takes us closer to where we really are. The travails of the love affair at the core of this novel quite possibly arise from perceptions that the regime exploits in a quite ad hoc manner. And it leads the reader through an extraordinary sequence of events and observations which encompass a vast range of emotions and ideas expressed in a unique prose style. The modern Leviathan appears to be a well-oiled machine, but towards the end it becomes clear that this is merely an appearance of efficiency and omniscience, but appearances can be powerful. Alvaro is particularly interested in how the state uses quasireligious mechanisms and rituals to assert its power. The central character returns to the country after a long period abroad, and sees things initially through foreign eyes, living a life similar to the one Alvaro did when in Russia. He is not a natural rebel, and very much wants to fit in, but he finds this difficult to achieve. The regime boasts that it has an ally in history, but destiny is elusive, however much the characters feel that they are driven by it.

***Nigel Harris's ground-breaking book examines migration as a response to changes in the world economy. He shows that, despite tighter controls, increasing numbers of workers are moving, whether legally or not, between countries. Unskilled immigrant workers play a vital role in improving standards of living in the developed world. And in turn the countries from which they have come benefit in a major way from the earnings sent back home. Arguing that few of the fears about immigration are justified, and that increased immigration tends to mean that jobs and incomes expand, Harris shows why governments will have to***

Go beyond self-help to self-realization with this accessible and uplifting manual.

The gap between psychotherapeutic practice and clinical theory is ever widening. Therapists still don't know what role interpersonal relations play in the development of the most common psychopathologies. Valeria Ugazio bridges this gap by examining phobias, obsessive-compulsions, eating disorders, and depression in the context of the family, using an intersubjective approach to personality. Her concept of "semantic polarities" gives a groundbreaking perspective to the construction of meaning in the family and other interpersonal contexts. At no point is theory left in the wasteland of abstraction. The concreteness of the many case studies recounted, and examples taken from well-known novels, will allow readers to immediately connect the topics discussed with their own experience.

When Wolfe catches his best friend falling out a window on her wedding day, he doesn't ask questions. He whisks her away, determined to watch over her and discover the truth behind her desperate escape. This "wonderful and enchanting" memoir tells the revelatory true story of one Muslim girl's life in her family's French Moroccan harem, set against the backdrop of World War II (The New York Times Book Review). "I was born in a harem in 1940 in Fez, Morocco..." So begins Fatima Mernissi in this illuminating narrative of a childhood behind the iron gates of a domestic harem. In Dreams of Trespass, Mernissi weaves her own memories with the dreams and memories of the women who surrounded her in the courtyard of her youth -- women who, without access to the world outside, recreated it from sheer imagination. A beautifully written account of a girl confronting the mysteries of time and place, gender and sex, Dreams of Trespass illuminates what it was like to be a modern Muslim woman in a place steeped in tradition.

A History of the Church from the Birth of Joseph Smith to the Present Time (1922), with Introductory Chapters on the Antiquity of the Gospel and the "Falling Away"

*Essentials in Church History is a religious text by Joseph Fielding Smith. It presents the history of The Church of Jesus Christ of Latter-day Saints, also known as Mormon history. An illuminating read for anyone interested.*

*Speranza di una vita oltre la morte. È lo spunto ispiratore di una storia medievale palinata di giallo e narrata a ritroso: un motivo inquietante e insieme delicato, di cui è simbolo l'aura consurgens – il sorgere dell'aurora –, onirica visione di un morente. Affetto da oscure malattie, ma ispirato da sani principi, un giovane conte diviene l'obiettivo della tacita, sottile connivenza di sette personaggi fraudolenti che intendono esiliarlo, ma a cui manca il coraggio di ordire una congiura, tanto meno di sporcarsi le mani. Eppure, i delitti si susseguono, al castello, in apparenza imputabili al conte, che sebbene tormentato dall'angoscia si difende e resiste finché può. Non un romanzo storico usuale, ma ogni riga trasuda Medioevo; tetra e illuminato, demonico e divino, nobile e volgare, tremebondo e gaudente. Il XIII secolo è alla fine; ai piedi del castello è in espansione una nuova città; nell'uno e l'altro ambiente – tra preghiere, achimie ed esoterismi – serpeggiano rancori e gelosie, si affilano le lame dei sicari. Riconoscimenti: Premio "Erice Anteka" 2009 - Premio "Città Cava de' Tirreni" 2009. Note - L'illustrazione di copertina è un acquerello tratto dal manoscritto alchemico Aurora Consurgens, dettato – secondo l'ipotesi di Marie-Louise von Franz – da Tommaso d'Aquino morente ai monaci dell'abbazia di Fossanova.*

*How do you clothe a book? In this deeply personal reflection, Pulitzer Prize-winning author Jhumpa Lahiri explores the art of the book jacket from the perspectives of both reader and writer. Probing the complex relationships between text and image, author and designer, and art and commerce, Lahiri delves into the role of the uniform; explains what book jackets and design have come to mean to her; and how, sometimes, "the covers become a part of me."*

*"I thought you'd do what the common run of slaves normally do, cheating and tricking me because my son's having an affair." Terence's comedies have provided plots and characters for comic drama from classical times to the present; the outstanding comic playwright of his generation at Rome, he has influenced authors from Molière and Wycherley to P. G. Wodehouse. Scheming slaves, parasites, prostitutes, pimps, and boastful soldiers populate his plays, which show love triumphing over obstacles of various kinds, and the problems that arise from ignorance, misunderstanding, and prejudice. Although they reflect contemporary tensions in Roman society, their insights into human nature and experience make them timeless in their appeal. Peter Brown's lively new translation does full justice to Terence's style and skill as a dramatist. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Leader of Latin America 's powerful new women 's movement rethinks the meaning of feminist politics
Recent years have seen massive feminist mobilizations in virtually every continent, overturning social mores and repressive legislation. In this brilliant and original look at the emerging feminist international, Ver ónica Gago explores how the women 's strike, as both a concept and collective experience, may be transforming the boundaries of politics as we know it. At once a gripping political analysis and a theoretically charged manifesto, Feminist International draws on the author 's rich experience with radical movements to enter into ongoing debates in feminist and Marxist theory: from social reproduction and domestic work to the intertwining of financial and gender violence, as well as controversies surrounding the neo-extractivist model of development, the possibilities and limits of left populism, and the ever-vexed nexus of gender-race-class. Gago asks what another theory of power might look like, one premised on our desire to change everything.

An innovative contribution to political theory, State Work examines the labor of government workers in North America. Arguing that this work needs to be theorized precisely because it is vital to the creation and persistence of the state, Stefano Harney draws on thinking from public administration and organizational sociology, as well as poststructuralist theory and performance studies, to launch a cultural studies of the state. Countering conceptions of the government and its employees as remote and inflexible, Harney uses the theory of mass intellectuality developed by Italian worker-theorists to illuminate the potential for genuine political progress inherent within state work. State Work begins with an ethnographic account of Harney 's work as a midlevel manager within an Ontario government initiative charged with leading the province 's efforts to combat racism. Through readings of material such as The X-Files and Law & Order, Harney then reviews how popular images of the state and government labor are formed within American culture and how these ideas shape everyday life. He highlights the mutually dependent roles played in state work by the citizenry and civil servants. Using as case studies Al Gore 's National Partnership for Reinventing Government and a community-policing project in New York City, Harney also critiques public management literature and performance measurement theories. He concludes his study with a look at the motivations of state workers.

***“We Are the Luckiest is a masterpiece. It’s the truest, most generous, honest, and helpful sobriety memoir I’ve read. It’s going to save lives.” – Glennon Doyle, #1 New York Times bestselling author of Love Warrior: A Memoir What could possibly be “lucky” about addiction? Absolutely nothing, thought Laura McKowen when drinking brought her to her knees. As she puts it, she “kicked and screamed . . . wishing for something – anything – else” to be her issue. The people who got to drink normally, she thought, were so damn lucky. But in the midst of early sobriety, when no longer able to anesthetize her pain and anxiety, she realized that she was actually the lucky one. Lucky to feel her feelings, live honestly, really be with her daughter, change her legacy. She recognized that “those of us who answer the invitation to wake up, whatever our invitation, are really the luckiest of all.” Here, in straight-talking chapters filled with personal stories, McKowen addresses issues such as facing facts, the question of AA, and other people’s drinking. Without sugarcoating the struggles of sobriety, she relentlessly emphasizes the many blessings of an honest life, one without secrets and debilitating shame.***

The explosive novel of Italy's revolutionary 1969 It was 1969, and temperatures were rising across the factories of the north as workers demanded better pay and conditions. Soon, discontent would erupt in what became known as Italy's Hot Autumn. A young worker from the impoverished south arrives at Fiat's Mirafiori factory in Turin, where his darker complexion begins to fade from the fourteen-hour workdays in scalding industrial heat. His bosses try to withho his wages. Our cynical, dry-witted narrator will not bend to their will. "I want everything, everything that's owed to me," he tells them. "Nothing more and nothing less, because you don't mess with me." Around him, students are holding secret meetings and union workers begin halting work on the assembly lines, crippling the Mirafiori factory with months of continuous strikes. Before long, barricades line the roads, tear gas wafts into private homes, and the slogan "We Want Everything" is ringing through the streets. Wrought in spare and measured prose, Balestrini's novel depicts an explosive uprising. Introduced by Rachel Kushner, the author of the best-selling The Flamethrowers, We Want Everything is the incendiary fictional account of events that led to a decade of revolt.
