One of the main attractions of the VW Bus, apart from its iconic looks and rugged reliability, is the way owners take

the bus to heart and into their family, and set about personalizing them through both exterior and interior design and styling. Designing and building [or commissioning] an interior that will service your own needs is a daunting yet exciting task,

and within these pages you will find many different sorts of interior to admire and inspire. Some have been built on a budget from scratch by the owner, some have been adapted and revamped, others are bespoke one-offs, built to the owner's designs.
