Paint by Sticker: Travel celebrates a time when elegant posters, in an Art Deco style, beckoned visitors to faraway romantic places—from Venice, with its canals and gondolas, to Cairo, gateway to the pyramids—all through the absorbing activity of painting by sticker. Paint by Sticker is a compelling new activity for crafters and artists, doodlers and coloring book enthusiasts of all ages. As in paint-by-number, each template is divided into dozens of spaces, each with a number that corresponds to a particular sticker. Find the sticker, peel it, place it. And then the next, and the next, and the next, until your “ poster ” comes to life. Paint by Sticker: Travel includes everything you need to create twelve vibrant, nostalgic travel posters—the stickers, the templates, the intuitive directions. The works include Moscow, home of St. Basil ’ s Cathedral and its candy-colored onion domes. India and the Taj Mahal, crown jewel in a world of fascinating destinations. Bermuda. Monaco. Japan and its cherry blossoms and pagodas. Bon voyage!

On good days, cats are known for their poise, discerning tastes and impeccable personal hygiene. On other days they seem to make it their mission in life to shred our toilet paper, puke on our most prized possessions and potty in whatever house plant appears to be your favorite. Cat-astrophe features sassy memes of these fluffy pranksters, caught in the most hilarious, most shameful and all-to-well-known feline misdeeds, clearly enacted with little to no remorse. Cat lovers everywhere will identify with and giggle through the frustrations of the day as this hilarious book reminds us that unconditional love goes both ways.

Paint by Sticker, the bestselling all-ages activity book series, is now purrfect for cat lovers! Create gorgeous illustrations of felines in low-poly (geometric polygon shapes) style, one sticker at a time. An engrossing activity for crafters and artists, doodlers and colorers, Paint by Sticker: Cats brings 12 irresistible cats to life, piece by piece. There’s a playful ginger tabby hanging from her paws, an elegant, blue-eyed Siamese angling for a head scratch, and more! As in paintby number, each image is divided into dozens of spaces, each with a number that corresponds to a particular sticker. Find the sticker, peel it, and place it in the matching space. Add the next, and the next, and the next—and relish the growing satisfaction of watching a “painting” emerge from a black-and-white illustration. A dazzling image with color, body, and spirit.

The Most Trusted Almanac Used by Savvy Investors to Profit Year after Year! Created by Yale Hirsch in 1967, the Stock Trader’s Almanac has delivered money-making insights and strategies to investors for more than six decades. The Almanac originated such important market phenomena as the “January Barometer” and the “Santa Claus Rally” and was instrumental in popularizing other tradable strategies, such as “The Best Six Months Strategy” (commonly known as “Sell in May and Go Away”) and the four-year Presidential Election Cycle. Mr. Hirsch imparted his knowledge of the stock market to his son, Jeffrey Hirsch, who joined the organization as a market analyst and historian under the mentorship of his father in 1990 and became editor-in-chief some years later. Even since, Jeff Hirsch carried on his father’s tradition of constantly improving the Stock Trader’s Almanac and has been tireless in his efforts to explain how investors can use the Stock Trader’s Almanac to beat the market. Jeff regularly appears on major news networks such as CNBC, CNN and Bloomberg; he is quoted extensively in major newspapers and financial publications; and he is in high demand as conference speaker. In short, he is the media’s “go-to guy” on all things related to applying the lessons of history to today’s stock market. The 2022 Stock Trader’s Almanac, the 55th Annual Edition, continues its rich tradition of showing you the cycles, trends, and patterns you need to know in order to trade and/or invest with reduced risk and for maximum profit. Trusted by Barron’s, The Wall Street Journal, the New York Times, and many other respected market authorities, this indispensable guide has helped generations of investors. Order your copy to make smarter, more profitable investment decisions in 2022.

Hello 2018

Love Inspired brings you three new titles! Enjoy these uplifting contemporary romances of faith, forgiveness and hope. HIS AMISH CHOICE Colorado Amish Courtships by Leigh Bale Lizzie Beiler’s fiancé cast her and his Amish faith aside to pursue an English education—but now he’s back and helping on her father’s farm. Unsure she can ever forgive him, Lizzie needs to know: Is Eli ready to settle down...or will he return to his English life? MONTANA MISTLETOE by Roxanne Rustand Struggling to run the family ranch and raise his cousin’s twin girls, Jess Langford greatly needs to hire a housekeeper and nanny—but the only applicant is his ex-girlfriend Abby Halliwell. Can they keep their relationship professional without falling for each other once again? HOLIDAY BABY Maple Springs by Jenna Mindel After returning home with her newborn daughter, the last person Cat Zelinsky expects to run into is her baby’s father. Simon Roberts knows he isn’t cut out to be a dad, but Cat and little Opal make him want to try. Could this bachelor become a family man for Christmas?

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Tony Fitzpatrick’s "The Secret Birds" interweaves poetry, ephemera, and original artwork in this examination of life, creativity, and mortality.

Cozy up with adorable baby sloths in this irresistible photographic picture book. Hang around just like a sloth and get to know the delightful residents of the Avarios Sloth Sanctuary in Costa Rica, the world’s largest sloth orphanage. You’ll fall in love with bad-boy Mateo, ooh and ahh over baby Biscuit, and want to wrap your arms around champion cuddle buddy Ubu! From British filmmaker and sloth expert Lucy Cooke comes a hilarious, heart-melting photographic picture book starring the laziest—and one of the cutest—animals on the planet.

With her signature photographic layouts, Emily creates a lifestyle that is chic and achievable for every reader, making this the ultimate style guide for living a fashionable life. Praise for Cupcakes and Cashmere: “Inspiration for anyone looking to update her wardrobe, decorate her home, or throw a fab party.” —Shape magazine

Four new paintings, commissioned expressly for this calendar, usher in each of the four seasons and are accompanied by George Rodrigue’s own seasonal musings and reflections. A total of sixty unforgettable Blue Dog paintings were carefully selected to celebrate the myriad moods, incarnations, and environments of the ever-changing Blue Dog. Calendar pages are packed with dates of interest for lovers of Cajun culture- from the annual crawfish boil in Lafayette to Mardi Gras to important moments in the Cajun’s rich 300-year history. Special features and innovative design (from the same team behind both Blue Dog books) set this item apart from other engagement calendars: large-format calendarium pages, convenient at-a-glance calendariums for upcoming years, durable hardcover with wire-o binding, among others.

A fun, funny, yet practical gift book containing 100 removable stickers that congratulate supposed grown-ups on a job well done... or at least a job done. Despite official reports, members of Generation X and younger feel completely and totally ill-prepared to deal with anything. They still, as purportedly self-sufficient adults, look toward Baby Boomers and the Greatest Generation and think, How did they do that? So the easiest and best way to find comfort is to look not ahead at uncertainty (or, heaven forbid, around at the chaos currently surrounding them), but to the past to their simpler childhoods. The generation who championed the coloring book-as-relaxation trend grew up in a world in which they spent hours obsessing over, trading, and decorating with stickers. And it is with brightly colored stickers that they will finally find peace of mind. For a little while, at least. Filled with 100 full-color removable stickers that can be used to decorate journals, notebooks, or your lapel to proudly and publicly proclaim life’s little victories, I Adulted! is the ideal nostalgic and practical book for anyone who feels a sense of accomplishment by making it through a day without calling their mother for help.

Learn how to sit, stay, and roll over with this fully illustrated, “delightful” guide to yoga starring man’s best friend (Shutterbug magazine). Inspired by a friend’s mastiff who would imitate his master’s morning yoga routine, photographer Dan Borris created Yoga Dogs, a full-color collection of forty-five different dogs and puppies doing human yoga poses. Don’t worry: No animals were harmed during the making of these images; their extreme flexibility is the result of clever digital trickery. The curious, humorous, and distinctly original pictures are paired with useful information about the poses, as well as some funny canine meditations. “A fresh and highly entertaining visual treat,” Yoga Dogs is perfect for any yogi of the two or four-legged variety (Shutterbug magazine).

The world is warming, our portfolios will have to adapt, and the stocks we own can help shape our future; James Ellman shows how to invest wisely as climate change impacts multiple sectors across the stock market. The costs of global warming and its mitigation will have a major impact on equity market performance over the next two decades. As the climate changes, investors will need to understand which are the best-positioned market sectors and stocks as well as those to avoid. Hot Stocks provides a roadmap detailing how to invest in this new reality. It evaluates the many ways global warming will affect profit flows in the economy:
• Impacts of a warmer climate, rising ocean levels, more frequent extreme storm events, land desertification and ocean acidification.
• Potential for government taxation on greenhouse gas emissions.
• Accelerating switching to renewable power systems that are increasingly cost competitive with those powered by oil fossil fuels.
• Government bans on sales of cars powered by internal combustion engines and the electrification of the terrestrial vehicle fleet.
• Potential for hydrocarbon reserves and equipment becoming impaired or ‘stranded assets’.
• Rising demand for major infrastructure projects to protect valuable coastal real estate from inundation.
• Litigation aimed at forcing legacy polluters to pay mitigation costs. The book drills down on how these changes will depress or support stocks in sectors such as the petroleum industry, automakers, renewable power providers, regional banking, property insurance, heavy equipment manufacturers, Real Estate Investment Trusts (REITs) and agricultural chemicals. The analysis then pivots away from a US-centric focus to identify those nations around the world whose economies are best positioned to successfully adjust to the impact of rising prevailing temperatures, as well as those likely to suffer the most from the trend.

Can a cat be an accessory to a prison break? (It can.) Would your precious pet turn violent? Yes--a couple in Seattle had to call the police to save them from their ferocious feline. From cat burglars to terrorizing tabbies, meet the funniest furry felons in the Purrlytzer Prize-winning Cats Gone Bad. Each spread features a photograph or photomontage of an erring kitty.

In a Winners Take All meets This Town narrative, a New York Times bestselling author tells the story of the creation of a massive tax break, in which political and economic elites attend to the care and feeding of the super-rich, and inequality compounds. David Wessel's incredible tale of how Washington works-and why the rich keep getting richer-starts when a Silicon Valley entrepreneur develops an idea intended as a way to help poor people that will save rich people money on their taxes. He organizes and pays for an effective lobbying effort that pushes his idea into law with little scrutiny or fine-tuning by congressional or Treasury tax experts-and few safeguards against abuse. With an unbeatable pair of high-profile sponsors, bumper-sticker simplicity and deft political marketing, the Opportunity Zone became an unnoticed part of the 2017 Trump tax bill. The gold rush followed immediately thereafter. David Wessel follows the money to see who profited from this plan that was supposed to spur development of blighted areas and help people out of poverty: the Las Vegas strip, the Portland (Oregon) Ritz-Carlton, the Mall of America, and self-storage facilities-lucrative areas where the one percent can park money profitably and avoid capital gains taxes. And the best part: unlike other provisions for eliminating capital gains taxes (inheritance, for example) you don't have to die to take advantage of this one. Wessel provides vivid portraits of the proselytizers, political influencers, motivational speakers, consultants, real estate dealmakers, and individual

money-seekers looking to take advantage of this twenty-first century bonanza. He looks at places for which Opportunity Zones were supposedly designed (Baltimore, for example) and how little money they've drawn. And he finds a couple of places (Erie, PA) where zones are actually doing what they were supposed to, a lesson on how a better designed program might have helped more left-behind places. But what Wessel reveals is the gritty reality: The dark underbelly of a system tilted in favor of the few, with the many left out in the cold

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, Infinite Jest explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, Infinite Jest bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, The Atlantic

From the Preface: This manual, Child Protective Services: A Guide for Caseworkers, examines the roles and responsibilities of child protective services (CPS) workers, who are at the forefront of every community's child protection efforts. The manual describes the basic stages of the CPS process and the steps necessary to accomplish each stage: intake, initial assessment or investigation, family assessment, case planning, service provision, evaluation of family progress, and case closure. Best practices and critical issues in casework practice are underscored throughout. The primary audience for this manual includes CPS caseworkers, supervisors, and administrators. State and local CPS agency trainers may use the manual for preservice or inservice training of CPS caseworkers, while schools of social work may add it to class reading lists to orient students to the field of child protection. In addition, other professionals and concerned community members may consult the manual for a greater understanding of the child protection process. This manual builds on the information presented in A Coordinated Response to Child Abuse and Neglect: The Foundation for Practice. Readers are encouraged to begin with that manual as it addresses important information on which CPS practice is based-including definitions of child maltreatment, risk factors, consequences, and the Federal and State basis for intervention. Some manuals in the series also may be of interest in understanding the roles of other professional groups in responding to child abuse and neglect, including: Substance abuse treatment providers; Domestic violence victim advocates; Educators; Law enforcement personnel. Other manuals address special issues, such as building partnerships and working with the courts on CPS cases.

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

This book examines the impact of neoliberalism on society, bringing to the forefront a discussion of violence and harm, the inherent inequalities of neoliberalism and the ways in which our everyday lives in the Global North reproduce and facilitate this violence and harm. Drawing on a range of contemporary topics such as state violence, the carceral state, patriarchy, toxic masculinity, death, sports and entertainment, this book unmask the banal forms of violence and harm that are a routine part of life that usurp, commodify and consume to reify the existing status quo of harm and inequality. It aims to defamiliarize routine forms of violence and inequality, thereby highlighting our own participation in its perpetuation, though consumerism and the consumption of neoliberal dogma. It is essential reading for students across criminology, sociology and political philosophy, particularly those engaged with crimes of the powerful, state crime and social harm.
