with Disneyland and the 1964-1965 New York World's Fair. After an imaginative and expansive design, a unique land acquisition process, and an innovative construction period, the Walt Disney World Resort celebrated its Grand Opening in October 1971. It featured a theme park dubbed the Magic Kingdom and three recreational resorts: Disney's Contemporary Resort, Disney's Polynesian Village, and Disney's Fort Wilderness Resort & Campground. As Walt Disney World consistently grew and further evolved through the five decades that followed, certain themes reverberated: an appreciation for nostalgia, a joy for fantasy, a hunger for discovery, and an unending hope for a better tomorrow. Inspirational and memorable theme parks, water parks, sports arenas, recreational water sports, world-class golf courses, vast shopping villages, and a transportation network unlike any other in the world resulted in fun, festive, and familiar characters, traditions, spectacles, merchandise, and so much more. The resort has come to represent the pulse of American leisure and has served as a backdrop for life's milestones both big and small, public and private. Walt Disney World: A Portrait of the First Half Century serves as a treasure trove for vacationers, students of hospitality, artists, and all Disney collectors. Anyone who has ever walked through the gates at a Disney Park knows that there is a magic experience waiting to be had on the other side. All of the telltale signs are there: the sound of joyful music pipes across the promenade; the smells of popcorn and cookies waft through the air; and the colorful attraction posters depict all the wonderful rides and shows created for Guests by the Imagineers. Poster Art of the Disney Parks is a tribute to those posters, which begin telling the story of each attraction even before Guests have entered the queue area. Disney attraction posters have been an important means of communication since Disneyland began displaying them in 1956. Not only are they eye-catching pieces of artwork that adorn Parks with flair and style, they are also displayed to build excitement and disseminate information about the newest additions to the Disney landscape. When the first attraction posters made their debut at Disneyland, one such piece of art proclaimed that Guests could have a "true-life adventure" on the Jungle Cruise. And in 2012 at Disney California Adventure, a poster announced the grand opening of Cars Land—the newest thrill-filled destination at the Disneyland Resort. Both of those posters are reproduced within this book, along with posters from every decade in between. As evidenced by the evolution of the attraction posters, art styles and design techniques have certainly changed over the years. These characteristics also differ from continent to continent. Posters from Tokyo Disneyland, Disneyland Paris, and Hong Kong Disneyland exhibit the nuances in presentation that give each Park's pantheon of posters its signature look. But while artistic interpretations and color palettes may vary from Park to Park and from year to year, the spirit of Disney storytelling is a constant that ties them all together.
