

## ***Warriors 4 Rising Storm Warriors The Prophecies Begin***

Reveals the cutting edge of New Science and shows how established science disallows inquiry that challenges the status quo--even when it produces verifiable results • Contains 43 essays by 19 researchers denoting cutting-edge, heretical, or suppressed scientific research, including Immanuel Velikovsky, Nikola Tesla, Rupert Sheldrake, and Masaru Emoto • Edited by Atlantis Rising publisher, J. Douglas Kenyon Following the model of his bestselling *Forbidden History* and *Forbidden Religion*, J. Douglas Kenyon has assembled from his bimonthly journal, *Atlantis Rising*, material that explores science and technology that has been suppressed by the orthodox scientific community--from the true function of the Great Pyramid and the megaliths at Nabta Playa to Immanuel Velikovsky's astronomical insights, free energy from space, cold fusion, and Rupert Sheldrake's research into telepathy and ESP. There is an organized war going on in science between materialistic theory and anything that could be termed spiritual or metaphysical. For example, Masaru Emoto's research into the energetics of water, although supported by photographic evidence, has been scoffed at by mainstream science because he has asserted that humans affect their surroundings with their thoughts. The materialism or absolute skepticism of the scientific establishment is detrimental to any scientific inquiry that thinks outside the box. This mentality is interested in preserving funding for its own projects, those that will not rock the establishment. From Tesla's discovery of alternating current to Robert Schoch's re-dating of the Sphinx, this book serves as a compelling introduction to the true history of alternative and New Science research.

Fireheart sprang to his paws at once. "And who gave you the right to question our loyalty?" he spat

One kingdom. Three worlds. An all-new series packed with high-stakes adventures from bestselling *Warriors* author Erin Hunter, perfect for fans of *Wings of Fire* and *Endling*. The pandas of the Bamboo Kingdom have never forgotten the great flood that ended the peaceful life they'd always known. But for three young creatures born that day, the flood marks not an end, but a beginning—the beginning of their struggles to find a place in very different worlds. Leaf, raised in the sparse Northern Forest, works tirelessly to help her family find bamboo to eat; Rain, hot-tempered, refuses to accept a suspicious new leader in her Southern Forest community; and Ghost, clumsy and uncoordinated, worries he'll never fit in with his hunter family

in the mountains. None of them know that the others are out there, but thanks to a mysterious tiger that's been threatening the Kingdom, they will soon find each other—and fulfill a prophecy that had been made long before they were born. This first book of a thrilling new animal adventure series from Erin Hunter is sure to enthrall readers of her other bestselling series. Fans will love having a new universe to immerse themselves in!

The second of six titles, set in a rich feline fantasy world. Firepaw, the warrior brave, is now Fireheart, warrior cat. Fireheart finds new danger lurking in the woods as the chill of winter sets in. This new series will have particular appeal for fans of Brian Jacques' Redwall series. Fireheart could hear a roaring around him, like wind in tall trees. The acrid stench of the Thunderpath stung his nostrils, together with a new smell, sharper and more terrifying. Fire WindClan is missing, and hostilities between the remaining three clans place all the cats in peril. Illness and tragic accidents weaken the camp, and ThunderClan needs all its warriors to defend itself... but Fireheart suspects that certain cats may not be as loyal as they appear.
