Crisis of Conscience

Companion to Environmental Studies

The Oxford Handbook of Latin American Christianity

This book examines the historic tensions between Jehovah's Witnesses and government authorities, civic organisations, established churches and the broader public. Witnesses originated in the 1870s as small, loose-knit groups calling themselves Bible Students. Today, there are some eight million Witnesses worldwide, all actively engaged in evangelism under the direction of the Watch Tower Society. The author analyses issues that have brought them global visibility and even notoriety, including political neutrality, public ministry, blood transfusion, and anti-ecumenism. It also explores anti-Witness discourse, from media portrayals of the community as marginal and exotic to the anti-cult movement. Focusing on varied historical, ideological and national contexts, the book argues that Witnesses have had a defining influence on conceptions of religious tolerance in the modern world.

In a land brought to life by warriors and lovers, war and honor, the legendary tower Tornor Keep is invaded by raiders. No longer the watchtower at the winter end of a summer land, Tornor turns to a young prince with the hopes that he might protect the future of the enchanting land.

Christians have great news to offer Jehovah's Witnesses. In this revised and updated version of the top-selling Reasoning from the Scriptures with the Jehovah's Witnesses (more than 90,000 copies sold), author and Bible expert Ron Rhodes helps readers delve into the Bible and use practical tools to share God's truths with those who come calling. Convenient side-by-side comparisons of the New World Translation and the Bible, along with answers to each doctrinal error espoused by the Witnesses Point-by-point lists of the favorite tactics and arguments used by the Witnesses—along with effective, biblical responses to each

Questions you can ask to challenge the Jehovah's Witnesses' confidence in the Watchtower Society With easy-to-understand helps, concise information, direct comparisons of beliefs, and a compassionate presentation, this resource from Ron Rhodes is ideal for personal and church libraries and for any reader who wants to confidently share the gospel.

This edited volume deploys digital ethnography in varied contexts to explore the cultural roles of mobile apps that focus on religious practice and communities, as well as those used for religious purposes (whether or not they were originally developed for that purpose). Combining analyses of local contexts with insights and methods from the global subfield of digital anthropology, the contributors here recognize the complex ways that in-app and on-ground worlds interact in a wide range of communities and traditions. While some of the case studies emphasize the cultural significance of use in local contexts and relationships to pre-existing knowledge networks and/or non-digital relationships of power, others explore the globalizing and democratizing influences of mobile apps as communication technologies. From Catholic confession apps to Jewish Kaddish assistance apps and Muslim halal food apps, readers will see how religious-themed mobile apps create complex sites for potential new forms of religious expression, worship, discussion, and practices.

Biblical Reception, 4

This collection of essays, documented by an international and interdisciplinary array of scholars, represents the first academically focused volume exploring the creative idiolect of Frank Zappa. Several of the authors are known for contributing significantly to areas such as popular music, cultural, and translation studies, with expertise and interests ranging from musicology to poetics. The publication presents the reader with an understanding of the ontological depth of Zappa's legacy by relating the artist and his texts to a range of cultural, social, technological and musicological factors, as encapsulated in the book's title - Frank Zappa and the And. Zappa's interface with religion, horror, death, movies, modernism, satire, freaks, technology, resistance, censorship and the avant-garde are brought together analytically for the first time, and approached non chronologically, something that strongly complies with the non linear perspective of time Zappa highlights in both his autobiography and recordings. The book employs a variety of analytical approaches, ranging from literary and performance theory, 'horrority' and musicology, to post modern and textually determined readings, and serves as a unique and invaluable guide to Zappa's legacy and creative force.

#1 New York Times Bestseller "Go Set a Watchman is such an important book, perhaps the most important novel on race to come out of the white South in decades." — New York Times A landmark novel by Harper Lee, set two decades after her beloved Pulitzer Prize-winning masterpiece, *To Kill a Mockingbird*. Twenty-six-year-old Jean Louise Finch—"Scout"—returns home to Maycomb, Alabama from New York City to visit her aging father, Atticus. Set against the backdrop of the civil rights tensions and political turmoil that were transforming

the South, Jean Louise's homecoming turns bittersweet when she learns disturbing truths about her close-knit family, the town, and the people dearest to her. Memories from her childhood flood back, and her values and assumptions are thrown into doubt. Featuring many of the iconic characters from *To Kill a Mockingbird*, *Go Set a Watchman* perfectly captures a young woman, and a world, in painful yet necessary transition out of the illusions of the past—a journey that can only be guided by one's own conscience. Written in the mid-1950s, *Go Set a Watchman* imparts a fuller, richer understanding and appreciation of the late Harper Lee. Here is an unforgettable novel of wisdom, humanity, passion, humor, and effortless precision—a profoundly affecting work of art that is both wonderfully evocative of another era and relevant to our own times. It not only confirms the enduring brilliance of *To Kill a Mockingbird*, but also serves as its essential companion, adding depth, context, and new meaning to an American classic.

All around the world, Latter Day Saint missionaries go door-to-door spreading the teaching of Joseph Smith. Unfortunately, instead of being transparent about the religion's beliefs and practices, missionaries use language that sounds Biblical so their audience is prone to accept the message. These missionaries often say things like: "Hi, I am Elder Sam from the Church of Jesus Christ of Latter Day Saints. We believe in the King James Bible. We believe Jesus is God's son. We believe he came and died for our sins so that we can have eternal life with our Heavenly Father." The listener believes the message is safe because it sounds like traditional Christianity. The missionaries are very careful to keep their religion's "deeper truths" hidden from the listener until he or she is more immersed in the community. The goal of this book is to highlight the differences between Biblical Christianity and the teaching of Joseph Smith. It shines light on both his heresies and how he continues to deceive the Latter Day Saints. This will be accomplished by doing a comparative study of the Bible, the Book of Mormon (both the 1830 version and the updated version), other Latter Day Saint texts, and historical evidence. This material provides overwhelming evidence Joseph Smith was not a prophet of God and that many of his messages were simply not true.

A reasonably priced, quality black hardcover pew and ministry Bible featuring a large 12-point font.

In Search of Christian Freedom

Engaging, accessible, and filled with practical communication advice, *Let's Talk Vaccines* helps you educate patients on the importance of life-saving vaccines using a

patient-centered and empathetic approach. Covering everything from the science of vaccine safety to the psychology of risk communication, this essential guide includes real-life examples and thoughtful, evidence-based techniques that will help patients understand vaccines and make informed decisions. Ideal for primary care providers, pediatricians, family physicians, nurse practitioners, and public health advocates, it provides an excellent framework for how to approach difficult discussions, with the goal of improving the health of each patient as well as the community at large.

Finding a proper balance between freedom and responsibility is a problem that has faced every serious Christian. For those raised in a highly structured religious environment, balancing loyalties to a religious organization, family, and personal conscience may raise difficult issues. Raymond Franz's first-hand account of the issues with which he struggled forms the theme of his first book, *Crisis of Conscience*. In *Search of Christian Freedom*, the sequel to *Crisis of Conscience*, provides even more comprehensive study. The issues and options discussed herein, although relating particularly to the structure of Jehovah's Witnesses, are not so very different from issues other Christians have faced and continue to face when they seek to reconcile considerations for conscience, loyalty, responsibility and freedom. This work will move readers — of any religion — to consider seriously how much they value Christian freedom and to ask how genuine their own freedom is.

Companion to Environmental Studies presents a comprehensive and interdisciplinary overview of the key issues, debates, concepts, approaches and questions that together define environmental studies today. The intellectually wide-ranging volume covers approaches in environmental science all the way through to humanistic and post-natural perspectives on the biophysical world. Though many academic disciplines have incorporated studying the environment as part of their curriculum, only in recent years has it become central to the social sciences and humanities rather than mainly the geosciences. 'The environment' is now a keyword in everything from fisheries science to international relations to philosophical ethics to cultural studies. The *Companion* brings these subject areas, and their distinctive perspectives and contributions, together in one accessible volume. Over 150 short chapters written by leading international experts provide concise, authoritative and easy-to-use summaries of all the major and emerging topics dominating the field, while the seven part introductions situate and provide context for section entries. A gateway to deeper understanding is provided via further reading and links to online resources. *Companion to Environmental Studies* offers an essential one-stop reference to university students, academics, policy makers and others keenly interested in 'the environmental question', the answer to which will define the coming century.

The book discusses the theoretical and methodological challenges of an interculturally valid sociology of religion and provides insights into the autochthonous socio-religious research in Muslim societies and Asian countries. In this way, it links discourses that have so far taken place primarily independently of one another. The book goes back to a conference in Münster that questioned the Western foundation of empirical religious research, which reaches its limits in the non-American and non-European context, but also with regard to orthodox forms of faith in the Western context.

"Though St. John the Evangelist saw many strange monsters in his vision, he saw no creature so wild as one of his own commentators." ~ G.K. Chesterton The book of Revelation was written to do just that: reveal. But most commentaries nowadays either engage in bizarre speculations about the future, or they keep an embarrassed distance from all the apocalyptic events that the apostle John says will "shortly take place." In this commentary, Douglas Wilson provides a passage-by-passage walkthrough of the entire book, showing how John's most notorious prophecies concern the Fall of Jerusalem in A.D. 70. Explaining symbols and characters as he goes, Wilson shows from the text that not only is this book not an elaborate code, but that Revelation is not even ultimately concerned with the end of the world as we know it. Revelation is about the triumph of the Church, which always happens when the Man comes around.

Completely revised and updated for the postmodern age, *So What's the Difference?* gives you easy-to-understand, nonjudgmental answers to the question, "How does orthodox biblical Christianity differ from other faiths?" Here Fritz Ridenour explains the basic tenets of Protestantism, Roman Catholicism, Eastern Orthodoxy, Judaism, Islam, Hinduism, Buddhism, Jehovah's Witnesses, Christian Science, New Age, Mormonism, and other religions and belief systems of the world. You will also learn why relative thinking--the idea that there is no objective, absolute truth--has become the predominant mindset in our culture, and how you can respond. This bestselling guide will help you recognize the real differences between the Christian faith and other viewpoints and make it easier for you to explain and share your faith with others.

Biblical Reception is rapidly becoming the go-to annual publication for all matters related to the reception of the bible. The annual addresses all kinds of use of the bible in

art, music, literature, film and popular culture, as well as in the history of interpretation. For this fourth edition of the annual, guest editor David Tollerton has commissioned pieces specifically on the use of the bible in one film: Exodus: Gods and Kings and these chapters consider how the film uses the bible, and how the bible functions within the film.

A New Introduction

Jehovah's Witnesses

Continuity and Change

Studies in the Scriptures

Metabolic Autophagy

From the 1870s to the Present

Longlisted for The Center for Fiction First Novel Prize When Arlo Dilly learns the girl he thought was lost forever might still be out there, he takes it as a sign and embarks on a life-changing journey to find his great love—and his freedom. Arlo Dilly is young, handsome and eager to meet the right girl. He also happens to be DeafBlind, a Jehovah's Witness, and under the strict guardianship of his controlling uncle. His chances of finding someone to love seem slim to none. And yet, it happened once before: many years ago, at a boarding school for the Deaf, Arlo met the love of his life—a mysterious girl with onyx eyes and beautifully expressive hands which told him the most amazing stories. But tragedy struck, and their love was lost forever. Or so Arlo thought. After years trying to heal his broken heart, Arlo is assigned a college writing assignment which unlocks buried memories of his past. Soon he wonders if the hearing people he was supposed to trust have been lying to him all along, and if his lost love might be found again. No longer willing to accept what others tell him, Arlo convinces a small band of misfit friends to set off on a journey to learn the truth. After all, who better to bring on this quest than his gay interpreter and wildly inappropriate Belgian best friend? Despite the many forces working against him, Arlo will stop at nothing to find the girl who got away and experience all of life's joyful possibilities.

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

The essential companion to the best-selling The Carnivore Code, featuring more than 100 delicious recipes to help readers reap the incredible benefits of an animal-based diet. In The

Carnivore Code, Dr. Paul Saladino revealed the surprising healing properties of a primarily animal-based diet. The carnivore diet is proven to help people lose weight, decrease inflammation, and heal from chronic disease. This essential cookbook makes it even more delicious to reap the benefits of the carnivore diet. Featuring satisfying mains like One-Pan Honey-Glazed Brisket and Grilled Mediterranean Lamb Chops, recipes for every craving like the Real Meat-Lover's Pizza, White-Sauce Zucchini Lasagna, and Carnivore Waffles, and even decadent desserts like Yogurt Cheesecake with Blueberry-Lemon Compote, this cookbook is sure to please every palate. Coming complete with a pantry guide to help readers rid their kitchens of toxic plants and so-called health foods, while stocking up on the least toxic fruits and vegetables (like squash, peaches, strawberries, and apples), this cookbook will be an essential resource for anyone interested in transforming their health with the carnivore diet.

By 2025, Latin America's population of observant Christians will be the largest in the world. Nonetheless, studies examining the exponential growth of global Christianity tend to overlook this region, focusing instead on Africa and Asia. Research on Christianity in Latin America provides a core point of departure for understanding the growth and development of Christianity in the "Global South." In *The Oxford Handbook of Latin American Christianity* an interdisciplinary contingent of scholars examines Latin American Christianity in all of its manifestations from the colonial to the contemporary period. The essays here provide an accessible background to understanding Christianity in Latin America. Spanning the era from indigenous and African-descendant people's conversion to and transformation of Catholicism during the colonial period through the advent of Liberation Theology in the 1960s and conversion to Pentecostalism and Charismatic Catholicism, *The Oxford Handbook of Latin American Christianity* is the most complete introduction to the history and trajectory of this important area of modern Christianity.

What would happen if I accepted an invitation to Bible Study from Jehovah's Witnesses? What would attending a Kingdom Hall meeting involve? And if I invited door-knocking Witnesses into

my home? This book introduces Jehovah's Witnesses without assuming prior knowledge of the Watch Tower organization. After outlining the Society's origins and history, the book explains their key beliefs and practices by taking the reader through the process of the seeker who makes initial contact with Witnesses, and progresses to take instruction and become a baptized member. The book then explores what is involved in being a Witness - congregational life, lifestyle, rites of passage, their understanding of the Bible and prophetic expectations. It examines the various processes and consequences of leaving the organization, controversies that have arisen in the course of its history, and popular criticisms. Discussion is given to the likelihood of reforms within the organization, such as its stance on blood transfusions, the role of women and new methods of meeting and evangelizing in response to the COVID-19 pandemic.

Volume 1

Intermittent Fasting for Longevity and Performance Your cells are constantly monitoring the nutrient status of the cells to determine whether or not to conserve energy or to promote growth. **One of the few known ways of increasing lifespan in almost all species is caloric restriction and energy deprivation.** This triggers many metabolic pathways and processes that make the organism more adaptable to environmental stressors and thus live longer. **The metabolism has two sub-categories or sub-processes called anabolism and catabolism. **

* Anabolism, meaning 'upward' in Greek, describes the synthesis of biological molecules to build up new physical matter in the body. * Catabolism, meaning 'downward' in Greek, describes the breaking down of biological molecules to release energy. This can apply to the breakdown of bodily tissue as well as the digestion of food that then gets assimilated into the body through anabolic processes. In addition to 'Metabolic', you can also find another word in the title - 'Autophagy', which translates from Ancient Greek into 'self-devouring' or 'eating of self'. This is central to the main practice of this book. By maintaining a balance between anabolism and catabolism, you can effectively extend your lifespan. The process of autophagy entails your healthy cells devouring the old, worn-out, weak ones and converting them back into energy. It's literally your body eating itself and using that to maintain homeostasis. There are many longevity-boosting benefits to this as illustrated in virtually all other species. This book is a collection of guidelines about the principles of the anabolic-catabolic cycles in regards to nutrition and exercise. It's definitely not a panacea - a solution or remedy for all conditions and

circumstances. Instead, it's a very specific protocol that's not supposed to apply for all situations. **Metabolic Autophagy will teach you:** * What increases lifespan in humans and other species * Why there's so much disease and obesity in society * How to promote health and longevity with intermittent fasting * What is Autophagy and how it works * How to age slower and be vigorous throughout your life * Which foods make you live longer and build muscle * How the nutrient regulators of mTOR, AMPK, sirtuins, FOXO proteins, hormesis and others affect longevity * What are circadian rhythms and how they affect your health * Metabolic Autophagy Foods list and their anabolic-catabolic score * Supplements that support muscle growth and longevity * Many extras and bonuses in regards to food and exercise

Siim Land is a best-selling author, anthropologist, entrepreneur, high-performance coach and a biohacker who writes about optimizing health and human performance. This book incorporates daily lifestyle and dietary practices that help to cross the chasm between longevity and high performance.

At first, the Watchtower Society seemed harmless to William J. Schnell, even valuable as a way to develop his faith in God and pass it on to others. This book is Schnell's fascinating account of his involvement with the cult, which effectively enticed him in the 1920s and continues to lure countless individuals today. Readers will learn, as Schnell did, that the Jehovah's Witness religion he had joined was anything but innocent. For thirty years he was enslaved by one of the most totalitarian religions of our day, and his story of finally becoming free is riveting. Readers will be alerted to the inner machinations, methods, and doctrines of the Watchtower Society, arming them to forewarn others and witness to their Jehovah's Witness friends, relatives, neighbors, and the stranger at the door. With more than 300,000 copies sold, *30 Years a Watchtower Slave* is truly one of the classic testimonies of freedom from a powerful cult.

Unveiling the Deception of Joseph Smith

A Liberal-evangelical Dialogue

The Greatest Man Who Ever Lived

Secrets for Unparalleled Success from the Life of Jesus

Conceptual and Methodological Challenges from Global and Local Perspectives

'Breathtaking.' Sunday Times 'Exquisite.' The Times 'Beautiful.'

Independent 'Powerful.' New York Times An international bestseller and a modern classic, this suspenseful epic of one family's tragic undoing and their remarkable reconstruction has been read, adored and shared by millions around the world. This story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them

everything they believe they will need from home, but soon find that all of it - from garden seeds to Scripture - is calamitously transformed on African soil. What readers are saying 'This remains one of the most fascinating books I have ever read.' 'I felt every emotion under the sky with this book.' 'Riveting.' 'This novel left a lasting - YEARS LASTING - impression.' 'This is one of those books that stands the test of time and is worth rereading.' 'Five epic, no-wonder-this-book-is-so-well-loved stars!'

From its origins in nineteenth century Adventism until the present day, the Watch Tower Society has become one of the best known but least understood new religious movements. Resisting the tendency to define the movement in terms of the negative, this volume offers an empathetic account of the Jehovah's Witnesses, without defending or seeking to refute their beliefs. George Chryssides critically examines the historical and theological bases of the organization's teachings and practices, and discusses the changes and continuities which have defined it. The book provides a valuable resource for scholars of new religious movements and contemporary religion.

No other book answers the Jehovah's Witnesses' misinterpretation of Scripture so immediately and shows how to use the same Scripture in leading Jehovah's Witnesses to Christ.
