W. Dyer is an internationally renowned author and speaker in the field of self-development. He is the author of more than 30 books, has created many audio programs and videos and has appeared on thousands of television and radio shows. Despite his childhood spent in orphanages and foster homes, Dr. Dyer has overcome many obstacles to make his dreams come true. Today he spends much of his time showing others how to do the same. The Essential Wayne W. Dyer Collection is an omnibus of three of Wayne's best-selling titles: *The Power of Intention*, *The Shift and Excuses Begone*. The word intention is generally defined as a pit-bull kind of determination

propelling one to succeed at all costs by never giving up on an inner picture. In this view, an attitude that combines hard work with an indefatigable drive toward excellence is the way to succeed. However, intention is viewed very differently in *The Power of Intention*. Dr. Wayne W. Dyer has researched intention as a force in the universe that allows the act of creation to take place. This book explores intention - not as something you do - but as an energy you're a part of. We're all intended here through the invisible power of intention. This is the first book to look at intention as a field of energy that you can access to begin co-creating your life with the

power of intention. The Shift illustrates how and why to make the move from ambition to meaning. As we contemplate leaving the morning of our life, where ego has played a commanding role, and entering the afternoon (and evening), where meaning and purpose replace ambition and struggle, we may encounter unexpected occurrences that accompany this new direction. It's almost a universal law that we'll experience a fall of some kind. Yet these falls or low points provide the energy we need to move away from ego and into a life of meaning and purpose. This doesn't mean that we lose our drive and ambition; it signifies that we become ambitious

about something new. We make a commitment to living a life based on experiencing meaning and feeling purposeful, rather than a life based on never-ending demands and false promises that are the trademark of the ego's agenda.

With the pages of *Excuses Begone*, Dr. Wayne W. Dyer reveals how to change the self-defeating thinking patterns that have prevented you from living at the highest levels of success, happiness, and health.

Even though you may know what to think, actually changing those thinking habits that have been with you since childhood might be somewhat challenging. In this groundbreaking work, Wayne presents a compendium of

conscious and subconscious crutches employed by virtually everyone, along with ways to cast them aside once and for all. You'll ultimately realize that there are no excuses worth defending, ever, even if they've always been part of your life - and the joy of releasing them will resonate throughout your very being. When you eliminate the need to explain your shortcomings or failures, you'll awaken to the life of your dreams. The Essential Wayne W. Dyer Collection is the perfect read for those who want to deepen their understanding of Wayne's teachings, as well as anyone who would like to have all their favourite Dyer titles together in one volume. combines psychological insights and guidelines for achieving spiritual fulfillment to present a three-step program designed to help readers look inside themselves to find a new sense of self-awareness and spiritual joy. Developing the sacred self, Wayne Dyer explains, brings an understanding of our place in the world and a sense of satisfaction in ourselves and others. In *Your Sacred Self*, Dyer offers a program that helps listeners establish a spiritually-oriented, rather than an ego-oriented, approach to life. take-home message for his longtime followers and new readers alike—and the result is an exciting new twist on the old format. In the process, you'll be inspired to look back at your own life to see how everything you have experienced has led you to where you are right now. Wayne has discovered that there are no accidents. Although we may not be aware of who or what is "moving the checkers," life has a purpose, and each step of our journey has something to teach us. Three Magic Words is not a religion or a sect or a society. In its entirety it is a series of essays aimed at revealing to you your power over all things. You will learn that there is only one mover in all creation and that mover is thought. You will learn that there is only one creator and that creator is the Universal Subconscious Mind, or God. You will learn that this creator creates for you exactly what you think, and you will be shown how you can control your thoughts, not only to obtain answers to your problems but to create in your experience exactly

speaker and author offers spiritual tools to transcend your current circumstances and old patterns in order to reach true fulfillment. He will show you how to become genuinely awake, aware of the power you have within to shift your thought processes, release attachments, and tame your ego--to name just a few topics covered in these pages. Wayne will help you understand what an illusion much of life is, so you can see the big picture and spark deep transformation (that is, "the ability to go beyond your form"), resulting in peace and harmony in all areas of your life. He will also take you through the stages of enlightenment and instruct you in mindfulness practices such as visualization and

This text offers an opportunity to internalize and directly experience the great wisdom of the Tao Te Ching, a collection of verses authored by the Chinese prophet Lao-tzu. Although just 81 short verses, the Tao encourages readers to change their lives by literally changing the way they think.

People talk about freedom of religion, freedom of speech, freedom of press etc. Do they really free us? Unfortunately, the truth is far beyond. Then, what is real freedom? Real freedom is not expecting anything in return from anybody. Can this be

achieved? Yes..Lao Tzu and Shri Krishna show us the royal road to freedom. They show us how to win by losing...how to serve without taking credit..how to wage war without enmity...and that is the icing on the cake. Lao Tzu says 'be a guest' or live like a 'guest'. A guest stays for a short period of time. He will be accommodative and non-demanding and accept with gratitude whatever is offered by his host. We are here for a short period of time, just like the guest. In this period of our sojourn on this earth, if we develop the qualities of a guest just mentioned, we enjoy

peace. The host also becomes more gracious with such a guest. They are comfortable with each other and such comfort in each others' presence is divine communion. Why Meditate? "The practice of meditation takes us on a fabulous journey into the gap between our thoughts, where all the advantages of a more peaceful, stress-free, healthy, and fatigue-free life are available-but they're merely side benefits. The paramount reason for daily meditation is to get into the gap between our thoughts and make conscious contact with the creative energy of life itself. In

this uplifting book, Dr. Wayne W. Dyer explains the soul-nourishing meditation technique for making conscious contact with God, which the ancient masters have told us about. You have all the potential to be an instrument of the highest good for all concerned and to be a literal miracle worker in your own life. No person, government entity, or religious group can legitimately claim to do this for you. "In fact," says Dr. Dyer, "I agree with Carl Jung, who said that one of the main functions of formalized religion is to protect people against a direct experience of

God." (Dr. Dyer helps you have this direct experience by leading you through the meditation technique in the accompanying audio download.) When you master getting into the gap, stay there for prolonged segments of meditation, and experience what you bring back into the world, you'll truly know the answer to the question- "Why meditate?"

This book is dedicated to your mastery of the art of realizing all your desires. The greatest gift you have been given is the gift of your imagination. Everything that now exists was once imagined. And everything that will ever exist must first be imagined. Wishes Fulfilled is designed to take you on a voyage of discovery, wherein you can begin to tap into the amazing manifesting powers that you possess within you and create a life in which all that you imagine for yourself becomes a present fact. Dr. Wayne W. Dyer explores, for the first time, the region of your highest self; and definitively shows you how you can

truly change your concept of yourself, embark upon a God-realized way of living, and fulfill the spiritual truth that with God all things are possible—and "all things" means that nothing is left out. By practicing the specific technique for retraining your subconscious mind, you are encouraged to not only place into your imagination what you would like to manifest for yourself, but you are given the specifics for realigning your life so you can live out your highest calling and stay connected to your Source of being. From the lofty perspective of your highest self, you will learn how to train your imagination in a new way. Your wishes—all of them—can indeed

be fulfilled. By using your imagination and practicing the art of assuming the feeling of your wishes being fulfilled, and steadfastly refusing to allow any evidence of the outer world to distract you from your intentions, you will discover that you, by virtue of your spiritual awareness, possess the ability to become the person you were destined to be. This book will help you See—with a capital S—that you are Divine, and that you already possess an inner, invisible higher self that can and will guide you toward a mastery of the art of manifestation. You can attain this mastery through deliberate conscious control of your

In 2001, Dr. Wayne Dyer wrote a book called 10 Secrets for Success and Inner Peace, based on the most important principles he wanted his children to live by. Serena Dyer, one of those children, has contemplated these ideas throughout her life.

"Don't die with your music still in you" has been the most important principle for Serena: to her, it means that you don't allow yourself to live any life other than the one you were born to live. In this book, Serena sets out to explain what it was like to grow up with spiritual parents. She touches upon all ten of her dad's original secrets, imparting her own experiences with them and

detailing how they have affected the way she approaches various situations in life. She shares stories, struggles, and triumphs—and Wayne, in turn, contributes his own perspective. This unique father-daughter collaboration will warm the hearts of all parents . . . and inspire anyone who is looking to find the "music" inside themselves.

form. From our place of origin, in ways that we don't readily comprehend now, we knew what we were coming here to accomplish, and we participated in setting this life process in motion. So why not think along these same lines? Why put the responsibility or blame on any one or any thing that's not a part of us? On Earth we have the capacity of volition - we can choose - so let's assume that we had the same capacity when we resided in the spiritual realm. We chose our physical body, and we chose the parents we needed for the trip. It doesn't seem too great a stretch to move into the idea that we chose this life in concert with our Source.

Inspiration can be cultivated and be a driving force throughout life, rather than showing up every now and then and just as mysteriously disappearing, seemingly independent of our desires.

Inspiration is for everyone! It isn't reserved for high-profile creative geniuses in the arts and sciences - it's inherent in our Divine birthright.

The problem is that as children we're gradually taught to believe exclusively in the world of phenomena where ego is dominant and inspiration diminished. As you read each chapter in this book, you'll find specific suggestions for living "in-Spirit." From a very personal viewpoint, Wayne offers a blueprint

"Working with one concept each day of the year, you will come to know the truth behind the ancient Tao observation: When you change the way you look at things, the things you look at change."

How would an intelligent visitor from another planet react to life on Earth? Would we welcome that visitor's presence and views? Are we ready for such an open exchange? Weaving together science fiction, spirituality, and philosophy with wisdom, humor, and plain common sense, Wayne Dyer tells the story of two peaceful beings

equipped with the power to change your life? "Change your thoughts, change your life." This quote by the great Dr. Wayne Dyer is so true! Our thinking literally controls our habits, actions, goals, passions, motivation, current emotions, and success. The difference between achievers and non-achievers can be simply the way they think. Can we actually train the way we think? Can we actually get ourselves to think differently? The answer is, YES! But just like anything worth doing, it does take practice and effort to shift our thinking. It also
