In the world of dogs, there is now more awareness than ever of the need to provide enrichment, especially in shelters. But what exactly is enrichment? The concept is pretty straightforward: learn what your dog's needs are, and then structure an environment and routine that allows them to engage in behaviors they find enriching. To truly enrich your dog's life, you should offer them opportunities to engage in natural or instinctual behaviors. Aside from the limitations we have to place on a dog in today's modern, busy world, the biggest constraint to enriching your dog's life is your imagination! What the experts say about Canine Enrichment: Don't let the word "enrichment" in the title fool you into thinking that the scope of this book is too narrow or not something you will find valuable. It focuses comprehensively on meeting your dog's needs and is written in a holistic, science-based, practical, straightforward, and easy-to-understand way. I love this book! Ken Ramirez, author of Animal Training: Successful Animal Management Through Positive Reinforcement Canine Enrichment is a deep dive into what dogs really need and how we can provide it. It's a great book for dog lovers who want to go beyond the standard superficialities of "dogs need exercise." Just the chapter on agency is worth the price of the book! Patricia McConnell, Ph.D., CAAB Emeritus, author of The Other End of the Leash and The Education of Will The scope of this book is ambitious and the authors deliver, navigating the subject of enrichment with depth and relevance. Caregivers will gain critically important perspectives and practical information to improve the lives of their animals. Susan G. Friedman, Ph.D., Professor Emeritus, Utah State University, and founder of Behavior Works, LLC

Paint by Sticker is the most exciting new idea in activity books, both for grown-ups and kids. A compelling activity for crafters and artists, doodlers and colorers of all ages, each Paint by Sticker book includes everything you need to create twelve vibrant, full-color "paintings." The original images are rendered in low-poly, a computer graphics style using geometric polygon shapes to create a 3D effect. As in paint-by-number, each template is divided into dozens of spaces, each with a number that corresponds to a particular sticker. Find the sticker, peel it, and place it in the right space. Add the next, and the next, and the next—it's an activity that's utterly absorbing, both in the pleasure of peeling and sticking and the growing satisfaction of watching a "painting" come to life, emerging from a flat black-and-white illustration to a dazzling image with color, body, and spirit.

Paint by Sticker: Music Icons brings us face-to-face with Elvis, The Beatles, Beyoncé, David Bowie, Cher, Prince, Michael Jackson, Kurt Cobain, Madonna, Nina Simone, Dolly Parton, and "Weird Al" Yankovic.
