

Werewolves Of Boulder Junction Box Set Books 1 4

Memories. When does our past stop picking at our scars and start letting them heal? Scars. Can we see beyond our wounds to the possibilities the future holds? Possibilities. How do we let ourselves become vulnerable enough to trust the love that's right in front of us? Fate. She's a fickle, wily bitch that slaps us in the face every opportunity she gets. Sometimes it's a taunt, but sometimes it's a goddamn wake-up call to pay attention. Take what's rightfully yours without shame or apology. So when destiny put me straight in Alyse Kingsley's path once again, I knew this was one slap I wasn't ignoring. I'd let her get away once. I wouldn't again. She was mine and I was taking her, kicking and screaming if need be. Alyse ~ Deceit and betrayal. Every single person who was supposed to love me committed one of these. My mother. My father. My sister. My lover. Incapable of letting people see the real me, I hold them at arm's length. But Asher Collway is relentless and it doesn't take long before I cave to his pursuits. The big question is: can I let him in where it counts most? Before ghosts from my past come back to haunt me in ways I can't possibly fathom? Before it's too late? Asher ~ Trust. Forgiveness. Impossible concepts, having been fucked over by a woman I'd loved before. But those aren't my only personality flaws. I'm possessive. I'm jealous. I'm dominant. I have a secret kink. I want Alyse. All of her. She shows people the shiny, untainted surface. I want the murky, damaged depth. The shadows. I want in all the way. Just when I think I've made it, fate cruelly bitch-slaps me again. And this time I don't see it coming. The question now is: what am I willing to do to keep the woman I love by my side? And can Alyse accept me the way I am, faults and all?

Fitting into the Old World isn't going very well for Boulder boundary witch Allison "Lex" Luther: she may have earned a place in a vampire's service, but now it seems as if every supernatural creature in town has found a reason to hate her. And when Lex and her partner are assigned to investigate the suspicious disappearance of two vampires during the night of the full moon, they find themselves with more questions than answers. Was it murder...or mutiny? The crusade for answers will lead Lex all over the Colorado Old World, from a prison cell for a broken werewolf to a haunted Denver brothel. And when Lex determines the responsible party, the hunt is just beginning: something has been awakened in Boulder, something as old and powerful as it is terrifying. Only the woman with death in her blood can stop what's coming.

'Sleazoid Express' reproduces the experience of watching a movie in the grindhouse setting. Each chapter focuses on a unique exploitation genre (blood horror, celebrity crime, etc.) and paints a close, intimate portrait of its directors, stars and showcases.

I cross the distance between us quickly, somehow feeling more powerful since I'm wearing my heels. "Who are you?" I demand. "I believe we've already met. My name is Vincent," he says simply. "And your name is Amy." My calm demeanor slips a little when he utters my name. The pause before it tells me he wants me to actually hear it. To understand that he knows who I am. I clear my throat, determined not to show him how disconcerted I was am, how hypnotized I feel by those almost black eyes. And most importantly, I am determined not to let him see the shudder of desire that went through me when he said my name in his low, seductive voice. There is something raw and masculine about him, even down to the way he smells. Musky and wild. Feral, almost. "I know what you did to that woman," I blurt out. "Yes, it was lucky we both saw her fall, wasn't it? She could have been there for quite some time, exposed and alone, otherwise." I barely hear his words. His voice is almost hypnotic, soothing. I shake my head slightly. What's wrong with me? This man attacked a woman in front of me, and I'm fighting the urge to flirt with him. When I look at him, I don't see a monster or a serial killer. All I can see is him sweeping me up into his arms, kissing me, holding me close.

A Love So Sweet

Dragon Age: The Calling by David Gaider is another thrilling prequel to *Dragon Age: Origins*, the hit role-playing video game from award-winning developer BioWare! After two hundred years of exile, King Maric has allowed the legendary Grey Wardens to finally return to Ferelden. When they come, however, they bring dire news: one of their own has escaped into the Deep Roads and aligned himself with their ancient enemy, the monstrous darkspawn. The Grey Wardens need Maric's help, and he reluctantly agrees to lead them into the passages he traveled through many years before, chasing after a deadly secret that will threaten to destroy not only the Grey Wardens but also the Kingdom above. Everyone thinks that their life is boring, everyone wishes for something exciting and thrilling to happen. Mia is one of the many, living a mundane life and always wishing to escape her small town. This dream comes true one night when a stranger to town comes through the hospital and Mia is left to care for him. He's beautiful, charming, and otherworldly. For a moment, her heart skips. After years in an abusive, loveless marriage, she thought her heart had left her long ago. Of course, they do say to be careful what you wish for. For you see, there truly was something special about VAMPY, a dark secret that Mia discovered that fateful night at the hospital, and pledged to him her services. She would keep him safe and alive if he granted her a singular wish: help her leave this awful town. Though an innocent desire, all wishes come with a cost. Is Mia ready to face her own consequences? Note: as a bonus, this book contains bonus sexy alpha male bad boy paranormal romance books for your reading pleasure.

In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of *All Your Perfects*, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy,

but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).

The #1 New York Times bestseller that begins the epic *Maximum Ride* series is now available at an incredible low price for a limited time only! Fourteen-year-old *Maximum Ride*, better known as Max, knows what it's like to soar above the world. She and all the members of the "Flock"—Fang, Iggy, Nudge, Gasman and Angel—are just like ordinary kids. Except for the fact that they have wings and can fly. It may seem like a dream come true to some, but their lives can morph into a living nightmare at any time—like when Angel, the youngest member of the Flock is kidnapped and taken back to the School where she and the others were genetically engineered by sinister scientists. Her friends desperately attempt to save Angel, but they soon find themselves in yet another nightmare when the School sends wolf-human hybrids to find them—dead or alive. Along the way, Max discovers that her purpose in being created is to save the world—but can she?

Toward an American Revolution

Wild. Untamed. Blazing with need. She can't avoid being burned. Werewolf Damon Trahan lives by one rule, protect the pack with his life. Content to be left alone, he avoids complications until he is ordered to rescue a general's daughter from a rival werewolf pack...or die trying. Little does he know she will tempt him to break every rule he's ever known, because the opposing pack isn't the only enemy in Ava's life. Her own father has been keeping deadly secrets from Ava, and now it's up to Damon to convince her of the truth before it's too late. Ava Renfroe is tired of Alpha males running her life. Growing up the daughter of a strict military general made her crave independence more than air. First she's kidnapped, and the danger ignites a rage in her body she's never felt before. Adding insult to injury, her commanding and arrogant new bodyguard is exactly the kind of man she doesn't want. But try telling that to her out-of-control libido. Being on the run with a dark and powerful stranger will push Ava so far she might never recover. And this wild, needy thing stirring to life inside her? With the entire werewolf pack hunting them, there is nothing Damon can do now but keep her close...and let their passion burn.

This accessory provides a wealth of highly detailed information about one of the most popular regions of the Forgotten Realms world. In addition to new spells, monsters, magic items, and prestige classes native to the region, "Silver Marches" also includes a poster map and many detailed adventure sites.

Through an analysis of the representation of tricksters in soviet and post-soviet culture, Lipovetsky attempts to draw a virtual map of cynical reason: to identify its symbols, discourses, contradictions, and by these means, its historical development from the 1920s to the 2000s.

*A continuation of The Phoenix Club series."I don't know if my story is truly that

powerful, as to light the path for another soul. Will others who read this view my boys and I in a positive light, feel the love and beauty of what we have shared, sense the unbreakable bond of our "family"...or will we be cast aside as the dredge of society, written off as unwelcome scars that marred the face of this world. I suppose that remains to be seen. But now, as before, it doesn't matter. We know who we are to each other, what we would do for one another; there is no limit. We are friends. We are lovers. We are family. And this is our love story."*Contains explicit M/M sex scenes and strong language. 18+ readers only.

The Westernization of Northern Europe (150-800 AD)

*From the novels of Anne Rice to *The Lost Boys*, from *The Terminator* to cyberpunk science fiction, vampires and cyborgs have become strikingly visible figures within American popular culture, especially youth culture. In *Consuming Youth*, Rob Latham explains why, showing how fiction, film, and other media deploy these ambiguous monsters to embody and work through the implications of a capitalist system in which youth both consume and are consumed. Inspired by Marx's use of the cyborg vampire as a metaphor for the objectification of physical labor in the factory, Latham shows how contemporary images of vampires and cyborgs illuminate the contradictory processes of empowerment and exploitation that characterize the youth-consumer system. While the vampire is a voracious consumer driven by a hunger for perpetual youth, the cyborg has incorporated the machineries of consumption into its own flesh. Powerful fusions of technology and desire, these paired images symbolize the forms of labor and leisure that American society has staked out for contemporary youth. A startling look at youth in our time, *Consuming Youth* will interest anyone concerned with film, television, and popular culture.*

When heroin stole James Foley's wife and destroyed his marriage, he poured all his energy into raising his young son and running his auto garage. There's no room in his life for anything else until Megan McKenna walks into his shop. He finds it impossible to resist the sexy school teacher. After an ugly divorce, Megan lost her home, her job, and a big chunk of her self-respect. With her posh lifestyle now a memory, she starts over by indulging in an unexpected fling with a hard-bodied mechanic. What begins as something casual turns into something meaningful. But how can their relationship survive when it's built on half-truths? James and Megan soon discover that being honest with themselves is just as important as being honest with each other. Only then will their relationship fire on all cylinders.

This book reveals that scientific logic is an extension of common, everyday logic and that it can and should be understood by everyone. Written by a practicing and successful scientist, it explores why questions arise in science and looks at how questions are tackled, what constitutes a valid answer, and why. The author does not bog the reader down in technical details or lists of facts to memorize. He uses accessible examples, illustrations, and descriptions to address complex issues. The book should prove enlightening to anyone who has been perplexed by the meaning, relevance, and moral or political implications of science.

Through ups and downs, Jace and I have faced everything head on. Until he started keeping secrets. I loved him too much to just give up on us, but when I was confronted with proof I could no longer ignore, I left. Yet having Jace clear up what he was hiding didn't magically mend my heart back together. His secrets broke us completely. Now the forever I dreamed of us having was tainted.

Hunting Ground

Tainted Forever

The Princesses

A Novel

One True Mate

Merriam-Webster's Vocabulary Builder

Criminal Profiling: Principles and Practice provides a compendium of original scientific research on constructing a criminal profile for crimes that are not readily resolvable by conventional police investigative methods. Leading profiling expert Richard N. Kocsis, PhD, utilizes a distinct approach referred to as Crime Action Profiling (CAP), a technique that has its foundations in the disciplinary knowledge of forensic psychology. The initial four chapters examine the skills, accuracy, components, and processes surrounding the construction of a criminal profile. The next two chapters focus on CAP research, the methods developed for the profiling of violent crimes and describing a systematic method for the interpretation and use of the CAP models. The subsequent three chapters canvass the respective CAP studies undertaken for crimes of serial rape, serial/sexual murder, and serial arson. An explanation for how each of the models is developed is also given. The final chapters of the book are devoted to the geographical analysis of crime patterns and to a discussion of the format conventions and procedural guidelines for developing a criminal profile. Offering a scientifically grounded method for the construction of a criminal profile, Criminal Profiling: Principles and Practice provides law enforcement personnel, forensic psychologists and psychiatrists, criminologists, and forensic investigators with a step-by-step, practical guide for understanding and applying CAP techniques for the construction of a criminal profile in a systematic and replicable manner.

RAND researchers analyzed the health components of seven post-World War II nation-building efforts conducted after major conflicts-Germany, Japan, Somalia, Haiti, Kosovo, Afghanistan, Iraq-and found that two factors are correlated with successful health outcomes: planning and coordination, and infrastructure and resources.

In simple direct language, Jerry Fresia reveals the true intent of our "Founding Fathers" who designed the Constitution to protect their property and ensure that the poorer majority would have no real voice in political affairs. Fresia reveals the Founders' fears of "too much" democracy, why the Constitution was opposed by most Americans, and how its ratification was gained through deception and physical coercion. Toward an American Revolution shows how the illegal wars, domestic repression, and economic inequity of late twentieth century

America are not incongruous with our Constitutional design. Book jacket.

Max Ride and her best friends are up against a deadly force, but Fang is gone just when they need him most. Will they be ready for the ultimate showdown? Max Ride and her best friends have always had one another's backs-no matter what. Living on the edge as fugitives, they never had a choice. But now they're up against a deadly force that's racing across the globe, and just when they need him the most, Fang is gone. He's creating his own gang that will replace everyone-including Max. Max is heartbroken over losing Fang, her soul mate. Her closest friend. But with Dylan ready and willing to fight by her side, and she can no longer deny that his incredible intensity draws her in. Max, Dylan, and the rest of their friends must soon join forces with Fang and his new gang for an explosive showdown in Paris that's unlike anything you've ever imagined . . . or read.

Luke's Absolution

They Say in Harlan County

An Oral History

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

*Demons. Regrets. Absolution. Luke has lived on the wrong side of the law since he was seventeen. His hands are stained and his soul is black, but the worst sin he's committed is falling in love with his brother's girl. Then he met her. Addy Monroe is pure, innocent and stubborn as an ox. Even though he doesn't deserve her, Luke will stop at nothing to have her. But just when happiness is within his grasp fate rips her away, reminding him once again that there is no absolution for sinners. Will Luke be able to let color fill his blackened soul? From the first time Addy saw Luke Colloway over ten years ago she wanted him. Addy has been attracted to rough, crude, inked bad boys with a bike planted securely between their thighs and wicked promises falling from their lips her entire life. Every one of them has let her down. Every one of them has broken her heart. Every one of them has put her second. She's never going to let that happen again. When Luke promises her a future, will Addy let him in only to have her heart broken again? Book 3 in a 4 book series. Each book features a different brother and each can be read as a STANDALONE. To get the full Colloway Brother experience, however, it's most enjoyable to read in order. ***Mature readers only, 18+. Features alpha men with foul language and penchant for hot sex. A delinquent sixteen-year-old girl is sent to live with her uncle for the summer, only to learn that he is a Grim Reaper who wants to teach her the family business.*

How Fungi Make Our Worlds, Change Our Minds & Shape Our Futures

Liam Conway is a wolf shifter who left his pack many years ago, to live life by his own rules. He wanted more nothing more than to stick around the small town of Boulder Junction, Wisconsin, hiding in plain sight amongst humans while waiting to take over the pack. Liam finally has returned, having made his fortune, at the request of his Father. The only reason he moved back was to be close to his ill mother. Now, he is running his multi-billion-dollar business from the small town and is being pressured by his father to be prepared to take over as Alpha soon. Skylar Moore was raised by her Mother, who wanted the best for her, always ensuring that she was well-educated and had the skills to survive on her own. Although when her gambling addicted father gets into trouble with the wrong people, Skylar is once again dragged into his mess and sees that the only option is to move thousands of miles away from Miami to escape. Cayden Benet comes from a long lineage of hunters. He arrives in the town of Boulder Junction and assumes the guise of a new police officer, where he comes across Skylar. Although high on his list of priorities is ridding the world of as many supernatural creatures as he can, but number one is finding the wolf shifter who killed his father and seeking revenge. He now he has his eye set on Liam. Note as a bonus this book contains bonus sexy alpha male bad boy paranormal romance books for your reading pleasure.

The ideal book for people who want to increase their word power. Thorough coverage of 1,200 words and 240 roots while introducing 2,300 words. The Vocabulary Builder is organized by Greek and Latin roots for effective study with nearly 250 new words and roots. Includes quizzes after each root discussion to test progress. A great study aid for students preparing to take standardized tests.

Tens of thousands of students have learned to be more discerning at constructing and evaluating arguments with the help of Patrick J. Hurley. Hurley's lucid, friendly, yet thorough presentation has made A CONCISE INTRODUCTION TO LOGIC the most widely used logic text in North America. In addition, the book's accompanying technological resources, such as CengageNOW and Learning Logic, include interactive

exercises as well as video and audio clips to reinforce what you read in the book and hear in class. In short, you'll have all the assistance you need to become a more logical thinker and communicator. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Made famous in the 1976 documentary Harlan County USA, this pocket of Appalachian coal country has been home to generations of miners--and to some of the most bitter labor battles of the 20th century. It has also produced a rich tradition of protest songs and a wealth of fascinating culture and custom that has remained largely undiscovered by outsiders, until now. They Say in Harlan County is not a book about coal miners so much as a dialogue in which more than 150 Harlan County women and men tell the story of their region, from pioneer times through the dramatic strikes of the 1930s and '70s, up to the present. Alessandro Portelli draws on 25 years of original interviews to take readers into the mines and inside the lives of those who work, suffer, and often die in them--from black lung, falling rock, suffocation, or simply from work that can be literally backbreaking. The book is structured as a vivid montage of all these voices--stoic, outraged, grief-stricken, defiant--skillfully interwoven with documents from archives, newspapers, literary works, and the author's own participating and critical voice. Portelli uncovers the whole history and memory of the United States in this one symbolic place, through settlement, civil war, slavery, industrialization, immigration, labor conflict, technological change, migration, strip mining, environmental and social crises, and resistance. And as hot-button issues like mountain-top removal and the use of "clean coal" continue to hit the news, the history of Harlan County--especially as seen through the eyes of those who lived it--is becoming increasingly important. With rare emotional immediacy, gripping narratives, and unforgettable characters, They Say in Harlan County tells the real story of a culture, the resilience of its people, and the human costs of coal mining.

Dragon Age: The Calling

Consuming Youth

The author of the controversial bestseller Brain Trust brings his scientific expertise to the chilling true story of unexplained phenomena on Utah's Skinwalker Ranch -- and challenges us with a new vision of reality. For more than fifty years, the bizarre events at a remote Utah ranch have ranged from the perplexing to the wholly terrifying. Vanishing and mutilated cattle. Unidentified Flying Objects. The

appearance of huge, otherworldly creatures. Invisible objects emitting magnetic fields with the power to spark a cattle stampede. Flying orbs of light with dazzling maneuverability and lethal consequences. For one family, life on the Skinwalker Ranch had become a life under siege by an unknown enemy or enemies. Nothing else could explain the horrors that surrounded them -- perhaps science could. Leading a first-class team of research scientists on a disturbing odyssey into the unknown, Colm Kelleher spent hundreds of days and nights on the Skinwalker property and experienced firsthand many of its haunting mysteries. With investigative reporter George Knapp -- the only journalist allowed to witness and document the team's work -- Kelleher chronicles in superb detail the spectacular happenings the team observed personally, and the theories of modern physics behind the phenomena. Far from the coldly detached findings one might expect, their conclusions are utterly hair-raising in their implications. Opening a door to the unseen world around us, *Hunt for the Skinwalker* is a clarion call to expand our vision far beyond what we know.

It's crowns galore as we give you all the brooding kings your heart can hold. Climb on your throne and adjust your tiara... we've got cherries to pop and heirs to make.

C. S. Lewis was a British author, lay theologian, and contemporary of J.R.R. Tolkien. *The Lion, the Witch, and the Wardrobe* is the first book in *The Chronicles of Narnia*.

To touch a Dark One is death. To talk to an immortal is suicide. Yet, I've been marked by both. A Vampire. And the King of the immortals. My life is no longer my own. And now I know the truth, my life was never mine to begin with. It was theirs. It's always been theirs.

Charms of the Cynical Reason

The Joy of Science

Kelsey Adams is alone, and has been since childhood. Running away is all she knows and necessary to preserve her deepest, darkest secret. She can not afford for anyone to get close, or know about the monster within. But when she lands a lucrative job as an administrative assistant to Kyle Westin, CEO of the Westin Foundation, her life changes and everything's at stake. Can she conceal her growing feelings and her true self from this enigmatic, strong willed man, or will her world fall apart? Kyle Westin, an alpha male who always gets what he wants, has watched and waited for the little she-wolf he knows is his perfect mate to show any signs of recognition. For two years he endures her unnecessary formality and daily rejections with a patience he did not he possessed. But even Kyle had his limits.... Can he make Kelsey notice him as someone other than her boss and break down the walls she built around her heart? Or will Kelsey do what she has always done --- run?

The Alpha's Return Werewolf Shifter Paranormal Romance

e'll stop at nothing to protect her...even if it means hunting a killer. Werewolf Braxton Devereaux is on the run. Accused of a murder he didn't commit, he is forced to flee Pack Law, and the death sentence waiting for him. On the run from deadly assassins, he is nearly out of their reach when an assassin's bullet hits its mark. Wounded, in pain, his wolf seeks shelter in the form of an unsuspecting and very beautiful woman. Kate Wolph is busy trying to keep her Bed and Breakfast from going into foreclosure. The last thing she needs is an injured wild animal to care for. When that bleeding wolf transforms into a gorgeous man with blank eyes and a deadly smile, she should be terrified, not intrigued. Thrust suddenly into the supernatural world that surrounds him, Kate doesn't know what to believe or who to trust. But the heat in Braxton's kiss makes thinking all too difficult. And turning him away? Impossible. Braxton has a reason to stay and fight, to uncover the truth. Kate is his reason now, and he'll stop at nothing to protect her...even if it means hunting a killer.

NEW YORK TIMES BESTSELLER • A “brilliant [and] entrancing” (The Guardian) journey into the hidden lives of fungi—the great connectors of the living world—and their astonishing and intimate roles in human life, with the power to heal our bodies, expand our minds, and help us address our most urgent environmental problems. “Grand and dizzying in how thoroughly it recalibrates our understanding of the natural world.”—Ed Yong, author of I Contain Multitudes ONE OF THE BEST BOOKS OF THE YEAR—Time, BBC Science Focus, The Daily Mail, Geographical, The Times, The Telegraph, New Statesman, London Evening Standard, Science Friday When we think of fungi, we likely think of mushrooms. But mushrooms are only fruiting bodies, analogous to apples on a tree. Most fungi live out of sight, yet make up a massively diverse kingdom of organisms that supports and sustains nearly all living systems. Fungi provide a key to understanding the planet on which we live, and the ways we think, feel, and behave. In *Entangled Life*, the brilliant young biologist Merlin Sheldrake shows us the world from a fungal point of view, providing an exhilarating change of perspective. Sheldrake's vivid exploration takes us from yeast to psychedelics, to the fungi that range for miles underground and are the largest organisms on the planet, to those that link plants together in complex networks known as the “Wood Wide Web,” to those that infiltrate and manipulate insect bodies with devastating precision. Fungi throw our concepts of individuality and even intelligence into question. They are metabolic masters, earth makers, and key players in most of life's processes. They can change our minds, heal our bodies, and even help us remediate environmental disaster. By examining fungi on their own terms, Sheldrake reveals how these extraordinary organisms—and our relationships with them—are changing our understanding of how life works. Winner of the Wainwright Prize, the Royal Society Science Book Prize, and the Guild of Food Writers Award • Shortlisted for the British Book Award • Longlisted for the Rathbones Folio Prize

Small Town Sins

Mia Porter's books are sweet, classic romances set in small towns, featuring sexy heroes and the women who bring them to their knees (in the very best way!). THE MILLIONAIRE'S PROPOSAL Grace Holbrook believed she couldn't have children, but now she was pregnant after just one night with sexy, bad boy Ford McCabe. She was delighted by the news, but not so thrilled when Ford insists they get married, especially when his recent return to Whitaker Falls after eleven years away is shrouded in secrets. THE

COWBOY'S GAMBLE Eleven years ago Seth O'Connor left Josie McAllister brokenhearted. But now the sexy, smooth talking cowboy is on her doorstep, with a legal document that laid claim not only to McAllister property but to Josie, as well. THE BACHELOR'S SURRENDER Lauren Richmond is determined to help an orphaned boy whose only wish, besides longing for a family, is to meet his hero, bull-riding champion Rafe Dalton. The gorgeous, sexy cowboy isn't easy to get a hold of, and when Lauren finally tracks him down she finds a "No Trespassing" sign on his front gate, and mile-high walls around his heart. THE MARRIAGE BARGAIN Seven year old Andrew Fielding wants a mom, and he's convinced his dad could use a wife. He thinks he's found the perfect woman for both of them: Megan Sanders—which is fine with Megan. The Fielding men have their attractions. One is as cute as a button, the other is breathtakingly sexy. Together, they're the family Megan's always wanted. But convincing brooding widower Kane Fielding that they're a match isn't so easy...
