Swan Activity Book for Adult

Swift: The Man, his Works, and the Age

First published in 1983, Dean Swift is the concluding book in a series of three volumes providing a detailed exploration of the events of Swift's life. The third volume follows Swift's life and career from 1714 to 1745 and sets it against the public events of the age, paying close attention to political and economic change, ecclesiastical problems, social issues, and literary history. It traces Swift's rise to becoming first citizen of Ireland and looks in detail at the composition, publication, and reception of Gulliver's Travels, as well as many of Swift's other works, both poetry and prose. It also explores Swift's later years, his love affairs with Esther Johnson and Esther Vanhomrigh, his complicated friendships with Pope, Lord Bolingbroke, and Archbishop King, and his declining health. Dean Swift is a hugely detailed insight into Swift's life from 1714 until his death and will be of interest to anyone wanting to find out more about his life and works.

Take a Hike! is the story of one man's journey on the twenty-one hundred and sixty-seven mile long Appalachian Trail. Tim Hewitt, whose trail name was Paddler, writes about trip planning and preparation and includes his daily journal for the six month adventure. He is joined by his thirteen year old son David for five weeks in the summer. David's journal and perspective are also included. This book is not intended to be an all-inclusive planning guide for your Appalachian Trail thru-hike, but it does contain information that the author believes will help you to plan and succeed in your own long distance hiking adventure. Bonus chapters bring you a sample of Tim's creative writing talent as well, as he introduces you to the mythology of the Cherokee Ugalu, and the Penobscot Pamola, two spirit-beasts that haunt the Appalachian Mountains. 355 printed pages

This book provides a variety of activities for children Kids coloring celebrities at Christmas They will solve the mazes In this book, children will continue to help complete the drawings This book is undoubtedly a book that children are happy to have Book for Kids

Fodor's Caribbean Cruise Ports of Call

400 Hard to Very Hard Puzzles 11x11 (Volume22)

Administrative Report of the Directors of Departments Under the Civil Administrative Code Together with the Adjutant General's Report ...

Take a Hike!

Volume 3 covers front, back, and top views of the yuen kuen form, along with instruction for the application of this form, tsui sai (push hands), vital targets, self-defence, and health theories.

The book contains 400 excellent Thermometers puzzles 11x11. Hard puzzles 200 Very Hard puzzles 200 All riddles have only 1 solution. 2 puzzles per page. The font size is correct you will not have to strain your eyes when solving puzzles. High quality paper and print (all puzzles read well, easy to write with pen and pencil without worry of bleed-through). Thermometers is a kind of logic puzzles. Its rules are simple, but insight and subtle reasoning are needed to solve it. The grid is filled with thermometers, which are either not filled, partly filled or completely filled. The numbers on the outside indicate how many squares are filled in that row or column. Every thermometer is filled from the base (circular part), towards the top. This does not depend on the actual orientation of the thermometer.

Lessons in Learning and Teaching... Growing Aspects... Problems and Pests... and Bonsai Stories are a few of the chapters in this book. Some of the author's suggestions are more practical than traditional. She shares her experience of growing bonsai trees for over 30 years, talks about a variety of trees to use and tells stories along the way. Mary included an exceptional list of her favorite reference books. Mary Miller's clear and unique style of teaching comes through in her writing. Throughout the book her easy humor compliments her zeal for bonsai.
