The beloved debut novel about an affluent Indian family forever changed by one fateful day in 1969, from the author of The Ministry of Utmost Happiness NEW YORK TIMES BESTSELLER • MAN BOOKER PRIZE WINNER Compared favorably to the works of Faulkner and Dickens, Arundhati Roy's modern classic is equal parts powerful family saga, forbidden love story, and piercing political drama. The seven-year-old twins Estha and Rahel see their world shaken irrevocably by the arrival of their beautiful young cousin, Sophie. It is an event that will lead to an illicit liaison and tragedies accidental and intentional, exposing "big things [that] lurk unsaid" in a country drifting dangerously toward unrest. Lush, lyrical, and unnerving, The God of Small Things is an award-winning landmark that started for its author an esteemed career of fiction and political commentary that continues unabated.

What Young India Wants is the first and only work of non-fiction by the Chetan Bhagat. It is based on his vast experience as a successful writer and motivational speaker. He analyzes the complex issues and problems faced by India in the 21st century. Chetan Bhagat asks thought-provoking questions, demands answers and presents solutions for a prosperous India. Presented in simple prose and with great insight, What Young Indian Wants will be an engaging and riveting read for people of all ages. Politics of Jugaad examines the history of coalition governments to project the possibilities of one, as the countdown to the 2019 Lok Sabha election begins. It asks whether coalitions are an inevitability we have to live with, especially since coalitions have been unstable, and whether they also hold out the promise of greater democratization in a nation as diverse as ours. It analyses the possibilities of the formation of coalitions in various states and their chances of success and failure, leading up to the question: Can a few regional parties potentially tip the scales and defeat the Modi-led BJP? In this most authoritative volume, Saba Naqvi strikes the perfect balance between precise argument and fresh prose, minutely discussing what could be the direction, politics and policy of India's next coalition government. It is essential reading for anyone interested in the nature of transformation in Indian political parties and their role in contemporary times.

A History of the Indian Novel in English

What Millennials Want

Conversations with the Remarkable People Shaping Our Century (fully updated edition)

A History of the Indian Novel in English traces the development of the Indian novel from its beginnings in the late nineteenth century up until the present day. Beginning with an extensive introduction that charts important theoretical contributions to the field, this History includes extensive essays that shed light on the legacy of English in Indian writing. Organized thematically, these essays examine how English was "made Indian" by writers who used the language to address specifically Indian concerns. Such concerns revolved around the question of what it means to be modern as well as how the novel could be used for anti-colonial activism. By the 1980s, the Indian novel in English was a global phenomenon, and India is now the third largest publisher of English-language books. Written by a host of leading scholars, this History invites readers to question conventional accounts of India's literary history.

First it was a media sensation. Then it became the #1 international bestseller A Long Way Home. Now it's Lion, the major

motion picture starring Dev Patel, Nicole Kidman, and Rooney Mara—nominated for six Academy Awards! This is the miraculous and triumphant story of Saroo Brierley, a young man who used Google Earth to rediscover his childhood life and home in an incredible journey from India to Australia and back again... At only five years old, Saroo Brierley got lost on a train in India. Unable to read or write or recall the name of his hometown or even his own last name, he survived alone for weeks on the rough streets of Calcutta before ultimately being transferred to an agency and adopted by a couple in Australia. Despite his gratitude, Brierley always wondered about his origins. Eventually, with the advent of Google Earth, he had the opportunity to look for the needle in a haystack he once called home, and pore over satellite images for landmarks he might recognize or mathematical equations that might further narrow down the labyrinthine map of India. One day, after years of searching, he miraculously found what he was looking for and set off to find his family. Lion is a moving, poignant, and inspirational true story of survival and triumph against incredible odds. It celebrates the importance of never letting go of what drives the human spirit: hope. Press 1 for technical support. Press 2 for broken hearts. Press 3 if your life has totally crashed. . . . Six friends work nights at a call center in India, providing technical support for a major U.S. appliance corporation. Skilled in patience—and accent management—they help American consumers keep their lives running. Yet behind the headsets, everybody's heart is on the line. Shyam (Sam to his callers) has lost his self-confidence after being dumped by the girl who just so happens to be sitting next to him. Priyanka's domineering mother has arranged for her daughter's upscale marriage to an Indian man in Seattle. Esha longs to be a model but discovers it's a horizontal romp to the runway. Lost, dissatisfied Vroom has high ideals, but compromises them by talking on the phone to idiots each night. Traditional Radhika has just found out that her husband is sleeping with his secretary. And Military Uncle (nobody knows his real name) sits alone working the online chat. They all try to make it through their shifts—and maintain their sanity—under the eagle eye of a boss whose ego rivals his incompetence. But tonight is no ordinary night. Tonight is Thanksgiving in America: Appliances are going haywire, and the phones are ringing off their hooks. Then one call, from one very special caller, changes everything. Chetan Bhagat's delicious romantic comedy takes us inside the world of the international call center, where cultural cross-wires come together with perfect pathos, hilarity, and spice.

The History of the World's Most Infamous Diamond

It is 1948. A newly-independent India is trying to persuade Hyderabad to join the Indian Union.

Negotiations are difficult for both sides. The State Congress, now operating from Indian territory, has launched a campaign of violent raids, designed to cripple civil administration in the border areas, and provoke an annexation. The leading Islamic party inside Hyderabad, in an equally rash move, has created a paramilitary body, the Razakars, to counter the threat to Hyderabad's borders. For Mohammed Hyder

of the Hyderabad Civil Service, the newly-appointed Collector of Osmanabad District (situated on the Hyderabad-Bombay border), both, the wayward State Congress and the ramshackle Razakar outfit are a threat to law and order. This first-person account conveys a vivid picture of Hyderabad under pressure, through the eyes of a senior district administrator.

On 4 October 2014, more than 300 individuals across the globe contributed close to 14,000 AUD and created crowdfunding history. This book became the highest crowdfunded book in India and the 6th highest in Asia. In a nation that is exasperatingly diverse, engineering seems to be one of the biggest obsessions. India produces more engineers annually than twice the population of Iceland. I set on a backpacking trip across the country to unravel this massive phenomenon at the end of which I lost a camera full of images, but I found a story to tell the world. It is through this journey that I present to you the world's most interesting educational story.

The instant #1 New York Times bestseller! "It's the best memoir I've ever read." –Oprah Winfrey "Will Smith isn't holding back in his bravely inspiring new memoir . . . An ultimately heartwarming read, Will provides a humane glimpse of the man behind the actor, producer and musician, as he bares all his insecurities and trauma." –USA Today Winner of the NAACP Image Award for Outstanding Literary Achievement One of the most dynamic and globally recognized entertainment forces of our time opens up fully about his life, in a brave and inspiring book that traces his learning curve to a place where outer success, inner happiness, and human connection are aligned. Along the way, Will tells the story in full of one of the most amazing rides through the worlds of music and film that anyone has ever had. Will Smith's transformation from a West Philadelphia kid to one of the biggest rap stars of his era, and then one of the biggest movie stars in Hollywood history, is an epic tale—but it's only half the story. Will Smith thought, with good reason, that he had won at life: not only was his own success unparalleled, his whole family was at the pinnacle of the entertainment world. Only they didn't see it that way: they felt more like star performers in his circus, a seven-days-a-week job they hadn't signed up for. It turned out Will Smith's education wasn't nearly over. This memoir is the product of a profound journey of self-knowledge, a reckoning with all that your will can get you and all that it can leave behind. Written with the help of Mark Manson, author of the multi-million-copy bestseller *The Subtle Art of Not Giving a F*ck*, Will is the story of how one person mastered his own emotions, written in a way that can help everyone else do the same. Few of us will know the pressure of performing on the world's biggest stages for the highest of stakes, but we can all understand that the fuel that works for one stage of our journey might have to be changed if we want to make it all the way home. The combination of genuine wisdom of universal value and a life story that is preposterously entertaining, even astonishing, puts Will the book, like its author, in a category by itself.

From the internationally acclaimed and bestselling historians William Dalrymple and Anita Anand, the first comprehensive and authoritative history of the Koh-i-Noor diamond, arguably the most celebrated jewel in the world. On March 29, 1849, the ten-year-old leader of the Sikh kingdom of the Punjab was ushered into the magnificent Mirrored Hall at the center of the British fort in Lahore, India. There, in a formal Act of Submission, the frightened but dignified child handed over to the British East India Company swathes of the richest land in India and the single most valuable object in the subcontinent: the celebrated Koh-i-Noor diamond, otherwise known as the Mountain of Light. To celebrate the acquisition, the British East India Company commissioned a history of the diamond woven together from the gossip of the Delhi Bazaars. From that moment forward, the Koh-i-Noor became the most famous and mythological diamond in history, with thousands of people coming to see it at the 1851 Great Exhibition and still more thousands repeating the largely fictitious account of its passage through history. Using original eyewitness accounts and chronicles never before translated into English, Dalrymple and Anand trace the true history of the diamond and disperse the myths and fantastic tales that have long surrounded this awe-inspiring jewel. The resulting history of south and central Asia tells a true tale of greed, conquest, murder, torture, colonialism, and appropriation that shaped a continent and the Koh-i-Noor itself.

A weekend to get it right. They say you can never go home again, and for Persephone Fraser, ever since she made the biggest mistake of her life a decade ago, that has felt too true. Instead of glittering summers on the lakeshore of her childhood, she spends them in a stylish apartment in the city, going out with friends, and keeping everyone a safe distance from her heart. Until she receives the call that sends her racing back to Barry ' s Bay and into the orbit of Sam Florek—the man she never thought she ' d have to live without. For six summers, through hazy afternoons on the water and warm summer nights working in his family ' s

Eventually that friendship turned into something breathtakingly more, before it fell spectacularly apart. When Percy returns to the lake for Sam ' s mother ' s funeral, their connection is as undeniable as it had always been. But all these things are a product of us - of our ideas, our dreams and our fears. We live in fast-moving and extraordinary times, and the changes we're experiencing now, in these first decades of the twenty-first century, feel particularly poignant as decisions are made that will inform our existence for years to come. What started out as a personal interest in the mechanisms that inform our views of the world, and a passion for understanding, has grown into a phenomenal compilation of once-in-a-lifetime conversations. In this incredible collection, Shah shares some of his most emotive and insightful interviews to date.'
