This "brilliantly told" (New York Times) Newbery Honor Book gives readers a sense of what it was like to be on the American home front while our soldiers were away fighting in World War II. As in past years, Lily will spend the summer in Rockaway, in her family's summer house by the Atlantic Ocean. But this summer of 1944, World War II has changed everyone's life. Lily's best friend, Margaret, has moved to a wartime factory town, and, much worse, Lily's father is going overseas to the war. There's no one Lily's age in Rockaway until the arrival of Albert, a refugee from Hungary with a secret sewn into his coat. Albert has lost most of his family in the war; he's been through things Lily can't imagine. But soon they form a special friendship. Now Lily and Albert have secrets to share: They both have told lies, and Lily has told one that may cost Albert his life.

In her memoir as a very young witness to the Nazi takeover of Austria, Eva Maiden's personal account tells of the inner life of a girl under threat. Her family escapes to become unwelcome refugees in Switzerland. They arrive in America on the last passenger ship to leave Italy before the United States enters World War II. Her life as a schoolgirl and teenager in New York City is often rewarding, but contains a shadow of terror. Her memoir ends as she turns twenty-one, a young woman full of purpose. Readers will be intrigued by the author's resilient approach to challenges. In following the fate of Eva's family and former neighbors there is much to learn about Austrian history during the Holocaust. Adults and high school youth will find it hard to put this book down once they begin reading.

Seminar paper from the year 2006 in the subject English Language and Literature Studies - Literature, grade: 1,7, University of Stuttgart (Institut für Literaturwissenschaft/ Neuere Englische Literatur), course: Introduction to Children's Literature, 7 entries in the bibliography, language: English, abstract: In the following pages I want to show the similarities and differences between the book "When Hitler Stole Pink Rabbit" by Judith Kerr and Roberto Benigni's film "Life Is Beautiful". These two personal statements of Judith Kerr and Roberto Benigni already show that their works are a bit different. Therefore I will concentrate both as well on the shared features as on the distinct ones. The romantic fairy tale "Life Is Beautiful" won Academy Awards for Best Music and Best Foreign Language Film and Benigni won Best Actor for his role. It was also the winner at the Cannes Film Festival in 1998 and it won the Best Jewish Experience Award at the Jerusalem International Film Festival. After a short comparison of the characters, the setting and time I will continue with the problems a family have when living a life in exile. Afterwards, I will analyse both works with reference to the attitude of life and to the family togetherness. Furthermore, I will try to examine the contrasts between "When Hitler Stole Pink Rabbit" and "Life Is Beautiful" regarding fantasy and reality and the question arises as to whether the children can be considered as victims. The next important aspect is the representation of the Holocaust and teaching this topic in school. Finally, I will discuss the ending of both "Life Is Beautiful" and "When Hitler Stole Pink Rabbit". The conclusion will comprise the main points and some suggestions for further discussion. The main character in "Life Is Beautiful" Guido Orefice is always in a good mood and he doesn't lose his laughter and humour even in the concentration camp. "Life Is Beautiful" is about a happy living family that is suddenly deported into a concentration camp. But Guido wants to protect his son Giosuè from the horrors by convincing him that the camp is just a game. "Life Is Beautiful" as well as "When Hitler Stole Pink Rabbit" is about a Jewish family during the World War II. You can draw a comparison between Guido and the father of Anna and Max because both of them want only the best for their children. Guido protects his son from the horrors which surround them with all his power and Anna's father cares also well for his family. He is the only one who earns money in spite of the financial difficulties in Switzerland and France. Both try to hold the family together and to give the other family members emotional security.

Anna was a German child when she had to flee from the Nazis. By the time the bombs began to fall she was a stateless adolescent in London, and after it was all over she was a married English woman who had put the past behind her - or so she thought.

A veteran film critic offers a lively, opinionated guide to thinking and talking about movies--from Casablanca to Clueless Whether we are trying to impress a date after an art house film screening or discussing Oscar nominations among friends, we all need ways to look at and talk about movies. But with so much variety between an Alfred Hitchcock thriller and a Nora Ephron romantic comedy, how can everyday viewers determine what makes a good movie? In Talking Pictures, veteran film critic Ann Hornaday walks us through the production of a typical movie--from script and casting to final sound edit--and explains how to evaluate each piece of the process. How do we know if a film has been well-written, above and beyond snappy dialogue? What constitutes a great screen performance? What goes into praiseworthy cinematography, editing, and sound design? And what does a director really do? In a new epilogue, Hornaday addresses important questions of representation in film and the industry and how this can, and should, effect a movie-watching experience. Full of engaging anecdotes and interviews with actors and filmmakers, Talking Pictures will help us see movies in a whole new light-not just as fans, but as film critics in our own right.
